

*****ATTENTION*****

Effective October 1, 2009 Building Inspection services will change as listed below. We apologize for any inconvenience that this may cause.

- Technical Services located in Room 105 will offer walk-in customer service hours from 2:00 p.m. to 4:30 p.m. daily. Appointments may be scheduled with Plans Examiners for any time. You may request appointments by leaving a message through the voice mail system at (214) 948-4480.
- The Building Inspection Call Center has been automated and phone calls to (214) 948-4480 will be routed through an Interactive Voice Response (IVR) voice mail system. Customers are encouraged to take advantage of the information available at:
www.dallascityhall.com/building_inspection
www.developdallas.dallascityhall.com
www.greendallas.net
- Predevelopment and Express Plan Review meetings will only be scheduled for mornings. Applications for Express Plan Reviews are to be submitted in the Permit Center located in Room 118.
- Residential plan review for single family dwellings are to be submitted in the Permit Center located in Room 118.
- Board of Adjustment applications should be submitted to the Current Planning section located in City Hall 5B North.
- Applications for Conservation District work review forms and Historic District routine maintenance Certificates of Appropriateness should be submitted to Building Inspection in the Permit Center Room 118.
- The Northwest Substation will be combined with the Northeast Substation located at 11910 Greenville Ave., Suite 100. District maps will be available online at www.dallascityhall.com/building_inspection
