

Summary of 360 Plan document edits

- Language was modified/added to address UDAC comments on the following pages:
 - Address trend data to show the need for plan update [Page 6](#)
 - Better distinguish boundaries of Downtown/*360 Plan* geography [Page 13](#)
 - Remove “plantations” from East Dallas language [Page 32](#)
 - “Urban pioneers” in the North Oak Cliff section [Page 34](#)
 - Address gentrification concerns in North Oak Cliff section [Page 34](#)
 - Incorporate “proper planning” in the Riverfront section [Page 36](#)
 - Revise Uptown’s History [Page 40](#)
 - Mention the West Dallas Plan [Page 44](#)
 - Address concentration of homeless shelters/social services [Page 48](#)
 - Better depict the definition of a “complete neighborhood” [Page 48](#)
 - Elderly access to housing [Page 49](#)
 - Educate developers re: benefits of mixed-income housing [Page 49](#)
 - Workforce housing targeting service economy [Page 49](#)
 - Add condos as a housing option [Page 49](#)
 - Add New Homeless/Social Service Action Item [Pages 49 & 106](#)
 - Add basic neighborhood/ personal services as examples [Page 51](#)
 - Integrate trade/ vocational training in the “Quality Education” [Page 53](#)
 - Study how an urban model school will operate [Page 53](#)
 - Address visual/ performing arts in the “Activate the Public Realm” [Page 75](#)
 - Add language re: short-term horizon for the plan [Page 105](#)
- Language was also edited throughout the document to substantially address specific comments by Chair Schultz.
- Additional editing was done to add information and improve clarify/flow:
 - The Introduction on [Page 6](#) was edited to establish consistent definition for Downtown and City Center. The entire document was also edited to use these terms consistently.
 - The Introduction on [Page 7](#) was edited to include a list and brief summary of existing adopted plans within the study area.
 - The 360 Plan Framework diagram and the 360 Plan area map was repeated in Chapter III: Urban Fabric and Chapter IV: Transformative Strategies to help tie content together.
 - Three additional diagrams/maps were added:
 - Chart titled Preliminary District Connector Design Priorities [Page 64](#)
 - Map titled Transit Expansion Opportunities [Page 65](#)
 - Map titled Freeway Reconstruction Opportunities [Page 66](#)
 - Additional action items were added to the Implementation Matrix [Pages 106-108](#) to include priority actions noted on the Catalytic Development Area maps.
 - Titles were included on all maps and legends were added where necessary. Map modifications were also made for legibility and consistency.

Summary of 360 Plan document edits

- Chapter IV: Transformative Strategies approach language was edited further and sub-headers were added to facilitate an easier read. In addition, a summary of action items was included under each of the goals to correspond to actions listed in the Implementation Matrix. Primary edits were made on the following pages:
 - Build Complete Neighborhoods [Page 48](#)
 - Diversify and Grow Housing [Page 49](#)
