

What do I do with HaRMs?

HaRMs are **Hard to Recycle Materials**. This would include items like plastic bags, metal hangers, batteries, electronics, paint and other forms of household hazardous waste (HHW). These are items that are not accepted in the City's recycling program.

To find out where you can recycle these items or dispose of them responsibly, visit DALLASRECYCLES.COM.

The website, SEARCH.EARTH911.COM is another great resource to locate stores that accept HaRMs.

Where do I recycle?

Your Community Recycling Container!

The City of Dallas provides over 140 convenient drop-off locations for your recyclables. That's about one community recycling container every 2.3 miles. You're probably closer to a drop-off location than you thought!

Go to DALLASRECYCLES.COM to find the closest community recycling container to your apartment.

You can transport your recyclables by:

- putting them in a paper bag
- reusing a durable plastic container
- repurposing an old cardboard box
- reusing a plastic bag multiple times*

*Plastic bags should not be put in the community recycling container

What do I recycle?

Mixed Paper
(e.g. office paper, news-paper, magazines)

Plastic Containers
(#1-5, 7)

Aluminum, Steel & Tin Cans

Cardboard & Boxboard

Cartons

Glass Bottles & Containers

Why should I recycle?

Conserve Natural Resources

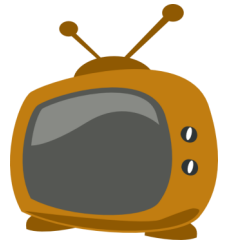

Preventing one ton of paper from entering the landfill saves between 15 & 17 mature trees.

Create Jobs & Revenue for the City

Save Energy

Recycling just one aluminum can saves enough energy to run a television for 2 hours

Prevent Pollution

Reduce The Need For Landfills
