

GENERAL ZONING CHANGE INFORMATION PACKET

The Zoning Change Request Process

Staff's review of a completed application will result in the applicant receiving a preliminary recommendation within 2 to 3 weeks of the original submittal date. **This recommendation is subject to change.**

In processing an application, two public hearings are held at which time the applicant or his/her representative should be present.

The first of these hearings is held before the City Plan Commission (CPC). Ten days prior to the CPC hearing the property owners within the required notification area will be notified of their right to appear and express their opinion about the request.

Approximately 6-8 weeks after a completed application is submitted, the CPC holds a hearing on the zoning change request.

A CPC vote of approval results in the automatic forwarding of the request to the City Council (CC).

Any CPC vote of denial can be appealed to the City Council upon written request and receipt of a \$400 administration fee due within 10 days of the City Plan Commission action. Otherwise, a written request with original filing fee receipt can be forwarded for a 35% refund of the initial filing fee.

Approximately 4-6 weeks after a City Plan Commission decision, a forwarded or appealed zoning change request will be considered by the City Council.

Written notification is sent to all property owners within the required notification area 10 days prior to the City Council hearing.

A vote of approval by the City Council results in the passage of an ordinance that makes the decision legally binding.

A vote of denial with prejudice at either the CPC or CC hearing or a CC vote of approval means that an applicant cannot bring in another zoning change request on the same property within two years without a waiver of the two-year waiting period.

A vote of denial without prejudice at either the CPC or CC hearing means that an applicant can bring in another zoning change request on the same property without filing for a waiver of the mandatory two-year waiting period.

Submitting a Zoning Change Request

To submit a request for a zoning change, collect the appropriate documents (see Checklist below) and bring them to the Pre-Development Section of the Department of Development Services in Room 5BN in City Hall located at 1500 Marilla Street. A planner will review your submission for completeness. **An incomplete application will not be accepted.** If your submission is incomplete, a planner will provide you with a list of requirements to make your request acceptable for submission.

The Pre-Development Section conducts submission reviews Monday through Friday between 9:00 a.m and 4:00 p.m. subject to staff availability. On Thursday, staff is at the City Plan Commission meeting and a planner may not always be available during this time.

The planner assigned to your application will assist you in obtaining contact information for neighborhood groups and others who are interested in the area of request. It is also recommended that you **contact the Plan Commissioner** for the area to discuss the case.

Use the following checklist as a guideline to gather the information necessary to submit a completed request. Not all requirements apply to all requests. A detailed explanation of each requirement is provided in this packet. Each requirement explanation will be referenced to the letter in the far left column.

Traffic Impact Worksheet

This worksheet will help you determine if a Traffic Impact Study (T.I.S.) needs to be submitted with your zoning change request. **Please read the following paragraphs before filling out this worksheet.**

First, read all of the uses listed in column A and check the box to the right of each use that characterizes the proposed development. Next, fill in the number of units or gross square footage of each use in column 'B'. If the development has a Number of Units, then multiply that number by the Trip Rate (column 'B' times column 'C') and indicate the total in column 'D'. If the development has a Gross Square Footage, then divide the gross square footage in column 'C' by 1,000, then multiply the result by the Trip Rate in column 'B' and indicated the total in column 'D'. Finally, total all the trips per day to the space at the bottom of column 'D'.

If the total exceeds 1,000 trips per day, then either a Traffic Impact Study (T.I.S.) or a Waiver of the T.I.S. is required with the zoning request. Traffic Impact Study waivers will be considered on a per case basis by the Director of the Department of Development Services. The Department of Development Services is located in City Hall, Room L1BS and can be reached by telephone at 214-670-4869. If a proposed project cannot be defined within the uses provided on this worksheet, contact the Department of Development Services for assistance. Finally, fill out the applicant and development information below the chart.
