

## What To Do With

# USED COOKING OIL

Want to know what to do with your used cooking oil?

The City of Dallas wants to recycle your used cooking oil and grease (no motor oil or food scraps). Pour cooled cooking oil and grease into a rigid plastic container and secure with a screw top lid. Drop it off at numerous locations so it can be recycled into fuel. For more information on this program contact Dallas Water Utilities at (214) 671-041.

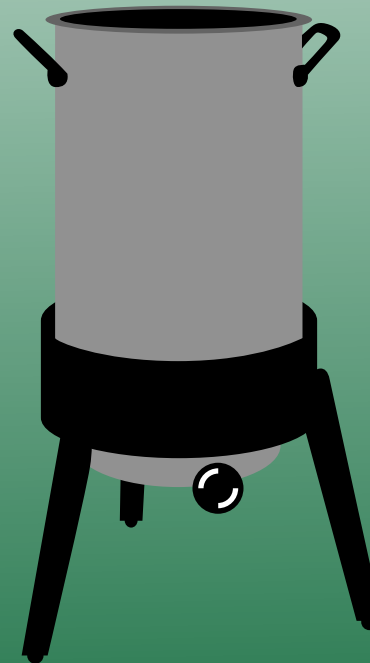

Log onto [www.ceasethegrease.org](http://www.ceasethegrease.org) to learn how to *Cease the Grease!*

*See reverse side for locations*
