4. Proposed Amendments to Outside Storage Use Provisions

Presenter(s): David Cossum & Neva Dean

Information Only
This briefing, which offered the committee an overview of proposed code amendments to the provisions regulating outside storage, and provided additional information requested at the May 26, 2015 committee meeting, was originally presented at the August 10, 2015 committee meeting. The chair scheduled the item on the August 24, 2015 agenda to allow the committee to consider each recommendation presented in the briefing. The recommendations from the committee follow:

**Committee Recommendation:** Support CPC recommendation to require outside storage to be screened in an IM District: On any side that is within 200 feet and visible from a thoroughfare or adjacent property not zoned IM. (Slide 9).

Motion Made By: Rickey D. Callahan                                Motion Seconded by: Mark Clayton
Item passed unanimously

**Committee Recommendation:** Support CPC recommendation of required screening for additional uses that have an outside storage component and are allowed by right in the IM District: Petroleum Product Storage and Wholesale; Sand, Gravel, or Earth Sales and Storage; Organic Compost Recycling Facility. Screening would be consistent with screening proposed for Outside Storage in the IM District (Slide 10).

Motion Made By: Philip T. Kingston                                Motion Seconded by: B. Adam McGough
Item passed unanimously

**Committee Recommendation:** Committee recommendation to remove chain link with slats and corrugated sheet metal (that includes a cap, a top and a bottom rail) as additional allowable screening materials for this use in the IM District (Slide 12).

Motion Made By: Mark Clayton                                     Motion Seconded By: Tiffinni A. Young
Item passed unanimously

**Committee Recommendation:** Support CPC recommendation to require a landscape buffer between any required screening fence and the adjacent thoroughfare where alternative irrigation may be approved by the director; regulation would apply to Outside Storage uses issued certificates of occupancy after the ordinance is adopted (Slide 14).

Motion Made By: Philip T. Kingston                                Motion Seconded By: B. Adam McGough
Item passed unanimously

**Committee Recommendation:** Modify the CPC recommendation; Maximum stacking height of outside storage within 40 feet of the required screening is no higher than the height of the screening; maximum stacking height of outside storage is 30 feet if the outside storage area is visible from and within 200 feet of a thoroughfare or adjoining property not zoned IM; no maximum stacking height 200 feet or more from a thoroughfare or adjoining property; and a 3-year compliance period for stacking height requirement and no compliance date for a landscape buffer requirement. (Slide 15) (Slide 18).

Motion Made By: Rickey D. Callahan                                Motion Seconded By: Tiffinni A. Young
Item passed unanimously
Committee Recommendation: Support CPC recommendation to require an SUP for Outside Storage as a main use in the CA-1 and the CA-2 Districts (Slide 17).
Motion Made By: Philip T. Kingston
Motion Seconded By: Mark Clayton
Item passed unanimously

The committee entered executive session at 10:17 a.m.
The committee exited executive session at 10:25 a.m.

Committee Recommendation: Support CPC recommendation to require screening for outside storage from highways in IM districts (Slide 20).
Motion Made By: Mark Clayton
Motion Seconded By: Rickey D. Callahan
Item passed unanimously

Committee Recommendation: Support staff recommendation to allow an exception process through Board of Adjustment for outside storage in IM when exemption from screening requirements sought (Slide 20).
Motion Made By: Mark Clayton
Motion Seconded By: Tiffinni A. Young
Motion Opposed By: Philip T. Kingston
Item passed on a divided vote

Committee Recommendation: Remove weathering steel as an additional fencing material in the IM District (Slide 22).
Motion Made By: Rickey D. Callahan
Motion Seconded By: Sandy Greyson
Motion Opposed By: Philip T. Kingston, B. Adam McGough, Mark Clayton, Tiffinni A. Young
Item failed on a divided vote

Committee Recommendation: Recommend allowing weathering steel as an additional fencing material in the IM District (Slide 22).
Motion Made By: Philip T. Kingston
Motion Seconded By: B. Adam McGough
Motion Opposed By: Rickey D. Callahan & Sandy Greyson

Purpose of Briefing

- Provide history of Dallas Aquatics
- Provide information on existing pools in the Dallas park system
- Provide findings for *2012 Aquatics Facilities Master Plan*
- Provide scope of work for *Aquatics Facilities Master Plan 2015 Update*
- Discuss data and preliminary recommendations for the *Aquatics Facilities Master Plan 2015 Update*
- Solicit feedback on the preliminary findings
- Next Steps
Dallas Aquatics Background
1920 to Present

• First pool built in 1921 at Lake Cliff Park and removed in 1958 and replaced by Kidd Springs pool
• By 1980 City operated over 80 pools – mostly small neighborhood wading pools
• Between 1980 and 1990 pool attendance dropped from 310,000 to 141,000
• By 2000 all wading pools closed due to low attendance and new state health and safety codes
• 2001 Aquatics Plan recommended
  – Six regional aquatic facilities
  – Multiple spraygrounds
• Progress from the 2001 Plan to date:
  – Bahama Beach – opened 2005
  – Eleven spraygrounds – opened 2001 to 2015
Recent Progress

• May 11, 2013  Referendum for the sale of park land that included Elgin B. Robertson (EBR) Park was approved by the voters

• May 16, 2013  Park and Recreation Board adopted:
  • 2012 Aquatics Master Plan (MP)
  • Resolution to use proceeds from EBR land sale for Aquatics MP

• May 15, 2015  Elgin B. Robertson land sale was closed in the amount of $31.8M

• September 3, 2015  Park and Recreation Board briefed on preliminary master plan recommendations
Existing Pools

• Pools range in age from 40 to 68 years old and are past the end of their useful life
• Pools are physically and functionally obsolete
• Pools are programmatically outdated
• Pools do not have features and attractions that are popular with today’s users, such as zero-depth entries, interactive play areas, and geysers
• Pool system is geographically inefficient
  • Overlapping service areas
  • Gaps in service areas
• Pools have a 18.9% cost recovery rate
  • Expenses: $1,183,356
  • Revenues: $223,633
2012 Aquatics Facilities Master Plan

- Evaluated the current aquatic system
  - 17 community pools – physically and functionally obsolete
- Reviewed aquatic user groups
  - Recreation, instruction, competition, and wellness
- Reviewed national aquatic trends
  - Bigger, better and fewer facilities for increased public attendance and operational sustainability
- Developed master planning options
2012 Master Plan
Adopted Option

• Option 3: “Hybrid” option – 3 regional FACs (including Bahama Beach), 5 community FACs, and 2 spraygrounds
  • Option was selected based on feedback from City Council and Park and Recreation Board
  • Option was recommended and adopted by Park Board on May 16, 2013

• Estimated total project cost for Option 3 for the FACs is $53.6M, not including land acquisition (2015 dollars)
Facility Type: Community FAC

Features:
- 3,500–5,500 square feet of water
- Open flume slide
- Tot slide
- Zero entry beach
- Interactive play feature
- Raindrop feature
- Interactive geysers
- 4 lap lanes (lessons, lap swim, swim teams, aerobics)
- Bath house / concession building
- Filtration building
- Shade structures

Cost per pool: $5.5M
(Total project cost, not including land acquisition in 2015 dollars)

Service area: 4-mile radius
Average attendance: 25,000
Facility Type: Regional FAC

Features:
- 7,500–9,500 square feet of water
- Open and closed flume slide
- Tot slide - Zero entry beach
- Tot pool/pad - Group pavilions
- Lazy river - Raindrop
- Shade structures
- Interactive play feature
- Interactive floor geysers
- Bath house / concession building
- Filtration building
- 8 lap lanes to accommodate swim meets

Cost per pool: $8.7M
(Total project cost, not including land acquisition in 2015 dollars)

Service area: 6-mile radius
Average attendance: 45,000
Scope for 2015 Master Plan Update

- Review and document changes in demographic data
- Update recommendations on the types of aquatic facilities
  - Aquatics Master Plan to provide impact to the greatest number of users in the shortest period of time
- Recommend locations for new aquatic facilities based on site considerations and public input
- Evaluate conceptual plans for site suitability for recommended facilities
- Prepare master plan for phased approach for future improvements at Bahama Beach
- Prepare probable project costs for new aquatics facilities
- Conduct four public input meetings
- Provide analysis of financial performance for new facilities
Work Performed To Date

• Notice to Proceed to consultant to begin contract work was issued on July 15, 2015

• Consultant has performed following work to date:
  • Updated data from the 2012 Aquatic Facilities Master Plan
  • Updated cost estimates to 2015 dollars
  • Developed proposed site selection criteria
  • Developed preliminary recommendations for the Master Plan

• The value of the work performed so far:
  • Allows for the evaluation of potential aquatic center locations
  • Allows for preparation for public input meetings

- 0" to 18"
- 18" to 3'-6"
- 3'-6" to 10'
Texas Family Aquatic Centers
(Survey of 15 Texas Facilities)

• Typical admission $5 - $8
  - Typical non-resident adult admission $6
  - Average child admission $3 - $4
  - Child 3 and under/seniors – typically free

• Average number of staff (one shift) 15-20

• Average season attendance 25,000
  - High season attendance 55,000
  - Low season attendance 15,000

• Average cost recovery rate 80–90%
Recent Park Board Input

- Provide Equal Level of Service throughout city
- Consider Population Density and Median Age Groups
- No “Cookie Cutter” Solutions
- Consider Highly Supported Existing Pools
- Consider Vegetation, Topography, Site Character
- Don’t Remove Existing Pools Until Impact of New Family Aquatic Centers on Usage is Known
- Start with Facilities that Will Serve the Greatest Number of Users in Phase One
- Consider Maintenance Needs of Existing Pools While Plan is Being Implemented
Additional Planning Guidelines

• Stretch funds by avoiding land acquisition costs
• Incorporate Bahama Beach and Bachman indoor pool into the overall plan
• Provide diverse and unique aquatic facilities
• Primary focus - upgrade the City’s outdoor recreation pool system
• Plan should be operationally sustainable
• Build on existing strengths (support/revenue)
Master Plan 2015 Update
Step One

Financial Impacts of Bahama Beach and Bachman Indoor Were Added into the Updated Preliminary Plan
Bahama Beach Water Park

2014
- Expenses: $834,477
- Revenue: $579,662
- Attendance: 50,543
- Cost Recovery: 69.46%
- Admission: $9 - $15

Recommendation
Continue to Maintain and Invest in Bahama Beach to Help Offset Higher Subsidy Smaller Aquatic Facilities
Bahama Beach City-Wide Draw
Bachman Indoor Pool

2014

- Expenses: $161,991
- Revenue: $ 70,787
- Attendance: 24,504
- Cost recovery: 44%
- Admission: $ 3

Recommendations

- **Continue to maintain and invest in Bachman indoor pool as a city-wide wellness and program facility**
- **Contingent upon the current maintenance facility relocation - consider Bachman Lake Park for an additional Regional Family Aquatic Center**
Master Plan 2015 Update

Step Two

Group Existing Pools into Three Geographic Regions

+/- 350,000 to 400,000 Population Each
Existing Aquatic Facilities 2015

A
• Bachman Indoor (A)
• Lake Highlands North (11)
• Harry Stone (8)

Develop a Preliminary Update to the 2012 Aquatics Plan Considering an Equal Level of Service for the Three Regions of Equal Population (350,000-400,000)
Current Approved 2012 Plan
- 3 Regional Family Aquatic Centers
- 5 Community Family Aquatic Centers

2015 Preliminary Updated Plan
- 3 Regional Family Aquatic Centers
- 3 Community Family Aquatic Centers
- 3 Neighborhood Family Aquatic Centers
Master Plan 2015 Update

Step Four

Update the Proposed Site Selection Criteria by Facility Type
(Regional, Community and Neighborhood)
Site Selection Criteria From 2012 Approved Master Plan

- Preference given to existing park sites
- Adequate developable area on site
- Potential users (census data)
- Proximity to other public aquatic facilities
- Accessibility (auto, bus, train, etc.)
- Adjacent to other public facilities (parking, recreation centers, sports fields, schools)
Additional Proposed Site Selection Criteria

• **Regional Family Aquatic Center (Regional FAC)**
  – 4 Acres for Pool/Bathhouse and Parking
  – 100-Car or More Parking (Existing or Space to Add)
  – Easy Public Access (DART, Autos, Bicycles)
  – Minimize Overlap with Other Area Providers

• **Community Family Aquatic Center (Community FAC)**
  – 3 Acres for Pool/Bathhouse and Parking
  – 50-Car Parking
  – Easy Public Access (DART, Autos, Bicycles)
  – No Overlap with Other CFAC Facilities
  – High Public Usage/Support

• **Neighborhood Family Aquatic Center (Neighborhood FAC)**
  – 2 Acres for Pool/Bathhouse
  – Only ADA Parking Required
  – High Public Usage/Support

*Note: All Selected Sites Should Minimize Removal of Trees and Existing Recreation Facilities*

2012 Aquatics Master Plan
Summary of Considered 2012 Master Plan Options

• **Baseline – Replace existing pools**
  – $57,800,000 investment
  – Does not meet current aquatic trends
  – Actual system attendance = 104,711
  – Attendance will not change substantially if pools are replaced with the same model

• **Option 1 – 10 Community Family Aquatic Centers (FACs)**
  – $55,000,000 investment
  – Reduces operational subsidy
  – Potential system attendance = 250,000

• **Option 2 – 6 Regional FACs**
  – $52,200,000 investment
  – Lowest operational subsidy
  – Potential system attendance = 270,000
Public Art Program

• City of Dallas Code, Chapter 2, Article X. Public Art Program:
  • Beginning January 1, 1989, all appropriations for city capital improvement projects, shall include:
    • 1.5 percent of the total capital improvement appropriation, or
    • 0.75 percent of the total appropriation for a project that is exclusively for street, storm drainage, utility, or sidewalk improvements
  • Funds are used for design services of artists, for the selection, acquisition, commissioning, and display of artworks, and for administration of the public art projects.
Public Art Program

• A plan for the use of the 1-1/2% for public art will be developed as part of the Phase 1 implementation strategy
  • 1-1/2% of $31.8M equals $477,000
  • Selection of artist(s) will be initiated to design/install artwork at locations designated in the Phase I Implementation

Action Plan

QUALITY OF LIFE & ENVIRONMENT COMMITTEE
SEPTEMBER 14, 2015
As requested by City Council on September 2, 2015, this briefing provides an outline of a plan to improve loose dog enforcement through Dallas Animal Services

- Achieving and maintaining full staffing
- Improving technology
- Enhancing outreach and enforcement initiatives
- Delivering data-driven strategies
- Identifying options to increase intake capacity
Vision & Approach

- **Vision**
  - A city that protects the health and safety of its people and pets, and promotes responsible pet ownership through outreach and enforcement

- **Approach**
  - Following City Council meeting on September 2, a team of city departments gathered over 6 days to take a fresh look at approaches and opportunities to reduce loose dogs in Dallas
    - 311 Call Center, City Attorney’s Office (Community Prosecution and Chief Prosecutor), City Manager’s Office, Civil Service, Code Compliance and Dallas Animal Services, Communication & Information Services, Dallas Marshal’s Office, Dallas Police Department, Equipment & Building Services, GIS, Human Resources, Office of Financial Services, Public Information Office
  - Also initiated dialogue with Texas Department of State Health Services, Workforce Solutions Greater Dallas, and other animal control associations and agencies
Staffing

Staffing Vision
- Attract, hire and maintain the best staff to resolve animal issues and promote safe neighborhoods

Achieve full staffing for FY15-16 in November 2015
- Start ‘additional pay’ for all DAS employees in FY15-16
  - Evaluate more recruitment incentives to find qualified applicants
- Hold job fair in October 2015 with on-site application, interviews and job offers
- Enhance targeted ads in trade journals and conferences
- All positions are listed in Appendix
Staffing

- **Needed Civil Service support and changes**
  - Short-term: Participate in job fair, with on-site candidate review and qualification
    - Double-fill positions in anticipation of attrition
  - Long-term: Adopt any changes recommended in consultant report that could positively impact hiring processes (see Appendix A for overview of consultant findings/recommendations)

- **Maintain stable workforce**
  - Explore outsourcing options for euthanasia services
  - Enhance compassion fatigue program
  - Expand training to enhance proficiencies
  - Review span of control for effective supervision
  - Reduce temporary and increase permanent staffing
Staffing

- FY15-16 Proposed Budget includes $580k partial-year funding for 15 new positions (Appendix B)
- FY15-16 Amendment for City Council consideration
  - $462k for full year funding of 15 new positions
  - $191k to fund upgraded positions to attract and maintain staffing
  - $115k for ‘additional pay’ to maintain staffing
Technology

- Vision for technology
  - Technology that helps residents and the City understand service request outcomes, how we’re doing, how we are addressing issues, with accessible data to monitor and show results

- Connect data flow between 311 and DAS
  - Currently, City uses two, unconnected systems in 311 and DAS
  - As of August 2015, all hardware needed (mobile data terminals with improved mobile connectivity, radios) is in use in the field
  - By end of 2015, 311-DAS database link will be complete
    - For example, 311 call data will flow into DAS database to trace an impounded animal through final disposition
Technology

- **Enhance data collection in 311 and DAS systems**
  - In the interim until December 2015, data is being collected
    - Improved location capture
    - Implemented loose-owned service request type
    - Case information is directly entered into database in the field

- **Connect data flow between DAS and Courts**
  - Currently, DAS field data and photographs are manually provided to prosecutors in Municipal Court
  - Complete DAS-Courts database link by September 2016
    - DAS field data and photographs will be available in the courts’ database to improve prosecution and enforcement
Technology

- Assess utilization of GPS functionality by January 2016
  - Would improve dispatching in 311 for efficient response
  - Would improve location capture for impounded dogs for reporting
- Make additional technology improvements at the shelter
  - Increase network bandwidth at DAS
    - Estimated FY15-16 cost: $15,000
    - In progress for October 2015
  - Comprehensive technology assessment to determine needs to enhance customer experience and shelter operations
    - Examples: Customer kiosks, audio/visual equipment for training, computers or tablets for improved data entry
    - Scheduled to begin October 2015
    - Recommendations to be briefed to QOL in January 2016
Outreach & Enforcement

- **Vision for outreach and enforcement**
  - Engage Dallas residents so that their concerns are heard and resolved, and relevant information and resources are accessible

- **Narrow the focus on smaller grids for greater impact**
  - Coordinate with DPD on identifying targeted areas and hyper focus on the grids that need greatest outreach, education and enforcement
  - Strengthen tactics within the grids
    - Daily tactical initiatives for outreach and enforcement
    - Expedited response for all animal calls
    - Team capture approach
    - Foot patrols

- **Schedule and communicate targeted areas beginning in November 2015**
  - Coordinate targeted areas with DPD
  - Leverage existing NextDoor and social media to share information and results
Outreach & Enforcement

- Wrap vans with DAS information to show presence in community
- Develop and launch new marketing campaign to address loose dogs and responsible pet ownership by December 2015
- Identify and work with new and existing community partners
  - Schools, crime watches, neighborhood associations, businesses, etc.
  - Other City departments (listed on page 3)
- Use Community Court citations and community service hours
Enhanced Reporting

• Vision for enhanced reports
  ○ Reports that measure the impact of efforts on loose dogs, including more educated residents, more responsible pet ownership and enhanced public safety

• Engage DPD for consulting on field response and metrics
  ○ Use Crime Analysis Unit model to guide new metrics
    ▪ For example, ‘dispatch call for service’ report
  ○ Launch DAS scorecard modeled on DPD by April 2016
    ▪ Once grids are identified and metrics in each are assessed, potential metrics for improvement can be established, and may include:
      ○ Reductions in response time, high priority calls, un-owned dog bites, impounded dogs; improvements in customer satisfaction, animal registrations, citations and spay/neutered animals

• Conduct before and after surveys in targeted areas to measure impact
  ○ Similar to virtual town hall meetings to place calls in specific areas

• Review and update current call types, estimated response times (ERT), service level agreements (SLA), and performance
Intake Capacity

- Vision for intake capacity
  - Capacity matched to the need for loose dog intake
- Review foster home program options for intakes
- Identify city facilities as potential sites for captured or surrendered dogs
- Mandatory microchipping and spay/neuter
- Initiate strategic plan to meet community needs
Next Steps

- Total estimated FY15-16 improvement costs for consideration: $783,000
- Use committee input to prioritize action plan steps and provide quarterly DAS briefings and updates to Quality of Life & Environment committee
  - October 2015
  - January 2016
  - April 2016
  - July 2016
- Brief Animal Advisory Commission in October 2015
Appendix A

Hiring Process Concerns

- Departments expressed concerns about the hiring process for civilian positions:
  - Length of time it takes to hire an employee
  - Candidates’ qualifications
  - Candidate pools that do not meet the departments’ hiring needs
  - Excessively large candidate pools that do not differentiate highly qualified candidates from minimally qualified candidates
  - Constraints regarding the interview process
  - Confusion and frustration with the on-boarding process once a candidate is selected
    - Assurance that appropriate pre-employment checks are completed
Appendix A

Consultant Hired

- August 2014
- HR and Civil Service engaged a third-party firm, CPS HR Consulting, to review the City’s hiring process
- CPS presented results/recommendations to City Manager’s Office in August, 2014
- CPS presented results/recommendations to the Civil Service Board on October 7, 2014
Appendix A

- Consultant’s Scope
  - CPS reviewed 11 major categories in the hiring process
    - Identifying an open position
    - Providing an eligibility list
    - Selection process
    - Pre-employment checks
    - Hiring
    - Recruitment
    - Training
    - Service Level Agreements
    - Unskilled Labor hiring
    - Rules for non-civil service departments
    - Communication to applicants
  - CPS made more than 70 recommendations which are summarized on the following pages
Consultants’ Major Findings/Recommendations

- Departments frustrated and confused by the hiring process
  - More training on the process needed
  - More hands-on help needed
- There is no recruiting plan developed in conjunction with hiring departments
  - Departments should work with Civil Service to develop a plan for recruiting, especially for high-level and hard to fill positions
  - Engaging departments in the front end could help yield better candidate pools
- Departments unsatisfied with the candidate lists provided
  - It takes too long to get the lists
  - The lists have too many candidates
  - Candidate lists are not sorted or ranked
  - Candidates do not meet their hiring needs
- Increased use of technology could improve the process
  - Use of the auto-scoring function in NeoGov could help speed review
  - Banding of candidates by qualifications could help departments
  - Using supplemental questions for screening applicants could make lists more manageable
Appendix A

- Consultants’ Major Findings/Recommendations
  - The reduction of the number of job classifications in 2001 (“broad-banding”) exacerbates the problem
    - Job duties and responsibilities are not specific enough when job posted to meet the departments’ need
  - Departments are developing, administering, and scoring their own examinations
    - Testing should be developed and conducted by Civil Service to reduce risk from un-validated testing
  - Departments use a variety of interview processes
    - HR should provide additional training on the interview process
  - Post-offer on-boarding needs to be more consistent
  - There are no proactive outreach recruitment activities
    - Need to have a comprehensive marketing plan and on-line presence
  - The organizational structure where HR and Civil Service are responsible for various parts of the hiring/recruiting process is unique to Dallas and exacerbates the problem

Memorandum

Date September 9, 2015

To The Honorable Mayor and Members of the City Council

Subject Climate Extremes Conference

Changing climate patterns have had a great impact on Texas in recent years in the form of extreme weather events such as drought, floods, and extreme heat. An upcoming conference will address questions such as: How might these changes impact Dallas in the years to come? What are some ways the public, private, and non-profit sectors are collaborating to address these challenges? What more can we do locally, and nationally, to address the threats posed to our security and our community from extreme changes in our climate?

Ahead of the 21st Session of the Conference of Parties in Paris, France (COP21/CMP11), the Consul General of France Monsieur Sujiro Seam has worked with City staff, Southern Methodist University, and others to plan and host the first ever Climate Extremes Conference in Dallas.

On Thursday, September 17, 2015, the SMU Hunt Institute for Engineering & Humanity will present "Climate Extremes: A Forum on Adaptation & Building Resilience in Texas" in the Martha Proctor Mack Ballroom on the SMU campus.

The half-day program features remarks by SMU President Gerald R. Turner (invited), Dallas Mayor Mike Rawlings, Consul General Seam, and two panels of noted experts whose scholarship and experience in the area of climate extremes have contributed significantly to understanding this issue and its far reaching effects.

As elected representatives for the citizens of Dallas, we have all been invited on behalf of our constituents to participate in this discussion. I encourage each of you to RSVP to the invitation we have received in order to secure your seat and lunch. There are only 40 seats remaining.

Please let me know if you need additional information.

AGENDA ITEM # 32

KEY FOCUS AREA: Culture, Arts and Recreation and Educational Enhancements

AGENDA DATE: September 22, 2015

COUNCIL DISTRICT(S): All

DEPARTMENT: Park & Recreation

CMO: Willis Winters, 670-4071

SUBJECT
Authorize a twenty-four-month contract for pavement improvements at various locations for the Park and Recreation Department - APAC-Texas, Inc., lowest responsible bidder of two - Not to exceed $4,164,683 - Financing: Current Funds ($2,000,000), Park and Recreation Program Funds ($750,000), Golf Improvement Funds ($500,000) and Fair Park Improvement Funds ($914,683) (subject to annual appropriations)

BACKGROUND
In the past several years, the Park and Recreation Department utilized contract capacity from other departments (Street Services or the Dallas Water Utilities) to provide incidental and unanticipated paving needs. This June, Dallas Water Utilities staff solicited bids for a contract titled, “2015 Pavement Repair on City of Dallas Infrastructure at Various Locations”, which included five schedules to accommodate various department needs. Schedule E was designated for the Park and Recreation Department needs.

On June 11, 2015, two bids were received for pavement improvements at various locations for the Park and Recreation Department. This item authorizes award of the construction contract to APAC-Texas, Inc. for total bid amount of $4,164,682.70.

APAC-Texas, Inc. has had no contractual activities with the City of Dallas within the past three years. However, they have an on-going contract with the Public Works Department with a current completion date of December 30, 2015.

AGENDA DATE: September 22, 2015

COUNCIL DISTRICT(S): 4

DEPARTMENT: Park & Recreation

CMO: Willis Winters, 670-4071

MAPSCO: 55 P, Q, R, T, U

SUBJECT

Authorize a five-year service agreement and extended warranty for the purchase of the Toro Site Pro irrigation system central computer and components at Cedar Crest Golf Course located at 1800 Southerland Avenue from The Toro Company dba Toro NSN, sole source - Not to exceed $7,789 - Financing: Current Funds

BACKGROUND

This service agreement and extended warranty includes repair and replacement of hardware and software components, and telephone support 24 hours a day, 365 days a year. Toro NSN technicians are able to log on to the Cedar Crest system remotely to diagnose and correct problems; they never set foot on City property. If a hardware or software component fails, the Toro NSN technician sends a replacement via next-day shipping and instructs the Cedar Crest superintendent step-by-step through the proper installation procedure upon its arrival. This agreement also includes, at no additional cost, future Toro software service packs as they become available.

Toro NSN (National Service Network) is a division of The Toro Company and the sole source provider of this service for Toro Site Pro irrigation system central computers and components.

Chapter XVII, Sec. 4(a)(3) of the Dallas City Charter requires City Council to approve any lease or agreement under the jurisdiction of the Park and Recreation Board with a term exceeding one year.

PRIOR ACTION/REVIEW (Council, Boards, Commissions)

The Park and Recreation Board authorized the five-year service agreement and extended warranty on August 20, 2015.

Information about this item will be provided to the Quality of Life Committee on September 14, 2015.
