Deanna's Voice

[P.O.W.E.R. 5K](#)

The City of Dallas Domestic Violence Task Force will continue the campaign to end domestic violence this October by raising awareness, partnering with local organizations and businesses, and depending on **you** to get involved. This may mean wearing a purple ribbon, painting a fingernail purple, wearing purple to work, putting a purple bulb in your porch light, creating an initiative at your job, and/or attending one of the awesome events above....the opportunities for participation are endless!

Follow the Domestic Violence Task Force on Facebook (**Dallas Domestic Violence Awareness Month**) and Twitter (**@DallasDVTF**) and use the hashtags **#BigDEndsDV** and **#PaintBigDPurple** when you post your purple selfies, office group pictures, purple porch lights, or a statistic about domestic violence on your favorite social media site. Also, be sure to check out our Clothesline Project installations at Love Field Airport and City Hall.

With your support and engagement, we will end domestic violence in Dallas!
