Memorandum

CITY OF DALLAS

DATE February 26, 2016

TO Honorable Members of the Arts, Culture & Libraries Committee: Mayor Pro Tem Monica R. Alonzo (Chair), Mark Clayton (Vice Chair), Deputy Mayor Pro Tem Erik Wilson, Carolyn King Arnold, Jennifer S. Gates, Scott Griggs

SUBJECT **Office of Cultural Affairs New Funding Opportunity**

In the adopted FY15-16 budget, City Council made additional funding available for cultural programs to be supported by the Office of Cultural Affairs and guided by the Cultural Affairs Commission. Through discussions, monthly committee meetings, and a special Commission workshop, the Commission and staff developed a new cultural services funding program designed to further support and foster the growth of a vibrant cultural ecosystem in Dallas. This new funding opportunity, **The Cultural Vitality Program (CVP)**, will open on March 1, 2016 and will actively seek proposals and projects from both arts/cultural organizations and individual artists with innovative ideas and a dedication to the arts in our City. The program has been designed to be flexible and responsive as the cultural community develops, and services will target specific goals and initiatives over time.

The CVP builds on the success of the Cultural Projects Program Special Support funding program (CPP-SP) that was created in FY2014-15. The CPP-SP supports special projects by individual artists and emerging non-profit cultural arts organizations. To date, eighteen projects have been funded in a variety of disciplines.

The CVP initiatives for FY2015-16 are:

Cultural Equity

Affirming that everyone deserves the ability to participate in a full, vibrant, creative life which includes cultural tradition, celebration, entertainment, learning, participation and both individual and collective creative expression, this initiative will focus on projects that help develop cultural equity throughout the City of Dallas.

Audience and Neighborhood Engagement

Acknowledging that many people, neighborhoods and/or communities may not have the awareness of, feel connected to, or appreciate the benefits of participation in arts and cultural opportunities in Dallas, this initiative will seek out individuals and organizations with innovative ideas that will connect, engage and develop new and diverse participants.

Sustainability and Resilience

Dallas has a wide range of established arts organizations that have been enriching the City through the arts for many decades. This initiative will support these organizations' efforts to develop, strengthen, and focus their planning and operations to ensure long term success, relevance, resilience and sustainability.

Contracts through this program will range from \$2,500 - \$20,000. The first round of applications will be due April 1, 2016, with projects beginning May 1, 2016. More information about the program and application instructions can be found at www.dallasculture.org/culturalContracts.asp.
