CITY OF DALLAS CITIZEN PARTICIPATION PLAN

I. Purpose

The purpose of the City of Dallas Citizen Participation Plan is to inform the public of the proposed ways in which persons may participate in determining how specific future grant funds to the City of Dallas from the U.S. Department of Housing and Urban Development (HUD) will be used. The funds include the Community Development Block Grant (CDBG), Home Investment Partnerships Program (HOME), Emergency Shelter Grant (ESG), and Housing Opportunities for Persons with AIDS Program (HOPWA).

II. Citizen Participation Goal

It is the basic goal of the City of Dallas to continue its good faith efforts to provide reasonable citizen participation opportunities in a manner consistent with local requirements and federal government regulations.

More specifically, it is the goal of the City of Dallas to encourage:

- All citizens to participate in the development of the Consolidated Plan including a three-year strategic plan and a one-year budget (Action Plan), amendments to the adopted Consolidated Plan, and the program performance report;
- Participation by low and moderate income persons, especially those living in slum or blighted areas or in areas where CDBG funds are proposed to be used, and by residents of predominately low and moderate income neighborhoods as defined by the City.
- Participation by minorities and non-English speaking persons, and persons with disabilities;
- In conjunction with consultation with public housing authorities, the participation of residents of public and assisted housing developments in the process of developing and implementing the Consolidated Plan, along with other low-income residents of target revitalization areas in which the developments are located;
- The housing agency to make information (that the City will make an effort to provide to the agency) about Consolidated Plan activities related to the agency's developments and surrounding communities available at the annual public hearing required under the Comprehensive Grant Program.

III. Process for Approving the Citizen Participation Plan

- A. A draft of the Citizen Participation Plan will be developed to meet HUD regulations.
- B. The City Council will be briefed and comments incorporated into the Proposed Citizen Participation Plan.
- C. A Proposed Citizen Participation Plan summary will be published in the Dallas Morning News and the entire Plan will be made available at specific locations.
- D. A 30-day citizen comment period will be provided, enabling the Community Development Commission (CDC) and citizens to express their views on the Proposed Citizen Participation Plan.
- E. The City Council will be briefed on the CDC and citizen comments regarding the Proposed Citizen Participation Plan and will consider any modifications.
- F. The City Council will approve the Citizen Participation Plan as amended.
- G. The City of Dallas shall follow the Citizen Participation Plan as adopted by the City Council.
- H. The approved Citizen Participation Plan will be made available at all Dallas public libraries and the Office of Financial Services, Community Development Division, located at Dallas City Hall, 1500 Marilla, Room 4FS in a format accessible to persons with disabilities upon request.

IV. Process for Developing the Consolidated Plan

- A. Role of the Community Development Commission (CDC) (or its successor).

The duties of the City Council-appointed CDC, will include review and recommendations for the HOME, HOPWA, and ESG Programs in a similar manner to CDBG. The CDC in consultation with the staff will establish numbers, dates, times, subjects and locations for a series of public hearings. The public hearings will be held to solicit citizen comments and suggestions on the priority needs of low and moderate-income persons and proposed uses of funds.

B. Public Hearings

1. Number and type of hearings

Before the City adopts the Consolidated Plan, at least six (6) public hearings will be held to receive citizen input on community development needs and strategies for meeting those needs and to respond to proposals and questions. Public notice will be given to citizens of each hearing, with sufficient information published about the subject of the hearing to permit informed comment. Advance notice of the hearings will be published in the Dallas Morning News two weeks prior to the hearings, when the specified dates, times, subjects and locations are determined. The hearings will be held at a minimum of two different stages of the program year. Together, the hearings will address housing and community development needs, development of proposed activities, and review of program performance. To obtain the views of citizens on housing and community development needs, including priority non-housing community development needs, at least one of these hearings will be held before the proposed Consolidated Plan is published for comment.

Six neighborhood public hearings will be held.

Five public hearings will be held throughout the City of Dallas to receive comments from citizens, public and private non-profit and for-profit agencies on all aspects of the Consolidated Plan.

One public hearing will be held in the Dallas Metropolitan Area; within the City of Dallas outside of Dallas County where HOPWA funds are allocated. The focus on these hearings will be specifically tailored to the housing supportive services for persons with HIV/AIDS and their families.

The City Council, as a whole or in committee, will hold at least one public hearing to receive comments from the public on the Proposed Consolidated Plan. Additional meetings may be held if deemed necessary.

2. Locations of public hearings

Utilizing information such as census data, availability of facilities for meetings, and prior year meeting attendance records, the CDC and the City staff will make efforts to select sites that are located throughout the CDBG eligible areas of the City and at times that will be convenient to potential and actual beneficiaries, with

accommodations for persons with disabilities. Outreach efforts will also be made to involve lower income areas where residents have not participated previously in the CDBG planning process. At public hearings where a significant number of non-English speaking residents can be reasonably expected to participate, a good faith effort will be made to provide interpreters.

3. Public Hearing format

The basic public hearing format will be determined through discussions with the CDC and staff.

4. Information provided at the hearings

Information to be provided at these hearings to receive input from citizens, public agencies and other interested parties on community development needs will include a review of the current year budget, the amount of funds estimated to be available for the upcoming year; including grant funds and program income and other information such as the range of activities that may be undertaken, including the estimated amount that will benefit persons of low and moderate income.

Citizens attending these hearings will be provided with forms that may be used to record written comments.

City of Dallas

ANTI-DISPLACEMENT AND RELOCATION PLAN

The City of Dallas seeks to minimize, to the greatest extent feasible, the displacement, whether permanently or temporarily, of persons from their homes and /or business as a result of HUD funded activities involving single- or multi-family rehabilitation, acquisition, commercial rehabilitation, demolition, economic development, or capital improvement. However, if displacement occurs, the City will provide for temporary or permanent relocation of persons resulting from public and private acquisition intended for public use and voluntary rehabilitation of private property with funds from CDBG, HOME, or any other HUD funded assistance program.

A Residential Anti-displacement and Relocation Assistance Plan has been prepared by the City in accordance with the Housing and Community Development Act of 1974, as amended; and HUD regulations at 24 CFR 42.325 and is applicable to CDBG and/or HOME-assisted projects.

Minimizing Displacement

Consistent with the goals and objectives of activities assisted under the Act, the City will take the following steps to minimize the direct and indirect displacement of persons from their homes:

- When considering the allocation of HOME and/or CDBG funds, the City will discourage projects that are likely to result in a large numbers of displacements, unless the rehabilitation of a rental development is in support of a City priority;
- Coordinate code enforcement efforts with rehabilitation and housing assistance programs, if possible;
- Encourage staged rehabilitation of apartment units to allow tenants to remain in the building/complex during and after the rehabilitation, working with the empty units first, if appropriate and economically feasible; and
- Meet all HUD notification requirements so that affected persons do not move because they have not been informed about project plans and their rights.

Relocation Assistance to Residential Tenants Displaced

The City will offer relocation assistance, in accordance with the requirements of 24 CFR 42.350 (a.k.a. "Section 104[d]"), for lower-income tenants who, in connection with an activity assisted under the CDBG and/or HOME programs, move permanently or move personal property from real property as a direct result of the demolition of any dwelling unit or the conversion of a lower-income dwelling unit. The City will ensure that these tenants have the opportunity to choose whether to receive assistance under Section 104(d) or assistance under the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 (URA), as amended.

A displaced person who is not a low- or moderate-income tenant, will be provided relocation assistance in accordance with the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, as amended, and implementing regulations at HUD 49 CFR Part 24.

One-for-One Replacement of Dwelling Units

The City of Dallas will replace all occupied and habitable vacant low- and moderate-income housing units, demolished or converted to a use other than low- and moderate-income housing, in connection with a project assisted with CDBG and/or HOME funds in accordance with HUD 24 CFR 42.375.

Before entering into a contract committing the City to use CDBG and/or HOME funds on a project that will directly result in demolition or conversion of low- and moderate-income housing units, the City will make public and submit to HUD a One-for-One Replacement Plan that contains the following information:

- A description of the proposed assisted activity;
- The general location on a map and approximate number of dwelling units by size (number of bedrooms) that will be demolished or converted to a use other than as low and moderate-income units;
- A time schedule for the commencement and completion of the demolition or conversion;
- The general location on a map and approximate number of dwelling units by size (number of bedrooms) that will be provided as replacement units;
- The source of funding and a schedule for the provision of replacement dwelling units; and
- The basis for concluding that each replacement dwelling unit will remain a low- and moderate-income unit for at least 10 years from the date of initial occupancy.
- Information demonstrating that any proposed replacement of lower-income dwelling units with smaller dwelling units (e.g., a 2-bedroom unit with two 1-bedroom units), or any proposed replacement of efficiency or single-room occupancy (SRO) units with units of a different size, is appropriate and consistent with the housing needs and priorities identified in the HUD-approved Con Plan and 24 CFR 42.375(b)

To the extent that the specific location of the replacement housing and other data are not available at the time of the submission, the City will identify the general location of such housing on a map and complete the disclosure and submission requirements as soon as the specific data are available.

Replacement not Required Based on Unit Availability

Under HUD 24 CFR 42.375(d), the City of Dallas may submit a request to HUD for a determination that the one-for-one replacement requirement does not apply based on objective data that there is an adequate supply of low- and moderate-income housing units in standard condition available on a non-discriminatory basis within the area.

Relocation Contacts

The City is responsible for tracking the replacement of lower-income dwelling units and ensuring that they are provided within the required period. The City is also responsible for overseeing the provision of relocation payments and other relocation assistance to any lower-income person displaced by the demolition of any dwelling unit or the conversion of lower-income dwelling units to another use financed with CDBG or HOME funds in regards to the development of housing.

Before the City adopts the AFH and Consolidated Plan, at least six (6) public hearings will be held to afford reasonable opportunity to examine each document's content, receive citizen input on community development needs and strategies for meeting those needs and to respond to proposals and questions. Public notice will be given to citizens of each hearing, with sufficient information published about the subject of the hearing to permit informed comment. Advance notice of the hearings will be published in the Dallas Morning News two weeks prior to the hearings, when the specified dates, times, subjects and locations are determined. The hearings will be held at a minimum of two different stages of the program year, at the beginning during the development phase and at the end prior to submission of the performance report to HUD. Together, the hearings will address housing and community development needs, development of proposed activities, proposed strategies and actions for affirmatively furthering fair housing consistent with the AFH, and review of program performance. To obtain the views of citizens on housing and community development needs, including priority non-housing community development needs and affirmatively furthering fair housing, at least one of these hearings will be held before the proposed Consolidated Plan is published for comment. The City Council, as a whole or in committee, will hold at least one public hearing to receive comments from the public on the Proposed AFH and Consolidated Plan.

Additional meetings may be held if deemed necessary.

Outreach efforts will also be made to involve lower income areas where residents have not participated previously in the AFH and Consolidated Plan ~~CDBG~~ planning process. At public hearings where a significant number of non-English speaking residents can be reasonably expected to participate, a good faith effort will be made to provide interpreters.

City of Dallas ANTI-DISPLACEMENT AND RELOCATION PLAN

The City of Dallas seeks to minimize, to the greatest extent feasible, the displacement, whether permanently or temporarily, of persons from their homes and /or business as a result of HUD funded activities involving single- or multi-family rehabilitation, acquisition, commercial rehabilitation, demolition, economic development, or capital improvement. However, if displacement occurs, the City will provide for temporary or permanent relocation of persons resulting from public and private acquisition intended for public use and voluntary rehabilitation of private property with funds from CDBG, HOME, or any other HUD funded assistance program.

A Residential Anti-displacement and Relocation Assistance Plan has been prepared by the City in accordance with the Housing and Community Development Act of 1974, as amended; and HUD regulations at 24 CFR 42.325 and is applicable to CDBG and/or HOME-assisted projects.

Minimizing Displacement

Consistent with the goals and objectives of activities assisted under the Act, the City will take the following steps to minimize the direct and indirect displacement of persons from their homes:

- When considering the allocation of HOME and/or CDBG funds, the City will discourage projects that are likely to result in a large numbers of displacements, unless the rehabilitation of a rental development is in support of a City priority;
- Coordinate code enforcement efforts with rehabilitation and housing assistance programs, if possible;
- Encourage staged rehabilitation of apartment units to allow tenants to remain in the building/complex during and after the rehabilitation, working with the empty units first, if appropriate and economically feasible; and
- Meet all HUD notification requirements so that affected persons do not move because they have not been informed about project plans and their rights.

Relocation Assistance to Residential Tenants Displaced

The City will offer relocation assistance, in accordance with the requirements of 24 CFR 42.350 (a.k.a. "Section 104[d]"), for lower-income tenants who, in connection with an activity assisted under the CDBG and/or HOME programs, move permanently or move personal property from real property as a direct result of the demolition of any dwelling unit or the conversion of a lower-income dwelling unit. The City will ensure that these tenants have the opportunity to choose whether to receive assistance under Section 104(d) or assistance under the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 (URA), as amended.

A displaced person who is not a low- or moderate-income tenant, will be provided relocation assistance in accordance with the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, as amended, and implementing regulations at HUD 49 CFR Part 24.

One-for-One Replacement of Dwelling Units

The City of Dallas will replace all occupied and habitable vacant low- and moderate-income housing units, demolished or converted to a use other than low- and moderate-income housing, in connection with a project assisted with CDBG and/or HOME funds in accordance with HUD 24 CFR 42.375.

Before entering into a contract committing the City to use CDBG and/or HOME funds on a project that will directly result in demolition or conversion of low- and moderate-income housing units, the City will make public and submit to HUD a One-for-One Replacement Plan that contains the following information:

- A description of the proposed assisted activity;
- The general location on a map and approximate number of dwelling units by size (number of bedrooms) that will be demolished or converted to a use other than as low and moderate-income units;
- A time schedule for the commencement and completion of the demolition or conversion;
- The general location on a map and approximate number of dwelling units by size (number of bedrooms) that will be provided as replacement units;
- The source of funding and a schedule for the provision of replacement dwelling units; and
- The basis for concluding that each replacement dwelling unit will remain a low- and moderate-income unit for at least 10 years from the date of initial occupancy.
- Information demonstrating that any proposed replacement of lower-income dwelling units with smaller dwelling units (e.g., a 2-bedroom unit with two 1-bedroom units), or any proposed replacement of efficiency or single-room occupancy (SRO) units with units of a different size, is appropriate and consistent with the housing needs and priorities identified in the HUD-approved Con Plan and 24 CFR 42.375(b)

To the extent that the specific location of the replacement housing and other data are not available at the time of the submission, the City will identify the general location of such housing on a map and complete the disclosure and submission requirements as soon as the specific data are available.

Replacement not Required Based on Unit Availability

Under HUD 24 CFR 42.375(d), the City of Dallas may submit a request to HUD for a determination that the one-for-one replacement requirement does not apply based on objective data that there is an adequate supply of low- and moderate-income housing units in standard condition available on a non-discriminatory basis within the area.

Relocation Contacts

The City is responsible for tracking the replacement of lower-income dwelling units and ensuring that they are provided within the required period. The City is also responsible for overseeing the provision of relocation payments and other relocation assistance to any lower-income person displaced by the demolition of any dwelling unit or the conversion of lower-income dwelling units to another use financed with CDBG or HOME funds in regards to the development of housing.

SUBJECT Arbor Day in Texas – Friday, November 4, 2016

In celebration of Texas Arbor Day, the Trinity River Audubon Center and Trinity Watershed Management Department will plant trees to showcase the beauty of trees and the important restorative properties they provide for the city. This public event will be held on Friday, November 4, 2016 from 9:00 a.m. to 12:00 p.m. at the Trinity River Audubon Center, 6500 Great Trinity Forest Way, Dallas, Texas 75217.

Sixth and seventh grade students from Trinity Environmental Academy will participate to learn about trees within Dallas' 6200 acre forest and connect with nature while planting the trees. The reading of the Arbor Day Proclamation begins the day's activities. This will be followed by the planting of 100 native trees and 200 native plant species.

Please let me know if you have any questions. Thank you.
