

Floodway Management Area Statement

The “FLOODWAY MANAGEMENT AREAS” within the limits of this addition are to remain in a natural state, and will receive a “Natural Level of Management” which defined, means the removal of fallen trees or other debris that would be an obstruction to drainage. No alterations or improvements are to be made in the “FLOODWAY MANAGEMENT AREA” without the written approval of the Chief Engineer of Development Services.

The “FLOODWAY MANAGEMENT AREAS” shall be monumented in accordance with **Section 51A-8.617 (d) (3)** of the Dallas Development Code. The surveyor shall provide signed and sealed documentation that the Floodway Marker monuments have been installed prior to filing the plat.
