EMS TRAINING

Latisha, This matrix has been updated to reflect all required training from the positional matrix that was submitted by the department. Since there were no dates on the original matrix with Mary Morris' signature, I've taken the liberty to revise it as a controlled document with the director's signature. I have also corrected the hour counters. At any time if you have questions, please let me know.

EMS TRAINING

Latisha, This matrix has been updated to reflect all required training from the positional matrix that was submitted by the department. Since there were no dates on the original matrix with Mary Morris' signature, I've taken the liberty to revise it as a controlled document with the director's signature. I have also corrected the hour counters. At any time if you have questions, please let me know.

EMS TRAINING

Latisha, This matrix has been updated to reflect all required training from the positional matrix that was submitted by the department. Since there were no dates on the original matrix with Mary Morris' signature, I've taken the liberty to revise it as a controlled document with the director's signature. I have also corrected the hour counters. At any time if you have questions, please let me know.
