DRAFT ENVIRONMENTAL ASSESSMENT
Reconstruction of Dallas Love Field Runway 13R-31L
and Associated Improvements

In accordance with the National Environmental Policy Act of 1969, 42 U.S.C. § 4321 et seq., and the Council on Environmental Quality (CEQ) regulations, 40 C.F.R. parts 1500-1508, notice is hereby given that the City of Dallas (City) Department of Aviation (DOA) proposes to seek Federal Aviation Administration (FAA) approval of the Airport Layout Plan at Dallas Love Field Airport (DAL) for the reconstruction of Runway 13R-31L and associated improvements. The Proposed Action includes the full depth replacement of the existing 8,800' runway, improvements to the existing grade, drainage structures, airfield lighting and communications pathways; reconstruction of adjacent taxiways; demolition and construction of new taxiway connectors to Runway 13R-31L; and construction of a new vehicle service road. The purpose of the Proposed Action is to meet FAA runway and taxiway design criteria while enhancing airfield safety and improving airfield efficiencies associated with Runway 13R-31L.

The Draft Environmental Assessment (EA) evaluates the potential environmental impacts of the Proposed Action described above and has been prepared in accordance with FAA Order 1050.1F, Environmental Impacts: Policies and Procedures; and FAA Order 5050.4B, NEPA Implementing Instructions for Airport Actions. The Draft EA includes an analysis of prudent or feasible alternatives, potential impacts, and mitigation measures, as appropriate.

Beginning on **March 22, 2019**, the Draft EA will be available for public review on the DOA's and City of Dallas' websites at <https://www.dallas-lovefield.com> and <http://www.dallascityhall.com>, respectively.
