Dear Applicant:

Re: TPDES Multi-Sector General Permit (TXR050000)  
No Exposure Certification Authorization

Your No Exposure Certification application for authorization under the general permit for discharge of stormwater associated with industrial activities has been received. Pursuant to authorization from the Executive Director of the Texas Commission on Environmental Quality, the Division Director of the Water Quality Division has issued the enclosed Certificate.

Please refer to the attached certificate for the identification number that was assigned to your project/site and the coverage effective date. Please use this number to reference this project/site for future communications with the Texas Commission on Environmental Quality (TCEQ).

A Notice of Termination must be submitted when permit coverage is no longer needed. You may obtain a Notice of Termination form at the web site listed below.

For questions related to the status or processing of your application you may contact the Stormwater Processing Center by email at [SWPERMIT@tceq.texas.gov](mailto:SWPERMIT@tceq.texas.gov) or by telephone at (512) 239-3700.

If you have any questions regarding coverage under this general permit or other technical issues, you may contact the stormwater technical staff at (512) 239-4671 or by email at [swgp@tceq.texas.gov](mailto:swgp@tceq.texas.gov). Also, you may obtain information on the stormwater web site at [www.tceq.texas.gov](http://www.tceq.texas.gov). Permit and application status information can be found on the TCEQ web site at [http://www2.tceq.texas.gov/wq\\_dpa/index.cfm](http://www2.tceq.texas.gov/wq_dpa/index.cfm).

Sincerely,

A handwritten signature in cursive script that reads "David W Galindo".

## TEXAS COMMISSION ON ENVIRONMENTAL QUALITY

### Texas Pollutant Discharge Elimination System Storm Water Multi-Sector General Permit

The No Exposure Certification (NEC) for the facility listed below was received on December 27, 2013. The intent to obtain a conditional exclusion from permit requirements by certifying that there is no exposure of industrial materials or activities to precipitation or runoff, as allowed in the Texas Pollutant Discharge Elimination System (TPDES) storm water multi-sector general permit TXR050000, is acknowledged. Your facility's TPDES multi-sector storm water general permit number is:

**TXRNEZ834**

Coverage Effective: December 27, 2013

TCEQ's storm water multi-sector general permit requires that facilities authorized under this general permit based on having no exposure of industrial activities to ensure that industrial activities and materials are isolated from storm water and storm water runoff by storm resistant shelters. As a facility authorized to discharge under the storm water multi-sector general permit, all applicable terms and conditions related to this conditional exclusion must be complied with to maintain coverage and avoid possible penalties. If this facility changes operating or management practices so as to result in exposure of industrial activities to storm water, then the operator must obtain permit coverage to discharge storm water before implementing the changes that result in exposure of industrial activities to storm water runoff.
