NEW ISSUE – Book-Entry-Only

In the opinion of Co-Bond Counsel, under existing law, interest on the Tax-Exempt Bonds is excludable from gross income for federal income tax purposes under section 103 of the Internal Revenue Code of 1986, as amended, and is not a specific preference item for purposes of the alternative minimum tax. See "TAX MATTERS – Tax Exemption of the Tax-Exempt Obligations" for a discussion of the opinion of Co-Bond Counsel.

THE TAX-EXEMPT BONDS HAVE NOT BEEN DESIGNATED AS "QUALIFIED TAX-EXEMPT OBLIGATIONS" FOR FINANCIAL INSTITUTIONS.

City of Dallas

\$208,875,000

CITY OF DALLAS, TEXAS

(Dallas, Denton, Collin, Rockwall and Kaufman Counties)

GENERAL OBLIGATION REFUNDING AND IMPROVEMENT BONDS, SERIES 2020A

Dated Date: Date of Delivery

Due: February 15, as shown on page ii

The City of Dallas, Texas (the "City") is issuing its \$208,875,000 City of Dallas, Texas, General Obligation Refunding and Improvement Bonds, Series 2020A (the "Tax-Exempt Bonds"). Interest on the Tax-Exempt Bonds will accrue from the date of their delivery (the "Date of Delivery"), will be payable February 15 and August 15 of each year commencing February 15, 2021 and will be calculated on the basis of a 360-day year consisting of twelve 30-day months. The definitive Tax-Exempt Bonds will be initially registered and delivered only to Cede & Co., the nominee of The Depository Trust Company ("DTC") pursuant to the Book-Entry-Only System described herein. Beneficial ownership of the Tax-Exempt Bonds may be acquired in denominations of \$5,000 or integral multiples thereof. No physical delivery of the Tax-Exempt Bonds will be made to the owners thereof. Principal of, premium, if any, and interest on the Tax-Exempt Bonds will be payable by the Paying Agent/Registrar to Cede & Co., which will make distribution of the amounts so paid to the participating members of DTC for subsequent payment to the beneficial owners of the Tax-Exempt Bonds. See "THE OBLIGATIONS – Book-Entry-Only System" herein. The initial Paying Agent/Registrar is UMB Bank, N.A. (see "THE OBLIGATIONS – Paying Agent/Registrar").

The Tax-Exempt Bonds are direct obligations of the City, payable from and secured by a pledge of an annual ad valorem tax levied, within the limits prescribed by law, on all taxable property within the City. The Tax-Exempt Bonds are being authorized pursuant to the general laws of the State of Texas, including particularly Chapters 1207, 1331, and 1371 of the Texas Government Code, as amended, and an ordinance (the "Tax-Exempt Bond Ordinance") passed by the City Council of the City which delegated to certain City officials the authority to complete the sale of the Tax-Exempt Bonds, subject to the terms of the Tax-Exempt Bond Ordinance, through the execution of a "Tax-Exempt Bond Pricing Certificate" (the Tax-Exempt Bond Ordinance and Tax-Exempt Bond Pricing Certificate are herein referred to together as the "Tax-Exempt Bond Authorization") (see "THE OBLIGATIONS – Authority for Issuance").

Proceeds from the sale of the Tax-Exempt Bonds will be used to (i) refund certain outstanding, direct obligations of the City described in Schedule I hereto (the "Tax-Exempt Refunded Bonds"); (ii) refund certain outstanding commercial paper notes described in Schedule I hereto (the "Tax-Exempt Refunded Notes Series A" and the "Tax-Exempt Refunded Notes Series B," and, collectively, the "Tax-Exempt Refunded Notes," and, together with the Tax-Exempt Refunded Bonds, the "Tax-Exempt Refunded Obligations"); (iii) finance certain improvements, to wit: (a) street and transportation improvements; (b) park and recreation facilities and improvements; (c) City Hall, City service and City maintenance improvements; (d) improvements to Fair Park; (e) library facilities and improvements; (f) public safety facilities and improvements; (g) homeless facilities; and (iv) pay costs of issuance of the Tax-Exempt Bonds. See "THE OBLIGATIONS – Sources and Uses of Tax-Exempt Bond Proceeds."

CUSIP PREFIX: 235219

MATURITY SCHEDULE & 9 DIGIT CUSIP

See Schedule on page ii

The scheduled payment of principal of and interest on the Tax-Exempt Bonds maturing on February 15 in the years 2032 through 2041, inclusive (the "Insured Bonds"), when due will be guaranteed under an insurance policy to be issued concurrently with the delivery of the Insured Bonds by **ASSURED GUARANTY MUNICIPAL CORP.** See "BOND INSURANCE" herein. Such insurance policy is being purchased by the Tax-Exempt Initial Bond Purchaser (as defined herein).

The Tax-Exempt Bonds are subject to optional redemption as described herein. See "THE OBLIGATIONS – Optional Redemption of the Tax-Exempt Bonds."

SEPARATE ISSUES... The Tax-Exempt Bonds are being offered by the City concurrently with its \$76,920,000 City of Dallas, Texas, General Obligation Refunding Bonds, Taxable Series 2020B (the "Taxable Bonds") and its \$24,565,000 City of Dallas, Texas, Equipment Acquisition Contractual Obligations, Series 2020B (the "Contractual Obligations"), under a common Official Statement. The Tax-Exempt Bonds, the Taxable Bonds and the Contractual Obligations are hereinafter sometimes collectively referred to as the "Obligations". The Tax-Exempt Bonds, the Taxable Bonds and the Contractual Obligations are separate and distinct securities offerings being issued and sold independently except for this common Official Statement, and while the Obligations share certain common attributes, each issue is separate from, and is not contingent on the issuance of the others, and should be reviewed and analyzed independently, including the type of obligation being offered, its terms for payment, the security for its payment, the rights of holders, the tax status of its interest, and various other features.

The Tax-Exempt Bonds are offered for delivery when, as and if issued and received by the Tax-Exempt Initial Bond Purchaser and subject to the approving opinions of the Attorney General of the State of Texas and the approving opinions of Bracewell LLP, Dallas, Texas and West & Associates LLP, Dallas, Texas, Co-Bond Counsel for the City (see APPENDIX C, "Forms of Co-Bond Counsel's Opinions"). Certain legal matters will be passed upon for the City by Norton Rose Fulbright US LLP, Dallas, Texas, and Kintop Smith, PLLC, Dallas, Texas Co-Disclosure Counsel for the City.

It is expected that the Tax-Exempt Bonds will be available for delivery through DTC on or about November 12, 2020.

NEW ISSUE – Book-Entry-Only

Interest on the Taxable Bonds will not be excludable for federal income tax purposes under existing law. See “TAX MATTERS – Taxable Bond Tax Matters” for a discussion of the opinion of Co-Bond Counsel.

THE TAXABLE BONDS HAVE NOT BEEN DESIGNATED AS “QUALIFIED TAX-EXEMPT OBLIGATIONS” FOR FINANCIAL INSTITUTIONS.

\$76,920,000
CITY OF DALLAS, TEXAS
(Dallas, Denton, Collin, Rockwall and Kaufman Counties)
GENERAL OBLIGATION REFUNDING BONDS, TAXABLE SERIES 2020B

Dated Date: Date of Delivery

Due: February 15, as shown on page iv

The City of Dallas, Texas (the “City”) is issuing its \$76,920,000 City of Dallas, Texas, General Obligation Refunding Bonds, Taxable Series 2020B (the “Taxable Bonds”). Interest on the Taxable Bonds will accrue from the date of their delivery (the “Date of Delivery”), will be payable February 15 and August 15 of each year commencing February 15, 2021 and will be calculated on the basis of a 360-day year consisting of twelve 30-day months. The definitive Taxable Bonds will be initially registered and delivered only to Cede & Co., the nominee of The Depository Trust Company (“DTC”) pursuant to the Book-Entry-Only System described herein. Beneficial ownership of the Taxable Bonds may be acquired in denominations of \$5,000 or integral multiples thereof. No physical delivery of the Taxable Bonds will be made to the owners thereof. Principal of, premium, if any, and interest on the Taxable Bonds will be payable by the Paying Agent/Registrar to Cede & Co., which will make distribution of the amounts so paid to the participating members of DTC for subsequent payment to the beneficial owners of the Taxable Bonds. See “THE OBLIGATIONS – Book-Entry-Only System” herein. The initial Paying Agent/Registrar is UMB Bank, N.A. (see “THE OBLIGATIONS – Paying Agent/Registrar”).

The Taxable Bonds are direct obligations of the City, payable from and secured by a pledge of an annual ad valorem tax levied, within the limits prescribed by law, on all taxable property within the City. The Taxable Bonds are being authorized pursuant to the general laws of the State of Texas, including particularly Chapter 1207 of the Texas Government Code, as amended, and an ordinance (the “Taxable Bond Ordinance”) passed by the City Council of the City which delegated to certain City officials the authority to complete the sale of the Taxable Bonds, subject to the terms of the Taxable Bond Ordinance, through the execution of a “Taxable Bond Pricing Certificate” (the Taxable Bond Ordinance and Taxable Bond Pricing Certificate are herein referred to together as the “Taxable Bond Authorization”) (see “THE OBLIGATIONS – Authority for Issuance”).

Proceeds from the sale of the Taxable Bonds will be used to (i) refund certain outstanding, direct obligations of the City described in SCHEDULE II hereto (the “Taxable Refunded Bonds” and, together with the Tax-Exempt Refunded Bonds, the “Refunded Bonds,” and collectively with the Tax-Exempt Refunded Notes, the “Refunded Obligations”); and (ii) pay costs of issuance of the Taxable Bonds.

CUSIP PREFIX: 235219
MATURITY SCHEDULE & 9 DIGIT CUSIP
See Schedule on page iv

The Taxable Bonds are not subject to optional redemption as described herein. See “THE OBLIGATIONS – No Optional Redemption of the Taxable Bonds.”

SEPARATE ISSUES... The Taxable Bonds are being offered by the City concurrently with its \$208,875,000 City of Dallas, Texas, General Obligation Refunding and Improvement Bonds, Series 2020A (the “Tax-Exempt Bonds”) and its \$24,565,000 City of Dallas, Texas, Equipment Acquisition Contractual Obligations, Series 2020B (the “Contractual Obligations”), under a common Official Statement. The Tax-Exempt Bonds, the Taxable Bonds and the Contractual Obligations are hereinafter sometimes collectively referred to as the “Obligations”. The Tax-Exempt Bonds, the Taxable Bonds and the Contractual Obligations are separate and distinct securities offerings being issued and sold independently except for this common Official Statement, and while the Obligations share certain common attributes, each issue is separate from, and is not contingent on the issuance of the others, and should be reviewed and analyzed independently, including the type of obligation being offered, its terms for payment, the security for its payment, the rights of holders, the tax status of its interest, and various other features.

The Taxable Bonds are offered for delivery when, as and if issued and received by the Initial Taxable Bond Purchaser (as defined herein) and subject to the approving opinions of the Attorney General of the State of Texas and the approving opinions of Bracewell LLP, Dallas, Texas and West & Associates LLP, Dallas, Texas, Co-Bond Counsel for the City (see APPENDIX C, “Forms of Co-Bond Counsel’s Opinions”). Certain legal matters will be passed upon for the City by Norton Rose Fulbright US LLP, Dallas, Texas, and Kintop Smith PLLC, Dallas, Texas Co-Disclosure Counsel for the City.

It is expected that the Taxable Bonds will be available for delivery through DTC on or about November 12, 2020.

This Official Statement, which includes the cover pages, maturity schedules, Schedule I, Schedule II, and the Appendices hereto, does not constitute an offer to sell or the solicitation of an offer to buy in any jurisdiction to any person to whom it is unlawful to make such offer, solicitation or sale.

No dealer, broker, salesperson or other person has been authorized to give information or to make any representation other than those contained in this Official Statement, and, if given or made, such other information or representations must not be relied upon.

The information set forth herein has been obtained from the City and other sources believed to be reliable, but such information is not guaranteed as to accuracy or completeness and is not to be construed as the promise or guarantee of the City or the City's Co-Financial Advisors. This Official Statement contains, in part, estimates and matters of opinion which are not intended as statements of fact, and no representation is made as to the correctness of such estimates and opinions, or that they will be realized.

The information and expressions of opinion contained herein are subject to change without notice, and neither the delivery of this Official Statement nor any sale made hereunder shall, under any circumstances, create any implication that there has been no change in the affairs of the City or other matters described.

THE AGREEMENTS OF THE CITY AND OTHERS RELATED TO THE OBLIGATIONS ARE CONTAINED SOLELY IN THE CONTRACTS DESCRIBED HEREIN. NEITHER THIS OFFICIAL STATEMENT NOR ANY OTHER STATEMENT MADE IN CONNECTION WITH THE OFFER OR SALE OF THE OBLIGATIONS IS TO BE CONSTRUED AS CONSTITUTING AN AGREEMENT WITH THE PURCHASERS OF THE OBLIGATIONS. INVESTORS SHOULD READ THE ENTIRE OFFICIAL STATEMENT, INCLUDING THE SCHEDULES AND ALL APPENDICES ATTACHED HERETO, TO OBTAIN INFORMATION ESSENTIAL TO MAKING AN INFORMED INVESTMENT DECISION.

THE OBLIGATIONS ARE EXEMPT FROM REGISTRATION WITH THE UNITED STATES SECURITIES AND EXCHANGE COMMISSION AND CONSEQUENTLY HAVE NOT BEEN REGISTERED THEREWITH. THE REGISTRATION, QUALIFICATION, OR EXEMPTION OF THE OBLIGATIONS IN ACCORDANCE WITH APPLICABLE SECURITIES LAW PROVISIONS OF THE JURISDICTIONS IN WHICH THE OBLIGATIONS HAVE BEEN REGISTERED, QUALIFIED, OR EXEMPTED SHOULD NOT BE REGARDED AS A RECOMMENDATION THEREOF.

All information contained in this Official Statement is subject, in all respects, to the complete body of information contained in the original sources thereof and no guaranty, warranty, or other representation is made concerning the accuracy or completeness of the information herein. In particular, no opinion or representation is rendered as to whether any projection will approximate actual results, and all opinions, estimates and assumptions, whether or not expressly identified as such, should not be considered statements of fact.

None of the City, the Co-Financial Advisors, or the Initial Purchasers (as defined herein), make any representation regarding the information contained in this Official Statement regarding DTC or its Book-Entry-Only System or any information under the caption "BOND INSURANCE" regarding Assured Guaranty Municipal Corp. ("AGM") or its policy, as such information has been furnished by DTC and AGM, respectively. (See "BOND INSURANCE" herein). CUSIP numbers have been assigned to these issues by CUSIP Global Services, and are included solely for the convenience of the owners of the Obligations. None of the City, the Co-Financial Advisors, or the Initial Purchasers, shall be responsible for the selection or correctness of the CUSIP numbers shown on the inside cover pages.

¹ Pursuant to a request for qualification process, the City retained Weaver & Tidwell LLP as its independent auditor, beginning with the 2020 Fiscal Year. The audited financial information contained in this Official Statement for Fiscal Years ending in and before 2019 were prepared by Grant Thornton LLP, the City's prior independent auditor.

SELECTED DATA FROM THE OFFICIAL STATEMENT

This data page was prepared to present to the purchasers of the Obligations the information concerning the Obligations, the ad valorem tax revenues pledged to pay each series of the Obligations, the description of the tax base and other pertinent data, all as more fully described herein, and is subject in all respects to the more complete information and definitions contained or incorporated in this Official Statement. The offering of the Obligations to potential investors is made only by means of this entire Official Statement. No person is authorized to detach this data page from this Official Statement or to otherwise use it without the entire Official Statement.

THE ISSUER.....	The City of Dallas, Texas, is a political subdivision located in Dallas, Denton, Collin, Rockwall and Kaufman Counties operating as a home-rule city under the laws of the State and a charter initially approved by the voters in 1907. The City operates under the City Council/Manager form of government where the Mayor is elected for a four-year term and fourteen City Councilmembers are each elected for two-year terms. The Mayor's term is limited to two consecutive terms and the fourteen Councilmembers are limited to four consecutive terms. The City Council formulates operating policy for the City while the City Manager is the chief administrative officer. The City is among the three most populous cities in Texas and among the ten most populous cities in the U.S. The City is approximately 378 square miles in area (see APPENDIX A – “General Information Regarding the City”).
THE TAX-EXEMPT BONDS	The Tax-Exempt Bonds are being issued in the principal amount of \$208,875,000 pursuant to the general laws of the State of Texas, including particularly Chapters 1207, 1331 and 1371 of the Texas Government Code, as amended, and an ordinance (the “Tax-Exempt Bond Ordinance”) passed by City Council which delegated to certain City officials the authority to complete the sale of the Tax-Exempt Bonds, subject to the terms of the Tax-Exempt Bond Ordinance, through the execution of a “Tax-Exempt Bond Pricing Certificate” (the Tax-Exempt Bond Ordinance and Tax-Exempt Bond Pricing Certificate are herein referred to together as, the “Tax-Exempt Bond Authorization”). See “THE OBLIGATIONS – Authority for Issuance.”
THE TAXABLE BONDS	The Taxable Bonds are being issued in the principal amount of \$76,920,000 pursuant to the general laws of the State of Texas, including particularly Chapter 1207 of the Texas Government Code, as amended, and an ordinance (the “Taxable Bond Ordinance”) passed by City Council which delegated to certain City officials the authority to complete the sale of the Taxable Bonds, subject to the terms of the Taxable Bond Ordinance, through the execution of a “Taxable Bond Pricing Certificate” (the Taxable Bond Ordinance and Taxable Bond Pricing Certificate are herein referred to together as, the “Taxable Bond Authorization”). See “THE OBLIGATIONS – Authority for Issuance.”
THE CONTRACTUAL OBLIGATIONS ...	The Contractual Obligations are being issued in the principal amount of \$24,565,000 pursuant to the general laws of the State of Texas, including particularly Subchapter A of Chapter 271 of the Texas Local Government Code, as amended, and Chapter 1371 of the Texas Government Code, as amended, and an ordinance (the “Contractual Obligation Ordinance”) passed by City Council which delegated to certain City officials the authority to complete the sale of the Contractual Obligations, subject to the terms of the Contractual Obligation Ordinance, through the execution of a “Contractual Obligation Pricing Certificate” (the Contractual Obligation Ordinance and Contractual Obligation Pricing Certificate are herein referred to together as, the “Contractual Obligation Authorization” and the Contractual Obligation Authorization together with the Tax-Exempt Bond Authorization and the Taxable Bond Authorization are sometimes referenced to herein as the “Authorizations”). See “THE OBLIGATIONS – Authority for Issuance.”
PAYMENT OF INTEREST	Interest on the Obligations accrues from their date of delivery to their respective purchaser, and is payable commencing February 15, 2021 and on each August 15 and February 15 thereafter until maturity or, with respect to the Tax-Exempt Bonds, prior redemption (see “THE OBLIGATIONS – Optional Redemption of the Tax-Exempt Bonds”, “THE OBLIGATIONS – No Optional Redemption of the Contractual Obligations” and “THE OBLIGATIONS – No Optional Redemption of the Taxable Bonds”).
SECURITY FOR THE TAX-EXEMPT BONDS	The Tax-Exempt Bonds constitute direct obligations of the City, payable from and secured by a pledge of a direct and continuing ad valorem tax, within the limits prescribed by the law, on all taxable property within the City in an amount sufficient to provide for payment of principal of and interest on the Tax-Exempt Bonds (see “THE OBLIGATIONS – Authority for Issuance”).
SECURITY FOR THE TAXABLE BONDS	The Taxable Bonds constitute direct obligations of the City, payable from and secured by a pledge of a direct and continuing ad valorem tax, within the limits prescribed by the law, on all taxable property within the City in an amount sufficient to provide for payment of principal of and interest on the Taxable Bonds (see “THE OBLIGATIONS – Authority for Issuance”).
SECURITY FOR THE CONTRACTUAL OBLIGATIONS	The Contractual Obligations constitute direct obligations of the City, payable from and secured by a pledge of a direct and continuing ad valorem tax, within the limits prescribed by the law, on all taxable property within the City in an amount sufficient to provide for payment of principal of and interest on the Contractual Obligations (see “THE OBLIGATIONS – Authority for Issuance”).
REDEMPTION OF THE TAX-EXEMPT BONDS	The City reserves the right, at its option, to redeem the Tax-Exempt Bonds having stated maturities on and after February 15, 2031, in whole or in part in principal amounts of \$5,000 or any integral multiple thereof on February 15, 2030, or any date thereafter, at the par value thereof plus accrued interest to the date of redemption (see “THE OBLIGATIONS – Optional Redemption of the Tax-Exempt Bonds”).
NO REDEMPTION OF THE TAXABLE BONDS	The Taxable Bonds are not subject to optional redemption prior to final maturity (see “The Obligations – No Optional Redemption of the Taxable Bonds”).

NO REDEMPTION OF THE CONTRACTUAL OBLIGATIONS.....	The Contractual Obligations are not subject to optional redemption prior to final maturity (see “THE OBLIGATIONS – No Optional Redemption of the Contractual Obligations”).
TAX EXEMPTION OF THE TAX-EXEMPT OBLIGATIONS	In the opinion of Co-Bond Counsel, under existing law, interest on the Tax-Exempt Bonds and the Contractual Obligations (collectively, the “Tax-Exempt Obligations”) is excludable from gross income for federal income tax purposes under section 103 of the Internal Revenue Code of 1986, as amended, and is not a specific preference item for purposes of the alternative minimum tax. See “TAX MATTERS – Tax Exemption of the Tax-Exempt Obligations” for a discussion of the opinion of Co-Bond Counsel.
TAXABLE BONDS TAX MATTERS.....	Interest on the Taxable Bonds will not be excludable for federal income tax purposes under existing law. See “TAX MATTERS – Taxable Bond Tax Matters” for a discussion of the opinion of Co-Bond Counsel.
USE OF TAX-EXEMPT BOND PROCEEDS.....	Proceeds from the sale of the Tax-Exempt Bonds will be used to (i) refund certain outstanding, direct obligations of the City described in Schedule I hereto (the “Tax-Exempt Refunded Bonds”); (ii) refund certain outstanding commercial paper notes described in Schedule I hereto (the “Tax-Exempt Refunded Notes Series A” and the “Tax-Exempt Refunded Notes Series B,” and, collectively, the “Tax-Exempt Refunded Notes,” and, together with the Tax-Exempt Refunded Bonds, the “Tax-Exempt Refunded Obligations”); (iii) finance certain improvements, to wit: (a) street and transportation improvements; (b) park and recreation facilities and improvements; (c) City Hall, City service and City maintenance improvements; (d) improvements to Fair Park; (e) library facilities and improvements; (f) public safety facilities and improvements; (g) homeless facilities; and (iv) pay costs of issuance of the Tax-Exempt Bonds. See “THE OBLIGATIONS – Sources and Uses of Tax-Exempt Bond Proceeds.”
USE OF TAXABLE BOND PROCEEDS.....	Proceeds from the sale of the Taxable Bonds will be used to (i) refund certain outstanding, direct obligations of the City described in SCHEDULE II hereto (the “Taxable Refunded Bonds”); and (ii) pay costs of issuance of the Taxable Bonds. See “THE OBLIGATIONS – Sources and Uses of Taxable Bond Proceeds.”
USE OF CONTRACTUAL OBLIGATIONS PROCEEDS.....	Proceeds from the sale of the Contractual Obligations will be used for the purpose of paying (i) all or a portion of the City’s Contractual Obligations to be incurred in connection with the acquisition or purchase of personal property, and (ii) costs related to the issuance of the Contractual Obligations. See “THE OBLIGATIONS – Sources and Uses of Contractual Obligations Proceeds.”
RATINGS	The Obligations are rated AA (stable outlook), AA- (stable outlook), and AA+ (stable outlook), respectively, by Fitch Ratings, Inc. (“Fitch”), S&P Global Ratings, a division of S&P Global, Inc. (“S&P”), and Kroll Bond Rating Agency, Inc. (“Kroll” and together with Fitch and S&P, the “Rating Agencies”). S&P is expected to assign the Insured Bonds an insured rating of AA (stable outlook) based upon the issuance of the municipal bond insurance policy by Assured Guaranty Municipal Corp. (“AGM”) at the time of delivery of the Tax-Exempt Bonds. An explanation of the significance of such ratings may be obtained from the company furnishing the rating. The ratings reflect only the respective views of such organizations and the City does not make any representation as to the appropriateness of the ratings (see “OTHER INFORMATION – Ratings”).
BOND INSURANCE.....	The scheduled payment of principal and interest on the Insured Bonds when due will be guaranteed under a municipal bond insurance policy to be issued concurrently with the delivery of the Tax-Exempt Bonds by AGM (see “BOND INSURANCE”).
PAYMENT RECORD.....	The City has never defaulted in the payment of its debt.
BOOK-ENTRY-ONLY SYSTEM.....	The definitive Obligations will be initially registered and delivered only to Cede & Co., the nominee of DTC, pursuant to the Book-Entry-Only System described herein. Beneficial ownership of the Obligations may be acquired in denominations of \$5,000 or integral multiples thereof. No physical delivery of the Obligations will be made to the beneficial owners thereof. Principal of and interest on the Obligations will be payable by the Paying Agent/Registrar to Cede & Co., which will make distribution of the amounts so paid to the participating members of DTC for subsequent payment to the beneficial owners of the Obligations thereof (see “THE OBLIGATIONS – Book-Entry-Only System”).
PAYING AGENT/REGISTRAR.....	The initial paying agent/registrar is UMB Bank, N.A.
EXPECTED DELIVERY DATE	Expected delivery date for each series of Obligations is on or about November 12, 2020.

THE OBLIGATIONS

INTRODUCTION

This Official Statement is provided to furnish information in connection with the offering by the City of Dallas, Texas (the "City") of its General Obligation Refunding and Improvement Bonds, Series 2020A (the "Tax-Exempt Bonds"), its Equipment Acquisition Contractual Obligations, Series 2020B (the "Contractual Obligations") and its General Obligation Refunding Bonds, Taxable Series 2020B (the "Taxable Bonds" and, together with the Tax-Exempt Bonds and Contractual Obligations, the "Obligations").

The City is among the three most populous cities in Texas and among the ten most populous cities in the U.S. The City is approximately 378 square miles in area. According to the most recent United States Census Bureau estimate, the City's population was approximately 1.3 million in 2018. The City has a diverse economy and highly-skilled work force and is a center for high technology, retail and wholesale trade, finance, major medical facilities, culture and a recreation, convention and visitor destination. The City is a leader in transportation and is positioned centrally to both the east and west coasts, making it easily accessible to all areas of the United States, Mexico and Canada. For additional information about the City, see APPENDIX A – "General Information Regarding the City."

The City's audited financial statements for the Fiscal Year ended September 30, 2019 (the "Financial Statements") are attached to this Official Statement as APPENDIX B. The Financial Statements present information on the general financial condition of the City on the dates and for the periods described therein and may not reflect the financial condition of the City for the periods following the time periods described therein. Attached as APPENDIX A to this Official Statement is general information regarding the City and the surrounding area, including economic and demographic information. Attached as APPENDIX C are forms of opinions of Co-Bond Counsel.

Infectious Disease Outbreak – COVID-19

The outbreak of COVID-19, a respiratory disease caused by a new strain of coronavirus, has been characterized as a pandemic (the "Pandemic") by the World Health Organization and is currently affecting many parts of the world, including the United States and Texas. On January 31, 2020, the Secretary of the United States Health and Human Services Department declared a public health emergency for the United States and on March 13, 2020, the President of the United States declared the outbreak of COVID-19 in the United States a national emergency. Subsequently, the President's Coronavirus Guidelines for America and the United States Centers for Disease Control and Prevention called upon Americans to take actions to slow the spread of COVID-19 in the United States.

On March 13, 2020, the Governor of Texas (the "Governor") declared a state of disaster for all counties in Texas in response to the Pandemic. Pursuant to Chapter 418 of the Texas Government Code, the Governor has broad authority to respond to disasters, including suspending any regulatory statute prescribing the procedures for conducting state business or any order or rule of a state agency that would in any way prevent, hinder, or delay necessary action in coping with the disaster, and issuing executive orders that have the force and effect of law. The Governor has since issued a number of executive orders relating to COVID-19 preparedness and mitigation. These include executive orders which have, among other things, imposed limitations on social gatherings, established occupancy limits for most businesses in Texas, and required every person in Texas to wear a face covering over the nose and mouth while inside a commercial entity, building, or space open to the public, or in an outdoor public space when it is not feasible to maintain six feet of social distance, subject to certain exceptions. On September 7, 2020, the Governor issued a Proclamation renewing the March 13, 2020 disaster declaration for all counties in Texas. The Governor retains the authority to impose additional restrictions on activities. Additional information regarding executive orders issued by the Governor is accessible on the website of the Governor at <https://gov.texas.gov/>. Neither the information on (nor accessed through) such website of the Governor is incorporated by reference, either expressly or by implication, into this Official Statement.

In addition to the actions by the state and federal officials, certain local officials, including the City, previously declared a local state of disaster and public health emergency and in many instances have issued "shelter-in-place" orders. Many of the federal, state and local actions and policies under the aforementioned disaster declarations and shelter-in-place orders have focused on limiting instances where the public can congregate or interact with each other, which affects the operation of businesses and directly impacts the economy.

The Pandemic has negatively affected travel, commerce, and financial markets globally, and is widely expected to continue to negatively affect economic output worldwide and within the City. These negative impacts may reduce or otherwise negatively affect future property values and/or the collection of sales and other excise taxes, charges, and fees within the City as well as the assets of City pension funds. See "CITY AD VALOREM TAX INFORMATION — Table 4 – Valuation and Funded Debt History" and "— Table 5 – Tax Rate, Levy and Collection History" and "CITY FINANCIAL INFORMATION" including the subheading "Pension Plans." The Obligations are secured by an ad valorem tax (within the limits prescribed by law), and a reduction in property values may require an increase in the ad valorem tax rate required to pay the Obligations and the City's operations and maintenance expenses. Article XI, Section 5, of the Texas Constitution is applicable to the City, and limits its maximum ad valorem tax rate to \$2.50 per \$100 taxable assessed valuation for all City purposes.

The City also collects a sales and use tax on all taxable transactions within the City's boundaries, and other fees that depend on business activity. Actions taken to slow the Pandemic are expected to continue to reduce economic activity within the City on which the City collects taxes, charges, and fees. A reduction in the collection of taxes, sales revenues and other fees and charges may negatively impact the City's operating budget and overall financial condition. See "CITY FINANCIAL INFORMATION — Table 12 – Municipal Sales Tax History." The impact on the City's sales tax receipts will depend, in part, on the length of time that the City and local businesses are affected by the Pandemic and related mitigation efforts. The City cannot quantify the impact on sales tax collections at this time.

The City is undertaking a number of measures to control and reduce expenditures in response to the Pandemic including a hiring freeze for non-essential personnel, restricting non-essential spending, deferring capital projects to later in the fiscal year or to future fiscal years, and evaluating cash transfers. The City has also currently furloughed approximately 500 non-essential employees in an effort to control expenditures. The City will continue to monitor the financial impacts from the Pandemic and adjust its operational and capital outlooks as necessary to mitigate these impacts.

The financial and operating data contained herein are as of dates and for periods prior to the economic impact of the Pandemic and measures instituted to slow it. Accordingly, they are not indicative of the current financial condition or future prospects of the City. The City continues to monitor the spread of COVID-19 and is working with local, state, and national agencies to address the potential impact of the Pandemic upon the City. While the potential impact of the Pandemic on the City cannot be quantified at this time, the continued outbreak of COVID-19 could have an adverse effect on the City's operations and financial condition, and the effect could be material.

CARES Act Grant. The Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") established the Coronavirus Relief Fund (the "Fund") which is to be used to cover costs that are necessary expenditures incurred by states and certain local governments due to the public health emergency with respect to COVID-19. On April 22, 2020, the City Council approved the receipt and appropriation of approximately \$234 million from the Fund. Such moneys are required to be used to pay for expenditures made to respond to the public health emergency, including direct medical or public health needs, providing economic support to those suffering from employment or business interruptions due to COVID-19-related business closures and payroll expenses for public safety, public health, health care, human services, and similar employees whose services are substantially dedicated to mitigating or responding to COVID-19. Currently, funds may not be used to cover shortfalls in government revenue when that revenue would have been used to cover expenditures that would not otherwise qualify under the CARES Act.

AUTHORITY FOR ISSUANCE

The Tax-Exempt Bonds are being issued pursuant to the general laws of the State of Texas (the "State"), including particularly Chapters 1207, 1331 and 1371 of the Texas Government Code, as amended, and the Tax-Exempt Bond Ordinance passed by City Council and the Tax-Exempt Bond Pricing Certificate authorized therein (the Tax-Exempt Bond Ordinance and Tax-Exempt Bond Pricing Certificate are herein referred to together as, the "Tax-Exempt Bond Authorization").

The Taxable Bonds are being issued pursuant to the general laws of the State of Texas (the "State"), including particularly Chapter 1207 of the Texas Government Code, as amended, and the Taxable Bond Ordinance passed by City Council and the Taxable Bond Pricing Certificate authorized therein (the Taxable Bond Ordinance and Taxable Bond Pricing Certificate are herein referred to together as, the "Taxable Bond Authorization").

The Contractual Obligations are being issued pursuant to the general laws of the State, including particularly Subchapter A of Chapter 271 of the Texas Local Government Code, as amended, and Chapter 1371 of the Texas Government Code, as amended, and the Contractual Obligation Ordinance passed by City Council and the Contractual Obligation Pricing Certificate authorized therein (the Contractual Obligations Ordinance and Contractual Obligation Pricing Certificate are herein referred to together as, the "Contractual Obligation Authorization" and the Contractual Obligation Authorization together with the Tax-Exempt Bond Authorization and the Taxable Bond Authorization are sometimes referred to herein as the "Authorizations").

PURPOSES

Proceeds from the sale of the Tax-Exempt Bonds will be used to (i) refund certain outstanding, direct obligations of the City described in SCHEDULE I hereto (the "Tax-Exempt Refunded Bonds"); (ii) refund certain outstanding commercial paper notes described in Schedule I hereto (the "Tax-Exempt Refunded Notes Series A" and the "Tax-Exempt Refunded Notes Series B," and, collectively, the "Tax-Exempt Refunded Notes," and, together with the Tax-Exempt Refunded Bonds, the "Tax-Exempt Refunded Obligations"); (iii) finance certain improvements, to wit: (a) street and transportation improvements; (b) park and recreation facilities and improvements; (c) City Hall, City service and City maintenance improvements; (d) improvements to Fair Park; (e) library facilities and improvements; (f) public safety facilities and improvements; (g) homeless facilities; and (iv) pay costs of issuance of the Tax-Exempt Bonds. See "THE OBLIGATIONS – Sources and Uses of Tax-Exempt Bond Proceeds."

Proceeds from the sale of the Taxable Bonds will be used to (i) refund certain outstanding, direct obligations of the City described in SCHEDULE II hereto (the "Taxable Refunded Bonds"); and (ii) pay costs of issuance of the Taxable Bonds. See "The OBLIGATIONS – Sources and Uses of Taxable Bond Proceeds."

Proceeds from the sale of the Contractual Obligations will be used for the purpose of paying (i) all or a portion of the City's Contractual Obligations to be incurred in connection with the acquisition or purchase of personal property, and (ii) costs related to the issuance of the Contractual Obligations. See "The OBLIGATIONS – Sources and Uses of Contractual Obligations Proceeds."

The Taxable Refunded Bonds, together with the Tax-Exempt Refunded Bonds are hereinafter sometimes collectively referred to as the "Refunded Bonds", and collectively, with the Tax-Exempt Refunded Notes, the "Refunded Obligations."

REFUNDED BONDS

The principal and interest due on the Refunded Bonds are to be paid on the redemption date of such Refunded Bonds, from funds to be deposited pursuant to separate Escrow Agreements (the "Escrow Agreements") between the City and UMB Bank, N.A. (the "Escrow Agent"). The Tax-Exempt Bond Authorization and the Taxable Bond Authorization provide that from the proceeds of the sale of the Bonds received from the Initial Tax-Exempt Bond Purchaser and the Initial Taxable Bond Purchaser and other available City funds, if any, the City will deposit with the Escrow Agent for the Tax-Exempt Refunded Bonds and the Taxable Refunded Bonds, respectively, the amount, without regard to investment earnings, that will be sufficient to accomplish the discharge and final payment of the Tax-Exempt Refunded Bonds and the Taxable Refunded Bonds on their respective redemption dates. Funds on deposit pursuant to the Escrow Agreements are irrevocably pledged to the payment of the principal of and interest on the Tax-Exempt Refunded Bonds and Taxable Refunded Bonds, respectively.

The Co-Financial Advisors or the paying agents for the Refunded Bonds will execute certificates (the “Sufficiency Certificates”) certifying that the cash deposited pursuant to the Escrow Agreements will be sufficient to pay the principal of and interest on the Tax-Exempt Refunded Bonds and Taxable Refunded Bonds on their respective redemption dates.

By the deposit of the cash with the Escrow Agent pursuant to the Escrow Agreements, the City will have effected the defeasance of all of the Tax-Exempt Refunded Bonds and Taxable Refunded Bonds in accordance with State law. It is the opinion of Co-Bond Counsel that as a result of such defeasance and in reliance upon the Sufficiency Certificates, the Refunded Bonds will be outstanding only for the purpose of receiving payments from the cash held for such purpose by the Escrow Agent and such Tax-Exempt Refunded Bonds and Taxable Refunded Bonds will not be deemed as being outstanding bonds of the City nor for the purpose of applying any limitation on the issuance of debt.

TAX-EXEMPT REFUNDED NOTES

A portion of the proceeds from the sale of the Tax-Exempt Bonds will be used to refund (i) \$3,500,000 aggregate principal amount of Tax-Exempt Refunded Notes Series B maturing on November 12, 2020 and (ii) \$160,000,000 aggregate principal amount of Tax-Exempt Refunded Notes Series A maturing on November 13, 2020. The Tax-Exempt Refunded Notes Series A and the interest due thereon are to be paid on their scheduled maturity date from funds to be deposited with U.S. Bank National Association (the “Series A Issuing and Paying Agent”). The Tax-Exempt Refunded Notes Series B and the interest due thereon are to be paid on their scheduled maturity date from funds deposited with JPMorgan Chase Bank, National Association as the holder of such Tax-Exempt Refunded Notes Series B (the “Bank”).

The Tax-Exempt Bond Ordinance provides that from a portion of the proceeds of the sale of the Tax-Exempt Bonds to the Initial Tax-Exempt Bond Purchaser, together with other legally available funds of the City, if any, the City will deposit with the Series A Issuing and Paying Agent and with the Bank, the amounts necessary to accomplish the discharge and final payment of the Tax-Exempt Refunded Notes Series A and the Tax-Exempt Refunded Notes Series B, respectively.

By the deposit of cash with the Series A Issuing and Paying Agent and with the Bank, the City will have effected the defeasance of the Tax-Exempt Refunded Notes Series A and Tax-Exempt Refunded Notes Series B pursuant to the terms of Chapter 1207, Texas Government Code, as amended, and the ordinance authorizing the issuance of the Tax-Exempt Refunded Notes. As a result of such deposit, firm banking and financial arrangements will have been made for the discharge and final payment of the Tax-Exempt Refunded Notes Series A and Tax-Exempt Refunded Notes Series B and the Tax-Exempt Refunded Notes Series A and Tax-Exempt Refunded Notes Series B will be deemed fully paid and no longer outstanding, except for the purpose of being paid from the funds provided therefor.

SECURITY FOR OBLIGATIONS

All taxable property within the City is subject to a continuing direct annual ad valorem tax levied by the City sufficient to provide for the payment of principal and interest on the Obligations, which tax must be levied within limits prescribed by law. The City operates under a charter as authorized by Article XI, Section 5 of the Constitution of the State of Texas. Pursuant to the Texas Constitution and the City’s charter, the City’s ad valorem tax rate may not exceed \$2.50 per \$100 Taxable Assessed Valuation for all purposes, including payment of debt service and general operating expenses (see “CITY AD VALOREM TAX INFORMATION – Public Hearing and Maintenance and Operations Tax Rate Limitations”). Administratively, the Attorney General of the State of Texas will not approve obligations if, as calculated at the time of issuance and based on the then current taxable property values, more than \$1.50 of the maximum \$2.50 is required for all general obligation debt service, including the bonds being considered for approval.

OPTIONAL REDEMPTION OF THE TAX-EXEMPT BONDS

The City reserves the right, at its option, to redeem the Tax-Exempt Bonds maturing on and after February 15, 2031, in whole or in part, in principal amounts of \$5,000 or any integral multiple thereof, on February 15, 2030, or any date thereafter, at the par value thereof plus accrued interest to the date of redemption. If less than all of the Tax-Exempt Bonds subject to redemption are to be redeemed, the City will select the maturities of Tax-Exempt Bonds and the amounts thereof to be redeemed. If less than all the Tax-Exempt Bonds of any maturity are to be redeemed, the Paying Agent/Registrar (or DTC while the Tax-Exempt Bonds are in Book-Entry-Only form) shall determine by lot the Tax-Exempt Bonds, or portions thereof, within such maturity to be redeemed. If a Tax-Exempt Bond subject to redemption (or any portion of the principal sum thereof) shall have been called for redemption and notice of such redemption shall have been given as provided below, such Tax-Exempt Bond (or the principal amount thereof to be redeemed) shall become due and payable on such redemption date and interest thereon shall cease to accrue from and after the redemption date, provided funds for the payment of the redemption price and accrued interest thereon are held by the Paying Agent/Registrar on the redemption date.

NO OPTIONAL REDEMPTION OF THE TAXABLE BONDS

The Taxable Bonds are not subject to optional redemption prior to their stated maturity, as provided in the Taxable Bond Authorization.

NO OPTIONAL REDEMPTION OF THE CONTRACTUAL OBLIGATIONS

The Contractual Obligations are not subject to optional redemption prior to their stated maturity, as provided in the Contractual Obligation Authorization.

NOTICE OF REDEMPTION

Not less than 30 days prior to a redemption date for the Tax-Exempt Bonds, the City shall cause a notice of redemption to be sent by United States mail, first-class, postage prepaid, to the registered owners of the Tax-Exempt Bonds to be redeemed, in whole or in part, at the address of the registered owner appearing on the respective registration book of the Paying Agent/Registrar at the close of business on the business day next preceding the date of mailing such notice. **ANY NOTICE SO MAILED SHALL BE CONCLUSIVELY PRESUMED TO HAVE BEEN DULY GIVEN,**

WHETHER OR NOT THE REGISTERED OWNER RECEIVES SUCH NOTICE. NOTICE HAVING BEEN SO GIVEN, THE TAX-EXEMPT BONDS CALLED FOR REDEMPTION SHALL BECOME DUE AND PAYABLE ON THE RESPECTIVE SPECIFIED REDEMPTION DATES, AND NOTWITHSTANDING THAT ANY TAX-EXEMPT BOND OR RESPECTIVE PORTION THEREOF HAS NOT BEEN SURRENDERED FOR PAYMENT, INTEREST ON SUCH RESPECTIVE PORTION THEREOF SHALL CEASE TO ACCRUE.

In the Tax-Exempt Bond Authorization, the City reserves the right in the case of an optional redemption to give notice of its election or direction to redeem the Tax-Exempt Bonds conditioned upon the occurrence of subsequent events. Such notice may state: (i) that the redemption is conditioned upon the deposit of moneys and/or authorized securities, in an amount equal to the amount necessary to effect the redemption, with the Paying Agent/Registrar, or such other entity as may be authorized by law, no later than the redemption date; or (ii) the City retains the right to rescind such notice at any time prior to the scheduled redemption date if the City delivers a certificate of the City to the Paying Agent/Registrar instructing the Paying Agent/Registrar to rescind the redemption notice, and such notice and redemption shall be of no effect if such moneys and/or authorized securities are not so deposited or if the notice is rescinded. The Paying Agent/Registrar shall give prompt notice of any such rescission of a conditional notice of redemption to the affected owners. Any Tax-Exempt Bonds subject to conditional redemption where redemption has been rescinded shall remain outstanding, and the rescission shall not constitute an event of default. Further, in the case of a conditional redemption, the failure of the City to make moneys and/or authorized securities available in part or in whole on or before the redemption date shall not constitute an event of default.

BOOK-ENTRY-ONLY SYSTEM

This section describes how ownership of the Obligations are to be transferred and how the principal of, premium, if any, and interest on the Obligations are to be paid to and credited by The Depository Trust Company, New York, New York ("DTC"), while the Obligations are registered in its nominee name. The information in this section concerning DTC and the Book-Entry-Only System has been provided by DTC for use in disclosure documents such as this Official Statement. The City believes the source of such information to be reliable, but takes no responsibility for the accuracy or completeness thereof.

The City cannot and does not give any assurance that (1) DTC will distribute payments of debt service on the Obligations, or redemption (with respect to the Tax-Exempt Bonds) or other notices, to DTC Participants, (2) DTC Participants or others will distribute debt service payments paid to DTC or its nominee (as the registered owner of the Obligations), or redemption (with respect to Tax-Exempt Bonds) or other notices, to the Beneficial Owners, or that they will do so on a timely basis, or (3) DTC will serve and act in the manner described in this Official Statement. The current rules applicable to DTC are on file with the United States Securities and Exchange Commission (the "SEC"), and the current procedures of DTC to be followed in dealing with DTC Participants are on file with DTC.

DTC will act as securities depository for the Obligations. The Obligations will be issued as fully-registered securities registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered certificate for each maturity of each series of the Obligations will be issued, in the aggregate principal amount of such issue, and will be deposited with DTC.

DTC, the world's largest depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC's participants ("Direct Participants") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing companies that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants"). Direct Participants and Indirect Participants are collectively referred to as "Participants". DTC has a Standard & Poor's rating of AA+. The DTC Rules applicable to its Participants are on file with the SEC. More information about DTC can be found at www.dtcc.com.

Purchases of Obligations under the DTC system must be made by or through Direct Participants, which will receive a credit for the Obligations on DTC's records. The ownership interest of each actual purchaser of each Obligation ("Beneficial Owner") is in turn to be recorded on the Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Obligations are to be accomplished by entries made on the books of Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in Obligations, except in the event that use of the book-entry system for the Obligations is discontinued.

To facilitate subsequent transfers, all Obligations deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of Obligations with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Obligations; DTC's records reflect only the identity of the Direct Participants to whose accounts such Obligations are credited, which may or may not be the Beneficial Owners. The Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of Obligations may wish to take certain steps to augment the transmission to them of notices of significant events with respect to the Obligations, such as redemptions, tenders, defaults, and proposed amendments to the Obligation documents. For example, Beneficial Owners of Obligations may wish to ascertain that the nominee holding the Obligations for their benefit has agreed to obtain and transmit notices to Beneficial Owners. In the alternative, Beneficial Owners may wish to provide their names and addresses to the register and request that copies of the notices be provided directly to them.

Redemption notices for the Tax-Exempt Bonds shall be sent to DTC. If less than all of the Tax-Exempt Bonds within a maturity are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such maturity to be redeemed.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to Obligations unless authorized by a Direct Participant in accordance with DTC's Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the City as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts Obligations are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Principal and interest payments on the Obligations will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from the City or the Paying Agent/Registrar, on the payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC nor its nominee, the Paying Agent/Registrar of each series, or the City, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of redemption proceeds, principal and interest payments to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the City or the Paying Agent/Registrar, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Participants.

DTC may discontinue providing its services as depository with respect to the Obligations at any time by giving reasonable notice to the City or the Paying Agent/Registrar. Under such circumstances, in the event that a successor depository is not obtained, Obligations are required to be printed and delivered.

Use of Certain Terms in Other Sections of this Official Statement. In reading this Official Statement, it should be understood that while the Obligations are in the Book-Entry-Only System, references in other sections of this Official Statement to registered owners or obligationholders should be read to include the person for which the Participant acquires an interest in the Obligations, but (i) all rights of ownership must be exercised through DTC and the Book-Entry-Only System, and (ii) except as described above, notices that are to be given to registered owners under the Authorizations will be given only to DTC.

Information concerning DTC and the Book-Entry-Only System has been obtained from DTC and is not guaranteed as to accuracy or completeness by, and is not to be construed as a representation by, the City or the Initial Purchasers (as defined herein).

Effect of Termination of Book-Entry-Only System. In the event that the Book-Entry-Only System is discontinued by DTC or the use of the Book-Entry-Only System is discontinued by the City, printed Obligations will be issued to the holders and the Obligations will be subject to transfer, exchange and registration provisions as set forth in the Authorizations and summarized under "THE OBLIGATIONS – Transfer, Exchange and Registration" below.

PAYING AGENT/REGISTRAR

The initial Paying Agent/Registrar for each series of Obligations is UMB Bank, N.A. In the Authorizations, the City retains the right to replace the Paying Agent/Registrar for each series. The City covenants to maintain and provide a Paying Agent/Registrar at all times until the Obligations are duly paid, and any successor Paying Agent/Registrar shall be a bank, trust company, financial institution or other entity duly qualified and legally authorized to serve as and perform the duties and services of Paying Agent/Registrar for the Obligations. Upon any change in the Paying Agent/Registrar for any series of the Obligations, the City agrees to promptly cause a written notice thereof to be sent to each registered owner of such Obligations by United States mail, first-class, postage prepaid, which notice shall also give the name and address of the new Paying Agent/Registrar.

In the event the Book-Entry-Only System should be discontinued, principal of the Obligations will be payable to the registered owner at maturity upon presentation at the Dallas, Texas corporate trust office of the Paying Agent/Registrar (the "Designated Trust Office"). Interest on the Obligations will be payable by check, dated as of the interest payment date, and mailed by the Paying Agent/Registrar to registered owners as shown on the records of the Paying Agent/Registrar on the Record Date (see "THE OBLIGATIONS – Record Date for Interest Payment" herein), or by such other method, acceptable to the Paying Agent/Registrar, requested by, and at the risk and expense of, the registered owner. If the date for the payment of the principal of or interest on the Obligations shall be a Saturday, Sunday, legal holiday, or day on which banking institutions in the city where the Paying Agent/Registrar is located are authorized by law or executive order to close, then the date for such payment shall be the next succeeding day which is not such a Saturday, Sunday, legal holiday, or day on which such banking institutions are authorized to close; and payment on such date shall have the same force and effect as if made on the original date payment was due.

TRANSFER, EXCHANGE AND REGISTRATION

In the event the Book-Entry-Only System should be discontinued, printed Obligations will be delivered to the respective owners thereof and thereafter, the Obligations may be transferred and exchanged on the registration books of the Paying Agent/Registrar only upon presentation and surrender thereof to the Paying Agent/Registrar and such transfer or exchange shall be without expense or service charge to the registered owner, except for any tax or

other governmental charges required to be paid with respect to such registration, exchange and transfer. The Obligations may be assigned by the execution of an assignment form on the respective Obligations or by other instrument of transfer and assignment acceptable to the Paying Agent/Registrar. New Obligations will be delivered by the Paying Agent/Registrar, in lieu of the Obligations being transferred or exchanged, at the Designated Trust Office of the Paying Agent/Registrar, or sent by United States mail, first-class, postage prepaid, to the new registered owner or designee. To the extent possible, new Obligations issued in an exchange or transfer of Obligations will be delivered to the registered owner or assignee of the registered owner in not more than three business days after the receipt of the Obligations to be canceled, and the written instrument of transfer or request for exchange duly executed by the registered owner or duly authorized agent, in a form satisfactory to the Paying Agent/Registrar. New Obligations registered and delivered in an exchange or transfer shall be of a like series, in any integral multiple of \$5,000 for any one maturity and for a like aggregate principal amount as the Obligations surrendered for exchange or transfer. See “THE OBLIGATIONS – Book-Entry-Only System” herein for a description of the system to be utilized initially in regard to ownership and transferability of the Obligations.

RECORD DATE FOR INTEREST PAYMENT

The record date (the “Record Date”) for the interest payable on any interest payment date for the Obligations means the close of business on the last business day of the preceding month.

In the event of a non-payment of interest on any series of the Obligations on a scheduled payment date, and for 30 days thereafter, a new record date for such interest payment (a “Special Record Date”) for such Obligations will be established by the Paying Agent/Registrar, if and when funds for the payment of such interest have been received from the City. Notice of the Special Record Date and of the scheduled payment date of the past due interest (“Special Payment Date”, which shall be 15 days after the Special Record Date) shall be sent at least five business days prior to the Special Record Date by United States mail, first-class, postage prepaid, to the address of each owner of an Obligation appearing on the registration books of the Paying Agent/Registrar at the close of business on the last business day next preceding the date of mailing of such notice.

OBLIGATIONHOLDERS’ REMEDIES

The Authorizations each specify events of default with respect to the respective series of Obligations. If the City defaults in the payment of principal, interest on any series of Obligations when due, or if it fails to make payments into any fund or funds created in the respective Authorization, or defaults in the observation or performance of any other covenants, conditions, or obligations set forth in the Authorizations, the registered owners may seek a writ of mandamus to compel City officials to carry out their legally imposed duties with respect to Obligations if there is no other available remedy at law to compel performance of obligations set forth in the Obligations or the Authorizations and the City’s obligations are not uncertain or disputed. The issuance of a writ of mandamus is controlled by equitable principles, and is within the discretion of the court, but may not be arbitrarily refused. There is no acceleration of maturity of the Obligations in the event of default and, consequently, the remedy of mandamus may have to be relied upon from year to year. The Authorizations do not provide for the appointment of a trustee to represent the interest of the holders of the Obligations upon any failure of the City to perform in accordance with the terms of the respective Authorization, or upon any other condition and accordingly all legal actions to enforce such remedies would have to be undertaken at the initiative of, and be financed by, the registered owners.

The Texas Supreme Court ruled in *Tooke v. City of Mexia*, 197 S.W.3d 325 (Tex. 2006) that a waiver of sovereign immunity in a contractual dispute must be provided for by statute in “clear and unambiguous” language. Because it is unclear whether the Texas legislature has effectively waived the City’s sovereign immunity from a suit for money damages, holders of the Obligations may not be able to bring such a suit against the City for breach of the obligations set forth in the Obligations or covenants in the Authorizations. Even if a judgment against the City could be obtained, it could not be enforced by direct levy and execution against the City’s property. Further, the registered owners cannot themselves foreclose on the property of the City to enforce the pledge of taxes or revenues to pay the principal of and interest on the Obligations. In *Tooke*, the Court noted the enactment in 2005 of Sections 271.151 through 160, Texas Local Government Code (the “Local Government Immunity Waiver Act”), which, according to the Court, waives “immunity from suit for contract claims against most local governmental entities under certain circumstances.” The Local Government Immunity Waiver Act covers cities and relates to contracts entered into by cities for providing goods and services.

On April 1, 2016, the Texas Supreme Court ruled in *Wasson Interests, Ltd. v. City of Jacksonville*, 489 S.W.3d 427 (Tex. 2016) that sovereign immunity does not imbue a city with derivative immunity when it performs proprietary, as opposed to governmental, functions in respect to contracts executed by a city. Texas jurisprudence has generally held that proprietary functions are those conducted by a city in its private capacity, for the benefit only of those within its corporate limits, and not as an arm of the government or under the authority or for the benefit of the state. In its decision, the Court held that since the Local Government Immunity Waiver Act waives governmental immunity in certain breach of contract claims without addressing whether the waiver applies to a governmental function or a proprietary function of a city, the Court could not reasonably read the Local Government Immunity Waiver Act to evidence legislative intent to restrict the waiver of immunity when a city performs a proprietary function. The Court remanded the case so that the appellate court could rule on whether the contract at issue was proprietary or governmental. *Wasson Interests, Ltd. v. City of Jacksonville*, 559 S.W.3d 142 (Tex. 2018). On remand, the appellate court found for the City of Jacksonville by holding the contract claim arose from the City’s performance of a governmental function, and thus the claim was barred by immunity. After granting *Wasson’s* petition for review of the appellate decision, the Court held that to determine if the City was engaged in a proprietary or governmental function, the focus of the inquiry is on the nature of the contract at the time of execution, not the nature of the breach at the time of the breach. Because it is unclear whether the Texas legislature has effectively waived the City’s sovereign immunity from a suit for money damages, holders of the Obligations may not be able to bring such a suit against the City for breach of the obligations set forth in the Obligations or the Authorizations covenants. Chapter 1371, Texas Government Code, which pertains to the issuance of public securities by issuers such as the City, permits the City to waive sovereign immunity in the proceedings authorizing its obligations. The City has relied upon Chapter 1371 in connection with the issuance of the Tax-Exempt Bonds and the Contractual Obligations, but the City has not waived sovereign immunity.

The Authorizations do not provide for the appointment of a trustee to represent the interest of the holders of the Obligations upon any failure of the City to perform in accordance with the terms of the respective Authorizations. Furthermore, the City is eligible to seek relief from its creditors under Chapter 9 of the U.S. Bankruptcy Code (“Chapter 9”). Although Chapter 9 provides for the recognition of a security interest represented by a specifically pledged source of revenues, the pledge of ad valorem taxes in support of a general obligation of a bankrupt entity is not specifically

recognized as a security interest under Chapter 9. Chapter 9 includes an automatic stay provision that would prohibit, without Bankruptcy Court approval, the prosecution of any other legal action by creditors or holders of the Obligations of an entity which has sought protection under Chapter 9. Therefore, should the City avail itself of Chapter 9 protection from creditors, the ability to enforce a creditors' rights would be subject to the approval of the Bankruptcy Court (which could require that the action be heard in Bankruptcy Court instead of other federal or state court); and the Bankruptcy Code provides for broad discretionary powers of a Bankruptcy Court in administering any proceeding brought before it. The opinion of Co-Bond Counsel will note that all opinions relative to the enforceability of the Authorizations and the Obligations are qualified with respect to the customary rights of debtors relative to their creditors and by general principles of equity that permit the exercise of judicial discretion.

DEFEASANCE

The Authorizations provide that the City may discharge its obligations to the registered owners of any or all of the Obligations to pay principal, interest and maturity or (with respect to the Tax-Exempt Bonds) the redemption price, as applicable, thereon in any manner permitted by law. Under current State law, such discharge may be accomplished either (i) by depositing with the Comptroller of Public Accounts of the State a sum of money equal to the principal of, premium, if any, and all interest to accrue on the Obligations to maturity or (with respect to the Tax-Exempt Bonds) redemption or (ii) by depositing with a paying agent, or other authorized escrow agent, amounts sufficient to provide for the payment of the Obligations; provided that such deposits may be invested and reinvested only in (a) direct non-callable obligations of the United States of America, including obligations that are unconditionally guaranteed by the United States of America, (b) noncallable obligations of an agency or instrumentality of the United States, including obligations that are unconditionally guaranteed or insured by the agency or instrumentality and that, on the date the governing body of the City adopts or approves the proceedings authorizing the issuance of refunding bonds, are rated as to investment quality by a nationally recognized investment rating firm not less than AAA or its equivalent and (c) noncallable obligations of a state or an agency or a county, municipality or other political subdivision of a state that have been refunded and that are rated as to investment quality by a nationally recognized investment rating firm not less than AAA or its equivalent. The foregoing certificates may be in book-entry form and shall mature and/or bear interest payable at such times and in such amounts as will be sufficient to provide for the scheduled payment of the Obligation.

Under current State law, after such deposit as described above, such Obligations shall no longer be regarded to be outstanding or unpaid. After firm banking and financial arrangements for the discharge and final payment of the Obligations have been made as described above, all rights of the City to initiate proceedings to take action amending the terms of such Obligations are extinguished.

There is no assurance that the current law will not be changed in a manner which would permit investments other than those described above to be made with amounts deposited to defease the Obligations. Because the Authorizations do not contractually limit such investments, registered owners may be deemed to have consented to defeasance with such other investments, notwithstanding the fact that such invests may not be of the same investment quality as those currently permitted under State law.

The City has reserved the option, to be exercised at the time of the defeasance of the Tax-Exempt Bonds subject to redemption, to call for redemption, at an earlier date, those Tax-Exempt Bonds which have been defeased to their maturity date, if the City (i) in the proceedings providing for the firm banking and financial arrangements, expressly reserves the right to call the Tax-Exempt Bonds for redemption; (ii) gives notice of the reservation of that right to the owners of the Tax-Exempt Bonds immediately following the making of the firm banking and financial arrangements; and (iii) directs that notice of the reservation be included in any redemption notices that it authorizes.

SOURCES AND USES OF TAX-EXEMPT BOND PROCEEDS

Proceeds from the sale of the Tax-Exempt Bonds to the Initial Tax-Exempt Bond Purchaser, together with other funds of the City, if any, will be applied approximately as follows:

Sources:

Par Amount of Tax-Exempt Bonds	\$208,875,000.00
Net Reoffering Premium ⁽¹⁾	<u>22,677,538.40</u>
Total Sources of Funds	<u>\$231,552,538.40</u>

Uses:

Deposit to Escrow Fund for Tax-Exempt Refunded Bonds	48,121,670.14
Deposit for Payment of Tax-Exempt Refunded Notes	163,500,000.00
Deposit to Project Fund	18,000,000.00
Initial Bond Purchaser Discount ⁽²⁾	1,265,208.10
Costs of Issuance ⁽³⁾	<u>665,660.16</u>
Total Uses of Funds	<u>\$231,552,538.40</u>

- ⁽¹⁾ Includes Initial Tax-Exempt Bond Purchaser's Discount (including insurance premium) which are not part of the proceeds received by the City.
- ⁽²⁾ Initial Bond Purchaser Discount includes insurance premium in the amount of \$305,328.00 which is being paid directly by the Tax-Exempt Initial Bond Purchaser.
- ⁽³⁾ Includes legal counsel fees, financial advisor fees, rating agencies fees, printing and mailing expenses and other costs of issuance of the Tax-Exempt Bonds. Any amounts remaining after payment of costs of issuance shall be transferred to the Interest and Sinking Fund for the Tax-Exempt Bonds.

SOURCES AND USES OF TAXABLE BOND PROCEEDS

Proceeds from the sale of the Taxable Bonds to the Initial Taxable Bond Purchaser, together with other funds of the City, if any, will be applied approximately as follows:

Sources:

Par Amount of Taxable Bonds	\$76,920,000.00
Net Reoffering Premium ⁽¹⁾	<u>260,296.35</u>
Total Sources of Funds	<u>\$77,180,296.35</u>

Uses:

Deposit to Escrow Fund for Taxable Refunded Bonds	76,741,520.42
Initial Taxable Bond Purchaser Discount	149,994.00
Costs of Issuance ⁽²⁾	<u>288,781.93</u>
Total Uses of Funds	<u>\$77,180,296.35</u>

- ⁽¹⁾ Includes Initial Taxable Bond Purchaser's Discount which is not part of the proceeds received by the City.
- ⁽²⁾ Includes legal counsel fees, financial advisor fees, rating agencies fees, printing and mailing expenses and other costs of issuance of the Taxable Bonds. Any amounts remaining after payment of costs of issuance shall be transferred to the Interest and Sinking Fund for the Taxable Bonds.

[THE REMAINDER OF THIS PAGE INTENTIONALLY LEFT BLANK]

SOURCES AND USES OF CONTRACTUAL OBLIGATIONS PROCEEDS

Proceeds from the sale of the Contractual Obligations to the Initial Contractual Obligation Purchaser, will be applied approximately as follows:

Sources:	
Par Amount of Contractual Obligations	\$24,565,000.00
Net Reoffering Premium ⁽¹⁾	<u>3,594,403.75</u>
Total Sources of Funds	<u><u>\$28,159,403.75</u></u>
Uses:	
Deposit to Project Fund	28,000,000.00
Initial Contractual Obligation Purchaser Discount	41,264.83
Costs of Issuance ⁽²⁾	<u>118,138.92</u>
Total Uses of Funds	<u><u>\$28,159,403.75</u></u>

⁽¹⁾ Includes Initial Contractual Obligation Purchaser's Discount which is not part of the proceeds received by the City.

⁽²⁾ Includes legal counsel fees, financial advisor fees, rating agencies fees, printing and mailing expenses and other costs of issuance of the Contractual Obligations. Any amounts remaining after payment of costs of issuance shall be transferred to other permitted equipment.

BOND INSURANCE

BOND INSURANCE POLICY . . . Concurrently with the issuance of the Tax-Exempt Bonds, Assured Guaranty Municipal Corp. ("AGM") will issue its Municipal Bond Insurance Policy (the "Policy") for the Tax-Exempt Bonds maturing on February 15 in the years 2032 through 2041, inclusive (the "Insured Bonds"). The Policy guarantees the scheduled payment of principal of and interest on the Insured Bonds when due as set forth in the form of the Policy included as an exhibit to this Official Statement (see "APPENDIX D" herein). The Policy is being purchased by the Tax-Exempt Initial Bond Purchaser.

The Policy is not covered by any insurance security or guaranty fund established under New York, California, Connecticut or Florida insurance law.

ASSURED GUARANTY MUNICIPAL CORP. . . . AGM is a New York domiciled financial guaranty insurance company and an indirect subsidiary of Assured Guaranty Ltd. ("AGL"), a Bermuda-based holding company whose shares are publicly traded and are listed on the New York Stock Exchange under the symbol "AGO". AGL, through its operating subsidiaries, provides credit enhancement products to the U.S. and international public finance (including infrastructure) and structured finance markets and, as of October 1, 2019, asset management services. Neither AGL nor any of its shareholders or affiliates, other than AGM, is obligated to pay any debts of AGM or any claims under any insurance policy issued by AGM.

AGM's financial strength is rated "AA" (stable outlook) by S&P Global Ratings, a business unit of Standard & Poor's Financial Services LLC ("S&P"), "AA+" (stable outlook) by Kroll Bond Rating Agency, Inc. ("KBRA") and "A2" (stable outlook) by Moody's Investors Service, Inc. ("Moody's"). Each rating of AGM should be evaluated independently. An explanation of the significance of the above ratings may be obtained from the applicable rating agency. The above ratings are not recommendations to buy, sell or hold any security, and such ratings are subject to revision or withdrawal at any time by the rating agencies, including withdrawal initiated at the request of AGM in its sole discretion. In addition, the rating agencies may at any time change AGM's long-term rating outlooks or place such ratings on a watch list for possible downgrade in the near term. Any downward revision or withdrawal of any of the above ratings, the assignment of a negative outlook to such ratings or the placement of such ratings on a negative watch list may have an adverse effect on the market price of any security guaranteed by AGM. AGM only guarantees scheduled principal and scheduled interest payments payable by the issuer of bonds insured by AGM on the date(s) when such amounts were initially scheduled to become due and payable (subject to and in accordance with the terms of the relevant insurance policy), and does not guarantee the market price or liquidity of the securities it insures, nor does it guarantee that the ratings on such securities will not be revised or withdrawn.

Current Financial Strength Ratings. On July 16, 2020, S&P announced it had affirmed AGM's financial strength rating of "AA" (stable outlook). AGM can give no assurance as to any further ratings action that S&P may take.

On December 19, 2019, KBRA announced it had affirmed AGM's insurance financial strength rating of "AA+" (stable outlook). AGM can give no assurance as to any further ratings action that KBRA may take.

On August 13, 2019, Moody's announced it had affirmed AGM's insurance financial strength rating of "A2" (stable outlook). AGM can give no assurance as to any further ratings action that Moody's may take.

For more information regarding AGM's financial strength ratings and the risks relating thereto, see AGL's Annual Report on Form 10-K for the fiscal year ended December 31, 2019.

Capitalization of AGM. At June 30, 2020:

- The policyholders' surplus of AGM was approximately \$2,667 million.
- The contingency reserves of AGM and its indirect subsidiary Municipal Assurance Corp. ("MAC") (as described below) were approximately \$1,018 million. Such amount includes 100% of AGM's contingency reserve and 60.7% of MAC's contingency reserve.
- The net unearned premium reserves and net deferred ceding commission income of AGM and its subsidiaries (as described below) were approximately \$2,048 million. Such amount includes (i) 100% of the net unearned premium reserve and deferred ceding commission income of AGM, (ii) the net unearned premium reserves and net deferred ceding commissions of AGM's wholly owned subsidiaries Assured Guaranty (Europe) plc ("AGE UK") and Assured Guaranty (Europe) SA ("AGE SA"), and (iii) 60.7% of the net unearned premium reserve of MAC.

The policyholders' surplus of AGM and the contingency reserves, net unearned premium reserves and deferred ceding commission income of AGM and MAC were determined in accordance with statutory accounting principles. The net unearned premium reserves and net deferred ceding commissions of AGE UK and AGE SA were determined in accordance with accounting principles generally accepted in the United States of America.

Incorporation of Certain Documents by Reference. Portions of the following documents filed by AGL with the Securities and Exchange Commission (the "SEC") that relate to AGM are incorporated by reference into this Official Statement and shall be deemed to be a part hereof:

- (i) the Annual Report on Form 10-K for the fiscal year ended December 31, 2019 (filed by AGL with the SEC on February 28, 2020);
- (ii) the Quarterly Report on Form 10-Q for the quarterly period ended March 31, 2020 (filed by AGL with the SEC on May 8, 2020); and

(iii) the Quarterly Report on Form 10-Q for the quarterly period ended June 30, 2020 (filed by AGL with the SEC on August 7, 2020).

All information relating to AGM included in, or as exhibits to, documents filed by AGL with the SEC pursuant to Section 13(a) or 15(d) of the Securities Exchange Act of 1934, as amended, excluding Current Reports or portions thereof “furnished” under Item 2.02 or Item 7.01 of Form 8-K, after the filing of the last document referred to above and before the termination of the offering of the Tax-Exempt Bonds shall be deemed incorporated by reference into this Official Statement and to be a part hereof from the respective dates of filing such documents. Copies of materials incorporated by reference are available over the internet at the SEC’s website at <http://www.sec.gov>, at AGL’s website at <http://www.assuredguaranty.com>, or will be provided upon request to Assured Guaranty Municipal Corp.: 1633 Broadway, New York, New York 10019, Attention: Communications Department (telephone (212) 974-0100). Except for the information referred to above, no information available on or through AGL’s website shall be deemed to be part of or incorporated in this Official Statement.

Any information regarding AGM included herein under the caption “BOND INSURANCE – ASSURED GUARANTY MUNICIPAL CORP.” or included in a document incorporated by reference herein (collectively, the “AGM Information”) shall be modified or superseded to the extent that any subsequently included AGM Information (either directly or through incorporation by reference) modifies or supersedes such previously included AGM Information. Any AGM Information so modified or superseded shall not constitute a part of this Official Statement, except as so modified or superseded.

Miscellaneous Matters. AGM makes no representation regarding the Tax-Exempt Bonds or the advisability of investing in the Tax-Exempt Bonds. In addition, AGM has not independently verified, makes no representation regarding, and does not accept any responsibility for the accuracy or completeness of this Official Statement or any information or disclosure contained herein, or omitted herefrom, other than with respect to the accuracy of the information regarding AGM supplied by AGM and presented under the heading “BOND INSURANCE”.

CITY AD VALOREM TAX INFORMATION

STATE OF TEXAS TAX CODE

The following is a summary of certain provisions of State law as it relates to ad valorem taxation and is not intended to be complete. Prospective investors are encouraged to review Title 1 of the Texas Tax Code, as amended (the "Property Tax Code"), for identification of property subject to ad valorem taxation, property exempt or which may be exempted from ad valorem taxation if claimed, the appraisal of property for ad valorem tax purposes, and the procedures and limitations applicable to the levy and collection of ad valorem taxes.

VALUATION OF TAXABLE PROPERTY . . . The Property Tax Code provides for countywide appraisal and equalization of taxable property values and establishes in each county of the State an appraisal district and an appraisal review board ("Appraisal Review Board") responsible for appraising property for all taxing units within the county. The appraisal of property within the City is the responsibility of the central appraisal districts of Dallas, Collin, Denton, Rockwall, and Kaufman counties (collectively, the "Appraisal District") with respect to City property located within such counties, which are county-wide agencies created under the Property Tax Code for that purpose. Except as generally described below, the Appraisal District is required to appraise all property within the Appraisal District on the basis of 100% of its market value and is prohibited from applying any assessment ratios. In determining market value of property, the Appraisal District is required to consider the cost method of appraisal, the income method of appraisal and the market data comparison method of appraisal, and use the method the chief appraiser of the Appraisal District considers most appropriate. The Property Tax Code requires appraisal districts to reappraise all property in its jurisdiction at least once every three years. A taxing unit may require annual review at its own expense, and is entitled to challenge the determination of appraised value of property within the taxing unit by petition filed with the Appraisal Review Board.

State law requires the appraised value of an owner's principal residence ("homestead" or "homesteads") to be based solely on the property's value as a homestead, regardless of whether residential use is considered to be the highest and best use of the property. State law further limits the appraised value of a homestead to the lesser of (1) the market value of the property or (2) 110% of the appraised value of the property for the preceding tax year plus the market value of all new improvements to the property (the "10% Homestead Cap"). The 10% increase is cumulative, meaning the maximum increase is 10% times the number of years since the property was last appraised. See Table 2 for the reduction in taxable valuation attributable to the 10% Homestead Cap.

State law provides that eligible owners of both agricultural land and open-space land, including open-space land devoted to farm or ranch purposes or open-space land devoted to timber production, may elect to have such property appraised for property taxation on the basis of its productive capacity ("Productivity Value"). The same land may not be qualified as both agricultural and open-space land. See Table 2 or the reduction in taxable valuation attributable to valuation by Productivity Value.

The appraisal values set by the Appraisal District are subject to review and change by the Appraisal Review Board. The appraisal rolls, as approved by the Appraisal Review Board, are used by taxing units, such as the City, in establishing their tax rolls and tax rates. See "CITY AD VALOREM TAX INFORMATION – City and Taxpayer Remedies."

STATE MANDATED HOMESTEAD EXEMPTIONS . . . State law grants, with respect to each city in the State, various exemptions for disabled veterans and their families, surviving spouses of members of the armed services killed in action and surviving spouses of first responders killed or fatally wounded in the line of duty. See Table 2 for the reduction in taxable valuation attributable to state-mandated homestead exemptions.

LOCAL OPTION HOMESTEAD EXEMPTIONS . . . The governing body of a taxing unit, including a city, county, school district, or special district, at its option may grant: (1) an exemption of up to 20% of the appraised value of all homesteads (but not less than \$5,000) and (2) an additional exemption of at least \$3,000 of the appraised value of the homesteads of persons 65 years of age or older and the disabled. Each taxing unit decides if it will offer the local option homestead exemptions and at what percentage or dollar amount, as applicable. The exemption described in (2), above, may also be created, increased, decreased or repealed at an election called by the governing body of a taxing unit upon presentation of a petition for such creation, increase, decrease, or repeal of at least 20% of the number of qualified voters who voted in the preceding election of the taxing unit. See Table 2 for the reduction in taxable valuation, if any, attributable to local option homestead exemptions.

LOCAL OPTION FREEZE FOR THE ELDERLY AND DISABLED . . . The governing body of a county, municipality or junior college district may, at its option, provide for a freeze on the total amount of ad valorem taxes levied on the homesteads of persons 65 years of age or older or of disabled persons above the amount of tax imposed in the year such residence qualified for such exemption. Also, upon voter initiative, an election may be held to determine by majority vote whether to establish such a freeze on ad valorem taxes. Once the freeze is established, the total amount of taxes imposed on such homesteads cannot be increased except for certain improvements, and such freeze cannot be repealed or rescinded. See Table 2 for the reduction in taxable valuation attributable to the freeze on taxes for the elderly and disabled.

PERSONAL PROPERTY . . . Tangible personal property (furniture, machinery, supplies, inventories, etc.) used in the "production of income" is taxed based on the property's market value. Taxable personal property includes income-producing equipment and inventory. Intangibles such as goodwill, accounts receivable, and proprietary processes are not taxable. Tangible personal property not held or used for production of income, such as household goods, automobiles or light trucks, and boats, is exempt from ad valorem taxation unless the governing body of a taxing unit elects to tax such property.

FREEPORT AND GOODS-IN-TRANSIT EXEMPTIONS . . . Certain goods that are acquired in or imported into the State to be forwarded outside the State, and are detained in the State for 175 days or less for the purpose of assembly, storage, manufacturing, processing or fabrication ("Freeport Property") are exempt from ad valorem taxation unless a taxing unit took official action to tax Freeport Property before April 1, 1990 and has not subsequently taken official action to exempt Freeport Property. Decisions to continue taxing Freeport Property may be reversed in the future; decisions to exempt Freeport Property are not subject to reversal.

Certain goods that are acquired in or imported into the State to be forwarded to another location within or without the State, stored in a location that is not owned by the owner of the goods and are transported to another location within or without the State within 175 days ("Goods-in-Transit"), are

generally exempt from ad valorem taxation; however, the Property Tax Code permits a taxing unit, on a local option basis, to tax Goods-in-Transit if the taxing unit takes official action after conducting a public hearing, before January 1 of the first tax year in which the taxing unit proposes to tax Goods-in-Transit. Goods-in-Transit and Freeport Property do not include oil, natural gas or petroleum products, and Goods-in-Transit does not include aircraft or special inventories such as manufactured housing inventory, or a dealer's motor vehicle, boat, or heavy equipment inventory.

A taxpayer may receive only one of the Goods-in-Transit or Freeport Property exemptions for items of personal property. On December 14, 2011, the City Council held a public hearing to receive comments regarding whether Goods-in-Transit in warehouses within the City limits should remain subject to taxation by the City, and approved an ordinance establishing that Goods-in-Transit within the City limits would remain subject to taxation. See Table 2 for the reduction in taxable valuation, if any, attributable to Freeport Property exemptions.

OTHER EXEMPT PROPERTY . . . Other major categories of exempt property include property owned by the State or its political subdivisions if used for public purposes, property exempt by federal law, property used for pollution control, farm products owned by producers, property of nonprofit corporations used for scientific research or educational activities benefitting a college or university, designated historic sites, solar and wind-powered energy devices, and certain classes of intangible personal property.

TEMPORARY EXEMPTION FOR QUALIFIED PROPERTY DAMAGED BY A DISASTER. . . The Property Tax Code entitles the owner of certain qualified (i) tangible personal property used for the production of income, (ii) improvements to real property, and (iii) manufactured homes, located in an area declared by the governor to be a disaster area following a disaster and is at least 15 percent damaged by the disaster, as determined by the chief appraiser, to an exemption from taxation of a portion of the appraised value of the property. The amount of the exemption ranges from 15 percent to 100 percent based upon the damage assessment rating assigned by the chief appraiser. Except in situations where the territory is declared a disaster on or after the date the taxing unit adopts a tax rate for the year in which the disaster declaration is issued, the governing body of the taxing unit is not required to take any action in order for the taxpayer to be eligible for the exemption. If a taxpayer qualifies for the exemption after the beginning of the tax year, the amount of the exemption is prorated based on the number of days left in the tax year following the day on which the governor declares the area to be a disaster area. For more information on the exemption, reference is made to Section 11.35 of the Property Tax Code. Section 11.35 of the Property Tax Code was enacted during the 2019 legislative session, and there is no historical judicial precedent for how the statute will be applied. Texas Attorney General Opinion KP-0299, issued on April 13, 2020, concluded a court would likely find the Texas Legislature intended to limit the temporary tax exemption to apply to property physically harmed as a result of a declared disaster and would not apply to purely economic, non-physical damage to property such as economic losses caused by the Pandemic.

TAX INCREMENT FINANCING ZONES . . . A city or county, by petition of the landowners or by action of its governing body, may create one or more tax increment reinvestment zones ("TIRZ") within its boundaries. At the time of the creation of the TIRZ, a "base value" for the real property in the TIRZ is established and the difference between any increase in the assessed valuation of taxable real property in the TIRZ in excess of the base value is known as the "tax increment". During the existence of the TIRZ, all or a portion of the taxes levied against the tax increment by a city or county, and all other overlapping taxing units that elected to participate, are restricted to paying only planned project and financing costs within the TIRZ and are not available for the payment of other obligations of such taxing units. See "CITY AD VALOREM TAX INFORMATION – City Application of Property Tax Code" for descriptions of any TIRZ created in the City.

TAX ABATEMENT AGREEMENTS . . . Taxing units may also enter into tax abatement agreements to encourage economic development. Under the agreements, a property owner agrees to construct certain improvements on its property. The taxing unit, in turn, agrees not to levy a tax on all or part of the increased value attributable to the improvements until the expiration of the agreement. The abatement agreement could last for a period of up to 10 years. See "CITY AD VALOREM TAX INFORMATION – City Application of Property Tax Code" for descriptions of any of the City's tax abatement agreements. Table 2 for the reduction in taxable valuation, if any, attributable to tax abatement agreements.

For a discussion of how the various exemptions described above are applied by the City, see "CITY AD VALOREM TAX INFORMATION – City Application of Property Tax Code" herein.

CITY AND TAXPAYER REMEDIES. . . Under certain circumstances, taxpayers and taxing units, including the City, may appeal the determinations of the Appraisal District by timely initiating a protest with the Appraisal Review Board. Additionally, taxing units such as the City may bring suit against the Appraisal District to compel compliance with the Property Tax Code.

Beginning in the 2020 tax year, owners of certain property with a taxable value in excess of the current year "minimum eligibility amount", as determined by the State Comptroller, and situated in a county with a population of one million or more, may protest the determinations of an appraisal district directly to a three-member special panel of the appraisal review board, appointed by the chairman of the appraisal review board, consisting of highly qualified professionals in the field of property tax appraisal. The minimum eligibility amount is set at \$50 million for the 2020 tax year, and is adjusted annually by the State Comptroller to reflect the inflation rate.

The Property Tax Code sets forth notice and hearing procedures for certain tax rate increases by the City and provides for taxpayer referenda that could result in the repeal of certain tax increases (see "CITY AD VALOREM TAX INFORMATION – Public Hearing and Maintenance and Operations Tax Rate Limitations"). The Property Tax Code also establishes a procedure for providing notice to property owners of reappraisals reflecting increased property value, appraisals which are higher than renditions, and appraisals of property not previously on an appraisal roll.

LEVY AND COLLECTION OF TAXES. . . The City is responsible for the collection of its taxes, unless it elects to transfer such functions to another governmental entity. Taxes are due October 1, or when billed, whichever comes later, and become delinquent after January 31 of the following year. A delinquent tax incurs a penalty of six percent (6%) of the amount of the tax for the first calendar month it is delinquent, plus one percent (1%) for each additional month or portion of a month the tax remains unpaid prior to July 1 of the year in which it becomes delinquent. If the tax is not paid by July 1 of the year in which it becomes delinquent, the tax incurs a total penalty of twelve percent (12%) regardless of the number of months the tax has been delinquent and incurs an additional penalty of up to twenty percent (20%) if imposed by the City. The delinquent tax also accrues interest at a rate of one percent (1%) for each month or portion of a month it remains unpaid. The Property Tax Code also makes provision for the split payment of taxes, discounts for early payment and the postponement of the delinquency date of taxes for certain taxpayers. Furthermore, the City may provide, on

a local option basis, for the split payment, partial payment, and discounts for early payment of taxes under certain conditions. Currently, the City does not permit split payments, and discounts are not allowed. Notwithstanding the City's prohibition on split payments, taxpayers 65 years old or older are permitted by State law to pay taxes (without penalty and interest) on homesteads in four installments with the first due on or before January 31 of each year and the final installment due on or before July 31.

CITY'S RIGHT IN THE EVENT OF TAX DELINQUENCIES. . . Taxes levied by the City are a personal obligation of the owner of the property. On January 1 of each year, a tax lien attaches to property to secure the payment of all state and local taxes, penalties, and interest ultimately imposed for the year on the property. The lien exists in favor of each taxing unit, including the City, having power to tax the property. The City's tax lien is on a parity with tax liens of such other taxing units. A tax lien on real property takes priority over the claim of most creditors and other holders of liens on the property encumbered by the tax lien, whether or not the debt or lien existed before the attachment of the tax lien; however, whether a lien of the United States is on a parity with or takes priority over a tax lien of the City is determined by applicable federal law. Personal property, under certain circumstances, is subject to seizure and sale for the payment of delinquent taxes, penalty, and interest.

At any time after taxes on property become delinquent, the City may file suit to foreclose the lien securing payment of the tax, to enforce personal liability for the tax, or both. In filing a suit to foreclose a tax lien on real property, the City must join other taxing units that have claims for delinquent taxes against all or part of the same property.

Collection of delinquent taxes may be adversely affected by the amount of taxes owed to other taxing units, adverse market conditions, taxpayer redemption rights, or bankruptcy proceedings which restrain the collection of a taxpayer's debt.

Federal bankruptcy law provides that an automatic stay of actions by creditors and other entities, including governmental units, goes into effect with the filing of any petition in bankruptcy. The automatic stay prevents governmental units from foreclosing on property and prevents liens for post-petition taxes from attaching to property and obtaining secured creditor status unless, in either case, an order lifting the stay is obtained from the bankruptcy court. In many cases, post-petition taxes are paid as an administrative expense of the estate in bankruptcy or by order of the bankruptcy court.

PUBLIC HEARING AND MAINTENANCE AND OPERATIONS TAX RATE LIMITATIONS. . . . The following terms as used in this section have the meanings provided below:

"adjusted" means lost values are not included in the calculation of the prior year's taxes and new values are not included in the current year's taxable values.

"de minimis rate" means the maintenance and operations tax rate that will produce the prior year's total maintenance and operations tax levy (adjusted) from the current year's values (adjusted), plus the rate that produces an additional \$500,000 in tax revenue when applied to the current year's taxable value, plus the debt service tax rate.

"no-new-revenue tax rate" means the combined maintenance and operations tax rate and debt service tax rate that will produce the prior year's total tax levy (adjusted) from the current year's total taxable values (adjusted).

"special taxing unit" means a city for which the maintenance and operations tax rate proposed for the current tax year is 2.5 cents or less per \$100 of taxable value.

"unused increment rate" means the cumulative difference between a city's voter-approval tax rate and its actual tax rate for each of the tax years 2020 through 2022, which may be applied to a city's tax rate in tax years 2021 through 2023 without impacting the voter-approval tax rate.

"voter-approval tax rate" means the maintenance and operations tax rate that will produce the prior year's total maintenance and operations tax levy (adjusted) from the current year's values (adjusted) multiplied by 1.035, plus the debt service tax rate, plus the "unused increment rate".

The City's tax rate consists of two components: (1) a rate for funding of maintenance and operations expenditures in the current year (the "maintenance and operations tax rate"), and (2) a rate for funding debt service in the current year (the "debt service tax rate"). Under State law, the assessor for the City must submit an appraisal roll showing the total appraised, assessed, and taxable values of all property in the City to the City Council by August 1 or as soon as practicable thereafter.

A city must annually calculate its voter-approval tax rate and no-new-revenue tax rate in accordance with forms prescribed by the State Comptroller and provide notice of such rates to each owner of taxable property within the city and the county tax assessor-collector for each county in which all or part of the city is located. A city must adopt a tax rate before the later of September 30 or the 60th day after receipt of the certified appraisal roll, except that a tax rate that exceeds the voter-approval tax rate must be adopted not later than the 71st day before the next occurring November uniform election date. If a city fails to timely adopt a tax rate, the tax rate is statutorily set as the lower of the no-new-revenue tax rate for the current tax year or the tax rate adopted by the city for the preceding tax year.

As described below, the Property Tax Code provides that if a city adopts a tax rate that exceeds its voter-approval tax rate or, in certain cases, its de minimis rate, an election must be held to determine whether or not to reduce the adopted tax rate to the voter approval tax rate.

A city may not adopt a tax rate that exceeds the lower of the voter-approval tax rate or the no-new-revenue tax rate until each appraisal district in which such city participates has delivered notice to each taxpayer of the estimated total amount of property taxes owed and the city has held a public hearing on the proposed tax increase.

For cities with a population of 30,000 or more as of the most recent federal decennial census, if the adopted tax rate for any tax year exceeds the voter-approval tax rate, that city must conduct an election on the next occurring November uniform election date to determine whether or not to reduce the adopted tax rate to the voter-approval tax rate.

For cities with a population less than 30,000 as of the most recent federal decennial census, if the adopted tax rate for any tax year exceeds the greater of (i) the voter-approval tax rate or (ii) the de minimis rate, the city must conduct an election on the next occurring November uniform election date to determine whether or not to reduce the adopted tax rate to the voter-approval tax rate. However, for any tax year during which a city has a population of less than 30,000 as of the most recent federal decennial census and does not qualify as a special taxing unit, if a city's adopted tax rate is equal to or less than the de minimis rate but greater than both (a) the no-new-revenue tax rate, multiplied by 1.08, plus the debt service tax rate or (b) the city's voter approval tax rate, then a valid petition signed by at least three percent of the registered voters in the city would require that an election be held to determine whether or not to reduce the adopted tax rate to the voter-approval tax rate.

Any city located at least partly within an area declared a disaster area by the Governor of the State or the President of the United States during the current year may calculate its voter-approval tax rate using a 1.08 multiplier, instead of 1.035, until the earlier of (i) the second tax year in which such city's total taxable appraised value exceeds the taxable appraised value on January 1 of the year the disaster occurred, or (ii) the third tax year after the tax year in which the disaster occurred.

State law provides cities and counties in the State the option of assessing a maximum one-half percent (1/2%) sales and use tax on retail sales of taxable items for the purpose of reducing its ad valorem taxes, if approved by a majority of the voters in a local option election. If the additional sales and use tax for ad valorem tax reduction is approved and levied, the no-new-revenue tax rate and voter-approval tax rate must be reduced by the amount of the estimated sales tax revenues to be generated in the current tax year. The City does not collect the additional one-half percent sales tax. Taxable sales in the City are currently subject to the maximum 8.25% sales tax (1% of which is the City's portion) and the City is not eligible to implement the additional sales tax. The collection of the Dallas Area Rapid Transit ("DART") 1% sales tax precludes the City from increasing the City rate of 1%.

The calculations of the no-new-revenue tax rate and voter-approval tax rate do not limit or impact the City's ability to set a debt service tax rate in each year sufficient to pay debt service on all of the City's tax-supported debt obligations, including the Obligations.

Reference is made to the Property Tax Code for definitive requirements for the levy and collection of ad valorem taxes and the calculation of the various defined tax rates.

DEBT TAX RATE LIMITATIONS . . . All taxable property within the City is subject to the assessment, levy and collection by the City of a continuing, direct annual ad valorem tax sufficient to provide for the payment of principal of and interest on all ad valorem tax-supported debt within the limits prescribed by law. Article XI, Section 5, of the Texas Constitution is applicable to the City, and limits its maximum ad valorem tax rate to \$2.50 per \$100 of Taxable Assessed Valuation. Administratively, the Attorney General of the State of Texas will permit allocation of \$1.50 of the \$2.50 maximum tax rate for all debt service on ad valorem tax-supported debt, as calculated at the time of issuance.

CITY APPLICATION OF PROPERTY TAX CODE. . . The City grants an exemption of 20% of the market value of residence homesteads; the minimum exemption is \$5,000.

The City grants an additional exemption to the market value of the residence homestead of persons 65 years of age or older or disabled, of \$100,000; disabled veterans or the surviving spouse or children of a deceased veteran who died while on active duty in the armed forces are granted a maximum exemption up to \$12,000 dependent upon the amount of disability.

The City has a Public/Private Partnership Program to stimulate economic development. City Council authorization of the Public/Private Partnership Program was renewed in December 2019 and includes a tax abatement policy as well as other incentives such as Chapter 380 economic development grants. The City's guidelines governing tax abatement agreements provide for availability of tax abatement for both new facilities and structures, and for the expansion and modernization of existing facilities and structures. Under the City's current Public/Private Partnership Program guidelines, financial resources of the City may be used as private development incentives for the following categories of eligible projects: (1) Target Areas: projects in Target Areas creating/retaining at least 25 jobs or having at least \$1 million of private investment may receive up to a 90% abatement for 10 years on added real property value and/or up to 50% abatement for 5 years on net new business personal property; (2) Non-Target Areas: projects in Non-Target Areas creating/retaining at least 100 jobs or having at least \$5 million of private investment may receive up to a 50% abatement for 10 years on added real property value and/or up to 50% abatement for 5 years on net new business personal property; and (3) Non-Conforming Projects: projects not meeting the above requirements that nevertheless significantly advance the public purpose of economic development can be considered on a case-by-case basis. In accordance with a program established pursuant to Chapter 380, the City may make loans or grants of public funds for economic development purposes; however, no obligations secured by ad valorem taxes may be issued for such purposes unless approved by voters of the City. The City voted general obligation bonds in 2006, 2012 and 2017 for the purpose of funding its economic development programs.

Pursuant to the tax abatement policy renewed in December 2019, a company may receive temporary abatement of real property taxes or personal property taxes if certain primary considerations of capital improvements and job creation/retention are met. Additionally, City staff may consider secondary considerations (including Dallas resident employment, efforts to exceed minimum environmental regulations, wage rates, community activities, target industry projects, and M/WBE participation) in determining the real property tax abatement or personal property tax abatement. Projects may also be considered for a combination of both real property and personal property tax abatement when the combined amount does not exceed 90% of the City taxes on total new improvement value. The amount of property value located in active tax abatement reinvestment zones during tax year 2020 was \$639,625,747 (real and business personal property) or \$570,642,860 (real property only).

The City has created twenty-one (21) TIRZ to provide a means to fund specific improvements within the boundaries of the respective TIRZ. Two (2) TIRZ have expired; therefore, there are nineteen (19) active TIRZ. Bonds are outstanding that were issued to finance project costs in the "Downtown Connection Tax Increment Financing District", and those bonds are secured by a pledge of tax increment revenues generated within the related TIRZ. The amount of property value that was "captured increment" in all active TIRZ for tax year 2020 was \$14,576,272,207; however, only ad

valorem taxes generated from \$12,759,102,404 of such “captured increment” are dedicated to the TIRZ due to less than 100% participation in certain zones by the City.

Since 1993, through the Historic Preservation Tax Incentive Program, the City has granted tax exemptions for investment in historic structures. To be eligible, a building must be a contributing structure within any city historic district and designated as a historic district or an individual historic landmark. The program is divided into three areas: urban historic districts, revitalizing historic districts and all other areas. Location of the property determines the minimum required expenditures for program eligibility. Last amended by the City Council in 2007, the program was developed to encourage preservation of historic buildings and the revitalization of the historic neighborhoods throughout the City. The amount of property value exempted for historic sites during fiscal year 2019-2020 was \$135,696,726.

The exemption amount for freeport during fiscal year 2019-2020 was \$2,009,199,522.

Dallas County bills and collects ad valorem taxes for the City pursuant to a contract. The City does not permit split payments, and discounts are not allowed. Notwithstanding the City’s prohibition on split payments, taxpayers 65 years old or older are permitted by State law to pay taxes (without penalty and interest) on homesteads in four installments with the first due on or before January 31 of each year and the final installment due on or before July 31.

FISCAL YEAR 2020 ADOPTED BUDGET

On September 18, 2019 the City Council voted and approved the City’s \$3.8 billion fiscal year 2020 Budget (the “2020 Adopted Budget”) for the period beginning October 1, 2019 and ending September 30, 2020. The 2020 Adopted Budget is balanced. The 2020 Adopted Budget is based on taxable assessed values for 2019 and other anticipated sources of revenue. Taxable assessed values for fiscal year 2020 increased from fiscal year 2019 by approximately 7.79%. Increases in revenue sources enabled the City to adopt a budget which maintains the same service level or greater as the prior year for City services.

FISCAL YEAR 2021 ADOPTED BUDGET

On September 23, 2020 the City Council voted and approved the City’s \$3.9 billion fiscal year 2021 Budget (the “2021 Adopted Budget”) for the period beginning October 1, 2020 and ending September 30, 2021. The 2021 Adopted Budget is balanced. The 2021 Adopted Budget is based on taxable assessed values for 2020 and other anticipated sources of revenue. The effects of COVID-19 are projected to adversely affect sales tax revenue for fiscal year 2021; however certified taxable assessed values for fiscal year 2021 increased from fiscal year 2020 by 5.14%. The 2021 Adopted Budget continues to deliver essential services to City residents on comparable service levels as prior years.

Equipment Acquisition Contractual Obligations, Series 2020B	24,565,000	
Estimated Net General Obligation Debt Payable from Ad Valorem Taxes (as of 9/30/21) ⁽³⁾		\$2,130,660,416
Interest and Sinking Fund Cash Balance (projected, as of 9/30/20)		43,627,241

(1) Effective January 1, 2008, state law limits the appraised value of a residence homestead for a tax year to an amount not to exceed the lesser of (i) the most recent market value of the residence homestead as determined by the appraisal entity or (ii) 110 percent of the appraised value of the residence homestead for the preceding tax year plus the market value of all improvements to the residence homestead. Capped Value Loss represents the amount by which appraised values of residence homesteads exceed 110% of the appraised values of such residence homestead for the preceding tax year.

(2) The amount of property value that is "captured increment" in Tax Increment Financing Zones during fiscal year 2020-2021 is anticipated to be \$14,576,272,207; however, only ad valorem taxes generated from \$12,759,102,404 of such "captured increment" are dedicated to the Tax Increment Financing Zones.

(3) The above statement does not include the following bonded debt outstanding as of September 30, 2020: \$270,380,000 Civic Center Convention Complex Senior Lien Revenue Bonds secured by a lien on the gross revenues of the Civic Center and certain receipts from the City's hotel occupancy tax; \$2,429,995,000 City of Dallas Waterworks and Sewer System Revenue Bonds (the System) secured by a lien on revenues of the System net of current expenses of operation and maintenance; \$213,970,000 Love Field Airport Modernization Corporation General Airport Revenue Bonds secured by a first lien on and pledge of the Pledged Revenues; and \$53,530,693 Downtown Dallas Development Authority Tax Increment Contract Revenue Bonds secured by a lien on the tax increment levied by each taxing unit in the zone; \$439,919,686 (Series 2009A \$51,744,686; Series 2009B \$388,175,000) Dallas Convention Center Hotel special limited obligations under a nonprofit local government corporation are secured and payable from, among other things, hotel net operating revenues, direct federal government subsidies on Build America Bonds (Taxable Series 2009B), and certain City Tax Revenues. Excludes the Refunded Obligations.

[THE REMAINDER OF THIS PAGE INTENTIONALLY LEFT BLANK]

CITY DEBT INFORMATION

BOND PROGRAMS . . . At an election held on November 7, 2017, voters approved a \$1.050 billion capital bond program. Following the issuance of the Obligations, \$710,498,000 of the 2017 voted authorization remains to be issued at a future date.

BONDED DEBT LIMITATION . . . Chapter 1331, Texas Government Code, as amended, provides that total bonded debt payable from ad valorem taxes may not exceed 10% of City's taxable assessed valuation. The City's total bonded debt payable from ad valorem taxes including the Obligations described herein, is projected to be 1.45% of the City's taxable assessed valuation as of September 30, 2021.

Article XI, Section 5, of the Texas Constitution is applicable to the City and limits its maximum ad valorem tax rate to \$2.50 per \$100 assessed valuation for all City purposes. Administratively, the Attorney General of the State of Texas will not approve bonds if, as calculated at the time of issuance and based on the then current taxable property values, more than \$1.50 of the maximum \$2.50 is required for all general obligation debt service, including the bonds being considered for approval.

OTHER OBLIGATIONS . . . The City has no material noncancellable lease obligations. The City has certain unfunded liabilities as described in the Notes to the City's September 30, 2019 Basic Financial Statements (see "APPENDIX B"). For information about pension plans and post-employment benefits, also see "CITY FINANCIAL INFORMATION – Pension Plans" and "CITY FINANCIAL INFORMATION – Other Post-Employment Benefits."

DOWNTOWN DALLAS DEVELOPMENT AUTHORITY . . . In 2005, the City created the Downtown Dallas Development Authority (the "Authority") in connection with the City's redevelopment of certain areas of downtown Dallas. To that end, the City, the Authority, and the board of directors of Reinvestment Zone Number Eleven, City of Dallas, Texas (the "Zone"), entered into an agreement pursuant to which the Authority issued tax increment contract revenue bonds to facilitate the redevelopment objectives of the Zone, such bonds to be secured by the tax increment revenues collected within the Zone. The Authority has issued two series of bonds, one series in 2006, the other series in 2007, of which \$53,530,693 remains outstanding at the time of issuance of the Obligations. Such bonds were issued with respect to the redevelopment of the "Mercantile Bank complex," which is located on property within the Zone, as a multi-family housing and retail development. In connection with the issuance of such bonds by the Authority, the City and the Authority agreed, should there occur a deficiency in the moneys available from the collection of tax increment revenues within the Zone to pay debt service on the Authority's bonds, that the City would consider, on an annual basis, appropriating moneys from the General Fund to the Authority in an amount sufficient to fund any such deficiency in such fiscal year. Under the terms of this agreement, the City is under no obligation to appropriate such funds. No such appropriation has been needed or sought by the Authority. At the current time, collections of tax increment revenues within the Zone substantially exceed projections of tax increment revenues that were anticipated to be generated within the Zone.

DALLAS CONVENTION CENTER HOTEL DEVELOPMENT CORPORATION... In 2008, the City, pursuant to Subchapter D of Chapter 431, Texas Transportation Code, as amended, created the Dallas Convention Center Hotel Development Corporation (the "Hotel Development Corporation"), a nonprofit local government corporation, to accomplish certain governmental purposes of the City, primarily the financing of the costs for the acquisition of land and development, construction, furnishing and equipping and opening a four-star, full-service convention center headquarters hotel project ("Convention Center Hotel") in order to promote economic development and to stimulate business and commercial activity in the City. The Convention Center Hotel was designed and constructed pursuant to a development agreement between the Hotel Development Corporation and Matthews Holdings Southwest Inc., the developer, and a design/build guaranteed maximum price contract between the Hotel Development Corporation and Balfour/Russell/Pegasus, the design/builder. The Convention Center Hotel is being managed and operated by Omni Hotels Management Corporation, the hotel operator, pursuant to a hotel operating agreement and a room block and meeting space agreement. The Hotel Development Corporation in August 2009, issued Hotel Revenue Bonds (\$74,411,197.20 Hotel Revenue Bonds, Series 2009A, \$388,175,000 Hotel Revenue Bonds Taxable Series 2009B (Build America Bonds-Direct Payment) and \$17,235,000 Hotel Revenue Bonds, Taxable Series 2009C) pursuant to a trust indenture (the "Hotel Trust Indenture"), and the proceeds of bonds have been used to acquire land for the hotel site, finance the costs to design, construct, equip, furnish and open the convention center hotel project, fund 34 months of capitalized interest, fund a debt service reserve fund and pay certain costs of issuance. The Hotel Revenue Bonds are special limited obligations of the Hotel Development Corporation secured and payable from, among other things, hotel net operating revenues deposited in or credited to the funds and accounts held by U.S. Bank National Association, the Trustee under the Hotel Trust Indenture; direct payments received from the federal government in support of the Hotel Revenue Bonds, Series 2009B Build America Bonds (see "LEGAL MATTERS – Sequestration and Transparency Act of 2012"); and certain "City Tax Revenues" pledged pursuant to an Economic Development Agreement between the City and the Hotel Development Corporation. In connection with the issuance of the Hotel Revenue Bonds, the City agreed to pledge to the Hotel Development Corporation for the payment of the Hotel Revenue Bonds, certain "City Tax Revenues" consisting of: (a) revenues derived from the 6% state hotel occupancy tax collected at the Convention Center Hotel during the first ten years after the hotel opening; (b) revenues derived from the 6.25% state sales and use tax collected at the Convention Center Hotel during the first ten years after hotel opening; and revenue derived from the 7% local hotel occupancy tax collected at the Convention Center Hotel as long as any Hotel Revenue Bonds are outstanding. In addition, the City agreed in the Economic Development Agreement that, should hotel net operating revenues, City Tax Revenues, reserves and other amounts held under the Hotel Trust Indenture be insufficient to make the Senior Debt Service Payments in accordance with the terms of the Hotel Trust Indenture, the City would consider, on an annual basis and subject to the sufficiency of lawfully available funds, making grants or loans from the City's general funds to the Hotel Development Corporation in an amount sufficient to fund any such deficiency for such fiscal year. Under the terms of the Economic Development Agreement, the City is under no obligation to appropriate such funds.

GENERAL OBLIGATION COMMERCIAL PAPER PROGRAM

On October 25, 2017, the City approved the issuance of its General Obligation Commercial Paper Notes, Series A and Series B (the "Series A Notes" and "Series B Notes", respectively, and together, the "GO Commercial Paper Program") in an aggregate principal amount not to exceed \$350,000,000 for voter approved capital projects. The liquidity provider for the Series A Notes is JPMorgan Chase Bank, National Association, pursuant to a revolving credit agreement (the "Credit Agreement"). The Series B Notes are directly purchased by JPMorgan Chase Bank, National Association, from time to time pursuant to the terms of a separate purchase agreement (the "Note Purchase Agreement"). The City has issued \$3,500,000 in Series B Notes that have been purchased by JPMorgan Chase Bank, National Association pursuant to the Note Purchase Agreement.

Commercial paper notes issued under the GO Commercial Paper Program may be issued for a period not to exceed 270 days and will bear interest based on the specified terms of Series A Notes and Series B Notes. The Series A Notes and Series B Notes are payable from ad valorem taxes and other funds that may be provided under the Credit Agreement and Note Purchase Agreement.

As a part of the Credit Agreement, JPMorgan Chase Bank, National Association has established a revolving line of credit for the benefit of the City to fund the payment by the City of principal and interest on the Series A Notes at stated maturity for a period extending to November 27, 2020, unless extended pursuant to the terms of the Credit Agreement. The City is in the process of extending the Credit Agreement for the Series A Notes with JPMorgan Chase Bank, National Association. In the ordinance authorizing the Series A Notes, the City has agreed and covenanted that, so long as any Series A Notes are outstanding, it will maintain one or more credit agreements with a bank such that the aggregate amount for borrowing available under the credit agreements would be sufficient to pay all amounts due and payable on the outstanding Series A Notes assuming such Series A Notes were to become due and payable immediately.

As of the date of this Official Statement, \$160,000,000 of the Series A Notes are currently outstanding. On or about the closing of the Obligations all commercial paper notes issued pursuant to the GO Commercial Paper Program will be paid in full with a portion of the proceeds from the Tax-Exempt Bonds.

TABLE 8 – TAXABLE ASSESSED VALUATIONS, TAX RATES, DIRECT AND OVERLAPPING FUNDED DEBT PAYABLE FROM AD VALOREM TAXES*

Expenditures of the various taxing entities within the boundaries of the City are paid out of ad valorem taxes levied by these taxing entities on properties within the City. These political taxing entities are independent of the City and may incur debt to finance their expenditures. This statement of direct and estimated overlapping ad valorem tax debt was developed from information contained in “Texas Municipal Reports” published by the Municipal Advisory Council of Texas. Except for the amounts relating to the City, the City has not independently verified the accuracy or completeness of such information, and no person should rely upon such information as being accurate or complete. Furthermore, certain of the entities listed may have issued additional bonds since the date stated above, and such entities may have programs requiring the issuance of substantial amounts of additional debt, the amount of which cannot be determined. The table reflects the estimated share of overlapping funded debt of the City.

CITY FINANCIAL INFORMATION

ACCOUNTING POLICIES . . . The City's policy is to adhere to the accounting principles generally accepted in the United States of America ("GAAP"). The City has established internal controls to help ensure the assets of the government are protected from loss, theft or misuse, and to ensure adequate accounting data are compiled to allow for preparation of financial statements in conformity with GAAP. The City Council is required by the City Charter to appoint a City Auditor who is independent of City management and reports directly to the City Council. The City Auditor supports the internal control structure within the City by performing independent evaluations of existing accounting and administrative controls and by ascertaining compliance with existing plans, policies and procedures. Additionally, the City undergoes an annual audit conducted by independent external auditors.

BUDGETARY POLICIES . . . The City policy is to begin the budgetary procedure at the department level in January of each year. The budget proceeds through departmental levels until it reaches the City Manager level where it is refined and presented to the Council in mid-August. The Council considers, amends and refines the budget until its final adoption in mid-September. The City adopted its 2019-2020 fiscal year budget by ordinance on September 18, 2019. The ordinance provides for budgetary control at the department level. Budgetary compliance is maintained in the automated accounting system and enforced at the department level by reserving appropriations by encumbering purchase orders and contracts.

FINANCIAL MANAGEMENT PERFORMANCE CRITERIA ("FMPC") . . . The original FMPC were adopted by the City Council in March 1978 as standards to guide managerial decisions in operating and capital budgeting, as well as to promote efficient administration of the City's financial policies. The City Council last reviewed and amended the FMPC in December 2017. The FMPC guide many of the City's financial decisions and enable the City to achieve a long-term positive financial condition. The FMPC are evaluated for compliance each year during the budget preparation/approval process, at fiscal year-end and prior to each debt issuance.

The criteria are grouped into the following areas:

Operating Programs: These criteria pertain to revenues and expenditures, ad valorem tax levy, retirement systems, and adequacy of reserves. As an example, certain criteria in this section require the City to maintain the Contingency and Emergency Reserves plus the unassigned fund balance at a specified minimum level in relation to operating expenditures and to review the adequacy of other General Fund Reserve accounts at specified intervals.

Capital and Debt Management: These criteria pertain to the City's general obligation bonds, debt levels and the use of certificates of obligation and tax increment financing zone/public improvement district financing. The City policy is to not use bond proceeds, grants or other non-recurring revenues for current expenses.

Accounting, Auditing and Financial Planning: These criteria pertain to audit and accounting standards and requirements for financial planning.

Cash Management: These criteria pertain to the disbursement, collection and deposit of all funds, investment of idle cash and banking services.

Grants and Trusts: These criteria pertain to grant and trust administration.

Water Utilities: These criteria pertain to Dallas Water Utilities system rates, revenues, reserves, and debt financing.

⁽¹⁾ Restated fund balance. At the beginning of fiscal year 2016, the City implemented a change in accounting principle related to the accounting for sanitation activities.

CITY SALES TAX . . . The City has adopted the Municipal Sales and Use Tax Act, Texas Tax Code, Chapter 321, which grants the City the power to impose and levy a 1% Local Sales and Use Tax within the City; the proceeds are credited to the General Fund and are not pledged to the payment of the Obligations. Collections and enforcements are effected through the offices of the Comptroller of Public Accounts, State of Texas, who remits the proceeds of the tax, after deduction of a 2% service fee, to the City on a monthly basis. Revenue from this source for the last five years is shown below.

TABLE 12 – MUNICIPAL SALES TAX HISTORY

CITY OF DALLAS, TEXAS

Fiscal Year Ended 9/30	Revenue (\$)	Percent of Ad Valorem Tax Levy	Equivalent of Ad Valorem Tax Rate (\$)	Per Capita ⁽¹⁾ (\$)
2015	275,250,000	37.08%	0.2955	221.21

⁽¹⁾ North Central Texas Council of Governments

* Projected as of September 2020

ANTICIPATED EFFECT OF COVID-19 ON SALES TAX REVENUES... Sales tax revenues are projected to decline by approximately 4.19% in the City's fiscal year ending September 30, 2021 when compared to the projected fiscal year end 2020. The City projects that the sales tax revenues will rebound in fiscal year 2022.

INVESTMENT POLICY . . . The City invests its investable funds in investments authorized by State law and in accordance with its written investment policy approved by the City Council of the City. Both State law and the City's investment policy are subject to change. The City Council last approved the Investment Policy on October 23, 2019 and it is anticipated that City Council will approve the Investment Policy in October 2020. No material changes are anticipated in connection with such approval.

Legal Investments . . . Under State law, the City is authorized to invest in obligations meeting the requirements of the Public Funds Investment Act, Texas Government Code, Chapter 2256, as amended (the "PFIA"), which may include: (1) obligations, including letters of credit, of the United States or its agencies and instrumentalities, including the Federal Home Loan Banks; (2) direct obligations of the State or its agencies and instrumentalities; (3) collateralized mortgage obligations directly issued by a federal agency or instrumentality of the United States, the underlying security for which is guaranteed by an agency or instrumentality of the United States; (4) other obligations, the principal and interest of which are unconditionally guaranteed or insured by, or backed by the full faith and credit of, the State or the United States or their respective agencies and instrumentalities, including obligations that are fully guaranteed or insured by the Federal Deposit Insurance Corporation or by the explicit full faith and credit of the United States; (5) obligations of states, agencies, counties, cities, and other political subdivisions of any state rated as to investment quality by a nationally recognized investment rating firm not less than "A" or its equivalent; (6) bonds issued, assumed or guaranteed by the State of Israel; (7) interest-bearing banking deposits that are guaranteed or insured by the Federal Deposit Insurance Corporation or its successor, or the National Credit Union Share Insurance Fund or its successor; (8) interest-bearing banking deposits other than those described by clause (7) if (A) the funds invested in the banking deposits are invested through: (i) a broker with a main office or branch office in this State that the City selects from a list the governing body or designated investment committee of the entity adopts as required by Section 2256.025, Texas Government Code; or (ii) a depository institution with a main office or branch office in the State that the City selects; (B) the broker or depository institution selected as described by (A) above arranges for the deposit of the funds in the banking deposits in one or more federally insured depository institutions, regardless of where located, for the investing entity's account; (C) the full amount of the principal and accrued interest of the banking deposits is insured by the United States or an instrumentality of the United States; and (D) the City appoints as its custodian of the banking deposits issued for its account: (i) the depository institution selected as described by (A) above; (ii) an entity described by Section 2257.041(d), Texas Government Code; or (iii) a clearing broker dealer registered with the SEC and operating under Securities and Exchange Commission Rule 15c3-3; (9) (i) certificates of deposit or share certificates meeting the requirements of the PFIA that are issued by an institution that has its main office or a branch office in the State and are guaranteed or insured by the Federal Deposit Insurance Corporation or the National Credit Union Share Insurance Fund, or their respective successors, and are secured as to principal by obligations described in clauses (1) through (8) or in any other manner and provided for by law for City deposits, or (ii) certificates of deposits where (a) the funds are invested by the City through (A) a broker that has its main office or a branch office in the State and is selected from a list adopted by the City as required by law, or (B) a depository institution that has its main office or branch office in the State that is selected by the City, (b) the broker or the depository institution selected by the City arranges for the deposit of the funds in certificates of deposit in one or more federally insured depository institutions, wherever located, for the account of the City, (c) the full amount of the principal and accrued interest of each of the certificates of deposit is insured by the United States or an instrumentality of the United States, and (d) the City appoints the depository institution selected under (a) above, a custodian as described by Section 2257.041(d) of the Texas Government Code, or a clearing broker-dealer registered with the SEC and operating pursuant to Securities and Exchange Commission Rule 15c3-3 (17 C.F.R. Section 240.15c3-3) as custodian for the City with respect to the certificates of deposit; (10) fully collateralized repurchase agreements that have a defined termination date, are secured by a combination of

cash and obligations described in clause (1), require the securities being purchased by the City or cash held by the City to be pledged to the City, held in the City's name, and deposited at the time the investment is made with the City or with a third party selected and approved by the City, and are placed through a primary government securities dealer, as defined by the Federal Reserve, or a financial institution doing business in the State; (11) certain bankers' acceptances with the remaining term of 270 days or less, if the short-term obligations of the accepting bank or its parent are rated at least "A-1" or "P-1" or the equivalent by at least one nationally recognized credit rating agency; (12) commercial paper with a stated maturity of 365 days or less that is rated at least "A-1" or "P-1" or the equivalent by either (a) two nationally recognized credit rating agencies or (b) one nationally recognized credit rating agency if the paper is fully secured by an irrevocable letter of credit issued by a United States or state bank; (13) no-load money market mutual funds registered with and regulated by the SEC that provide the City with a prospectus and other information required by the Securities Exchange Act of 1934 or the Investment Company Act of 1940 and that comply with Federal Securities and Exchange Commission Rule 2a-7 (17 C.F.R. Section 270.2a-7), promulgated under the Investment Company Act of 1940 (15 U.S.C. Section 80a-1 et seq.); (14) no-load mutual funds registered with the SEC that have an average weighted maturity of less than two years, and either (a) a duration of one year or more and invest exclusively in obligations described under this heading, or (b) a duration of less than one year and the investment portfolio is limited to investment grade securities, excluding asset-backed securities; and (15) for bond proceeds, guaranteed investment contracts that have a defined termination date and are secured by obligations, including letters of credit, of the United States or its agencies and instrumentalities, other than the prohibited obligations described below, in an amount at least equal to the amount of bond proceeds invested under such contract and are pledged to the City and deposited with the City or a third party selected and approved by the City. State law also permits the City to invest bond proceeds in a guaranteed investment contract, subject to limitations as set forth in the Public Funds Investment Act.

A political subdivision such as the City may enter into securities lending programs if (i) the securities loaned under the program are 100% collateralized, a loan made under the program allows for termination at any time and a loan made under the program is either secured by (a) obligations that are described in clauses (1) through (8) above, (b) irrevocable letters of credit issued by a state or national bank that is continuously rated by a nationally recognized investment rating firm at not less than "A" or its equivalent or (c) cash invested in obligations described in clauses (1) through (8) above, clauses (12) through (14) above, or an authorized investment pool; (ii) securities held as collateral under a loan are pledged to the City, held in the City's name and deposited at the time the investment is made with the City or a third party designated by the City; (iii) a loan made under the program through either a primary government securities dealer or a financial institution doing business in the State; and (iv) the agreement to lend securities has a term of one year or less.

The PFIA specifically prohibits the City from investing in: (1) obligations whose payment represents the coupon payments on the outstanding principal balance of the underlying mortgage-backed security collateral and pays no principal; (2) obligations whose payment represents the principal stream of cash flow from the underlying mortgage-backed security collateral and bears no interest; (3) collateralized mortgage obligations that have a stated final maturity of greater than 10 years; and (4) collateralized mortgage obligations the interest rate of which is determined by an index that adjusts opposite to the changes in a market index. In addition, the City is prohibited from investing any portion of bond proceeds, reserves and funds held for debt service in no-load mutual funds.

Additional Provisions . . . Under State law, the City Council is required to designate one or more investment officer who is responsible for the investment of the City's funds, under written investment policies that primarily emphasize safety of principal and liquidity; that address investment diversification, yield, maturity, and the quality and capability of investment management; and that includes a list of authorized investments for City funds, maximum allowable stated maturity of any individual investment and the maximum average dollar-weighted maturity allowed for pooled fund groups. All City funds must be invested consistent with a formally adopted "Investment Strategy Statement" that specifically addresses each fund's investment. Each Investment Strategy Statement will describe its objectives concerning: (1) suitability of investment type, (2) preservation and safety of principal, (3) liquidity, (4) marketability of each investment, (5) diversification of the portfolio and (6) yield.

Under State law, City investments must be made "with judgment and care, under prevailing circumstances, that a person of prudence, discretion, and intelligence would exercise in the management of the person's own affairs, not for speculation, but for investment, considering the probable safety of capital and the probable income to be derived." At least quarterly, the investment officers of the City shall submit an investment report: (1) that describes in detail the investment position of the City, (2) that all investment officers jointly prepared and signed the report, (3) that contains a summary statement, which includes the beginning market value, the ending market value and fully accrued interest during the reporting period of each pooled fund group, (4) that states the book value and market value of each separately listed asset at the beginning and end of the reporting period, (5) that states the maturity date of each separately invested asset, (6) that states the account or fund or pooled fund group for which each individual investment was acquired, and (7) that states the compliance of the investment portfolio as it relates to: (a) adopted investment strategy statements and (b) State law. The investment officers responsible for the investment of City funds must be designated by the City Council, and no person may invest City funds without express written authority from the City Council.

Under State law the City is additionally required to: (1) annually review its adopted policies and strategies; (2) require any investment officers with personal business relationships or relatives with firms seeking to sell securities to the entity to disclose the relationship and file a statement with the Texas Ethics Commission and the City Council; (3) adopt a rule, order, ordinance or resolution stating that it has reviewed its investment policy and investment strategies and records any changes made to either its investment policy or investment strategy in the respective rule, order, ordinance or resolution (4) require a qualified representative of firms seeking to sell securities to the City to: (a) receive and review the City's investment policy, (b) acknowledge that reasonable controls and procedures have been implemented in an effort to preclude unauthorized investment activities, and (c) deliver a written statement attesting to these requirements; (5) perform an annual audit of the management controls on investments and adherence to the City's investment policy; (6) provide specific investment training for the Treasurer, Chief Financial Officer and investment officers; (7) restrict reverse repurchase agreements to not more than 90 days and restrict the investment of reverse repurchase agreement funds to no greater than the term of the reverse repurchase agreement; (8) restrict the investment in non-money market mutual funds in the aggregate to no more than 15 percent of its monthly average fund balance, excluding bond proceeds and reserves and other funds held for debt service; (9) require local government investment pools to conform to the disclosure, rating, net asset value, yield calculation, and advisory board requirements of the PFIA and; (10) at least annually review, revise and adopt a list of qualified brokers that are authorized to engage in investment transactions with the City. As used herein, "business organization" means a public funds investment pool or an investment

management firm under the contract with the City's investment portfolio that has accepted authority granted by the City under control to exercise investment discretion in regard to the City's funds.

Under State law, the City may contract with an investment management firm registered under the Investment Advisers Act of 1940 (15 U.S.C. Section 80b-1 et seq.) or with the State Securities Board to provide for the investment and management of its public funds or other funds under its control for a term up to two years, but the City retains ultimate responsibility as fiduciary of its assets. In order to renew or extend such a contract, the City must do so by order, ordinance, or resolution.

City Investment Policy . . . City policy requires investments in accordance with applicable State law, specifically the PFIA. The City's Investment Policy does not permit the investment of City funds in all eligible investments permitted by Texas law. Of those eligible investments described above under "Legal Investments", bankers' acceptances, commercial paper, certain collateralized mortgage obligations, reverse repurchase agreements, no-load mutual funds, State of Israel bonds and guaranteed investment contracts are not authorized for investment purposes under the City's Investment Policy. The City generally invests in obligations of the United States or its agencies and instrumentalities and in "Aaa"-rated no-load money market mutual funds and local government investment pools. In addition to such limitations, the City's Investment Policy permits the investment of bond funds (including debt service and reserve funds) in the manner permitted by the respective ordinances authorizing the issuance of bonds.

Neither the PFIA nor the City's Investment Policy govern the investment of pension and other deferred compensation funds, and those funds are not included in the investment totals below.

Current Investments . . . The following table represents, as of September 30, 2020, percentages by investment type applied to the City's investable funds, which had an unaudited aggregate market value of \$2,259,959,845.

Description	Market Value	% of Total
U.S. Agencies Bonds	\$ 691,542,353	30.60%
U.S. Treasury Bonds	242,538,670	10.73%
Public Funds Interest Checking Account	100,123,419	4.43%
Money Market Mutual Funds	1,225,755,403	54.24%
Total / Average	2,259,959,845	100.00%

PENSION PLANS

Eligible City Department employees participate in the Employees' Retirement Fund of the City ("ERF"), a description of which is set forth below. City police and firefighters participate in separate retirement plans, the Dallas Police and Fire Pension System pension plans.

In accordance with the Texas Constitution and related statutes, each of the City's pension plans is administered by a board of trustees that are selected in accordance with the terms of the relevant plan document. These separate boards are responsible for administering each plan; hiring a plan administrator; selecting legal counsel; selecting the plan's actuary; and approving sound actuarial assumptions for each plan. The contributions made to each plan by the City and the employees who participate in each plan are determined by the terms of the plan documents and relevant City ordinances. The amount of the contributions described in the plan documents are either fixed by statute; determined by a fixed formula described in the plan that is based on annual calculations made by the plan's actuary; or based on an actuarial calculation with specified assumptions and approved by the relevant board. Additionally, each board administers a qualified governmental excess benefit arrangement associated with each plan which is maintained solely for the purpose of providing its members with that part of the members' benefits that would have been provided under its qualified plan but for certain limitations imposed by the Internal Revenue Code. The City is making all of the contributions as statutorily required by the plan documents. The financial information below is based entirely on information provided to the City by each plan administrator on behalf of each plan's board of trustees.

At the date of this Official Statement, the City has received the audited Comprehensive Annual Financial Report from the Employees' Retirement Fund of the City of Dallas for the period ended December 31, 2018. For additional detail about the City's schedule of employer contributions, actuarial methods and assumptions, funded status and funded progress based on the plans' December 31, 2018 actuarial studies, see the City's Comprehensive Annual Financial Report for the fiscal year ended September 30, 2019, particularly Note 17.

Employees' Retirement Fund of the City . . . All eligible employees of the City, excluding fire fighters and police officers, participate in the ERF. As of the fiscal year ended September 30, 2019, employees of the Dallas Water Utilities comprised approximately 18 % of the total City-covered payroll for the ERF. The pension plan consists of Tier A and Tier B members.

On November 8, 2016, the City voters passed Proposition 1 authorizing certain amendments to Chapter 40A of the City Code affecting the terms of the ERF for employees hired on and after January 1, 2017. The amendments include, but are not limited to, increasing the retirement age from 60 to 65 with five years of credited service, decreasing the percentage multiplier used to calculate benefits from 2.75% to 2.50%, eliminating health benefit supplements and lowering the cap on cost of living adjustment from 5% to 3%. At the time of the change, ERF projected that the amendments would reduce pension liabilities

of the ERF over the next 30 years by approximately \$2.15 billion over what the liabilities may have been if the changes to be effected through the passage of Proposition 1 had not been approved.

Members hired prior to January 1, 2017 (Tier A) have vested rights to retirement benefits after five years of service or to survivor benefits after two years of service. Benefits are based on credited service and the average monthly earnings for the three highest paid calendar years. Members of the Tier A are entitled to normal retirement pension at age 60; early retirement pension at age 55 if employed prior to May 9, 1972 or age 50 and age plus years of service total 78; service retirement pension at any age after 30 years of credited service and disability retirement pension as determined by the board of trustees. Cost of living adjustments for retirees are made each year on January 1 by adjusting the pension base by the percentage change of the consumer price index, not to exceed 5 percent.

Members hired after December 31, 2016 (Tier B) have vested rights to retirement benefits after five years of service or to survivor benefits after two years of service. Benefits are based on credited service and the average monthly earnings for the five highest paid calendar years. Members of Tier B are entitled to normal retirement pension at age 65; early retirement pension with a reduced benefit prior to age 65 and age plus years of service total 80; and service retirement pension at any age after 40 years of credited service and disability retirement pension as determined by the board of trustees. Cost of living adjustments for retirees are made each year on January 1 by adjusting the pension base by the percentage change of the consumer price index, not to exceed 3 percent.

Amendments to Chapter 40A of the Dallas City Code, other than provisions required to comply with Federal law, may only be made by a proposal initiated by either the board of trustees of the ERF or the City Council which results in an ordinance approved by the board, adopted by the City Council, and approved by a majority of the voters voting at a general or special election.

Contribution rates for employees and the City are subject to annual adjustments based on actuarial determinations and fixed formulas. Employees pay 37% and the City pays 63% of the total cost of the ERF, including the debt service on the City's outstanding pension obligation bonds, but not exceeding 36% of payroll. This funding approach was added to the ERF plan terms in preparation for the issuance of pension obligation bonds in 2005 to support the City's long-term funding of the plan during future business cycles. On January 19, 2005, the City issued \$399,347,609 par value Taxable General Obligation Pension Bonds, Series 2005. Proceeds totaling \$533,397,000 were contributed to the ERF to partially fund an unfunded actuarial accrued liability of approximately \$646 million, which had been identified in the annual actuarial report of 2003. ERF invested the contributed proceeds consistent with its investment policy.

For the fiscal year ended September 30, 2019, each employee contributed 13.32% and the City contributed 22.68% of pay for a total of 36.00%. For the fiscal year beginning October 1, 2019, the member total contribution rate is 13.32% and the City's portion is 22.68%, in accordance with the plan document that is codified as Chapter 40A of the Dallas City Code ("Chapter 40A"). A portion of the City's contribution is expected to pay \$36,908,687.10 in debt service on the pension obligation bonds during the fiscal year beginning on October 1, 2019.

As of December 31, 2017, the ERF reported the Net Pension Liability (NPL) was \$765,585,000 and the funded ratio based on the NPL was 82.51%. As of December 31, 2018, the ERF reported the Net Pension Liability (NPL) was \$2,265,651,000 and the funded ratio based on the NPL was 59.16%.

For additional detail about the City's schedule of employer contributions, actuarial methods and assumptions, funded status and funded progress, see the City's Comprehensive Annual Financial Report for the fiscal year ended September 30, 2019, particularly Note 17.

Dallas Police and Fire Pension System . . . The Dallas Police and Fire Pension System (the "Pension System") is a qualified pension plan with multiple benefit structures reflecting various amendments that were made to the Pension System over the years and which is generally divided between Group A and Group B members. All eligible employees of the Fire Rescue Department and Police Department participate in one of the benefit structures within the plan, with Group B covering more than 98% of the members. Participation in Group B is mandatory for those employed on or after March 1, 1973. All contributing members of the Pension System were hired after that date and are now covered in Group B. More information as to who qualifies for which group can be found in Article 6243a-1 of the Revised Civil Statutes of Texas.

Governance. The legal authority for the Pension System is Article 6243a-1 of the Revised Civil Statutes of Texas. The Pension System is administered by an eleven member board of trustees composed of six trustees appointed by the Mayor, in consultation with the City Council, three non-Pension System participant trustees vetted and nominated by a nomination committee elected by active members and pensioners, one current or retired firefighter elected by active members of the fire rescue department, and one current or retired police officer elected by active police officers.

Recent Legislative Changes to the Pension System. On May 31, 2017, Texas Governor Greg Abbott signed into law House Bill 3158, affecting the Pension System. House Bill 3158 primarily amends 6243a-1, Texas Revised Statutes, including amendments to provisions concerning benefits, contributions, and governance, among other things. The changes in the bill took effect September 1, 2017. House Bill 3158 also prohibited lump-sum distributions from individual Deferred Retirement Option Plan ("DROP") accounts, which was the board's prior policy. Specifically, House Bill 3158 adjusted the benefit multiplier to 2.5 percent with a normal retirement age of 58, and a maximum income replacement of 90 percent for all members on a prospective basis. Prior to September 6, 2017, the City made statutorily required contributions of 27.5 percent of total wages and salaries as defined in the Pension System's plan document and Article 6243a-1. After September 5, 2017, the City contributes 34.5 percent of computation pay or a hard-wired amount set forth in the bill based on certain hiring assumptions, with a floor for seven years, plus \$13 million per year until the end of 2024. A member's contribution rate increased from 4 percent (if participating in DROP) or 8.5 percent (if not participating in DROP) to 13.5 percent, also calculated on computation pay. For 2018, the City contribution was \$152 million. In 2024, an independent actuary will also assess the Pension System and recommend any changes needed to maintain the actuarial soundness of the Pension System.

Description of Benefits. Members are entitled to service retirement, death, and disability benefits as well as participation in DROP. Member benefits differ depending on group membership and hire date. Benefit descriptions can be found in Part 6, “Benefits,” of 6243a-1, which also serves as the System’s plan document and is posted on the System’s website here: <https://www.dpfp.org/Resources/5c5a268e-52a4-46d3-a208-a6fb705c5da2/Art.%206243a-1.%20PENSION%20SYSTEM%20FOR%20POLICE%20OFFICERS%20AND%20FIREFIGHTERS%20IN%20CERTAIN%20CITIES.pdf?TrackID=Art.%206243a1.%20PENSION%20SYSTEM%20FOR%20POLICE%20OFFICERS%20AND%20FIREFIGHTERS%20IN%20CERTAIN%20CITIES.pdf> Members who are eligible to retire are allowed to enter DROP. The member’s monthly benefit remains in a DROP account which does not accumulate interest. Upon retirement from the City, the member receives annuitized benefits from his or her their DROP account; however, under certain hardship circumstances, members may be eligible to withdraw a lump sum amount. The total DROP account balance was \$1.01 billion at December 31, 2018.

Other Post-Employment Benefits . . In addition to pension benefits, the City provides certain other postemployment benefits for retired employees (“OPEB”). On October 1, 2017, the City implemented Governmental Accounting Standards Board Statement No. 75, “Accounting and Financial Reporting for Postemployment Benefits Other Than Pension.” This Statement establishes standards for recognizing and measuring liabilities, deferred outflows of resources, deferred inflows of resources, and expenses/expenditures. For defined benefit OPEB, this Statement identifies the methods and assumptions that are required to be used to project benefit payments, to their actuarial present value, and attribute that present value to periods of employee service. The City ended subsidization of these benefits for employees hired on or after January 1, 2010.

The City received an actuarial valuation report from an outside consultant regarding the OPEB liability for the fiscal years ended September 30, 2018 and 2019. The balance of the City’s OPEB liability for the fiscal years ended September 30, 2018 and 2019 was estimated to be \$511 million and \$565 million, respectively.

For more information concerning the City’s OPEB for fiscal year ended September 30, 2019, see the City’s Comprehensive Annual Financial Report for the year ended September 30, 2019 and Note 20 thereto.

LEGAL MATTERS

LITIGATION

The City is a party to various lawsuits in the normal course of business. It is the opinion of the City Attorney and City Management that, except as described herein below, there is no pending litigation against the City that if decided adversely to the City, would have a material adverse financial impact upon the City or its operations.

City Lawsuits

On February 13, 2014, Trinity East Energy, LLC ("Trinity East") filed a lawsuit against the City of Dallas ("City") for alleged damages suffered by Trinity East as a result of the City's denial of Trinity East's application for specific use permits to drill for gas on certain City park land. The case was assigned to the 192nd District Court in Dallas County. A jury trial on Trinity East's claims commenced on January 27, 2020.

On February 6, 2020, the jury rendered a verdict in favor of Trinity East on its statutory fraud and negligent misrepresentation causes of action and determined the damages resulting from those claims were \$23,414,148.80. The jury also returned a verdict in connection with Trinity East's regulatory taking (inverse condemnation) cause of action, determining the difference in the fair market value of Trinity East's property immediately before and immediately after the specific use permit denials on August 28, 2013 to be \$33,639,000.00. The jury also returned a verdict finding the City did not fail to comply with its lease with Trinity East. The court then concluded as a matter of law that the City had engaged in a regulatory taking of Trinity East's property by failing to approve one or more of the specific use permit applications. Because the damages available to Trinity East on its regulatory taking claim were greater than the damages available on its other claims, the court entered judgment for Trinity East on that claim. Thus, the final judgment awarded Trinity East as a result of the jury trial is: (a) damages in the amount of \$33,639,000.00; (b.) prejudgment interest in the amount of \$10,944,195.21; (c.) post-judgment interest at the rate of 5% per annum from the date of judgment until paid; and (d) costs of court. The final judgment was entered on February 27, 2020. The City filed a motion for a new trial on March 20, 2020 which was denied on April 13, 2020. The City filed a notice of appeal with the Dallas County Court of Appeals by the May 27, 2020 deadline.

In October 2014, the City Attorney publicly reported to the City Council that Dallas Fire-Rescue has misplaced approximately 14 laptops that may contain certain patient health information subject to privacy restrictions under the Health Insurance Portability and Accountability Act ("HIPAA"). Preliminary information has been conveyed to the U.S. Department of Health and Human Services (HHS) Office for Civil Rights ("OCR"), the agency that enforces HIPAA. By letter dated April 21, 2015, OCR notified the Dallas Fire-Rescue Department that it is investigating whether Dallas Fire-Rescue is in compliance with the applicable federal standards for Privacy of Individually Identifiable Health Information and the Security Standards for the Protection of Electronic Protected Health Information and the Breach Notification Rule. OCR directed Dallas Fire-Rescue to respond to 13 requests for information to determine its compliance status. Dallas Fire-Rescue responded on May 27, 2015. Since the City entered into several contracts with third party vendors as part of its plan to comply with the regulations, the City is investigating whether it may have claims against those third party vendors and, if so, the amount of damages that may be recoverable to the City. If the City is fined by HHS, it is undetermined: (1) when the HHS determination as to the imposition of a fine against the City will be made; (2) whether the City would appeal the HHS determination; and (3) if, or when, the City would pay the fine amount. Based on the limited facts known to the City at this stage of the investigation, the City does not believe the amount of any fine would have a material adverse financial impact on the City or its operations.

Certain former and current employees of the Code Compliance Services Department of the City (the "Code Department") brought a collective action lawsuit (*Terrance Bass, Barry Boyd, Elizabeth Lopez, and Joseph Scott v. City of Dallas*, Civil Action No. 3:17-cv-03330-C) for violations under the Fair Labor Standards Act ("FLSA"). The plaintiffs are asserting that they were paid at their regular rate of pay when they worked more than 40 hours in a work week, and were not paid overtime for answering calls and emails during lunch and after hours. A federal judge conditionally certified a collection action with respect to certain Code Department employees. The City anticipates the final class will contain 80 or 81 plaintiffs. If a plaintiff succeeds against the City under the FLSA, the plaintiff is entitled to liquidated (double) damages, as well as attorney's fees, and a damage award in this case could exceed \$1,000,000.

Several individuals have filed claims and lawsuits against the City arising out of the May and June 2020 protests and demonstrations in the City following the death of George Floyd in Minneapolis, Minnesota. Central to those claims and lawsuits are allegations relating to the City's Police Department's (DPD) response to protesters during those demonstrations and protests. The allegations in those claims and lawsuit are that the City has unconstitutional policies or customs that permit DPD officers to unlawfully seize peaceful protesters through the use of excessive force in retaliation for engaging in constitutionally protected activity. They also assert that the City has unconstitutional policies and customs concerning DPD's alleged failure to train, supervise, and discipline its officers. The City is in the early stages of evaluating the claims. If the City or its employees were to be liable and it is determined that the City is responsible for paying the judgment, a damage award in the protests cases could exceed \$1,000,000.

SEQUESTRATION TRANSPARENCY ACT OF 2012

Pursuant to the requirements of the Balanced Budget and Emergency Deficit Control Act of 1985, as amended, certain automatic reductions in federal spending took effect as of March 1, 2013. These required reductions in federal spending include a reduction to refundable credits under section 6431 of the Internal Revenue Code (the "Code") applicable to certain qualified bonds, including "build America bonds" issued pursuant to section 54AA of the Code for which an issuer elected to receive a direct credit subsidy payment pursuant to section 6431 of the Code.

For such qualified bonds eligible for the direct credit subsidy payment, the Office of Management and Budget ("OMB") set a sequester percentage (i.e. reduction) of 5.1% (the annualized percentage was 8.7%) for FY 2013, 7.2% for FY 2014, 7.3% for FY 2015, 6.8% for FY 2016, 6.9% for FY 2017, 6.6% for FY 2018, 6.2% for FY 2019, and 5.9% for FY 2020. For FY 2021, the OMB set the sequester percentage at 5.7%, which applies to any payments processed on or after October 1, 2020 and on or before September 30, 2021, unless and until a law is enacted that cancels or otherwise

impacts the sequester. Sequestration may continue past September 30, 2021, and the sequestration percentage may increase or decrease in any fiscal year.

The City has previously issued its General Obligation Bonds, Taxable Series 2010B (Direct Subsidy Build America Bonds), and the Dallas Convention Center Hotel Development Corporation (the "Corporation") has previously issued its Hotel Revenue Bonds, Taxable Series 2009B Bonds (Build America Bonds – Direct Payment) (collectively, the "Affected Bonds"). It is anticipated that the federal payments to the City and to the Corporation for such Affected Bonds will be reduced as described above. Pursuant to the authorizing documents relating to the issuance of the Affected Bonds, the City and the Corporation, respectively, are required to make interest and principal payments on the Affected Bonds regardless of whether any federal funding is received. The reductions in the payments to be received by the City and the Corporation have not materially adversely affected the financial condition or operations of the City or the Corporation. However, the City can make no prediction as to the length or long-term effects of the sequestration.

CYBER SECURITY

Computer networks and data transmission and collection are vital to operations of the City. Information technologies and infrastructure of the City may be subject to attacks by external or internal cyberthreats and may be subject to breach by employee error, negligence, or malfeasance. An attack or breach could compromise systems and the information stored thereon, resulting in the loss of confidential or proprietary data and disruption to City operations. To mitigate the risk of business operational impact and/or damage from cybersecurity incidents or cyber-attacks, the City invests in multiple forms of cybersecurity technologies and operational safeguards, including insurance. While City cybersecurity and operational safeguards are periodically tested, no assurance can be given by the City that such measures will ensure against all cybersecurity threats and attacks, whereas a potential breach could damage some City systems and technologies and, in certain instances, possibly cause material disruption to the City's finances or operations.

REGISTRATION AND QUALIFICATION OF OBLIGATIONS FOR SALE

The sale of the Obligations has not been registered under the Federal Securities Act of 1933, as amended, in reliance upon the exemption provided thereunder by Section 3(a)(2); and the Obligations have not been qualified under the Securities Act of Texas in reliance upon various exemptions contained therein; nor have the Obligations been qualified under the securities acts of any jurisdiction. The City assumes no responsibility for qualification of the Obligations under the securities laws of any jurisdiction in which the Obligations may be sold, assigned, pledged, hypothecated or otherwise transferred. This disclaimer of responsibility for qualification for sale or other disposition of the Obligations shall not be construed as an interpretation of any kind with regard to the availability of any exemption from securities registration provisions.

LEGAL INVESTMENTS AND ELIGIBILITY TO SECURE PUBLIC FUNDS IN TEXAS

Section 1201.041 of the Public Security Procedures Act (Chapter 1201, Texas Government Code) provides that the Obligations are negotiable instruments governed by Chapter 8, Texas Business and Commerce Code, and are legal and authorized investments for insurance companies, fiduciaries, and trustees, and for the sinking funds of municipalities or other political subdivisions or public agencies of the State. With respect to investment in the Obligations by municipalities or other political subdivisions or public agencies of the State, the PFIA, Chapter 2256, Texas Government Code, requires that the Obligations be assigned a rating of not less than "A" or its equivalent as to investment quality by a national rating agency. See "OTHER INFORMATION – Ratings" below. In addition, various provisions of the Texas Finance Code provide that, subject to a prudent investor standard, the Obligations are legal investments for state banks, savings banks, trust companies with capital of one million dollars or more, and savings and loan associations. The Obligations are eligible to secure deposits of any public funds of the State, its agencies, and its political subdivisions, and are legal security for those deposits to the extent of their market value. No review by the City has been made of the laws in other states to determine whether the Obligations are legal investments for various institutions in those states.

LEGAL OPINIONS

The City will furnish a complete transcript of proceedings had incident to the authorization and issuance of the Obligations, including the unqualified approving legal opinion of the Attorney General of Texas approving the Initial Tax-Exempt Bond, the Initial Contractual Obligation, and the Initial Taxable Bond and to the effect that the Obligations are valid and legally binding obligations of the City, and based upon examination of such transcript of proceedings, the approving legal opinions of Co-Bond Counsel, to like effect and to the effect that the interest on the Tax-Exempt Bonds and Contractual Obligations will be excludable from gross income for federal income tax purposes under existing law, subject to the matters described under "TAX MATTERS" herein. The customary closing papers, including a certificate to the effect that no litigation of any nature has been filed or is then pending to restrain the issuance and delivery of the Obligations, or which would affect the provision made for their payment or security, or in any manner questioning the validity of such Obligations will also be furnished. Co-Bond Counsel was not requested to participate, and did not take part, in the preparation of the Notice of Sale and Bidding Instructions, the Official Bid Form and the Official Statement for either the Tax-Exempt Bonds, the Contractual Obligations, or the Taxable Bonds, respectively, and such firms have not assumed any responsibility with respect thereto or undertaken independently to verify any of the information contained therein, except that, in their capacity as Co-Bond Counsel, such firms have reviewed the information describing the Obligations in the Official Statement to verify that such description conforms to the provisions of the Authorizations, respectively. The legal fees to be paid Co-Bond Counsel for services rendered in connection with the issuance of the Obligations is contingent on the sale and delivery of the Obligations. The legal opinions will accompany the Obligations deposited with DTC or will be printed on the Obligations in the event of the discontinuance of the Book-Entry Only System. Certain legal matters will be passed upon for the City by Norton Rose Fulbright US LLP, Dallas, Texas and Kintop Smith, PLLC, Dallas, Texas Co-Disclosure Counsel for the City.

The various legal opinions to be delivered concurrently with the delivery of the Obligations express the professional judgment of the attorneys rendering the opinions as to the legal issues explicitly addressed therein. In rendering a legal opinion, the attorney does not become an insurer or guarantor of

the expression of professional judgment, of the transaction opined upon, or of the future performance of the parties to the transaction. Nor does the rendering of an opinion guarantee the outcome of any legal dispute that may arise from the transaction.

TAX MATTERS

TAX EXEMPTION OF THE TAX-EXEMPT OBLIGATIONS

The following discussion of certain federal income tax considerations is for general information only and is not tax advice. Each prospective purchaser of the Tax-Exempt Obligations should consult its own tax advisor as to the tax consequences of the acquisition, ownership and disposition of the Tax-Exempt Obligations.

In the opinion of Co-Bond Counsel, under existing law, interest on the Tax-Exempt Obligations is excludable from gross income for federal income tax purposes under section 103 of the Internal Revenue Code of 1986, as amended (the "Code"), and is not a specific preference item for purposes of the alternative minimum tax.

The Code imposes a number of requirements that must be satisfied for interest on state or local obligations, such as the Tax-Exempt Obligations, to be excludable from gross income for federal income tax purposes. These requirements include limitations on the use of obligation proceeds and the source of repayment of the obligations, limitations on the investment of obligation proceeds prior to expenditure, a requirement that excess arbitrage earned on the investment of obligation proceeds be paid periodically to the United States and a requirement that the issuer file an information report with the Internal Revenue Service (the "Service"). The City has covenanted in the Tax-Exempt Bond Ordinance and the Contractual Obligation Ordinance that it will comply with these requirements.

Co-Bond Counsel's opinion will assume continuing compliance with the covenants of the Tax-Exempt Bond Ordinance and the Contractual Obligation Ordinance pertaining to those sections of the Code that affect the excludability of interest on the Tax-Exempt Obligations from gross income for federal income tax purposes and, in addition, will rely on representations by the City, the City's Co-Financial Advisors and the Initial Tax-Exempt Bond Purchaser and the Initial Contractual Obligation Purchaser, respectively, with respect to matters solely within the knowledge of the City, the City's Co-Financial Advisors and the Initial Tax-Exempt Bond Purchaser and the Initial Contractual Obligation Purchaser, respectively, which Co-Bond Counsel has not independently verified. If the City fails to comply with the covenants in the Tax-Exempt Bond Ordinance and Contractual Obligations Ordinance or if the foregoing representations are determined to be inaccurate or incomplete, interest on the Tax-Exempt Obligations could become includable in gross income from the date of delivery of the Tax-Exempt Obligations, regardless of the date on which the event causing such inclusion occurs.

Except as stated above, Co-Bond Counsel will express no opinion as to any federal, state or local tax consequences resulting from the receipt or accrual of interest on, or acquisition, ownership or disposition of, the Tax-Exempt Obligations.

Co-Bond Counsel's opinions are based on existing law, which is subject to change. Such opinions are further based on Co-Bond Counsel's knowledge of facts as of the date thereof. Co-Bond Counsel assumes no duty to update or supplement its opinions to reflect any facts or circumstances that may thereafter come to Co-Bond Counsel's attention or to reflect any changes in any law that may thereafter occur or become effective. Moreover, Co-Bond Counsel's opinions are not a guarantee of result and are not binding on the Service; rather, such opinions represent Co-Bond Counsel's legal judgment based upon its review of existing law and in reliance upon the representations and covenants referenced above that it deems relevant to such opinions. The Service has an ongoing audit program to determine compliance with rules that relate to whether interest on state or local obligations is includable in gross income for federal income tax purposes. No assurance can be given as to whether or not the Service will commence an audit of the Tax-Exempt Obligations. If an audit is commenced, in accordance with its current published procedures the Service is likely to treat the City as the taxpayer and the Owners may not have a right to participate in such audit. Public awareness of any future audit of the Tax-Exempt Obligations could adversely affect the value and liquidity of the Tax-Exempt Obligations regardless of the ultimate outcome of the audit.

ADDITIONAL FEDERAL INCOME TAX CONSIDERATIONS

COLLATERAL TAX CONSEQUENCES...Prospective purchasers of the Tax-Exempt Obligations should be aware that the ownership of Tax-Exempt Obligations may result in collateral federal income tax consequences to financial institutions, life insurance and property and casualty insurance companies, certain S corporations with Subchapter C earnings and profits, individual recipients of Social Security or Railroad Retirement benefits, taxpayers who may be deemed to have incurred or continued indebtedness to purchase or carry Tax-Exempt Obligations, low and middle income taxpayers otherwise qualifying for the health insurance premium assistance credit and individuals otherwise qualifying for the earned income tax credit. In addition, certain foreign corporations doing business in the United States may be subject to the "branch profits tax" on their effectively connected earnings and profits, including tax-exempt interest such as interest on the Tax-Exempt Obligations. These categories of prospective purchasers should consult their own tax advisors as to the applicability of these consequences. Prospective purchasers of the Tax-Exempt Obligations should also be aware that, under the Code, taxpayers are required to report on their returns the amount of tax-exempt interest, such as interest on the Tax-Exempt Obligations, received or accrued during the year.

TAX ACCOUNTING TREATMENT OF ORIGINAL ISSUE PREMIUM...The issue price of a portion of the Tax-Exempt Obligations exceeds the stated redemption price payable at maturity of such Tax-Exempt Obligations. Such Tax-Exempt Obligations (the "Premium Obligations") are considered for federal income tax purposes to have "bond premium" equal to the amount of such excess. The basis of a Premium Obligation in the hands of an initial owner is reduced by the amount of such excess that is amortized during the period such initial owner holds such Premium Obligation in determining gain or loss for federal income tax purposes. This reduction in basis will increase the amount of any gain or decrease the amount of any loss recognized for federal income tax purposes on the sale or other taxable disposition of a Premium Obligation by the initial owner. No corresponding deduction is allowed for federal income tax purposes for the reduction in basis resulting from amortizable bond premium. The amount of bond premium on a Premium Obligation that is amortizable each year (or shorter period in the event of a sale or disposition of a Premium Obligation) is determined using the yield to maturity on the Premium Obligation based on the initial offering price of such Premium Obligation.

The federal income tax consequences of the purchase, ownership and redemption, sale or other disposition of Premium Obligations that are not purchased in the initial offering at the initial offering price may be determined according to rules that differ from those described above. All owners of Premium Obligations should consult their own tax advisors with respect to the determination for federal, state, and local income tax purposes of amortized bond premium upon the redemption, sale or other disposition of a Premium Obligation and with respect to the federal, state, local, and foreign tax consequences of the purchase, ownership, and sale, redemption or other disposition of such Premium Obligations.

TAX ACCOUNTING TREATMENT OF ORIGINAL ISSUE DISCOUNT...The issue price of a portion of the Tax-Exempt Obligations is less than the stated redemption price payable at maturity of such Tax-Exempt Obligations (the "Original Issue Discount Obligations"). In such case, the difference between (i) the amount payable at the maturity of each Original Issue Discount Obligation, and (ii) the initial offering price to the public of such Original Issue Discount Obligation constitutes original issue discount with respect to such Original Issue Discount Obligation in the hands of any owner who has purchased such Original Issue Discount Obligation in the initial public offering of the Tax-Exempt Obligations. Generally, such initial owner is entitled to exclude from gross income (as defined in section 61 of the Code) an amount of income with respect to such Original Issue Discount Obligation equal to that portion of the amount of such original issue discount allocable to the period that such Original Issue Discount Obligation continues to be owned by such owner. Because original issue discount is treated as interest for federal income tax purposes, the discussions regarding interest on the Tax-Exempt Obligations under the captions "TAX MATTERS – Tax Exemption of the Tax-Exempt Obligations" and "TAX MATTERS – Additional Federal Income Tax Considerations – Collateral Tax Consequences" and "—Tax Legislative Changes" generally apply and should be considered in connection with the discussion in this portion of the Official Statement.

In the event of the redemption, sale or other taxable disposition of such Original Issue Discount Obligation prior to stated maturity, however, the amount realized by such owner in excess of the basis of such Original Issue Discount Obligation in the hands of such owner (adjusted upward by the portion of the original issue discount allocable to the period for which such Original Issue Discount Obligation was held by such initial owner) is includable in gross income.

The foregoing discussion assumes that (i) the Initial Tax-Exempt Bond Purchaser and the Initial Contractual Obligation Purchaser, respectively, have purchased the Tax-Exempt Obligations for contemporaneous sale to the public and (ii) all of the Original Issue Discount Obligations have been initially offered, and a substantial amount of each maturity thereof has been sold, to the general public in arm's-length transactions for a price (and with no other consideration being included) not more than the initial offering prices thereof stated on the inside cover page of this Official Statement. Neither the City nor Co-Bond Counsel has made any investigation or offers any comfort that the Original Issue Discount Obligations will be offered and sold in accordance with such assumptions.

Under existing law, the original issue discount on each Original Issue Discount Obligation accrues daily to the stated maturity thereof (in amounts calculated as described below for each six-month period ending on the date before the semiannual anniversary dates of the date of the Tax-Exempt Obligations and ratably within each such six-month period) and the accrued amount is added to an initial owner's basis for such Original Issue Discount Obligation for purposes of determining the amount of gain or loss recognized by such owner upon the redemption, sale or other disposition thereof. The amount to be added to basis for each accrual period is equal to (i) the sum of the issue price and the amount of original issue discount accrued in prior periods multiplied by the yield to stated maturity (determined on the basis of compounding at the close of each accrual period and properly adjusted for the length of the accrual period) less the amounts payable as current interest during such accrual period on such Original Issue Discount Obligation.

The federal income tax consequences of the purchase, ownership, and redemption, sale or other disposition of Original Issue Discount Obligations that are not purchased in the initial offering at the initial offering price may be determined according to rules that differ from those described above. All owners of Original Issue Discount Obligations should consult their own tax advisors with respect to the determination for federal, state, and local income tax purposes of interest accrued upon redemption, sale or other disposition of such Original Issue Discount Obligations and with respect to the federal, state, local and foreign tax consequences of the purchase, ownership, redemption, sale or other disposition of such Original Issue Discount Obligations.

TAX LEGISLATIVE CHANGES...Current law may change so as to directly or indirectly reduce or eliminate the benefit of the excludability of interest on the Tax-Exempt Obligations from gross income for federal income tax purposes. Any proposed legislation, whether or not enacted, could also affect the value and liquidity of the Tax-Exempt Obligations. Prospective purchasers of the Tax-Exempt Obligations should consult with their own tax advisors with respect to any recently-enacted, proposed, pending or future legislation.

TAXABLE BONDS TAX MATTERS

THE FOLLOWING DISCUSSION OF CERTAIN U.S. FEDERAL INCOME TAX CONSIDERATIONS IS FOR GENERAL INFORMATION ONLY AND IS NOT TAX ADVICE. EACH PROSPECTIVE INVESTOR SHOULD CONSULT ITS OWN TAX ADVISOR AS TO THE TAX CONSEQUENCES OF THE ACQUISITION, OWNERSHIP AND DISPOSITION OF THE TAXABLE BONDS, INCLUDING THE EFFECT AND APPLICABILITY OF (I) U.S. FEDERAL, STATE, LOCAL OR FOREIGN TAX LAWS, (II) GIFT AND ESTATE TAX LAWS, AND (III) ANY INCOME TAX TREATY.

GENERAL

The following discussion summarizes certain material U.S. federal income tax considerations that may be relevant to the acquisition, ownership and disposition of the Taxable Bonds by an initial holder (as described below). This discussion is based upon the provisions of the Code, applicable U.S. Treasury Regulations promulgated thereunder, judicial authority and administrative interpretations, as of the date of this document, all of which are subject to change, possibly with retroactive effect, or are subject to different interpretations. Neither the City nor Co-Bond Counsel offers any assurance that the Service will not challenge one or more of the tax consequences described in this discussion, and neither the City nor Co-Bond Counsel has

obtained, nor do the City or Co-Bond Counsel intend to obtain, a ruling from the Service or an opinion of counsel with respect to the U.S. federal tax consequences of acquiring, holding or disposing of the Taxable Bonds.

This discussion is limited to holders who purchase the Taxable Bonds in this initial offering for a price equal to the issue price of the Taxable Bonds (i.e., the first price at which a substantial amount of the Taxable Bonds is sold for cash other than to bondhouses, brokers or similar persons or organizations acting in the capacity of underwriters, placement agents or wholesalers, the “Issue Price”) and who hold the Taxable Bonds as capital assets (generally, property held for investment). This discussion does not address the tax considerations arising under the laws of any foreign, state, local or other jurisdiction or income tax treaties or any U.S. federal estate or gift tax considerations. In addition, this discussion does not address all tax considerations that may be important to a particular holder in light of the holder’s circumstances or to certain categories of investors that may be subject to special rules, such as certain U.S. expatriates, banks, REITs, RICs, insurance companies, tax-exempt organizations, dealers or traders in securities or currencies, partnerships, S corporations, estates and trusts, investors that hold their Taxable Bonds as part of a hedge, straddle or an integrated or conversion transaction, or investors whose “functional currency” is not the U.S. dollar. Furthermore, it does not address (i) alternative minimum tax consequences for individuals or (ii) the indirect effects on persons who hold equity interests in a holder. This summary also does not consider the taxation of the Taxable Bonds under state, local or non-U.S. tax laws.

If a partnership (including an entity treated as a partnership for U.S. federal income tax purposes) holds the Taxable Bonds, the tax treatment of such partnership or a partner of such partnership generally will depend upon the status of the partner and the activities of the partnership. Partnerships acquiring Taxable Bonds and partners of partnerships acquiring the Taxable Bonds should consult their own tax advisors about the U.S. federal income tax consequences of acquiring, holding and disposing of the Taxable Bonds.

INVESTORS CONSIDERING THE PURCHASE OF THE TAXABLE BONDS ARE URGED TO CONSULT THEIR OWN TAX ADVISORS REGARDING THE APPLICATION OF THE U.S. FEDERAL INCOME TAX LAWS TO THEIR PARTICULAR SITUATIONS AS WELL AS ANY TAX CONSEQUENCES OF THE PURCHASE, OWNERSHIP OR DISPOSITION OF THE TAXABLE BONDS UNDER THE LAWS OF ANY STATE, LOCAL OR FOREIGN JURISDICTION OR UNDER ANY APPLICABLE TAX TREATY.

CERTAIN TAX CONSEQUENCES TO U.S. BONDHOLDERS

As used herein “U.S. Bondholder” means a beneficial owner of a Taxable Bond that for U.S. federal income tax purposes is an individual citizen or resident of the United States, a corporation or other entity taxable as a corporation created or organized in or under the laws of the United States or any state thereof (including the District of Columbia), an estate the income of which is subject to U.S. federal income taxation regardless of its source or a trust where a court within the United States is able to exercise primary supervision over the administration of the trust and one or more United States persons (as defined in the Code) have the authority to control all substantial decisions of the trust (or a trust that has made a valid election under U.S. Treasury Regulations to be treated as a domestic trust).

INTEREST ON THE TAXABLE BONDS

A U.S. Bondholder generally will be required to include as ordinary interest income any stated interest payments in income in accordance with its method of accounting for U.S. federal income tax purposes.

ORIGINAL ISSUE DISCOUNT

If the Issue Price of the Taxable Bonds of any stated maturity is less than their face amount by more than one quarter of one percent times the number of complete years to maturity, the Taxable Bonds of such maturity will be treated as being issued with “original issue discount.” The amount of the original issue discount will equal the excess of the principal amount payable on such Taxable Bonds at maturity over the Issue Price, and the amount of the original issue discount on such Taxable Bonds will be amortized over the life of the Taxable Bonds using the “constant yield method” provided in the U.S. Treasury Regulations. As the original issue discount accrues under the constant yield method, the beneficial owners of the Taxable Bonds, regardless of their regular method of accounting, will be required to include such accrued amount in their gross income as interest. This can result in taxable income to the beneficial owners of such Taxable Bonds that exceeds actual cash interest payments to the beneficial owners in a taxable year.

The amount of the original issue discount that accrues on such Taxable Bonds each taxable year will be reported annually to the Service and to the beneficial owners. The portion of the original issue discount included in each beneficial owner’s gross income while the beneficial owner holds such Taxable Bonds will increase the adjusted tax basis of such Taxable Bonds in the hands of such beneficial owner.

PREMIUM

If the Issue Price of the Taxable Bonds of any stated maturity is greater than its stated redemption price at maturity, such beneficial owner will be considered to have purchased such Taxable Bond with “amortizable bond premium” equal in amount to such excess. A beneficial owner may elect to amortize such premium using a constant yield method over the remaining term of such Taxable Bond and may offset interest otherwise required to be included in respect of such Taxable Bond during any taxable year by the amortized amount of such excess for the taxable year. Taxable Bond premium on such Taxable Bond held by a beneficial owner that does not make such an election will decrease the amount of gain or increase the amount of loss otherwise recognized on the sale, exchange, redemption or retirement of such Taxable Bond. However, if such Taxable Bond may be optionally redeemed after the beneficial owner acquires it at a price in excess of its stated redemption price at maturity, special rules would apply under the U.S. Treasury Regulations which could result in a deferral of the amortization of some Taxable Bond premium until later in the term of such Taxable Bond. Any election to amortize Taxable Bond premium applies to all taxable debt instruments held by the beneficial owner on or after the first day of the first taxable year to which such election applies and may be revoked only with the consent of the Service.

DISPOSITION OF THE TAXABLE BONDS

A U.S. Bondholder will generally recognize capital gain or loss on the sale, redemption, exchange, retirement or other taxable disposition of a Taxable Bond. This gain or loss will equal the difference between the U.S. Bondholder's adjusted tax basis in the Taxable Bond and the amount realized (excluding any proceeds attributable to accrued but unpaid stated interest which will be recognized as ordinary interest income to the extent any such Bondholder has not previously included such amounts in income) by the Bondholder. A U.S. Bondholder's adjusted tax basis in the Taxable Bonds will generally equal the amount the U.S. Bondholder paid for the Taxable Bonds increased by any original issue discount previously included in the Bondholder's income and decreased by the amount of the Taxable Bond premium that has been previously amortized. The gain or loss generally will be long-term capital gain or loss if the Bondholder held the Taxable Bonds for more than one year at the time of the sale, redemption, exchange, retirement or other taxable disposition. Long-term capital gains of individuals, estates and trusts currently are subject to a reduced rate of U.S. federal income tax. The deductibility of capital losses is subject to certain limitations.

INFORMATION REPORTING AND BACKUP WITHHOLDING

Information reporting will apply to payments of principal and interest made by the City on, or the proceeds of the sale or other disposition of, the Taxable Bonds with respect to U.S. Bondholders (unless such holder is an exempt recipient such as a corporation), and backup withholding may apply unless the recipient of such payment provides the appropriate intermediary with a taxpayer identification number, certified under penalties of perjury, as well as certain other information or otherwise establishes an exemption from backup withholding. Backup withholding is not an additional tax. Any amount withheld under the backup withholding rules is allowable as a credit against the U.S. Bondholder's U.S. federal income tax liability, if any, and a refund may be obtained if the amounts withheld exceed the U.S. Bondholder's actual U.S. federal income tax liabilities provided the required information is timely provided to the Service.

ADDITIONAL TAX ON INVESTMENT INCOME

An additional 3.8% net investment income tax, or the "NIIT," is imposed on the "net investment income" of certain U.S. Bondholders who are individuals and on the undistributed "net investment income" of certain estates and trusts, to the extent the sum of net investment income and other modified adjusted gross income exceeds specified dollar amounts. Among other items, "net investment income" would generally include interest income and net gain from the disposition of property, such as the Taxable Bonds, less certain deductions. U.S. Bondholders should consult their tax advisors with respect to the tax consequences of the NIIT.

CERTAIN TAX CONSEQUENCES TO NON-U.S. BONDHOLDERS

As used herein, a "non-U.S. Bondholder" means a beneficial owner of Taxable Bonds that is an individual, corporation, estate or trust that is not a U.S. Bondholder.

Interest on the Taxable Bonds-Portfolio Interest

Subject to the discussions below under the headings "—Information Reporting and Backup Withholding" and "Foreign Account Tax Compliance," payments to a non-U.S. Bondholder of interest on the Taxable Bonds generally will be exempt from withholding of U.S. federal tax under the "portfolio interest" exemption if the non-U.S. Bondholder properly certifies as to the non-U.S. Bondholder's foreign status as described below, and that:

- the non-U.S. Bondholder does not own, actually or constructively, 10% or more of the City's voting stock;
- the non-U.S. Bondholder is not a "controlled foreign corporation" for U.S. federal income tax purposes that is related to the City (actually or constructively); and
- the non-U.S. Bondholder is not a bank whose receipt of interest on the Taxable Bonds is in connection with an extension of credit made pursuant to a loan agreement entered into in the ordinary course of such Bondholder's trade or business.

The foregoing exemption from withholding tax will not apply unless (i) the non-U.S. Bondholder provides his, her or its name and address on an IRS Form W-8BEN or IRS Form W-8BEN-E (or successor form), and certifies under penalties of perjury, that such holder is not a U.S. person, (ii) a financial institution holding the Taxable Bonds on a non-U.S. Bondholder's behalf certifies, under penalties of perjury, that it has received an IRS Form W-8BEN or IRS Form W-8BEN-E (or successor form) from such holder and provides the Trustee with a copy, or (iii) the non-U.S. Bondholder holds their Taxable Bonds directly through a "qualified intermediary," and the qualified intermediary has sufficient information in its files indicating that such holder is not a U.S. Bondholder.

If a non-U.S. Bondholder cannot satisfy the requirements described above, payments of principal and interest made to such holder will be subject to the 30% U.S. federal withholding tax, unless such non-U.S. Bondholder provides the Trustee with a properly executed (a) IRS Form W-8BEN or IRS Form W-8BEN-E or successor form claiming an exemption from or a reduction of withholding under an applicable tax treaty or (b) IRS Form W-8ECI (or successor form) stating that interest paid on the Taxable Bonds is not subject to withholding tax because it is effectively connected with such non-U.S. Bondholder's conduct of a trade or business in the United States.

If a non-U.S. Bondholder is engaged in an active trade or business in the United States and interest on the Taxable Bonds is effectively connected with the active conduct of that trade or business (and, in the case of an applicable income tax treaty, is attributable to a U.S. permanent establishment maintained by such holder), such non-U.S. Bondholder will be subject to U.S. federal income tax on the interest on a net income basis (although exempt from the 30% withholding tax) in the same manner as if such non-U.S. Bondholder were a U.S. person as defined under the Code. In addition,

if a non-U.S. Bondholder is a foreign corporation, it may be subject to a branch profits tax equal to 30% (or lower applicable treaty rate) of such holder's earnings and profits for the taxable year, subject to certain adjustments, including earnings and profits from an investment in the Taxable Bonds, that is effectively connected with the active conduct by such non-U.S. Bondholder of a trade or business in the United States.

DISPOSITION OF THE TAXABLE BONDS

Subject to the discussions below under the headings “—Information Reporting and Backup Withholding” and “Foreign Account Tax Compliance,” a non-U.S. Bondholder generally will not be subject to U.S. federal income tax on any gain realized on the sale, redemption, exchange, retirement or other taxable disposition of a Taxable Bond unless:

- the gain is effectively connected with the conduct by the non-U.S. Bondholder of a U.S. trade or business (and, if required by an applicable income tax treaty, is treated as attributable to a permanent establishment maintained by the Bondholder in the United States);
- the non-U.S. Bondholder is a nonresident alien individual who has been present in the United States for 183 days or more in the taxable year of disposition and certain other requirements are met; and
- the gain represents accrued interest, in which case the rules for taxation of interest would apply.

If a non-U.S. Bondholder is described in the first bullet point above, the non-U.S. Bondholder generally will be subject to U.S. federal income tax in the same manner as a U.S. Bondholder. If a non-U.S. Bondholder is described in the second bullet point above, the Bondholder generally will be subject to U.S. federal income tax at a flat rate of 30% or lower applicable treaty rate on the gain derived from the sale or other disposition, which may be offset by U.S. source capital losses.

INFORMATION REPORTING AND BACKUP WITHHOLDING

Payments to non-U.S. Bondholders of interest on their Taxable Bonds and any amounts withheld from such payments generally will be reported to the Service and such holder. Backup withholding will not apply to payments of principal and interest on the Taxable Bonds if the non-U.S. Bondholder certifies as to his, her or its non-U.S. Bondholder status on an IRS Form W-8BEN or IRS Form W-8BEN-E (or successor form) under penalties of perjury or such non-U.S. Bondholder otherwise qualifies for an exemption (provided that neither the City nor its agent, if any, know or have reason to know that such Bondholder is a U.S. person or that the conditions of any other exemptions are not in fact satisfied).

The payment of the proceeds of the disposition of Taxable Bonds to or through the U.S. office of a U.S. or foreign broker will be subject to information reporting and backup withholding unless a non-U.S. Bondholder provides the certification described above or such Bondholder otherwise qualifies for an exemption. Backup withholding is not an additional tax. Any amount withheld under the backup withholding rules is allowable as a credit against the non-U.S. Bondholder's U.S. federal income tax liability, if any, and a refund may be obtained if the amounts withheld exceed the non-U.S. Bondholder's actual U.S. federal income tax liabilities provided the required information is timely provided to the Service.

FOREIGN ACCOUNT TAX COMPLIANCE

Pursuant to the Foreign Account Tax Compliance Act (“FATCA”), withholding at a rate of 30% generally will be required in certain circumstances on payments of interest in respect of, and, after December 31, 2018, gross proceeds from the sale or other disposition (including payments of principal) of, Taxable Bonds held by or through certain foreign financial institutions (including investment funds) that do not qualify for an exemption from these rules, unless the institution either (i) enters into, and complies with, an agreement with the Service to undertake certain diligence and to report, on an annual basis, information with respect to interests in, and accounts maintained by, the institution that are owned by certain U.S. persons and by certain non-U.S. entities that are wholly or partially owned by U.S. persons and to withhold 30% on certain payments, or (ii) if required under an intergovernmental agreement between the United States and an applicable foreign country, undertakes such diligence and reports such information to its local tax authority, which will exchange such information with the U.S. authorities. An intergovernmental agreement between the United States and an applicable foreign country, or future Treasury Regulations or other guidance, may modify these requirements. Accordingly, the entity through which the Taxable Bonds are held will affect the determination of whether such withholding is required. Similarly, in certain circumstances, payments of interest in respect of, and, after December 31, 2018, gross proceeds from the sale or other disposition of, Taxable Bonds held by or through a non-financial foreign entity that does not qualify under certain exemptions generally will be subject to withholding at a rate of 30%, unless such entity either (a) certifies that such entity does not have any “substantial United States owners” or (b) provides certain information regarding the entity's “substantial United States owners,” which will be provided to the Service, as required. Prospective Bondholders should consult their tax advisors regarding the possible implications of these rules on their investment.

CONTINUING DISCLOSURE

CONTINUING DISCLOSURE OF INFORMATION

In the Authorizations, the City has made the following agreement for the benefit of the holders and beneficial owners of the Obligations. The City is required to observe the agreement for so long as it remains obligated to advance funds to pay the Obligations. Under the agreement, the City will be obligated to provide certain updated financial information and operating data annually, and timely notice of specified material events, to the Municipal Securities Rulemaking Board (the “MSRB”). This information will be available free of charge from the MSRB via the Electronic Municipal Market Access (“EMMA”) system at www.emma.msrb.org.

ANNUAL REPORTS . . . The City shall provide annually to the MSRB, (1) within six months after the end of each fiscal year of the City, financial information and operating data with respect to the City of the general type included in the final Official Statement in Tables numbered 1-7 and 9-13, and (2) if not provided as part such financial information and operating data, audited financial statements of the City, when and if available. Any financial statements so to be provided shall be (i) prepared in accordance with the accounting principles prescribed by the Generally Accepted Accounting Principles or such other accounting principles as the City may be required to employ, from time to time, by State law or regulation, and (ii) audited, if the City commissions an audit of such statements and the audit is completed within the period during which they must be provided. If the audit of such financial statements is not complete within 12 months after any such fiscal year end, then the City shall file unaudited financial statements within such 12-month period and audited financial statements for the applicable fiscal year, when and if the audit report on such statements becomes available.

The financial information and operating data to be provided may be set forth in full in one or more documents or may be included by specific reference to any document available to the public on the MSRB's Internet Web site or filed with the SEC, as permitted by the Rule.

The City's current fiscal year end is September 30. Accordingly, it must provide the required updated financial information and operating data by March 31 and updated financial statements by September 30 in each year, unless the City changes its fiscal year. If the City changes its fiscal year, it will notify the MSRB of the change.

DISCLOSURE EVENT NOTICES . . . The City shall notify the MSRB, in a timely manner not in excess of ten (10) business days after the occurrence of the event, of any of the following events with respect to the Obligations: (1) principal and interest payment delinquencies; (2) non-payment related defaults, if material; (3) unscheduled draws on debt service reserves reflecting financial difficulties; (4) unscheduled draws on credit enhancements reflecting financial difficulties; (5) substitution of credit or liquidity providers, or their failure to perform; (6) adverse tax opinions, the issuance by the Internal Revenue Service of proposed or final determinations of taxability, Notices of Proposed Issue (IRS Form 5701-TEB) or other material notices or determinations with respect to the tax status of the Obligations, or other material events affecting the tax status of the Obligations; (7) modifications to rights of holders of the Obligations, if material; (8) Obligation calls, if material, and tender offers; (9) defeasances; (10) release, substitution, or sale of property securing repayment of the Obligations, if material; (11) rating changes; (12) bankruptcy, insolvency, receivership or similar event of the City; (13) the consummation of a merger, consolidation, or acquisition involving the City or the sale of all or substantially all of the assets of the City, other than in the ordinary course of business, the entry into a definitive agreement to undertake such an action or the termination of a definitive agreement relating to any such actions, other than pursuant to its terms, if material; (14) appointment of a successor or additional Paying Agent/Registrar or change in the name of the Paying Agent/Registrar, if material; (15) incurrence of a Financial Obligation of the City, if material, or agreement to covenants, events of default, remedies, priority rights, or other similar terms of a Financial Obligation of the City, any of which affect security holders, if material; and (16) default, event of acceleration, termination event, modification of terms, or other similar events under the terms of a Financial Obligation of the City, any of which reflect financial difficulties. In addition, the City will provide timely notice of any failure by the City to provide annual financial information in accordance with their agreement described above under "Annual Reports."

For these purposes, (a) any event described in the immediately preceding clause (12) is considered to occur when any of the following occur: the appointment of a receiver, fiscal agent, or similar officer for the City in a proceeding under the United States Bankruptcy Code or in any other proceeding under state or federal law in which a court or governmental authority has assumed jurisdiction over substantially all of the assets or business of the City, or if such jurisdiction has been assumed by leaving the existing governing body and officials or officers in possession but subject to the supervision and orders of a court or governmental authority, or the entry of an order confirming a plan of reorganization, arrangement, or liquidation by a court or governmental authority having supervision or jurisdiction over substantially all of the assets of business of the City, and (b) the City intends the words used in clauses (15) and (16) in the immediately preceding paragraph and in the definition of Financial Obligation to have the meanings ascribed to them in SEC Release No. 34-83885 dated August 20, 2018. The Authorizations define "Financial Obligations" as (a) debt obligation; (b) derivative instrument entered into in connection with, or pledged as security or a source of payment for, an existing or planned debt obligation; or (c) guarantee of a debt obligation or any such derivative instrument; provided that "financial obligation" shall not include municipal securities (as defined in the Securities Exchange Act of 1934, as amended) as to which a final official statement (as defined in the Rule) has been provided to the MSRB consistent with the Rule.

AVAILABILITY OF INFORMATION . . . The City has agreed to provide the foregoing information only as described above. Investors will be able to access continuing disclosure information filed with the MSRB free of charge at www.emma.msrb.org.

LIMITATIONS AND AMENDMENTS . . . The City has agreed to update information and to provide notices of material events only as described above. The City has not agreed to provide other information that may be relevant or material to a complete presentation of its financial results of operations, condition, or prospects or agreed to update any information that is provided, except as described above. The City makes no representation or warranty concerning such information or concerning its usefulness to a decision to invest in or sell Obligations at any future date. The City disclaims any contractual or tort liability for damages resulting in whole or in part from any breach, whether negligent or without fault on its part, of its continuing disclosure agreement or from any statement made pursuant to its agreement, although holders of Obligations may seek a writ of mandamus or specific performance to compel the City to comply with its agreement.

The City may amend its continuing disclosure agreement from time to time to adapt to changed circumstances that arise from a change in legal requirements, a change in law, or a change in the identity, nature, status, or type of operations of the City, if (i) the agreement, as amended, would have permitted the Initial Purchasers to purchase or sell Obligations of each respective series in the offering described herein in compliance with the Rule, taking into account any amendments or interpretations of the Rule to the date of such amendment, as well as such changed circumstances, and (ii) either (a) the holders of a majority in aggregate principal amount (or any greater amount required by any other provisions of the respective Authorizations) of the outstanding Obligations consent to the amendment or (b) an entity or individual person unaffiliated with the City (such as nationally recognized bond counsel) determines that the amendment will not materially impair the interests of the holders and beneficial owners of the Obligations. If the City so amends the agreement, it has agreed to include with the next financial information and operating data provided in accordance with its agreement described above under "Annual Reports" an explanation, in narrative form, of the reasons for the amendment and of the impact of any change in the type of financial information and operating data so provided.

COMPLIANCE WITH PRIOR UNDERTAKINGS . . . The City has complied, in all material respects, during the last 5 years with its undertakings under the Rule; provided however, that certain of the City's filings, when made, were not immediately linked to the CUSIPs for all of the bonds to which such filings relate. The City has taken steps to remedy any instances of which it is aware where its annual filings and/or material event filings were not properly linked to all of the related outstanding obligations on EMMA. [In addition, on July 7, 2020, the City defeased a portion of its Waterworks and Sewer System Revenue Refunding Bonds, Series 2013. Due to a miscommunication with the paying agent for the defeased bonds, notice of this defeasance was not filed until October 19, 2020.]⁽¹⁾

OTHER INFORMATION

RATINGS

Fitch Rating, Inc. ("Fitch"), S&P Global Ratings, a division of S&P Global, Inc. ("S&P"), and Kroll Bond Rating Agency, Inc. ("Kroll") have assigned their municipal bond ratings of AA (stable outlook), AA- (stable outlook), and AA+ (stable outlook), respectively, to each series of the Obligations. S&P is expected to assign the Insured Bonds an insured rating of AA (stable outlook) based upon the issuance of the municipal bond insurance policy by AGM at the time of delivery of the Tax-Exempt Bonds. An explanation of the significance of such ratings may be obtained from the company furnishing the rating. The ratings reflect only the respective views of such organizations and the City makes no representation as to the appropriateness of the ratings. There is no assurance that such ratings will continue for any given period of time or that they will not be revised downward or withdrawn entirely by either or both of such rating companies, if in the judgment of either or both companies, circumstances so warrant. Any such downward revision or withdrawal of such ratings, or either of them, may have an adverse effect on the market price and marketability of the Obligations.

AUTHENTICITY OF FINANCIAL DATA AND OTHER INFORMATION

The financial data and other information contained herein have been obtained from the City's records, audited financial statements and other sources which are believed to be reliable. There is no guarantee that any of the assumptions or estimates contained herein will be realized. All of the summaries of the statutes, documents and resolutions contained in this Official Statement are made subject to all of the provisions of such statutes, documents and resolutions. These summaries do not purport to be complete statements of such provisions and reference is made to such documents for further information. Reference is made to original documents in all respects.

INITIAL PURCHASER OF THE TAX-EXEMPT BONDS

After requesting competitive bids for the Tax-Exempt Bonds the City accepted the bid of J.P. Morgan Securities LLC (the "Initial Tax-Exempt Bond Purchaser") to purchase the Tax-Exempt Bonds at the interest rate shown on page ii of the Official Statement at a price of par plus cash premium of \$21,412,330.30. The Initial Tax-Exempt Bond Purchaser can give no assurance that any trading market will be developed for the Tax-Exempt Bonds after their sale by the City to the Initial Tax-Exempt Bond Purchaser. The City has no control over the price at which the Tax-Exempt Bonds are subsequently sold and the initial yield at which the Tax-Exempt Bonds will be priced and reoffered will be established by and will be the responsibility of the Initial Tax-Exempt Bond Purchaser.

INITIAL PURCHASER OF THE TAXABLE BONDS

After requesting competitive bids for the Taxable Bonds the City accepted the bid of Wells Fargo Bank, National Association (the "Initial Taxable Bond Purchaser") to purchase the Taxable Bonds at the interest rate shown on page vi of the Official Statement at a price of par plus cash premium of \$110,302.35. The Initial Taxable Bond Purchaser can give no assurance that any trading market will be developed for the Taxable Bonds after their sale by the City to the Initial Taxable Bond Purchaser. The City has no control over the price at which the Taxable Bonds are subsequently sold and the initial yield at which the Taxable Bonds will be priced and reoffered will be established by and will be the responsibility of the Initial Taxable Bond Purchaser.

INITIAL PURCHASER OF THE CONTRACTUAL OBLIGATIONS

After requesting competitive bids for the Contractual Obligations the City accepted the bid of J.P. Morgan Securities LLC (the "Initial Contractual Obligation Purchaser and, together with the Initial Tax-Exempt Bond Purchaser and the Initial Taxable Bond Purchaser, the "Initial Purchasers") to purchase the Contractual Obligations at the interest rate shown on page iv of the Official Statement at a price of par plus cash premium of \$3,553,138.92. The Initial Contractual Obligation Purchaser can give no assurance that any trading market will be developed for the Contractual Obligations after their sale by the City to the Initial Contractual Obligation Purchaser. The City has no control over the price at which the Contractual Obligations are subsequently sold and the initial yield at which the Contractual Obligations will be priced and reoffered will be established by and will be the responsibility of the Initial Contractual Obligation Purchaser.

CO-FINANCIAL ADVISORS

PFM Financial Advisors LLC and TKG & Associates LLC are employed as Co-Financial Advisors to the City in connection with the issuance of the Obligations. The Co-Financial Advisors' fees for services rendered with respect to the sale of the Obligations are contingent upon the issuance and delivery of the Obligations. PFM Financial Advisors LLC and TKG & Associates LLC have agreed, in their Co-Financial Advisor contracts with the City, not to bid for the Obligations, either independently or as a member of a syndicate organized to submit a bid for the Obligations. PFM Financial Advisors LLC and TKG & Associates LLC in their capacity as Co-Financial Advisors have not verified and do not assume any responsibility for the

⁽¹⁾ Since the referenced filing was not made until after the date of the Preliminary Offering Statement dated October 13, 2020, the bracketed language was not included in the Preliminary Official Statement and should be considered a supplement to such Preliminary Official Statement.

information, covenants and representations contained in any of the legal documents with respect to the federal income tax status of the Obligations or the possible impact of any present, pending or future actions taken by any legislative or judicial bodies. In the normal course of business, PFM Financial Advisors LLC may from time to time sell investment securities to the City for the investment of bond proceeds or other funds of the City upon the request of the City.

The Co-Financial Advisors to the City have provided the following sentence for inclusion in this Official Statement. The Co-Financial Advisors have reviewed the information in this Official Statement in accordance with, and as part of, their responsibilities to the City and, as applicable, to investors under the federal securities laws as applied to the facts and circumstances of this transaction, but the Co-Financial Advisors do not guarantee the accuracy or completeness of such information.

FORWARD LOOKING STATEMENTS

The statements contained in this Official Statement, and in any other information provided by the City, that are not purely historical, are forward-looking statements, including statements regarding the City's expectations, hopes, intentions, or strategies regarding the future. Readers should not place undue reliance on forward-looking statements. All forward looking statements included in this Official Statement are based on information available to the City on the date hereof, and the City assumes no obligation to update any such forward-looking statements. It is important to note that the City's actual results could differ materially from those in such forward-looking statements.

The forward-looking statements herein are necessarily based on various assumptions and estimates and are inherently subject to various risks and uncertainties, including risks and uncertainties relating to the possible invalidity of the underlying assumptions and estimates and possible changes or developments in social, economic, business, industry, market, legal and regulatory circumstances and conditions and actions taken or omitted to be taken by third parties, including customers, suppliers, business partners and competitors, and legislative, judicial and other governmental authorities and officials. Assumptions related to the foregoing involve judgments with respect to, among other things, future economic, competitive, and market conditions and future business decisions, all of which are difficult or impossible to predict accurately and many of which are beyond the control of the City. Any of such assumptions could be inaccurate and, therefore, there can be no assurance that the forward-looking statements included in this Official Statement would prove to be accurate.

The Authorizations approved the form and content of this Official Statement, and any addenda, supplement or amendment hereto, authorized designated officials of the City to complete this Official Statement, and authorize its further use in the reoffering of the Obligations by the Initial Purchasers thereof.

CERTIFICATION OF THE OFFICIAL STATEMENT

At the time of payment for and delivery of the Obligations, the Initial Purchasers of each series of the Obligations will be furnished a certificate, executed by proper officers, acting in their official capacity, to the effect that to their knowledge and belief: (a) the descriptions and statements of or pertaining to the City contained in this Official Statement and any addenda, supplement or amendment thereto, for its Obligations, on the date of such Official Statement, on the date of sale of such Obligations and on the date of the delivery, were and are true and correct in all material respects; (b) insofar as the City and its affairs, including its financial affairs, are concerned, such Official Statement did not and does not contain an untrue statement of a material fact or omit to state a material fact required to be stated therein or necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading; (c) insofar as the descriptions and statements, including financial data, of or pertaining to entities other than the City and their activities contained in such Official Statement are concerned, such statements and data have been obtained from sources which the City believes to be reliable and the City has no reason to believe that they are untrue in any material respect; and (d) there has been no material adverse change in the financial condition of the City, since September 30, 2019, the date of the last audited financial statements of the City appearing in the Official Statement.

MISCELLANEOUS

The financial data and other information contained herein have been obtained from the City's records, audited financial statements and other sources which are believed to be reliable. There is no guarantee that any of the assumptions or estimates contained herein will be realized. All of the summaries of the statutes, documents and resolutions contained in the Official Statement are made subject to all of the provisions of such statutes, documents and resolutions. These summaries do not purport to be complete statements of such provisions and reference is made to such documents for further information. Reference is made to original documents in all respects. The Authorizations authorizing the issuance of the Obligations also approve the form and content of this Official Statement, and any addenda, supplement or amendment thereto, and authorize its further use in the reoffering of the Obligations by the Initial Purchasers.

APPENDIX A

GENERAL INFORMATION REGARDING THE CITY

The information contained in this Appendix A is provided as of the respective dates and for the periods specified herein and is subject to change without notice, and the City does not, under any circumstances, imply that there has been no change in the affairs of the City since the specified date as of which such information is provided. In particular, the dates as of and periods for which information is provided occurred before realizing the economic impact of measures instituted to slow the worldwide COVID-19 pandemic. Accordingly, the historical information set forth in this Appendix A is not indicative of future results or performance due to these and other factors, including those discussed in the Official Statement.

LOCATION AND POPULATION . . .The City of Dallas is located in north central Texas approximately 300 miles north of the Gulf of Mexico. It is among the three largest cities in Texas and among the ninth largest cities in the United States. Dallas is the county seat of Dallas County.

Dallas County encompasses an area of 880 square miles while the City of Dallas contains approximately 378 square miles. The City of Dallas' corporate land extends into Collin, Denton, Kaufman and Rockwall Counties.

POPULATION TOTALS ARE:

	2020 <u>Estimate</u>	2019 <u>Estimate</u>	2018 <u>Estimate</u>	2017 <u>Estimate</u>	2016 <u>Estimate</u>

GOVERNMENT ORGANIZATION . . .The City of Dallas operates under a Council-Manager form of government. There are fourteen single-district council members and a mayor elected at large. The Mayor and Council appoint the City Manager, City Attorney, City Auditor, City Secretary, City Treasurer and the Municipal Court Judges. The City Manager appoints all other department directors except two appointed by the Civil Service Board and the Park and Recreation Board. The Mayor is elected to a four-year term and is limited to two consecutive four-year terms. Council members are elected for two-year terms and can serve up to four consecutive two-year terms.

The Mayor and City Council set the public agenda, adopt policy and laws and appoint the City Manager, who acts as chief executive, responsible for implementing Council policy. The City Manager oversees City operations with an executive team of assistant city managers, each of whom has responsibility for various departments.

The City organization has approximately 12,500 full-time employees.

CITY SERVICES AND FACILITIES . . . The City provides the full range of municipal services contemplated by statute or charter. This includes public safety (police and fire), streets, sanitation, health and human services, culture and recreation, public improvements, planning and zoning, and general administrative services. In addition to general government activities, the Dallas Water Utilities, Municipal Airports (Dallas Love Field and Dallas Executive Airport), Convention Center, Municipal Radio and several other enterprise and internal service fund activities are a part of the City's legal entity.

EMPLOYMENT DATA . . . A diverse economy and highly-skilled work force contribute to the strengths of the City. Dallas is a center for high technology, retail and wholesale trade, finance, major medical facilities, culture and recreation and a convention and visitor destination. The following tables show the City's civilian employment over the last several years, the employment by sector and the major employers within the Dallas area.

OFFICE AND INDUSTRIAL SPACE OCCUPANCY RATES. . . The Dallas/Fort Worth area office market consists of 396.164 million square feet of space. Average rents continue to rise reaching \$27.25 per square foot. As of the second quarter of 2020, over 9.074 million square feet of new office space is under construction or renovation in the Dallas/Fort Worth metro area. The vacancy rate in the Dallas/Fort Worth market area is 15.6 percent.

The City is committed to the long-term health of the Central Business District (CBD). A number of public/private projects completed within the CBD in FY 2019-2020 include renovations, key tenant leasing and new construction. The National at 1401 Elm Street delivered 350,000 square feet of Class A space in the CBD in the first quarter of 2020. Equinix delivered 144,560 square feet of data center space at the Infomart building located between Uptown and the Design District area. The current CBD office vacancy is 23.10 percent. The market consists of 33.835 million square feet. As of the second quarter of 2020, average rents are \$26.84 per square foot.

Industrial/distribution market in the Dallas/Fort Worth area consists of 965.986 million square feet with 6.7 percent vacant as of second quarter of 2020.

CONSTRUCTION VALUATION/BUILDING PERMIT ACTIVITY*

Valuation (\$000)	2019	2018	2017	2016	2015
Residential (\$)	2,444,907	2,376,145	1,905,676	2,228,062	2,140,069
Commercial (\$)	2,387,569	1,923,923	2,359,053	2,203,075	2,136,044
Total (\$)	4,832,476	4,300,068	4,246,729	4,431,137	4,276,113

Source: City of Dallas Building Inspection Division. Residential defined as single-family plus multi-family.

Other is reflected in Commercial.

These valuations are based on all building permit activity inclusive of single trade permits, new residential and new non-residential construction, residential and non-residential rehabilitation with additions considered as new construction. Excluded are sign permits, barricades, excavations, demolitions, moving permits and tents.

*Permit data is fluid and may fluctuate for the following reasons after the initial data is reported:

- 1) Permit cancellations.
- 2) Permit addendums; reductions or augmentations to the original plans submitted that change the valuation of the project.
- 3) Periodic audits that correct data entry errors after the reporting period has closed.

TRANSPORTATION. . .Dallas' success as a leader in transportation is a result of its excellent airports, rail routes, and interstate highway systems. Positioned centrally to both the east and west coasts, Dallas is easily accessible to all areas of the United States, Mexico and Canada. Direct flight time to any North American city takes less than four hours. In addition, Dallas is the center point between North America's five largest business centers - New York, Los Angeles, Chicago, Mexico City and Toronto.

Dallas/Fort Worth International Airport is a major contributor to the City's diversified economy. It is among the world's busiest airports in terms of total operation ranked fourth in the world. Approximately 73.3 million passengers traveled through the airport during the fiscal year ended September 30, 2019.

Dallas Love Field, located seven miles north of the CBD, is also extremely valuable to the Dallas economy. More than 8 million passengers were carried at Love Field during the fiscal year ended September 30, 2019. It acts as a catalyst for business by providing valuable scheduled air carrier and general aviation transportation services, and attracting and serving major companies that assemble, overhaul and maintain aircraft. Love Field began major renovation to the facility starting in 2010, and issued revenue supported bonds to finance these renovations in 2015 and 2017. The Love Field Modernization Program ("LFMP") will increase efficiency for travelers while maintaining the convenience that Love Field currently offers passengers.

In the new modernization design, the terminal decreased in size approximately 25 percent by replacing a large amount of unused and outdated space with modern and efficient facilities. The three original concourses were demolished and consolidated into one convenient, centrally located concourse for all airlines.

Dallas Executive Airport, formerly known as Redbird Airport, is a public airport located six miles (approximately 10 km) southwest of the CBD. The airport is used entirely for general aviation purposes and serves as a reliever airport for Dallas Love Field. It has two runways, the longest being 6,451 feet long by 150 feet wide. Facilities at the airport include a restaurant, a conference center, Fixed Based Operators and aircraft Hangar and tie-down areas. The airport is home to approximately 126 individual, enclosed T-hangars.

The Dallas Vertiport is a facility located at the Dallas Convention Center at the CBD and built to accommodate helicopters and tiltrotor type aircraft. It has two landing areas with independent approaches and facilities for flight planning and meetings and 5 tie-down areas.

Dallas has a well-developed highway system. There are five interstate highways which run north/south and east/west including a loop freeway encompassing the City. Dallas has 19 other major U.S. and state highways. Dallas is a principal trucking and freight distribution center with approximately 120 trucking companies. Overnight pickup and delivery services are available to most cities.

Dallas is a major hub for hundreds of rail routes. Major railroads that serve the Dallas area include Burlington Northern Santa Fe Railway, Kansas City Southern Railway and Union Pacific. Amtrak provides passenger train service at Union Station in downtown Dallas with three lines: Chicago, Los Angeles, and San Antonio.

The City is part of an integrated regional mass transit system – Dallas Area Rapid Transit ("DART"). DART consists of the City of Dallas and 13 cities and is funded by a 1.0% local sales tax assessed in the cities within the service area as well as fare revenues and federal funds for certain capital projects. The DART Service Area is approximately 700 square miles. The DART Transit System Plan is designed to provide a balanced combination of transit services and facilities to meet the region's mobility needs. DART's mission is made both difficult and necessary by the size and sprawl of the metroplex. Unlike some cities that funnel transportation into the central business district, the metroplex has multiple "cores" that have developed in suburban communities and along existing transportation routes. These mini-hubs complicate transportation service requirements and necessitate a range of mobility programs.

DART provides fixed-route bus service with a total of 651 vehicle fleet from three DART-owned facilities. DART currently operates 93 miles of light rail. A 34-mile commuter rail service between downtown Dallas and Fort Worth is operated jointly by DART and the Fort Worth Transportation Authority. Additionally, DART operates and maintains 75 freeway miles of high-occupancy vehicle (HOV) lanes and provided over 800,000 paratransit passenger trips.

Sources: Greater Dallas Chamber; The Dallas Facts; Dallas Area Rapid Transit (DART); the City of Dallas, Dallas/Fort Worth International Airport.

EDUCATION. . . The City of Dallas is served by nine independent school districts. The largest, the Dallas Independent School District (DISD), had approximately 153,861 students enrolled for the 2019-2020 school year. DISD has 230 schools, including 147 elementary school, 35 middle schools, 38 high schools, and 10 magnet high schools. In May 2008, a \$1.35 billion bond program was approved to build fifteen new schools, 177 new classrooms in existing schools and additional renovations. In November 2015, a \$1.60 billion bond program was approved for school buildings and technology. In November 2018, a \$150 million bond program was approved for buses and refunding purposes. As of August 1, 2020, DISD had \$344,200,000 of authorized but unissued bonds. DISD is calling a \$3.69 billion bond election November 3, 2020 for school buildings and facilities, improvements and technology.

There are 48 college and university campuses in the Dallas metroplex area, enrolling over 342,000 students. Twenty-six campuses offer 4-year undergraduate degree programs, 19 offer 2-year associate degree programs and 22 offer advanced degrees.

Sources: Dallas Independent School District; Texas Higher Education Board, City of Dallas Office of Economic Development

MEDICAL . . . The Dallas metropolitan area is a major medical center providing “state-of-the-art” equipment and facilities. There are 24 general hospitals in Dallas County which are licensed for nearly 8,000 beds. In addition, there are two pediatric, two psychiatric and several long-term/rehabilitation hospitals.

As a complement to its excellent medical treatment facilities, Dallas is becoming a leading force in biomedical research. The University of Texas Southwestern Medical Center at Dallas has five Nobel Prize winners on the faculty and staff. Nationally recognized medical and dental schools in Dallas include University of Texas Southwestern Medical Center, Texas A&M University System - Baylor College of Dentistry, Texas Women’s University T. Boone Pickens Institute of Health Sciences and Baylor University School of Nursing.

Sources: The University of Texas Southwestern Medical Center at Dallas; The Texas State Board of Medical Examiners.

TOURISM . . . According to the VisitDallas, Dallas ranks among the top convention cities in the nation. On April 24, 2013 City Council renamed the Dallas Convention Center the Kay Bailey Hutchison Convention Center, which has the largest convention center of its kind in Texas with approximately 1.0 million square feet of total space. There are 96 meeting rooms and over one million square feet of exhibit space. The convention center also boasts the world’s largest column-free exhibit hall and a fully equipped theater along with catering capabilities and a cafeteria. The Center has both open and covered parking and the facilities include a Heliport/Vertiport.

Dallas is the number one visitor and leisure destination in Texas. Annually, approximately 50 million people visit metropolitan Dallas. The Dallas area annually receives \$9.1 billion in direct spending from visitors, generating a total impact of \$14.6 billion on the metropolitan economy. There are almost 79,000 hotel rooms.

On September 15, 2009, City broke ground on the 23-story Omni Dallas Convention Center Hotel. The 1,000 room hotel opened November 11, 2011. The Dallas Convention & Visitors Bureau has received commitments for meetings totaling 400,000 definite room nights for groups committed to Dallas for future years using the Omni Dallas Convention Center hotel.

Source: VisitDallas

RECREATION . . . Dallas offers numerous recreational, cultural and entertainment opportunities. Within the City are 397 public parks and open spaces covering 23,464 acres plus 4,658 surface acres of water. There are over 60 lakes and reservoirs within 100 miles of Dallas covering more than 550,000 acres and four state parks within an hour of Dallas. There are 39 private and 34 municipal golf courses in the area, including six owned by the City of Dallas.

The Dallas metropolitan area hosts numerous national annual sporting events and has several large amusement parks. Major golf tournaments include the AT&T Byron Nelson Classic and the Charles Schwab Challenge PGA Tour events. Dallas is one of few metropolitan areas with four professional sports teams, including the Dallas Cowboys football team, the Dallas Mavericks basketball team, the Texas Rangers baseball team and the Dallas Stars hockey team.

Key attractions include the Dallas Museum of Art, Nasher Sculpture Center, Crow Collection of Asian Art, Dallas Black Dance Theater Center, and Morton H Meyerson Symphony Center, home of the Dallas Symphony Orchestra. In October 2009, with the opening of the AT&T Performing Arts Center, three new cultural facilities were added to the Arts District: Winspear Opera House, Wyly Theater, and Sammons Performance Park. The Dallas area has a number of museums, galleries, theaters, orchestras and dance groups.

FINANCIAL STATEMENTS

For the Year Ended September 30, 2019

The information contained in this Appendix consists of the City of Dallas, Texas Financial Statements for the Year Ended September 30, 2019, and is not intended to be a complete statement of and may no longer accurately describe the financial condition of the City of Dallas.

The information contained in this report is provided as of the respective dates and for the periods specified herein and is subject to change without notice, and the filing of this report does not, under any circumstances, imply that there has been no change in the affairs of the City since the specified date as of which such information is provided. In particular, the dates as of and periods for which information is provided occurred before the worldwide COVID-19 pandemic and before realizing the economic impact of measures instituted to slow it. Accordingly, the historical information set forth in this report is not indicative of future results or performance due to these and other factors, including those discussed in the Official Statement.

Grant Thornton has not been engaged to perform and has not performed, since the date of its report included herein, any procedures on the financial statements addressed in that report, and they have not performed any procedures relating to this official statement.

INTRODUCTORY SECTION

March 13, 2020

Honorable Mayor, City Council members, and residents of Dallas:

We are pleased to present the City of Dallas' Comprehensive Annual Financial Report (CAFR) for the fiscal year (FY) ended September 30, 2019. The City of Dallas and our dedicated financial management staff are committed to being responsible stewards of the funds our residents and taxpayers entrust to us. We have produced this CAFR to help the public better understand the City, our operations, and our finances.

We are proud to announce we received an unmodified (clean) audit opinion on our financial statements this year from our external auditor, Grant Thornton, LLP. We can provide reasonable assurance the financial information contained in this report is complete, reliable, and accurate.

We present the CAFR in three sections:

- The **Introductory Section** provides this transmittal letter, a list of City officials, and an organizational chart.
- The report from our external auditor, Grant Thornton LLP, is located at the front of the **Financial Section**, followed by Management's Discussion and Analysis (MD&A) and the annual financial statements. The MD&A includes a narrative introduction, overview, and analysis of the basic financial statements and should be read in conjunction with this transmittal letter.
- The **Statistical Section** presents selected financial and demographic information.

We wish to take this opportunity to thank the staff of the City Controller's Office, as well as staff with financial management roles in all departments, for their dedication to excellence, transparency, and accountability. We could not have produced this CAFR without them. We appreciate the guidance of the Executive Finance and Controls Committee, as well as the assistance of the Office of Economic Development and the Department of Information and Technology Services, which provided the necessary data to prepare this report. We look forward to implementing even stronger fiscal policies and practices to provide Dallas residents and taxpayers the maximum value for the resources entrusted to us.

Finally, our thanks to the Mayor and members of the City Council for their support in maintaining the highest standards of professionalism in the management of the financial operations of the City.

ABOUT DALLAS

HISTORY

Established as a permanent settlement in 1841 by John Neely Bryan, Dallas quickly grew to serve the surrounding rural areas and secured rail lines, which were a catalyst for further economic expansion. Dallas was incorporated in 1856, and by the 1860 census had a population of about 700. Today, Dallas is the ninth largest city in the nation and the largest local economy in the nation's fourth largest metropolitan area. At approximately 385 square miles, Dallas is spread across four counties (Dallas, Collin, Denton, and Rockwall).

The city is home to 1,301,970 people (as of July 1, 2018), and the Dallas-Fort Worth-Arlington metropolitan area increased by nearly 132,000 people

from July 1, 2017 to July 1, 2018—the largest change of any metro area in the nation.^{1,2} Further, Collin, Dallas, Denton, and Tarrant counties were in the top 10 largest-gaining counties in the U.S.³

Dallas attracts both domestic and international immigration. In 2018, foreign-born residents made up 24.6 percent of the city's overall population and 32 percent of the employed labor force.⁴ Dallas' median household income in FY 2019 was \$51,419 and per capita income was \$31,111.⁵

Dallas has a council-manager form of government with 14 single-district City Council members and a Mayor elected at-large. The Mayor and City Council appoint the City Manager, City Attorney, City Auditor, City Secretary, and Municipal Court judges. The City provides a full range of municipal services established by statute or charter, including police and fire, infrastructure, culture and recreation, libraries, planning and zoning, and general administration. Additionally, Dallas Water Utilities, Airport Revenues, Convention Center, Sanitation Services, and several other enterprise and internal service fund activities are part of the City's legal entity. Refer to *Financial Information* in this transmittal letter for more information.

ABOUT DALLAS

ECONOMY

Overall, the city's economic outlook remains strong. Dallas has a diverse industry mix that continues to create jobs, resulting in a low unemployment rate. Further, Dallas' home values continue to rise.

The city is home to more than 80,000 businesses.⁶ Dallas' various employment opportunities continue to support steady and progressive local economic growth and dampen the negative effects of any single industry downturn. The Trade, Transportation, and Utilities sector remained the largest industry by employment in FY 2019, followed closely by Professional and Business Services and Education and Health Services.⁷

*Figure 1.
Dallas Employment by Industry*

*Figure 2.
Dallas Unemployment Rate
(percent)*

The Dallas monthly labor force (Dallas residents only) averaged 706,339 during FY 2019. The monthly average of residents who were unemployed during this fiscal year was 24,144. Dallas' FY 2019 unemployment rate was 3.4 percent, below the U.S. average of 3.7 percent. In fact, the Dallas rate has remained at or below the U.S. average for more than 140 consecutive months.^{8,9,10}

⁶ ReferenceUSA Estimates 2019

⁷ Estimated using data from ReferenceUSA and U.S. Bureau of Labor Statistics, Dallas-Plano-Irving Metropolitan Division

⁸ U.S. Bureau of Labor Statistics (non-seasonally adjusted values)

⁹ Texas Workforce Commission (TWC) and U.S. Bureau of Labor Statistics

¹⁰ The estimates in Figures 2-7 reflect data as of the publication date of each year's CAFR. Data is not adjusted from year to year.

ABOUT DALLAS

The number of employed Dallas residents also increased during the fiscal year; about 682,195 Dallas residents were working in FY 2019, compared to 669,080 in FY 2018.¹¹

*Figure 3.
Dallas Household Employment
(in thousands)*

In FY 2019, the annual value of all construction permits was about \$4.7 billion. New construction values increased from the previous year by approximately 4.7 percent.¹²

*Figure 4.
Dallas Building Activity
(in billions \$)*

Dallas has more than 136 million square feet of office space, 210 million square feet of industrial/flex space, and 81 million square feet of retail space.¹³

*Figure 5.
Dallas Office Vacancy Rate
(percent)*

Office vacancy rates increased again slightly in FY 2019, and construction activity grew to meet employment gains in the Professional and Business Services, Education and Health Services, and Financial Services industries. The City expects vacancy rates to remain relatively steady next year.¹⁴

¹³ CoStar, December 2019

¹⁴ TWC and ReferenceUSA

ABOUT DALLAS

*Figure 6.
Dallas Industrial Vacancy Rate
(percent)*

The industrial vacancy rate increased to 6.5 percent in FY 2019, due to continued increases in delivered space. Economic growth in distribution activity increased Dallas' demand for warehousing and production space. With a market response of more than 210.4 million square feet of space delivered, the city's inventory increased 2 percent. Projections for industrial space include a slight increase in vacancy next year.¹⁵

Progress continued during FY 2019 at the International Inland Port of Dallas, a major logistics hub (warehouse, distribution, and ecommerce) in the southeast quadrant of the city. The approximately 7,500 acres—2,500 of which are within the city limits—will house more than 60 million square feet of industrial and warehouse space upon completion. 36 million square feet are currently built or under construction, with more than 10 million square feet in the city of Dallas.

Sales tax revenue increased for the eighth consecutive year since the Great Recession (from 2007-2009). During FY 2019, total City sales tax revenues grew to more than \$320 million, a 55 percent increase since FY 2010.¹⁶

*Figure 7.
Dallas Sales Tax Revenue
(in millions \$)*

¹⁵ CoStar

¹⁶ Office of Budget

ABOUT DALLAS

The total property tax base value, including business personal property (BPP), increased to \$130.1 billion in FY 2019 from \$118.3 billion in FY 2018, a 9.94 percent increase. FY 2019 is the seventh consecutive year of growth after three years of declining values due to the recession.¹⁷

Dallas' commercial tax base grew 11.7 percent to \$57.9 billion in FY 2019. This reflects continued strong post-recession job growth, resulting in demand for commercial space.¹⁸ The residential tax base increased approximately 10.6 percent to \$57.8 billion. Dallas' increased valuations reflect continued inward migration and a diverse housing stock that can accommodate various household needs.

*Figure 8.
Dallas Taxable Property Values
(in billions \$)*

The effects of growth in FY 2019 can be seen across Dallas. More than 12,000 residential units were either available or under construction, supporting an estimated downtown residential population of nearly 12,000, an increase of 50 percent since 2013. In a 2.5-mile radius from the Central Business District (CBD) midpoint, the resident count increases to more than 75,000, a 78.6 percent increase since 2013.¹⁹

Completed development projects include the Victor Prosper Apartments, which opened in late fall 2018 at Davis Street and Zang Boulevard with 216 units and 27,302 square feet of retail space adjacent to the Bishop Arts stop for the Dallas Streetcar. Novel Bishop Arts Apartments at 101 Davis Street also added 302 units and 22,572 square feet of retail space along the streetcar line.

¹⁹ Downtown Dallas Inc.

ABOUT DALLAS

In the Deep Ellum area, the Epic (Phase I) at Elm Street and Good Latimer Boulevard was completed with 251,600 square feet of office space and 49,382 square feet of retail space.

The Lakeridge Village Shopping Center renovation in the Lake Highlands area upgraded 90,476 square feet of retail space, more than doubling its taxable value. The project also replaced much of the impervious parking lot with 8,000 square feet of public open space. The Urban Land Institute awarded the City and SHOP Development the 2019 “Next Big Idea” award for three local projects, including this one.

Projects finished in FY 2019 as part of the Farmers Market redevelopment include the Harvest Lofts with 240 apartments and 16,000 square feet of retail space, along with parking for the project and the general public, Taylor Lofts with 60 residential units and 25,000 square feet of commercial space, new futsal courts, and a community garden.

Additionally, significant progress was made on the Reimagine RedBird redevelopment project at Red Bird Mall. A new freestanding Starbucks (2,550 square feet) hosted its grand opening in November 2018, and an official groundbreaking event took place in March 2019 to celebrate commencement of horizontal site preparation activities for the overall project. The developer completed grading, as well as utility infrastructure improvements necessary to begin vertical construction of a new freestanding Foot Locker (20,493 square feet) and an adjacent 1.1-acre open space known as The Lawn.

During the summer, the developer also completed interior renovations to convert 52,856 square feet of existing retail space for a new office tenant, Chime Solutions, Inc. (Chime). Chime took occupancy of the space at the end of September 2019 and added 500 jobs by December. Additionally, the developer successfully executed all site preparation activities to convey a 6.4-acre site for development of a new 300-unit apartment project by Palladium RedBird, Ltd.

Lastly, Dallas Area Rapid Transit (DART) broke ground on the Cotton Belt Corridor, now named the Silver Line, which will link northern communities to DART’s Orange, Green, and Red Lines, as well as local bus services, while adding two new stations in Dallas: Knoll Trail and North Lake/Cypress Waters. Construction on the 26-mile project began in November 2019 with project completion anticipated in 2022.²⁰

SERVICE FIRST

WE PUT SERVICE FIRST 365 DAYS A YEAR

Service First is more than just the City's vision or catchphrase. Dallas' 12,474 employees know Service First is an expectation for everything we do and everything we deliver. We work hard to meet the needs of our residents with empathy, high ethical standards, a commitment to excellence, and a focus on equity.

With limited resources, however, the City must manage its efforts strategically, focusing on key service areas based on the unique needs of Dallas. For this reason, the City Council and City Manager developed the six strategic priorities shown here, which help guide the work of City staff.

In FY 2019, the City ensured residents received effective City services such as emergency response, clean water, trash pickup, road repair, libraries, and parks. The FY 2019 budget made significant investments in public safety, streets and transportation, and innovation. The City also devoted funds to solving the unique problems our community faces, including homelessness, lack of affordable housing, and poverty.

To ensure transparency in how we spend public funds, the City introduced the Budget Accountability Report, which combines monthly financial forecasts with selected performance data and updates on the major budget investments for the current fiscal year so elected officials, residents, and other stakeholders can see whether we are spending funds timely and, more importantly, whether those dollars are achieving the intended outcomes. We also continued the Dallas 365 initiative, which tracks 35 key measures aligned to the six strategic priorities that show residents how well we are performing against our goals.

MAJOR BUDGET INVESTMENTS

The following pages outline major budget investments in FY 2019 that supported each of the City's six strategic priorities.

PUBLIC SAFETY

Protecting school children

The City funded crossing guard services at nearly 160 elementary schools within Dallas city limits during the 2018-19 school year. This included staffing 276 warranted intersections with about 387 crossing guards. To offset these costs, the City received approximately \$1 million from Dallas County from a new child safety fee on car registrations.

Answering calls for help

As of March 2019, residents can text 9-1-1 for help in emergencies, a potentially lifesaving service if residents are unable to speak because of a physical impairment or immediate danger. The Dallas Police Department (DPD) also launched the Dallas Online Reporting System in June 2019, which allows community members to report non-emergency incidents, such as theft or vandalism.

MOBILITY SOLUTIONS, INFRASTRUCTURE, & SUSTAINABILITY

Maintaining City facilities

Within Building Services, the City is continuing its gradual approach to increasing its cash investment in major maintenance and capital construction to address deferred maintenance of City facilities. In FY 2017, the City budgeted \$5 million for major maintenance, and we have increased this steadily each year, to \$7 million in FY 2019.

Increasing our resilience

The Office of Environmental Quality and Sustainability (OEQS) kicked off a massive effort in February 2019 to develop the City's Comprehensive Environmental & Climate Action Plan (CECAP), which will include strategies to mitigate the impacts of climate change on public health, City infrastructure, the economy, and the environment. The plan is on track for adoption by April 2020, just in time for the 50th anniversary of Earth Day.

MAJOR BUDGET INVESTMENTS

ECONOMIC & NEIGHBORHOOD VITALITY

Creating a one-stop permit shop

Sustainable Development and Construction dedicated \$1.35 million last year to modernizing its permit and document management systems. The electronic plan review system allows staff from different disciplines to review the same plans concurrently, reducing processing times by more than 50 percent. Customers can also submit plans and revisions electronically, saving money and significantly reducing wait times. The City has received nearly 800 projects through the new system, and customers have expressed high satisfaction with the website.

Helping families stay in their homes

In September 2019, City Council approved \$200,000 for the Title Clearing and Clouded Title Prevention Pilot Program, which will help income-eligible individuals address title issues with their property and repair their homes. The pilot program will provide (1) legal services to create marketable title on a significant number of properties and (2) associated services, including information sessions, client intake, prevention, and program evaluation.

HUMAN & SOCIAL NEEDS

Getting a Fresh Start

This year, the Office of Community Care (OCC) implemented the FreshStart employment initiative to support the transition of formerly incarcerated individuals returning to the community. OCC now offers screening and referral services, hosts hiring fairs, and coordinates with local community organizations and Workforce Solutions to match candidates with positions that fit their skills and interests. Since hiring began in May, OCC placed 25 candidates in full-time positions with nine City departments.

Sharpening our focus on equity

Beginning last year, the City sharpened its focus on advancing equity for all residents by creating the Office of Equity, hiring the City's first Equity Officer, and joining the Government Alliance on Race and Equity (GARE), a national network of governments working to achieve racial equity and advance opportunities for all. The City Council also adopted an Equity Resolution to demonstrate the City's commitment to ensuring equity in its policies, programs, services, and practices. In partnership with GARE, the Office of Equity trained 200 executives and budget staff on advancing racial equity, and staff began incorporating the GARE racial equity tool into the City's annual budgeting process.

MAJOR BUDGET INVESTMENTS

QUALITY OF LIFE

Investing in our seniors

The Parks and Recreation Department and WellMed Charitable Foundation partnered to open a new health and wellness center for senior adults in December 2018. The Senior Activity Center is designed to keep adults age 60 or older healthy and active at no cost to participants. As of September 30, 2019, the center had logged 77,267 check-ins, offered 2,758 senior programs, recorded 11,308 program hours, and issued 3,199 memberships.

Completing the Dallas Cultural Plan

City Council unanimously adopted the Dallas Cultural Plan 2018 and an updated Cultural Policy in November 2018, which affirm the City's commitment to a vibrant arts and cultural ecosystem in collaboration with its artists, cultural organization, funders, and other partners. The Office of Cultural Affairs began implementing several key initiatives immediately after adoption, including renegotiation of leases at the Meyerson Symphony Center and Kalita Humphreys Theater and increased community engagement and support for artists. African, Latinx, Asian, Arab, and Native American (ALAANA) artists and organizations also have more opportunities to teach, perform, and exhibit at host facilities in Dallas neighborhoods through the Community Artist Program.

GOVERNMENT PERFORMANCE & FINANCIAL MANAGEMENT

Ensuring the City is an employer of choice

To attract and retain the best talent, the City increased all employee wages effective October 1, 2018, to a minimum of \$11.50 per hour. We also raised the starting wage for truck drivers to \$16.50 per hour in recognition of changing regional market conditions. Based on the Massachusetts Institute of Technology (MIT) living wage index, we also increased the minimum wage for City contracts to \$11.15 an hour.

Taking City Hall to the community

To expand opportunities for residents to engage with City Council, the City hosted three City Council meetings at locations other than City Hall and hosted one meeting each month in the afternoon, rather than the morning. We also opened two additional district offices, for a total of six (representing seven districts).

MAJOR BUDGET INVESTMENTS

LOOKING FORWARD

In September 2019, the City Council adopted a \$3.8 billion balanced budget for FY 2019-20. The budget makes significant investments in public safety, including a new market-based pay structure for police officers and firefighters, increased pension contributions, and significant new and replacement equipment. It addresses major infrastructure needs through implementation of the 2017 Bond Program, pay-as-you-go funding for streets, and preventive maintenance for fleet and facilities. To ensure we attract and retain the best talent, we are also raising starting pay to \$13.00 per hour for full-time permanent City employees and to \$12.21 for part-time and temporary employees.

The budget includes funding for initiatives to stimulate small businesses, broaden investment in minority- and women-owned businesses, expand Internet access in high-opportunity areas, boost recreational programming for youth, address homelessness, further affordable housing, and cultivate the use of evidence-based decision making throughout the City.

Lastly, the FY 2019-20 budget provides tax relief to residents over 65 or with a disability by increasing the property tax exemption to \$100,000 from \$90,000. It also lowers the tax rate for all property owners by \$0.01, to 77.667 cents per \$100 valuation, the fourth year in a row with a property tax rate decrease.

AWARDS & ACCOLADES

The following information highlights several of Dallas' award-winning achievements in FY 2019.

Pursuing financial excellence

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Dallas for its CAFR for the fiscal year ended September 30, 2018. The Certificate of Achievement is a prestigious national award recognizing conformance with the highest standards for preparation of state and local government financial reports. To be awarded a Certificate of Achievement, the City had to publish an easily readable and efficiently organized CAFR that satisfied both generally accepted accounting principles and applicable program requirements. The City of Dallas first received this award for its FY 1981 CAFR and has received it consecutively for the past 13 years—every year since FY 2006.

A Certificate of Achievement is valid for a period of only one year. We believe our current report continues to conform to the Certificate of Achievement Program requirements, and we are submitting it to the GFOA to determine its eligibility for another certificate.

The City also received the GFOA Distinguished Budget Presentation Award for its annual budget for the fiscal year beginning October 1, 2018. The City has earned this award each year since 1999. To receive the award, the City must publish a budget document that meets program criteria as a policy document, as a financial plan, as an operations guide, and as a communications device.

Project Safe Neighborhood

Launched in June 2018, the DPD Project Safe Neighborhood (PSN) Task Force received one of two “Outstanding Overall Partnership” awards from the U.S. Department of Justice this year. PSN is a nationwide effort to reduce violent crime that combines traditional enforcement with community engagement to create sustainable, safe neighborhoods. As of April 2019, the target neighborhoods in northeast Dallas had experienced a 22 percent reduction in violent crime.

Sharing the “Love”

Dallas Love Field Airport surpassed eight million enplaned passengers and won multiple awards in FY 2019, including:

- 1st place, Airport Service Quality by Airports Council International-World;
- 1st Place, Best Food & Beverage Program, Airports Council International-North America;
- 2nd Place, Airport Satisfaction Study, J.D. Power and Associates; and
- 10th Best among Domestic Airports by Travel + Leisure Magazine.

AWARDS & ACCOLADES

Going green

The City Council adopted a Green Energy Policy in April 2019 to demonstrate the City's commitment to clean and efficient energy use. As a result, Dallas was one of five large cities to receive an honorable mention award at the U.S. Mayors' Climate Protection Awards in June 2019 for the policy.

Celebrating community development

In May 2019, the National Community Development Association selected the City of Dallas as a John A. Sasso Award recipient. The award recognizes outstanding community engagement and outreach to promote the Community Development Block Grant and HOME Investment Partnerships programs during National Community Development Week. The Office of Budget's Grants Management division was specifically recognized for its best practices in this effort.

A winning strategy

This year, Dallas Animal Services won first place in the Petco Foundation's Innovation Showdown, receiving \$200,000 for its cutting-edge customer service application. The app is designed to streamline customer service in the shelter through indoor navigation, adoption queues, customer service video chat, advanced pet search, and more—all with the goal of sustaining DAS' live release rate, above 90 percent for the first time in its history.

FINANCIAL INFORMATION

Financial reporting entities

The financial statements of the City of Dallas include all activities, organizations, and functions for which the City is financially accountable. In addition to the general government, enterprise, and internal service functions described in the *About Dallas* section of this transmittal letter, 21 tax increment financing districts are also included in the City's reporting entity.

Although the pension trust funds are separate legal entities, they exist to exclusively serve or benefit the City's employees, retirees, and their beneficiaries, and are included in the City's reporting entity as blended component units. The Love Field Airport Modernization Corporation (LFAMC) and the Trinity River Corridor Local Government Corporation (LGC) are also separate legal entities included in the City's reporting entity as blended component units. The LFAMC was created to facilitate construction at Love Field Airport, while the Trinity River Corridor LGC was created for the design, planning, development, financing, operation, and maintenance of City fee-owned property for public recreation uses in a portion of the Trinity River Corridor. More information regarding the blended component units is included in Note 1(B).

Discretely presented component units are other legally separate entities that are also included in the City's reporting entity based on the criteria set forth in the Codification of Governmental Accounting Standards, Section 2100, *Defining the Financial Reporting Entity*.

The criteria considered in determining the activities to be reported within the City's financial statements are included in Note 1(B). Based on those criteria, the following organizations are included as discretely presented component units of the City of Dallas for financial reporting purposes:

- The Housing Finance Corporation issues tax-exempt mortgage revenue bonds to encourage opportunities for single-family residential home ownership among low- to moderate-income residents;
- The Housing Acquisition and Development Corporation provides safe and affordable housing for low- and moderate-income persons;
- The Dallas Development Fund was organized to assist in carrying out the economic development program and objectives of the City by generating private investment capital through the New Markets Tax Credit Program to be made available for investment in low-income communities;
- The Downtown Dallas Development Authority is a separate legal entity established to promote economic development of the downtown area and improve the tax base;
- The North Oak Cliff Municipal Management District was organized to promote, develop, encourage, and maintain employment, commerce, transportation, housing, tourism, recreation and the arts, entertainment, economic development, safety, the public welfare in the District, and educational scholarships for college-bound students residing in or out of the District;

FINANCIAL INFORMATION

- The Cypress Waters Municipal Management District was organized to promote, develop, encourage, and maintain employment, commerce, transportation, housing, tourism, recreation and the arts, entertainment, economic development, safety, and the public welfare in the District; and
- The Dallas Convention Center Hotel Development Corporation was created to promote the development of the geographic area of the city included at or in the vicinity of the Dallas Convention Center to promote, develop, encourage, and maintain employment, commerce, convention and meeting activity, tourism, and economic development in the city including specifically, without limitation, the development and financing of a convention center hotel located within 1,000 feet of the Dallas Convention Center.

Related organizations not included as part of the reporting entity are the Dallas-Fort Worth International Airport, the Dallas Housing Authority, and Dallas Area Rapid Transit (DART). The reason for not including these entities is because the City's accountability does not extend beyond appointing members to the boards.

Financial management

Strong financial management within the City of Dallas begins with adherence to a comprehensive set of financial policies. The City Council originally adopted the Financial Management Performance Criteria (FMPC) on March 15, 1978, to provide standards and guidelines for the City's financial managerial decision making and to provide for a periodic review of the criteria to maintain standards and guidelines consistent with current economic conditions. The FMPC have been revised periodically since their adoption. The status of each criterion is updated annually and presented with the annual budget, at year-end, and for each debt issuance. The FMPC contains 54 criteria in seven different categories, in addition to 13 criteria specific to Dallas Water Utilities:

- Operating Program: Criteria 1-14
- Pension Program: Criteria 15-16
- Budgeting and Planning: Criteria 17-24
- Capital and Debt Management: Criteria 25-41
- Economic Development: Criteria 42-49
- Accounting, Auditing, and Financial Planning: Criteria 50-52
- Grants and Trusts: Criteria 53-54
- Dallas Water Utilities: Criteria DWU 1-13

The City's management is responsible for establishing and maintaining internal controls designed to ensure the assets of the government are protected from loss, theft, or misuse, and to ensure adequate accounting data are compiled to allow for preparation of financial statements in conformity with accounting principles generally accepted in the United States of America.

FINANCIAL INFORMATION

In late 2017, the City established an Executive Finance and Controls Committee (EFCC), consisting of the assistant city managers and chiefs, Chief Information Officer, City Controller, and director of the Office of Budget and chaired by the Chief Financial Officer. The EFCC is the foundation for our internal control framework, monitors the external audit including any findings, and leads by an example that demonstrates the City's commitment to ethics and integrity.

The City has also established a new contract management program under the oversight of the Chief Financial Officer to ensure parties meet their respective commitments efficiently and effectively and deliver the intended outcomes of the contract. As part of the program, each department will authorize individuals to monitor specific aspects of contract performance. These individuals will participate in a certification program to become Dallas Contracting Officer Representatives (D-COR). The D-COR program is a collaboration between the City Controller's Office and the Office of Procurement Services designed to strengthen knowledge and standardize the City's approach to contract management, including the development of contract monitoring plans. The City Controller's Office will be responsible for auditing the departments' use of the contract monitoring plans, as well as reviewing complex financial data when received.

The City Controller's Office is accountable for internal accounting controls designed to provide reasonable, but not absolute, assurance regarding: 1) the safeguarding of assets against loss from unauthorized use or disposition; 2) the reliability of financial records for preparing financial statements; and 3) accountability for assets. The concept of reasonable assurance recognizes the cost of a control should not exceed the benefits likely to be derived, and the evaluation of costs and benefits requires estimates and judgments by management.

Annually, each department is required to conduct a self-assessment of internal controls. The results of these assessments are reported to the City Manager with an action plan to correct any identified deficiencies. In addition, beginning with the FY 2017 audit, each department director was required to sign a management representation letter in connection with the preparation of these financial statements.

Furthermore, as a recipient of federal and state assistance, the City is also responsible for ensuring adequate internal controls are in place to comply with applicable laws, regulations, contracts, and grants related to those programs. As part of the City's single audit, tests are made to determine the adequacy of the internal control, including that portion relative to federal and state financial awards, as well as to determine whether the City has complied with applicable laws, regulations, contracts, and grants.

FINANCIAL INFORMATION

Internal controls are also subject to periodic evaluation by management and the City Auditor. The City Council is required by charter to appoint a City Auditor who is independent of City management and reports directly to the City Council. The City Auditor supports the internal control structure within the City by performing independent evaluations of existing accounting and administrative controls and by ascertaining compliance with existing plans, policies, and procedures.

To increase accountability and internal controls, the City Controller's Office created an audit liaison function to support departments in responding comprehensively and accurately to internal audit findings and recommendations. This includes attending entrance and exit conferences and status meetings, facilitating communication between the departments and the City Auditor's Office, assisting with implementation of recommended process improvements, and updating executive management as needed.

All internal control evaluations occur within the above framework. We believe the City's internal accounting controls adequately safeguard assets and provide reasonable assurance of proper recording of financial transactions.

The City Charter provides that the City Council shall annually appropriate adequate funds in an amount to execute the policies and service delivery plans of the City. City management annually prepares the plan of services for the upcoming fiscal year and the estimated costs, along with a five-year forecast. The annual plan is reviewed by the City Council and is formally adopted by the passage of a budget ordinance. The ordinance provides for budgetary control at the department level and these budgets cannot be exceeded without City Council approval. Budgetary control is enforced at the department level by reserving appropriations and encumbering purchase orders and contracts. Open encumbrances are reported, where applicable, as assigned fund balance.

Management disclaimer

Chapter III, Section 19 of the City Charter requires, "the annual financial statements and related records and accounts of the City to be audited annually by a firm registered with the Texas State Board of Public Accountancy as a firm practicing public accountancy." We were pleased to work with Grant Thornton LLP, on the audit this year. We appreciate their professionalism.

Management assumes full responsibility for the completeness and reliability of the information contained in this report, based upon a comprehensive framework of internal control established for this purpose. Because the costs of internal controls should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements.

FINANCIAL INFORMATION

Thank you for your attention to this summary of the state of the City's finances and our achievements in the last fiscal year. We strive to be good stewards of the resources with which we are entrusted. Please refer to the following sections for the full auditor's report, the City's annual financial statements, and supporting statistical information.

Respectfully submitted,

T.C. Broadnax

REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

The Honorable Mayor and Members of City Council
City of Dallas, Texas

Report on the financial statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Dallas, Texas (the "City") as of and for the year ended September 30, 2019, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's responsibility for the financial statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the Dallas Police and Fire Pension System and Supplemental Police and Fire Pension Plan of the City of Dallas, which are blended component units, which represent 28%, 33% and 27%, respectively, of the assets, net position and revenues/additions of the aggregate remaining fund information. We also did not audit the financial statements of the Dallas Housing and Acquisition Development Corporation and the Dallas Development Fund, which are discretely presented component units, which represent 1%, -10% and 1%, respectively, of the assets, net position, and revenues of the aggregate discretely presented component units. Those financial statements were audited by other auditors, whose reports thereon have been furnished to us, and our opinion, insofar as it relates to the amounts included for those component units, is based on the reports of the other auditors.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the City's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, based on our audit and the reports of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Dallas, Texas as of September 30, 2019, and the respective changes in financial position and, where applicable, cash flows thereof and the respective budgetary comparison of the General Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other matters**Required supplementary information**

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis on pages 3 through 12, and the Schedule of Changes in the City's Net Pension Liability and Related Ratios- Pension Plans, Schedule of City Contributions to Pension Plans, Notes to the Schedule of City Contributions to Pension Plans, and Schedule of Changes in the City's Total Liability and Related Ratios- Other Postemployment Benefits on pages 106 through 112 be presented to supplement the basic financial statements. Such information, although not a required part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. This required supplementary information is the responsibility of management. We and other auditors have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America. These limited procedures consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The combining and individual fund financial statements, budgetary comparison schedule-debt service fund, and schedules of capital assets used in the operation of governmental funds are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures. These additional procedures included comparing and reconciling the information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America by us and other auditors. In our opinion, based on our audit and the report of other auditors, the supplementary information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other information

The introductory section and statistical sections are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Dallas, Texas

CITY OF DALLAS, TEXAS
MANAGEMENT'S DISCUSSION AND ANALYSIS
September 30, 2019
(Unaudited)

As management of the City of Dallas (the City), we offer readers of the City's financial statements this narrative overview and analysis of the financial activities of the City for the fiscal year ended September 30, 2019. The City's management's discussion and analysis is designed to (1) assist the reader in focusing on significant issues, (2) provide an overview of the City's financial activity, (3) identify changes in the City's financial position (its ability to address the next and subsequent year challenges), (4) identify any material deviations from the financial plan (the approved budget), and (5) identify individual major fund issues or concerns. We encourage readers to consider the information presented here in conjunction with the accompanying transmittal letter, which can be found on pages v-xxiii of this report. All amounts, unless otherwise indicated, are expressed in thousands of dollars.

FINANCIAL HIGHLIGHTS

- The assets and deferred outflows of resources of the City exceeded its liabilities and deferred inflows of resources at the close of the most recent fiscal year by approximately \$758.7 million.
- The City's governmental activities net position increased from the beginning net position by \$118.1 million while the business-type activities net position increased by \$42.4 million.
- As of the close of fiscal year 2019, the City's governmental funds reported combined ending fund balances of \$1.3 billion, an increase of \$147.1 million.
- At the end of the current fiscal year, unassigned fund balance for the general fund was \$234.2 million, or approximately 15.9 percent of the total general fund expenditures, including transfers out.
- The City's governmental long-term liabilities had a net increase of \$1.3 billion from the prior balance of \$6.0 billion. The City's business-type activities long-term liabilities increased \$582.3 million from the prior year's balance of \$4.6 billion.

OVERVIEW OF THE FINANCIAL STATEMENTS

The City's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements: The government-wide financial statements are designed to provide readers with a broad overview of the City's finances, in a manner similar to a private-sector business and are made up of the following two statements: the statement of net position and the statement of activities. Both of these statements are prepared using the economic resources measurement focus and the accrual basis of accounting.

The statement of net position presents information on all of the City's assets and deferred outflows of resources, and liabilities and deferred inflows of resources, with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating. The statement of net position combines and consolidates governmental funds current financial resources (short-term spendable resources) with capital assets and long-term obligations. Other non-financial factors should also be taken into consideration, such as changes in the City's property tax base, the condition of the City's property tax base, and the condition of the City's infrastructure (i.e. roads, drainage improvements, storm and sewer lines, etc.) to assess the overall health or financial condition of the City.

The statement of activities presents information showing how the City's net position changed during the fiscal year. All changes in net position are reported when the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will result in cash flows in future fiscal periods (e.g. uncollected taxes and unused compensated absences).

Both of the government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (governmental activities) from functions that are intended to recover all or a portion of their costs through user fees and charges (business-type activities). The governmental activities of the City include general government, public safety, code enforcement, environmental and health services, streets, streets, public works, and transportation, equipment and building services, culture and recreation services, housing, and human services.

The business-type activities of the City include water and sewer utilities, convention center, airport, sanitation and landfill, municipal radio, and building inspections. The airport revenue fund includes the activities of the Love Field Airport Modernization Corporation (LFAMC), a blended component unit.

The government-wide financial statements reflect not only the activities of the City itself (known as the primary government), but also those of the seven separate legal entities for which the City is financially accountable – the Housing Finance Corporation, Housing Acquisition and Development Corporation, Dallas Development Fund, Downtown Dallas Development Authority (DDDA), North Oak Cliff Municipal Management District, Cypress Waters Municipal Management District, and Dallas Convention Center Hotel Development Corporation, which are reported as discretely presented component units separately from the primary government itself.

The government-wide financial statements can be found on pages 13-15 of this report.

CITY OF DALLAS, TEXAS
MANAGEMENT'S DISCUSSION AND ANALYSIS
September 30, 2019
(Unaudited)

Fund Financial Statements: A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental Funds: Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on current sources and uses of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental funds balance sheet and the governmental funds statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The City maintains twenty-four individual governmental funds. Information is presented separately in the governmental funds balance sheet and in the governmental funds statement of revenues, expenditures, and changes in fund balances for the general and debt service funds, which are considered to be major funds. Data from the other twenty-two funds are combined into a single, aggregated presentation. Individual fund data for each of these non-major governmental funds is provided in the combining financial statements section of this report.

The City adopts an annual appropriated budget for its general fund. A budgetary comparison statement has been provided for the general fund to demonstrate compliance with this budget.

The basic governmental fund financial statements can be found on pages 16, 18, 20, and 21 of this report.

Proprietary Funds: Proprietary funds are generally used to account for services for which the City charges customers – either outside customers, or to other units within the City. Proprietary funds are accounted for using the economic resources measurement focus and the accrual basis of accounting. The proprietary funds financial statements provide the same type of information as shown in the government-wide financial statements, only in more detail. The City maintains two types of proprietary funds:

- Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The City uses enterprise funds to account for the airport, convention center, municipal radio, building inspection, sanitation, and water utilities operations. All of the City's enterprise funds, except the municipal radio and building inspection, are considered major funds.
- Internal Service funds accumulate and allocate costs internally among the City's various functions. The City uses its internal service funds to account for its equipment services, communication equipment, office services, information services, risk management programs, and bond program administration. Because these services predominantly benefit governmental rather than business-type functions, they have been included within governmental activities in the government-wide financial statements. All internal service funds are combined into a single aggregated presentation in the proprietary fund financial statements. Individual fund data for the internal service funds is provided in the combining financial statements elsewhere in this report.

The basic proprietary fund financial statements can be found on pages 22-29 of this report.

Fiduciary Funds: Fiduciary funds are used to account for resources held for the benefit of parties outside the City. The City's pension trust and agency funds are reported under the fiduciary funds. Since the resources of these funds are not available to support the City's own programs, they are not reflected in the government-wide financial statements. The accounting used for fiduciary funds is much like that used for proprietary funds. The basic fiduciary fund financial statements can be found on pages 30-31 of this report.

Notes to the Basic Financial Statements: The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes can be found immediately following the basic financial statements. The notes to the financial statements can be found on pages 32-105 of this report.

CITY OF DALLAS, TEXAS
MANAGEMENT'S DISCUSSION AND ANALYSIS
September 30, 2019
(Unaudited)

GOVERNMENT-WIDE FINANCIAL ANALYSIS

The City's combined net position was approximately \$758.7 million as of September 30, 2019. Analyzing the net position of governmental and business-type activities separately, the governmental activities had a deficit balance of approximately \$2.7 billion and the business-type activities net position was approximately \$3.5 billion. This analysis focuses on the assets and deferred outflows of resources, liabilities and deferred inflows of resources, and net position (Table 1), and changes in revenues and expenses (Table 2) of the City's governmental and business-type activities.

Table 1
Net Position (in thousands)

Unrestricted (deficit)	(5,752,159)	(5,903,832)	(224,444)	(142,755)	(5,976,603)	(6,046,587)
Total net position (deficit)	<u>\$(2,703,978)</u>	<u>\$(2,822,062)</u>	<u>\$3,462,715</u>	<u>\$3,420,357</u>	<u>\$ 758,737</u>	<u>\$ 598,295</u>

*The 2018 classifications of net position for the Business-Type Activities have been updated to be consistent with the 2019 presentation.

The largest portion of the City's net position reflects its investments in capital assets (e.g., land, building, equipment, improvements, construction in progress and infrastructure), less any debt used to acquire those assets that is still outstanding. The City uses these capital assets to provide service to citizens and, consequently, they are not available for future spending. Although the City's investment in capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities. Overall, net position of the governmental activities increased \$118.1 million. This was mostly due to increases in ad valorem tax, sales tax, and investment income in the amounts of \$84.6 million, \$13.2 million, and \$19.7 million, respectively.

Long-term liabilities increased by \$1.3 billion in the governmental activities due primarily to a net increase in the net pension liability of \$1.1 billion, a net increase in the other postemployment benefits liability of \$43.8 million, a net increase in bonds, obligations and certificates payable of \$241.5 million, and a net increase in developer payable of \$57.0 million, offset by a decrease in commercial paper notes payable of \$31.7 million and a decrease in estimated unpaid claims of \$174.6 million.

The business-type activities long-term liabilities increased \$582.3 million, due primarily to an increase in Dallas Water Utilities commercial paper notes payable of \$164.5 million, as well as overall increases in business-type activities net pension and other postemployment benefits liabilities of \$501.4 million and \$10.5 million, respectively. These increases were offset mainly by a net decrease in water revenue bonds of \$35.8 million, a decrease in the water transmission financing agreement of \$10.4 million, a decrease of \$8.7 million in convention center revenue bonds, a decrease of \$6.3 million in airport revenue bonds, and a decrease in the aviation revenue credit agreement of \$8.1 million. Additionally, sanitation general obligation bonds and business-type activities pension obligation bonds decreased slightly, due to the repayment of principal amounts during the fiscal year.

An additional portion of the City's net position (\$272.0 million governmental activities and \$394.5 million business-type activities) represents resources that are subject to external restrictions on how they may be used. The remaining balance in net position is unrestricted.

CITY OF DALLAS, TEXAS
MANAGEMENT'S DISCUSSION AND ANALYSIS
September 30, 2019
(Unaudited)

In governmental activities, there is a deficit unrestricted net position of \$5.8 billion as a result of long-term liabilities for items such as bonds, compensated absences, unfunded risk liabilities, net pension liability, other postemployment benefits, pollution remediation, pension obligation bonds, and sales tax liability. Because of the focus on current assets and liabilities, the City's budget is developed to address the needs of current operations. The City plans to fund long term liabilities in future budgets as those liabilities consume current assets. In business-type activities, there is a deficit unrestricted net position of \$224.4 million, primarily for items such as the sanitation landfill closure/postclosure liability, as well as compensated absences, net pension liability and other postemployment benefits for all business-type activities.

Analysis of the City's Operations

The table below provides a summary of the City's operations for the fiscal year ended September 30, 2019, with comparative totals for the fiscal year ended September 30, 2018. The governmental activities net position increased by \$118.1 million and business-type activities net position increased by \$42.4 million. Key elements of these changes in net position are as shown below.

Table 2
Change in Net Position (in thousands)

CITY OF DALLAS, TEXAS
MANAGEMENT'S DISCUSSION AND ANALYSIS
September 30, 2019
(Unaudited)

Governmental Activities

Governmental activities net position (deficit) increased \$118.1 million in fiscal year 2019. Total revenues and transfers increased \$104.4 million, or 5.5 percent from fiscal year 2018. Significant changes in revenue include the following:

- Ad valorem tax revenues increased \$84.6 million due to an increase in the certified property tax values.
- Tax increment financing (intergovernmental revenue) increased \$1.6 million, primarily due to an increase in the certified property tax values.
- Sales tax revenue increased \$13.3 million due to increased discretionary customer spending.
- Capital grants and contributions increased \$25.8 million, due to increases in federal, state and local capital grants for construction, as well as increases in capital contributions from developers and outside entities.
- The average rate of return on investments increased approximately 40 percent from 1.511 percent in fiscal year 2018 to 2.116 percent in fiscal year 2019. This increase, combined with increases in cash balances, resulted in an increase in investment income of \$19.7 million.

CITY OF DALLAS, TEXAS
MANAGEMENT'S DISCUSSION AND ANALYSIS
September 30, 2019
(Unaudited)

Total governmental activities expenses increased approximately \$1.2 billion, or 182.3 percent, from fiscal year 2018. The most significant portion of expenses related to governmental activities is the cost of personnel and related benefits, which includes the recognition of pension expense of \$839.0 million in fiscal year 2019. Pension expense increased \$1.8 billion in fiscal year 2019, as there was a recognition of negative pension expense of \$994.3 million in fiscal year 2018.

- General government expenses increased \$144.4 million, primarily due to an increase in pension expense of \$65 million an increase in expenses related to developer payables of approximately \$40.4 million. Additionally, there was an increase in economic incentive expenses related to the Neighborhood Projects capital projects fund of \$29.6 million and an increase of \$7.3 million in expenses in the Municipal Trust special revenue fund.
- Public safety expenses increased \$1.0 billion, due mainly to increases in pension expenses of \$1.1 billion, and overall increases in payroll and benefits of approximately \$30.0 million, offset by a decrease in bad debt expense of \$9.8 million and a decrease in internal service fund allocations of \$77.9 million.
- Code enforcement expenses increased \$12.0 million, due primarily to an increase in pension expense of \$8.8 million combined with an increase of approximately \$1 in salaries and benefits.
- Interest on long-term debt increased \$7.4 million, due mainly to increases in the amounts of debt outstanding.

Business-type Activities

Business-type activities net position increased \$42.4 million during fiscal year 2019. Total revenues increased \$9.8 million from fiscal year 2018.

Significant changes in revenues include the following:

- During fiscal year 2019, Dallas Water Utilities customer charges decreased \$51.1 million from a 5.8 percent retail rate decrease and a 6.0 percent wholesale rate decrease. Capital contributions from developers also decreased \$13.2 million.
- Convention Center customer charges increased \$6.8 million due to an increase of \$6.8 million in contractual service fees.
- During fiscal year 2019, airport operating revenues increased \$26.1 million, mainly due to an increase of \$11 million in rental fees related to an increase in rental rates, an increase of \$9.4 million in concession fees related to parking revenue increases and customer facility charge increases, and an increase of \$5.6 million in landing fees related to increased activity and new charges for private jet landing fees.
- Sanitation customer charges increased \$12.7 million, mostly due to an approximate increase of 8.4 percent in residential rates and an approximate increase of 5.0 percent in landfill gate rates.

The remainder of this page intentionally left blank.

CITY OF DALLAS, TEXAS
MANAGEMENT'S DISCUSSION AND ANALYSIS
September 30, 2019
(Unaudited)

Total business-type activities expenses increased \$124.6 million from fiscal year 2018. The following items contributed to changes in expenses during fiscal year 2019:

- Dallas Water Utilities personnel expenses increased \$50.7 million, due mostly to a \$46.8 million increase in pension expense, which is included in personnel expenses, as well as increases related to a \$1.9 million in overtime expense and a \$1.1 million in other postemployment benefit expense. Contractual services expense increased by \$5.0 million, offset by a decrease of \$ 2.3 million in supplies and material expenses.
- Convention Center contractual and other services increased \$8.4 million mainly due to an increase of \$11.7 million in Spectra contract service expenses, offset by a decrease of \$ 2.9 million in repair and maintenance service expense.
- Airport personnel expenses increased \$11.2 million due primarily to an \$8.5 million increase in pension expense, as well as increase in salaries and benefits. Contractual services expense increased \$5.2 million primarily due to an increase of \$3.2 million in a new parking service expense, and an increase of \$1.1 million in security service expense.
- Sanitation personnel expenses increased \$20.1 million due primarily to an increase of \$15.9 million in pension expense, combined with overall salary increases for employees. Additionally, contractual services increased \$9.9 million, due to an increase in fleet maintenance expenses and an increase in clean-up cost related to the storm that occurred in June 2019.
- Personnel services in nonmajor enterprise funds (building inspections and municipal radio) increased \$12.5 million, due primarily to an increase in pension expense.

Financial Analysis of the Government's Funds

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds: The focus of the City's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of fiscal year 2019, the City's governmental funds reported combined ending fund balance of \$1.3 billion, an increase of \$147.1 million in comparison with the prior fiscal year fund balance. The nonmajor capital projects fund balance increased \$77.1 million, due mainly to the issuance of general obligation bonds for capital projects, offset by capital expenditures related to current and prior year bond issuance. The nonmajor special revenue funds fund balance increased \$23.9 million, mainly due to consistent revenues and expenditures year over year.

The general fund is the chief operating fund of the City, and its fund balance increased \$40.9 million in fiscal year 2019. This increase was primarily due to increases in ad valorem tax revenue and sales tax revenue, offset by decreases in franchise fees. Approximately \$234.2 million of the general fund's total fund balance of \$297.2 million constitutes unassigned fund balance, which is available for spending at the government's discretion. The remainder of fund balance is nonspendable, restricted, committed, or assigned to indicate that it is not available for new spending because it is 1) nonspendable in form or required to be maintained intact; 2) restricted for a specific purpose by constitution, external resource providers, or through enabling legislation; 3) committed by a formal action of Council for a specific purpose; or 4) assigned and intended to be used by the government for a specific purpose for contracts and purchase orders of the prior period.

As a measure of the general fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total fund expenditures. Unassigned fund balance represents 15.9 percent of total general fund expenditures and transfers out, while total fund balance represents 20.2 percent of that same amount.

During fiscal year 2019, the general fund recorded bond proceeds, including premium on bond issuance in the amount of \$174.4, and subsequently transferred \$173.3 million to the risk fund to liquidate the liability related to the settlement of a pay referendum lawsuit for uniformed employees.

General fund expenditures increased \$45.0 million. General government expenditures increased \$23.8 million, \$4.3 million of which was a result of increases in Court and Detention services payments for the Dallas County School Crossing Guard Program. Court and Detention Services expenditure also increased \$4.6 million related to the City's building security services. The Office of Budget had increased overall contractual services of approximately \$1 million and the City Secretary had increased contractual services of \$2.3 million related elections expenditures. Additionally, there were increased general government expenditures of \$5.2 million related to the repayment of prior year sales tax revenues to the State of Texas. Finally, the Human Resources department had increased wages and benefits of approximately \$1 million to do increasing in staffing levels. Capital outlay in the general fund decreased \$13.5 million, mostly due to prior year street infrastructure improvements and 911 center system upgrades. Public safety expenditures increased \$37.3 million, due to increased wages to first responders, increased pension contributions, and enhanced ambulance service. Finally, there were overall increases to wages and benefits throughout all City departments.

The debt service fund had a total fund balance of \$34.3 million at September 30, 2019 restricted for the payment of debt service. The debt service fund balance increased during the current year by \$5.4 million primarily due to increases in ad valorem tax revenues.

CITY OF DALLAS, TEXAS
MANAGEMENT'S DISCUSSION AND ANALYSIS
September 30, 2019
(Unaudited)

Proprietary funds: The City's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail.

Unrestricted net position in Dallas Water Utilities and Sanitation at the end of the year amounted to a deficit balance of \$130.9 million and \$160.3 million, respectively. The unrestricted net position in the Convention Center and the Airport Revenues Fund was \$99.5 million and \$2.9 million, respectively. The total change in net position was an increase of \$21.0 million in Dallas Water Utilities, an increase of \$14.3 million in Convention Center, an increase of \$33.9 million in the Airport Revenues Fund, and a decrease of \$15.4 million in Sanitation. Factors regarding the finances of these funds have already been addressed in the discussion of the City's business-type activities.

General Fund Budgetary Highlights

During the fiscal year, the final amended revenue budget represented a slight 1.7 percent increase from the original budget and the final amended expenditure budget represented a less than 1 percent increase from the original budget.

Actual budgetary basis revenues and transfers-in were higher by \$5.6 million, or less than 1 percent from final budgeted amounts. This was primarily due to actual revenues being unexpectedly higher than the final budgeted revenues related to investment income. Actual budgetary expenditures and transfers out were lower than the final amended budget by \$25.5 million, or 1.8 percent, due mainly to most general fund departments experiencing overall cost savings during fiscal year 2019.

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets

As of September 30, 2019, the City had approximately \$11.3 billion invested in a broad range of capital assets, including police and fire equipment, buildings, park facilities, roads, bridges, and water and sewer lines (see table 3). This amount represents a net increase of \$373.4 million or 3.4 percent over the prior fiscal year.

Table 3
Capital Assets

Street and transportation improvements	\$ 111.6
Flood control/storm drainage improvements	39.1
Dallas Arboretum Garage	29.3
McCommas Bluff Landfill Cells	5.7
Land acquisitions	17.6
Equipment acquisitions	83.3
Water and wastewater facilities	128.7
Total	<u>\$ 415.3</u>

CITY OF DALLAS, TEXAS
MANAGEMENT'S DISCUSSION AND ANALYSIS
September 30, 2019
(Unaudited)

The general purpose capital improvement program provides for improvements to, and/or construction of, the City's street system; parks and recreational facilities; libraries; police and fire protection facilities; cultural art facilities; the flood protection and storm drainage systems; other City-owned facilities; and economic initiatives. General obligation bonds are the primary financing mechanism for these capital improvements.

The capital improvement program for the enterprise funds consists primarily of improvements to, and/or construction of, water and wastewater systems, and air transportation facilities. The primary financing mechanism for these capital improvements are enterprise fund net revenues and issuance of debt such as commercial paper and revenue bonds.

More detailed information about the City's capital assets is presented in Note 8 to the financial statements.

Debt

At fiscal year-end, the City had \$5.7 billion in bonds for both governmental and business-type activities, an obligation for revenue credit agreement (including accrued unpaid interest), and water transmission facilities financing agreement outstanding, as shown in Table 4.

Table 4
Outstanding Debt at Fiscal Year-end (in thousands)

Bond proceeds for governmental activities will be used to pay costs of various equipment purchases, street systems, playgrounds, recreation facilities, library facilities, and other City infrastructure and facilities.

In May 2019, the City issued general obligation refunding and improvement bonds, Series 2019A, of \$235.6 million with a premium of \$31.4 million, a stated interest rate range of 3.0% to 5.0%, and a final maturity of February 15, 2039. The bonds were issued to refund certain outstanding commercial paper, finance certain public improvements, and pay the cost of issuance of the bonds.

In May 2019, the City issued general obligation refunding bonds, Series 2019B, of \$154.0 million with a premium of \$20.4 million, a stated interest rate range of 3.0% to 5.0% and a final maturity of February 15, 2039. The bonds were issued to settle legal claims related to a pay referendum lawsuit for uniformed employees.

In May 2019, Dallas Water Utilities issued Waterworks and Sewer System Revenue Bonds, Series 2019A and Series 2019B of \$66 million and interest rates ranging from 0.03 percent to 1.34 percent. Final maturity will occur on October 1, 2048. The bonds were issued to fund capital construction projects.

Dallas Convention Center Development Corporation	Baa1	A-	N/R
Downtown Dallas Development Authority	A2	A+	N/R

More information about the City's debt is presented in Note 11 to the financial statements.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

The Dallas City Council has identified six strategic priorities – Public Safety; Mobility Solutions, Infrastructure, and Sustainability; Economic and Neighborhood Vitality; Human and Social Needs; Quality of Life; and Government Performance and Financial Management. Property value for the tax roll as of January 1, 2019 is \$140.2 billion; which is a 7.8 percent increase from the 2018 tax roll. The adopted fiscal year 2019-20 tax rate of \$0.7766 per \$100 valuation is a \$0.0001 reduction from the fiscal year 2018-19 adopted tax rate of \$.7767. The fiscal year 2019-20 budget of \$3.8 billion is balanced, utilizing various cost containment strategies, revenue enhancements, and operational efficiencies.

With the multitude of water challenges across Texas, the City will continue to focus on maintaining infrastructure, conserving resources, and providing for future needs through replacement of aged water and wastewater mains; improvements at water treatment plants to improve reliability and water quality as well as increase capacity; continued water conservation efforts; and the TRWD integrated pipeline project to connect Lake Palestine to Dallas' water supply system to meet future needs. There was no retail or wholesale revenue rate increase for fiscal year 2019-20.

The City of Dallas is experiencing areas of economic growth. The City's unemployment rate of 3.4 percent is below the national average of 3.7 percent. Property tax revenue is the single largest revenue source and accounts for 54.7 percent of General fund revenue. Fiscal year 2020 will mark the eighth consecutive year of growth in property value. As the second largest revenue source in General Fund, sales tax revenue is projected at \$325.6 million for fiscal year 2019-20; which is a 4.5 percent increase from the fiscal year 2018-19 budget. The combined property tax and sales tax revenue in the General Fund budget is projected to increase \$73.5 million from fiscal year 2019 to fiscal year 2020.

In fiscal year 2019-20 the City will continue to focus on Service First. It makes significant investments in public safety, including increased wages for first responders, recruitment and retention funding to help stabilize police and fire staffing, increased pension contributions, and improvements to the 911 system. The budget also funds important services such as clean water, libraries, and parks. In addition, the budget invests in solving problems our community faces, such as homelessness, affordable housing, and underserved neighborhoods.

The City's fiscal year 2020 capital budget also provides \$315.8 million for water utilities capital improvements, \$75.7 million for City facilities, \$108.0 million for aviation facilities, \$8.9 million for convention and event services \$1.3 million for cultural facilities, \$126.5 million for economic development, \$74.7 million for parks and recreation, \$14.4 million for storm drainage management, and \$14.7 million for streets and transportation.

CONTACTING THE CITY'S FINANCIAL MANAGEMENT

The financial report is designed to provide our citizens, taxpayers, customers, investors, and creditors with a general overview of the City's finances, and to show the City's accountability for the money it receives. If you have questions about this report or need any additional financial information, contact the City Controller's Office, at City of Dallas, 1500 Marilla, Room 2BS, Dallas, Texas 75201.

CITY OF DALLAS, TEXAS
RECONCILIATION OF THE BALANCE SHEET
OF GOVERNMENTAL FUNDS TO THE STATEMENT OF NET POSITION
September 30, 2019
(in thousands)

Total fund balances - governmental funds \$ 1,330,280

Amounts reported for governmental activities in the statement of net position are different because:

Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds. These assets consist of:

Land	512,772	
Artwork	49,806	
Construction in progress	426,684	
Infrastructure assets	2,820,813	
Buildings	1,455,341	
Improvements other than buildings	733,533	
Equipment	643,317	
Accumulated depreciation	(2,385,056)	
Total capital assets		4,257,210

Deferred outflows from refunding of debt represent a consumption of net position that applies to future periods and, therefore, will not be recognized as an outflow of resources until then. The amount is deferred and amortized over the shorter of the life of the refunded or refunding debt. 11,801

Other long-term assets are not available to pay for current period expenditures and, therefore, are reported as unavailable revenue in the funds. 102,681

Internal service funds are used by management to charge the costs of certain activities, such as equipment services, communication equipment services, office services, information services, and insurance. The assets and deferred outflows and liabilities and deferred inflows of the internal service funds are included in the governmental activities in the statement of net position. (104,505)

Some long-term liabilities are not due and payable in the current period, and therefore, are not reported in the funds. Those liabilities consist of:

Bonds payable, plus unamortized bond premium and accretion	2,327,933	
Capital leases	118,916	
Accrued interest on bonds and notes	11,908	
Developer payable	164,134	
Notes payable	43,853	
Commercial paper notes payable	3,500	
Compensated absences	109,949	
Sales tax refund	3,618	
Pollution remediation	3,463	
Total long-term liabilities		(2,787,274)

Net pension liability and pension related deferred outflows and inflows of resources are not due in the current period and, therefore, are not reported in the funds. These amounts consist of:

Net pension liability	3,771,525	
Deferred outflows of resources	(1,273,019)	
Deferred inflows of resources	2,607,280	
		(5,105,786)

Other postemployment benefits liability and related deferred outflows and inflows of resources are not due in the current period and, therefore, are not reported in the funds. These amounts consist of:

Other postemployment benefits liability	423,887	
Deferred outflows of resources	(53,318)	
Deferred inflows of resources	37,816	
		(408,385)

Net position (deficit) of governmental activities \$ (2,703,978)

CITY OF DALLAS, TEXAS
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN
FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES

For the Year Ended September 30, 2019
(in thousands)

Net change in fund balances-total governmental funds \$ 147,125

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the current period.

Capital outlay	268,765	
Capital contributions	36,440	
Capital assets acquired through developer payable	16,569	
Depreciation expense	(129,427)	
Net adjustment		192,347

Governmental funds only report the disposal of capital assets to the extent proceeds are received from the sale. In the statement of activities, a gain or loss is reported for each disposal.

Proceeds from sale of capital assets	(1,711)	
Net gain on disposal of capital assets	(906)	(2,617)

Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds. This adjustment is to recognize the net change in "unavailable" revenues. 12,694

The issuance of long-term debt (e.g., bonds, certificates of obligation) provides current financial resources to governmental funds, but issuing debt increases long-term liabilities in the statement of net position. Repayment of long-term debt principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position. This amount is the net effect of these differences in the treatment of long-term debt and related items.

Debt issued:		
Premium on debt issued	(51,803)	
General obligation bonds	(389,545)	
Notes payable	(286)	
Capital leases	(62,374)	
Repayments:		
Capital lease liability	19,246	
Sales tax refund liability	1,574	
Note principal payment	4,491	
Bond principal payments	148,061	
Commercial paper notes payment	31,660	
Net adjustment		(298,976)

Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.

Decrease in accrued interest payable	(1,239)	
Amortization of premium, discount and refunding deferral	26,020	
Accretion on capital appreciation bonds	(1,875)	
Increase in pollution remediation liability	(2,350)	
Increase in compensated absences	(1,096)	
Increase in developer payable	(56,951)	
Total adjustment		(37,491)

Internal service funds are used by management to charge the costs of certain activities, such as fleet management, insurance, compensated absences, and computer replacement, to individual funds. The change in net position for these funds is reported with the governmental activities. 157,116

Changes to net pension liability and pension related deferred outflows and inflows of resources do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds. (38,147)

Changes to other postemployment benefits and related deferred inflows and outflows of resources do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds. (13,967)

Change in net position of governmental activities	\$ 118,084
---	------------

The notes to financial statements are an integral part of this statement.

CITY OF DALLAS, TEXAS
NOTES TO THE BASIC FINANCIAL STATEMENTS
September 30, 2019

Note 1. Summary of Significant Accounting Policies

A. General

The City of Dallas, Texas ("the City") is a municipal corporation incorporated under Article XI, Section 5 of the Constitution of the State of Texas (Home Rule Amendment). The City operates under the Council-Manager form of government and provides such services as are authorized by its charter to advance the welfare, health, comfort, safety, and convenience of the city and its inhabitants.

The accounting policies of the City conform to accounting principles generally accepted in the United States of America (GAAP) as applicable to state and local governments. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. Unless otherwise indicated, amounts are presented in thousands (000's). The more significant accounting and reporting policies and practices used by the City are described below.

B. Reporting Entity

The accompanying basic financial statements present the City and its component units, entities for which the government is considered to be financially accountable. The criteria considered in determining activities to be reported within the City's basic financial statements include whether:

- the organization is legally separate (can sue and be sued in their own name);
- the City appoints a voting majority of the organization's board;
- the City is able to impose its will on the organization;
- the organization has the potential to impose a financial benefit/burden on the City; and
- there is fiscal dependency by the organization on the City.

The City's municipal services, which include public safety (police and fire), environmental and health services, code enforcement, streets, public works, and transportation, equipment and building, culture and recreation, housing and human services, and general administrative services, are included in the accompanying basic financial statements.

In addition, the City owns and operates certain enterprise funds including water utilities, convention services, airport, sanitation, and other enterprise activities that are also included in the accompanying basic financial statements.

Blended Component Units

Blended component units, although legally separate entities, are included as part of the primary government because they meet the above criteria as well as serve or benefit the City exclusively. Thus, blended component units are appropriately presented as funds of the primary government. The information reported for the pension trust funds is as of December 31, 2018 and the Trinity River Corridor Local Government Corporation and Love Field Airport Modernization Corporation (LFAMC) is as of September 30, 2019.

- Pension Trust Funds – The Pension Trust Funds have a December 31 year-end. The primary functions of the pension entities are investment and benefit management activities. Each board has contracted with various investment managers and banks for management of the portfolios of the plans. The City contributes on behalf of its employees to three defined benefit pension plans administered by two legally separate entities: the Employees' Retirement Fund of the City of Dallas, at 1920 McKinney Avenue, 10th Floor, Dallas, TX 75201; and Dallas Police and Fire Pension System, at 4100 Harry Hines Boulevard, Ste. 100, Dallas, TX 75219. Complete financial statements of each plan may be obtained at the administrative offices.
- Love Field Airport Modernization Corporation (LFAMC) – The City created the LFAMC, a Texas nonprofit local government corporation organized under Subchapter D of Chapter 431 of the Texas Transportation Code. The Corporation was formed to serve as a conduit financing entity for the purpose of issuing bonds to promote the development of the geographic area of the city included at or in the vicinity of Love Field Airport to promote, develop, and maintain the employment, commerce, aviation activity, tourism, and economic development in the City.
- Trinity River Corridor Local Government Corporation – The Corporation was organized for aiding, assisting, and acting on behalf of the City in the performance of its governmental functions; namely, the design, planning, development, financing, operation, and maintenance of public recreation uses of City fee-owned property located in a portion of the Trinity River Corridor. This component unit is blended with the Stormwater Operations special revenue fund.

CITY OF DALLAS, TEXAS
NOTES TO THE BASIC FINANCIAL STATEMENTS
September 30, 2019

Note 1. Summary of Significant Accounting Policies (continued)

Discretely Presented Component Units – The following legally separate entities are reported as discretely presented component units of the City because the City appoints a voting majority of the boards, approves budgets, and maintains the ability to impose its will on the entities. The discretely presented component units of the governmental activities and the business-type activities are reported in separate columns in the government-wide financial statements to emphasize that they are legally separate from the government. The information reported for the Dallas Convention Center Hotel Development Corporation and the Housing Finance Corporation is as of December 31, 2018, and all others are as of September 30, 2019.

- Housing Finance Corporation – organized to issue tax-exempt mortgage revenue bonds to encourage opportunities for single-family residential home ownership among low to moderate-income citizens.
- Housing Acquisition and Development Corporation – organized solely and exclusively for the public purpose of providing safe, affordable housing facilities for low and moderate-income persons.
- Dallas Development Fund – organized to assist in carrying out the economic development program and objectives of the City by generating private investment capital through the New Markets Tax Credit Program to be made available for investment in low-income communities.
- Downtown Dallas Development Authority – The primary function of the Downtown Dallas Development Authority (DDDA) is to increase the property tax base in the downtown area of the city. The DDDA operates in a manner similar to other tax increment financing zones of the City but has a separate board. Its primary purpose is to issue revenue bonds to finance major improvements by developers.
- North Oak Cliff Municipal Management District – organized to promote, develop, encourage and maintain employment, commerce, transportation, housing, tourism, recreation and the arts, entertainment, economic development, safety, the public welfare in the District, and educational scholarships for college-bound students residing in or out of the District.
- Cypress Waters Municipal Management District – organized to promote, develop, encourage and maintain employment, commerce, transportation, housing, tourism, recreation and the arts, entertainment, economic development, safety, and the public welfare in the District.
- Dallas Convention Center Hotel Development Corporation – organized to promote the development of the geographic area of the city included at or in the vicinity of the Dallas Convention Center, in furtherance of the promotion, development, encouragement, and maintenance of employment, commerce, convention and meeting activity, tourism, and economic development in the city, including specifically, without limitation, the development and financing of a convention center hotel which is located within 1,000 feet of the Dallas Convention Center.

Entity financial statements are available for all of the above entities by contacting the City Controller's Office, 1500 Marilla, Room 2BS, Dallas, TX 75201.

Related Organizations

City officials are also responsible for appointing members to the boards of the following organizations, but the City's accountability for the organization does not extend beyond making appointment.

The Dallas/Fort Worth International Airport (DFW Airport) is jointly governed by the cities of Dallas and Fort Worth. The Cities approve the Airport's annual budget and all bond sales but have no responsibility for the DFW Airport's debt service requirements. DFW Airport is governed by a 12-member board (Board) comprised of seven members representing the City of Dallas, four members representing the City of Fort Worth, and on an annual basis, one non-voting member from the neighboring cities of Irving, Grapevine, Euless and Coppell. Members of the Board are appointed by the respective city councils. The Board is a semi-autonomous body charged with governing the DFW Airport and may enter into contracts without approval of the city councils.

The Dallas Housing Authority (Authority) is an independent organization, which has a scope of public service within the geographic boundaries of the city. Under Texas State Statutes, the responsibility for the administration and operations of the Authority is vested solely with the Authority's Board of Commissioners. The Authority is dependent on Federal funds from the Department of Housing and Urban Development and, as a result, is not financially dependent on the City. In addition, the City is not responsible for any deficits incurred and has no fiscal management control. The governing body of the Authority is its Board of Commissioners, composed of five members appointed by the Mayor of the City of Dallas. The Authority is not considered a component unit of the City, as defined by GASB since the City is not financially accountable for the operations of the Authority, has no responsibility to fund deficits or receive surpluses, and has not guaranteed the Authority's debt.

CITY OF DALLAS, TEXAS
NOTES TO THE BASIC FINANCIAL STATEMENTS
September 30, 2019

Note 1. Summary of Significant Accounting Policies (continued)

The Dallas Area Rapid Transit (DART) is a regional transportation authority under Chapter 452 of the Texas Transportation Code and is controlled by a 15-member board. The Dallas City Council appoints seven members and participating suburban city councils appoint eight board members. Its purpose is to provide transportation services in the DART service area. The voters in the DART service area approved a one percent sales tax to fund the authority annually. DART is not fiscally dependent on the City.

C. Government-wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on the primary government and its non-fiduciary component units. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes, intergovernmental revenues, and other non-exchange transactions, are reported separately from business-type activities, which rely to a significant extent on fees and charges to external customers for support. Likewise, the primary government is reported separately from certain legally separate component units for which the primary government is financially accountable.

The statement of activities demonstrates the degree to which the direct expenses of a given function or program are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or program. Program revenues include: 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment; and 2) grants and contributions that are restricted to meeting operational or capital requirements of a particular function or segment.

Taxes and other items are reported as general revenues, rather than as program revenues.

Separate fund level financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and individual enterprise funds are reported as separate columns in the fund financial statements.

D. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund financial statements. The agency fund financial statements have no measurement focus, but do employ the accrual basis of accounting for purposes of asset and liability recognition. Revenues are recognized when earned and expenses are recognized when a liability is incurred, regardless of the timing of related cash flows; however, agency funds report only assets and liabilities and have no measurement focus.

The governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues received within 60 days of year-end to be available, in accordance with the City's accounting policy, except as noted in the paragraph below.

Revenues susceptible to accrual include ad valorem taxes, sales tax, ambulance fees, parking fines, franchise fees, and interest. In applying the susceptible to accrual concept to Federal and State grants, revenues are recognized when applicable eligibility requirements, including time requirements, are met. The grant revenues and developer and intergovernmental contributions availability period is considered to be one year. All other revenue items are considered to be measurable and available only when the City receives the cash as the resulting net receivables are deemed immaterial, such as court fines and fees.

Expenditures are generally recorded when the liability is incurred, as under accrual accounting. However, debt service expenditures as well as expenditures related to compensated absences, arbitrage rebates, claims and judgments, other postemployment benefits, and pollution remediation are recorded only when matured and payment is due.

CITY OF DALLAS, TEXAS
NOTES TO THE BASIC FINANCIAL STATEMENTS
September 30, 2019

Note 1. Summary of Significant Accounting Policies (continued)

The City reports the following major governmental funds:

The General Fund is the general operating fund of the City. It is used to account for all financial resources except those required to be accounted for in another fund.

The Debt Service Fund is used to account for the accumulation of resources for, and the payment of general long-term debt principal, interest, and related costs.

The City reports the following non-major governmental funds:

The Capital Project Funds are used to account for and report financial resources that are restricted, committed, or assigned to expenditure for capital outlays, including the acquisition or construction of capital facilities and other capital assets. Capital projects funds exclude those types of capital-related outflows financed by proprietary funds or for assets that will be held in trust for individuals, private organizations, or other governments.

The Special Revenue Funds are used to account for proceeds of specific revenue sources that are restricted or committed to expenditures for specified purposes other than debt service or capital projects.

The Permanent Funds are used to account for private endowments whereby interest earnings are restricted in accordance with the endowment terms.

Proprietary Funds and Pension Trust Funds are accounted for using the economic resources measurement focus and the accrual basis of accounting. The accounting objectives are determinations of operating income, change in net position, financial position, and cash flow. All assets, deferred outflows of resources, liabilities, and deferred inflows of resources are included on the statement of net position.

The City reports the following major proprietary funds:

The Dallas Water Utilities Fund accounts for water and wastewater services for Dallas, area customer cities, and governmental entities. Activities necessary to provide such services are accounted for in the fund, including, but not limited to, administration, operations, maintenance, finance, and related debt service.

The Convention Center Fund accounts for convention and event services for the Dallas Convention Center. Activities necessary to provide such services are accounted for in the fund, including, but not limited to, administration, operations, maintenance, finance, and related debt service.

The Airport Revenues Fund accounts for the Dallas Airports System, which includes airport services and administration of Dallas Love Field, Executive Airport, and the Heliport. Activities necessary to provide such services are accounted for in the fund, including, but not limited to, administration, operations, maintenance, finance, and related debt service. DFW airport activity is not included in the financial statements.

The Sanitation Fund accounts for solid waste collection and disposal services for residential and commercial customers in Dallas. Activities necessary to provide such services are accounted for in the fund, including, but not limited to, administration, operations, maintenance, finance, and related debt service.

The City reports the following non-major proprietary funds:

The non-major proprietary funds consist of Enterprise Funds, which are used to account for operations, other than the major proprietary funds listed above, and are operated in a manner similar to private business enterprises. Non-major Enterprise Funds include the operation of the municipal radio station and building inspections.

Additionally, the City reports the following funds:

The Internal Service Funds are used to allocate associated costs of centralized services on a cost-reimbursement basis. The services provided to other City departments are vehicles, vehicle maintenance, fuel and lubrication, communication services, data processing and programming services, office supplies, printing, copying and mailing services, risk financing, including insurance-related activities, and bond program administration.

CITY OF DALLAS, TEXAS
NOTES TO THE BASIC FINANCIAL STATEMENTS
September 30, 2019

Note 1. Summary of Significant Accounting Policies (continued)

The Pension Trust Fund accounts for the activities of the Employees' Retirement System, Police and Fire Pension System, and Supplemental Police and Fire Pension Plan. The three contributory defined benefit plans are used to accumulate resources for pension benefits payments to qualified employees.

The Agency Funds are used to account for assets held by the City, as an agent for individuals (cash escrow, confiscated money, and deferred compensation fund), and other funds for assets held by the City, in a trustee capacity (tax distribution, employee benefits, and the Dallas Tourism Public Improvement District deposit account).

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are payments-in-lieu of taxes (PILOT) and other charges between the Dallas Water Utilities Fund and various other funds of the City. Elimination of these charges would distort the direct costs and program revenues reported for various functions concerned.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services in connection with a proprietary fund's principal ongoing operations.

Operating revenues of the City's enterprise funds are charges to customers for sales and services, charges to other City departments, services to others, intergovernmental revenue, and other revenues. Operating expenses include cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

E. Cash, Cash Equivalents, and Investments

Cash and cash equivalents include amounts in pooled cash as well as short-term investments with the exception of the Pension Trust Funds (which consider short-term investments as regular investments). Investment income on the pooled investments is prorated monthly based upon the average daily cash balance in each fund.

Investments in U.S. government obligations are recorded at fair value based on observable inputs; investments in money market funds and hedge funds are measured at Net Asset Value (NAV); local government investment pools are measured at amortized cost, with the exception of Texas CLASS, which is reported at fair value. Other investments, except hedge funds, held in trusts for various permanent funds are recorded at fair value based on quoted market prices. Pension investments are recorded at fair value based on quoted market values, when available. The amounts recorded in the Pension Trust Funds for real estate funds and venture capital funds represent estimated fair values based upon appraised values or other comparable methods. The Commingled Index Funds estimated fair values are based upon audited financial statements.

F. Property Taxes

The City's property tax is levied each October 1 on the assessed value as of the previous January 1 for all real and income-producing (or business personal) property. Appraised values are established by the Dallas, Denton, Collin, and Rockwall Central Appraisal Districts equal to 100 percent of appraised market value as required under the State Property Tax Code. The value of real property within the Appraisal District must be reviewed every three years. The City may challenge appraised values established by the Appraisal District through various appeals and, if necessary, legal action. The City establishes tax rates on property within its jurisdiction. If the adopted tax rate, excluding tax rates for bonds and other contractual obligations, exceeds the effective tax rate by more than eight percent, qualified voters of the city may petition for an election to determine whether to limit the tax rate increase to no more than eight percent above the effective tax rate. Property taxes attach as an enforceable lien on property as of January 1 of the subsequent year.

Taxes are due October 1. Full payment can be made prior to the following January 31 to avoid penalty and interest charges. Current tax collections for the year ended September 30, 2019 were 97.92 percent of the tax levy. The City is permitted by Article XI, Section 5 of the State of Texas Constitution to levy taxes up to \$2.50 per one hundred dollars of assessed valuation for general governmental services including the payment of principal and interest on general obligation long-term debt. The tax rate for fiscal year 2019 was \$0.7767 per \$100 dollars of assessed valuation, \$0.5667 for general governmental services and \$0.2100 for the payment of principal and interest on general obligation long-term debt.

CITY OF DALLAS, TEXAS
NOTES TO THE BASIC FINANCIAL STATEMENTS
September 30, 2019

Note 1. Summary of Significant Accounting Policies (continued)

G. Federal and State Grants and Entitlements

Grants and entitlements received for purposes normally financed through the general government are accounted for within the Special Revenue Funds. Grants and similar items are recognized as revenue as soon as all applicable eligibility requirements, excluding time requirements, have been met. Amounts received before time requirements are met, but after all other eligibility requirements have been met are reported as a deferred inflow of resources. Amounts received before eligibility requirements have been met are reported as unearned revenue.

H. Inventories

Inventory is valued at average cost. Inventory for all funds generally consists of expendable supplies held for consumption and are recorded as expenditures (or expenses) when consumed.

I. Prepaid Items

Prepaid items are payments made to vendors for services that will benefit periods beyond September 30, 2019. Prepaid items are recorded using the consumption method.

J. Restricted Assets

Proceeds of Enterprise Fund revenue bonds, commercial paper notes, and other financing arrangements, as well as resources set aside for revenue bond repayment, are classified as restricted assets on the statement of net position when their use is limited by applicable covenants. The Capital Project Funds record proceeds of debt issuances restricted for construction. The current Debt Service Funds are used to segregate resources accumulated for debt service payments over the next 12 months.

The assets restricted for revenue bond future debt service are used to report resources set aside to fulfill revenue bond debt reserve requirements. Other restricted assets include funds restricted for construction from revenue bond proceeds, contractual obligation debt service funds, unspent grant proceeds, escrow deposits, and customer deposits. Assets restricted for a specific purpose are utilized before the use of unrestricted assets to pay related obligations when authorized to do so.

K. Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets (examples include streets and bridges), are reported in the applicable governmental or business-type activities columns, in both the government-wide and proprietary fund level statement of net position. Generally, equipment with an individual cost of at least \$5 thousand, infrastructure with a cost of at least \$25 thousand, and buildings with a cost of at least \$50 thousand and an estimated useful life of more than one year, are capitalized. Purchased or constructed capital assets are valued at historical cost or estimated historical cost if actual cost is not available. Assets acquired by donation are recorded at acquisition value on the date received.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized. Major outlays for capital asset additions and improvements are capitalized as projects are constructed.

Depreciation, which includes amortization of assets under capital leases, is computed using the straight-line method over the estimated useful or service lives of the related assets beginning on the date of acquisition or the date placed in service.

CITY OF DALLAS, TEXAS
NOTES TO THE BASIC FINANCIAL STATEMENTS
September 30, 2019

Note 1. Summary of Significant Accounting Policies (continued)

The estimated useful lives of the primary government's capital assets are as follows:

	Useful Life	
	Governmental Activities	Business-type Activities
Infrastructure	10-50 years	50-100 years
Reservoirs and water rights	N/A	100 years
Buildings	10-50 years	10-50 years
Improvements other than buildings	10-50 years	10-100 years
Equipment	3-20 years	3-25 years
Utility property	N/A	33-75 years

Artwork is capitalized but not depreciated. These assets are maintained for public exhibition, education, or research and are being preserved for future generations. The proceeds from sales of any pieces of the collection are used to purchase other items for the collection.

L. Compensated Absences

The City's employees earn vacation, sick, and attendance incentive leave which may be used or accumulated up to certain amounts. Unused vacation and attendance incentive leave is paid upon death, retirement, or termination. Unused sick leave is reduced to a specified limit when paid upon retirement, certain terminations, or death.

In accordance with the criteria established in the Codification of Governmental Accounting Standards, Section C60, "Compensated Absences," a liability is recorded for vacation leave earned by employees attributable to past service and sick leave earned by employees attributable to past service only to the extent it is probable that such leave will result in termination pay. In addition, a liability has been recorded for certain salary related payments associated with the payment of accrued vacation and sick leave.

In the government-wide and proprietary fund statements of net position, all compensated absence liabilities incurred are recorded as liabilities. However, a liability is recorded in the governmental funds balance sheet only if they have matured and are due as a result of employee resignations, retirements, or termination.

M. Risk Management

The City is self-funded for workers' compensation, employee health insurance, most property damage, and the majority of tort liability exposures. Commercial insurance is used where it is legally required, contractually required, or judged to be the most effective way to finance risk. Indemnity and insurance protection are also required for all City contractors, vendors, lessees, and permit holders. Claims and judgments are recorded when it is probable that an asset has been impaired or a liability has been incurred, and the amount of loss can be reasonably estimated. The recorded estimated liability for claims and judgments includes a provision for Incurred but Not Reported (IBNR) liabilities for workers' compensation, tort cases, and employee health insurance.

CITY OF DALLAS, TEXAS
NOTES TO THE BASIC FINANCIAL STATEMENTS
September 30, 2019

Note 1. Summary of Significant Accounting Policies (continued)

N. Deferred Outflows/Inflows of Resources

In addition to assets, the balance sheet and statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period and so will not be recognized as an outflow of resources (expense/expenditure) until then. The City has the following items that qualify for reporting in this category:

- Deferred charges on refunding – A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. The amount is deferred and amortized over the shorter of the life of the refunded or refunding debt.
- Pension contributions after measurement date – The pension contributions made from the measurement date of the pension plan to the current fiscal year end are deferred and will be recognized in the subsequent fiscal year.
- Net difference in projected and actual earnings on pension assets and difference between estimated and actual experience related to pensions – These are amortized as a component of pension expense over a closed period equal to the average of the expected remaining service lives of all employees that are provided with pensions through the pension plan (active employees and inactive employees) determined as of the beginning of the measurement period.
- Difference between estimated and actual experience related to other postemployment benefits (OPEB) - These are amortized as a component of OPEB expense over a closed period equal to the average of the expected remaining service lives of all employees that are provided with benefits through the OPEB plan (active employees and inactive employees) determined as of the beginning of the measurement period.
- Changes in assumptions related to pensions and OPEB – These are amortized as a component of pension and OPEB expense over a closed period of five years.

In addition to liabilities, the balance sheet and statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The City has three items that qualify in this category. The first item arises only under the modified accrual basis of accounting. Accordingly, the item, unavailable revenue, is reported only in the governmental funds balance sheet. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available. The deferred inflow is reclassified to revenue on the government-wide financial statements. The second and third items qualify as deferred inflows of resources related to pensions and OPEB. A deferred inflow is recorded in the government-wide statement of net position and fund level financials for the proprietary statements of net position for the difference in expected and actual experience in the actuarial measurement of the total pension liability not recognized in the current year. The differences are amortized over the average remaining service life of all participants in the respective pension and OPEB plans and recorded as a component of pension expense beginning with the period in which they are incurred. Also, changes in assumptions are amortized as a component of pension and OPEB expense over a closed period equal to the average of the expected remaining service lives of all employees that are provided with pensions and benefits through the pension and OPEB plans (active employees and inactive employees) determined as of the beginning of the measurement period. The Dallas Convention Center Hotel Development Corporation discretely presented component unit also reports a deferred inflow as a result of the advance for the Build America Bonds rebate.

O. Long-term Obligations

In the government-wide financial statements and proprietary fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities or proprietary fund financial statements of net position.

General obligation bonds are issued to fund capital projects of both the general government and certain proprietary funds, and are to be repaid from tax revenues of the City. Accreted interest on capital appreciation bonds is reflected as interest expense in the governmental activities statement of activities and as an addition to non-current liabilities in the statement of net position.

CITY OF DALLAS, TEXAS
NOTES TO THE BASIC FINANCIAL STATEMENTS
September 30, 2019

Note 1. Summary of Significant Accounting Policies (continued)

P. Bond Premiums, Discounts, and Issuance Costs

In the government-wide financial statements and proprietary fund financial statements, bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable premium or discount. Issuance costs, except any portion related to prepaid insurance costs (if applicable), are recognized as an expense in the period incurred.

In the fund financial statements, governmental fund types recognize bond premiums and discounts as well as issuance costs in the current period. The face amount of debt issued is reflected as other financing sources. Premiums are reported as other financing sources while discounts are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Q. Interfund Receivables and Payables

During the course of operations, numerous transactions occur between individual funds for goods provided or services rendered. These receivables and payables are classified as "due from other funds" or "due to other funds" on the fund level balance sheets/statement of net position. Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances." Short-term and long-term interfund loans are classified as notes receivable or payable from other funds with an interest rate of 4.25 to 5.44 percent.

R. Transactions Between Funds

Transactions between funds, which would have been treated as revenues, expenditures, or expenses if they involved organizations external to the government unit, are accounted for as revenues, expenditures, or expenses in the funds involved. Transactions which constitute reimbursements of a fund for expenditures or expenses initially made from that fund which are properly applicable to another fund are recorded as expenditures or expenses in the reimbursing fund and as reductions of the expenditure or expenses in the fund reimbursed. All other nonreciprocal transactions between funds which are not reimbursements and where the funds do not receive equivalent goods or services for the transaction are classified as transfers.

S. Deferred Compensation Plan

There are three deferred compensation plans. Two of these plans are voluntary for City employees who participate in the City's pension plans. The third plan is mandatory for all employees and council members who are not covered by the City's pension plans. These plans comply with sections 401(k) and 457(b) of the Internal Revenue Code.

Participants in the City's voluntary 457(b) and 401(k) plans have full discretion to choose investments from a list of standard plan options, a linked brokerage account, and a commingled pool managed by Fidelity Management Trust Company. The list of standard plan options includes mutual funds with varying styles and levels of investment risk. All the account balances in the mandatory 457(b) plan are invested in the same commingled pool. All contributions to these plans are deferred by plan participants from their compensation and all the earnings are allocated to each participant's account. Distributions from all the deferred compensation plans are available after termination of employment. Additionally, participants in the City's voluntary plans may also take out loans and may receive hardship withdrawals in accordance with federal regulations. The assets held in these plans are not included in the City's financial statements and cannot be used for purposes other than the exclusive benefit of the participants or their beneficiaries or to pay the reasonable expenses of plan administration.

T. Net Position

In the government-wide and proprietary funds financial statements, the net position is reported in three components: (1) net investment in capital assets; (2) restricted; and (3) unrestricted. Net investment in capital assets represents the City's total investment in capital assets, net of depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction, or improvement of those assets. Nonexpendable restricted net position consists of endowment and similar type funds in which donors or other outside sources have stipulated, as a condition of the gift instrument, that the principal is to be maintained in perpetuity, and invested for the purpose of producing present and future income, which may be either expended or added to principal. The City is subject to the State of Texas Uniform Prudent Management of Institutional Funds Act (UPMIFA) in relation to endowment funds.

CITY OF DALLAS, TEXAS
NOTES TO THE BASIC FINANCIAL STATEMENTS
September 30, 2019

Note 1. Summary of Significant Accounting Policies (continued)

The Risk Fund has a deficit net position of \$23.5 million associated with the City's self-insured workers' compensation, auto, and general liability activities. The deficit results from the recognition of certain liabilities that will be paid in future periods. These liabilities will be funded in the fiscal year in which they will be paid through annual budget appropriations. The City's approach for addressing this deficit is consistent with the budgetary basis of accounting for all funds as indicated in Note 2.B. The Sanitation, Municipal Radio, Building Inspection, Equipment Services, Communication Equipment Services, Information Systems, and Bond Program Administration funds had deficit net positions of \$116.1 million, \$3.6 million, \$29.9 million, \$26.4 million, \$3.9 million, \$22.3 million, and \$29.9 million respectively, due to the recognition of the net pension liability and the other postemployment benefit liability. The City's approach for addressing this deficit is to enhance revenues and to employ cost reduction measures.

U. Statement of Cash Flows

For purposes of the statement of cash flows, the City considers pooled cash and all highly liquid debt instruments purchased with an original maturity of three months or less or that have general characteristics of demand deposits in that additional funds may be deposited or withdrawn at any time without prior notice or penalty to be cash equivalents.

V. Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

W. New Accounting Pronouncements

During fiscal year 2019, the City adopted the following Governmental Accounting Standard Board (GASB) Statements:

GASB Statement No. 83, "Certain Asset Retirement Obligations," was implemented as required by GASB during the fiscal year ending September 30, 2019. This Statement establishes criteria for determining the timing and pattern of recognition of a liability and a corresponding deferred outflow of resources for asset retirement obligations (AROs). An ARO is a legally enforceable liability associated with the retirement of a tangible capital asset. The implementation of this statement did not result in any changes to the financial statements.

GASB Statement No. 88, "Certain Disclosures Related to Debt, including Direct Borrowings and Direct Placements," was implemented as required by GASB during the fiscal year ending September 30, 2019. The objective of this statement is to improve the information that is disclosed in notes to government financial statements related to debt, including direct borrowing and direct placements. It also clarifies which liabilities governments should include when disclosing information related to debt. The implementation of this statement added additional note disclosures for the long-term debt, and this information may be found in Note 11.

The remainder of this page intentionally left blank.

CITY OF DALLAS, TEXAS
NOTES TO THE BASIC FINANCIAL STATEMENTS
September 30, 2019

Note 1. Summary of Significant Accounting Policies (continued)

The GASB has issued the following statements which will be effective in future years as described below:

GASB Statement No. 84, "Fiduciary Activities," will be implemented as required by GASB during the fiscal year ending September 30, 2020. This Statement improves guidance regarding the identification of fiduciary activities for accounting and financial reporting purposes and how those activities should be reported. The City is currently evaluating potential changes to the financial statements as a result of the implementation of this statement.

GASB Statement No. 87, "Leases," will be implemented as required by GASB during the fiscal year ending September 30, 2021. This Statement increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundation principle that leases are financings of the right to use an underlying asset. The City is currently evaluating potential changes to the financial statements as a result of implementation of this Statement.

GASB Statement No. 90, "Majority Equity Interest – an amendment of GASB Statements No. 14 and No. 61," will be implemented as required by GASB during the fiscal year ending September 30, 2020. The objective of this statement is to improve the consistency and comparability of reporting a government's majority equity interest in a legally separate organization and to improve the relevance of financial statement information for certain component units. It defines a majority equity interest and specifies that a majority equity interest in a legally separate organization should be reported as an investment if a government's holding of the equity interest meets the definition of an investment. A majority equity interest that meets the definition of an investment should be measured using the equity method, unless it is held by a special-purpose government engaged only in fiduciary activities, a fiduciary fund, or an endowment (including permanent and term endowments) or permanent fund. Those governments and funds should measure the majority equity interest at fair value. The City is currently evaluating potential changes to the financial statements as a result of implementation of this Statement.

GASB Statement No. 91, "Conduit Debt Obligations," will be implemented as required by GASB during the fiscal year ending September 30, 2022. The primary objectives of the Statement are to provide a single method of reporting conduit debt obligations by issuers and eliminate diversity in practice associated with: (1) commitments extended by issuers; (2) arrangements associated with conduit debt obligations; and (3) related not disclosures. This Statement achieves those objectives by clarifying the existing definition of a conduit debt obligation; establishing that a conduit debt obligation is not a liability of the issuer; establishing standards for accounting and financial reporting of additional commitments and voluntary commitments extended by issuers and arrangements associated with conduit debt obligations; and improving required disclosures. The City is currently evaluating potential changes to the financial statements as a result of implementation of this Statement.

GASB Statement No. 92, "Omnibus 2020," will be implemented as required by GASB during fiscal year ending September 30, 2021, except for the requirements related to the effective date of Statement 87 and Implementation Guide 2019-3, reinsurance recoveries, and terminology used to refer to derivative instruments are effective upon issuance. The objectives of the Statement are to enhance comparability in accounting and financial reporting and to improve the consistency of authoritative literature by addressing practice issues that have been identified during implementation and application of certain GASB Statements. The City is currently evaluating potential changes to the financial statements as a result of implementation of this Statement.

The remainder of this page intentionally left blank.

CITY OF DALLAS, TEXAS
NOTES TO THE BASIC FINANCIAL STATEMENTS
September 30, 2019

Note 2. Stewardship, Compliance, and Accountability

A. Legal Compliance – Budgets

The City Council adheres to the following procedures in establishing the budgets reflected in the accompanying financial statements.

- 1) By the fifteenth day of August each year, the City Manager is required to submit to the City Council a proposed budget for the fiscal year beginning the following October 1. The operating budget includes proposed expenditures and the means of financing them.
- 2) Public hearings are conducted to obtain taxpayers' comments.
- 3) Prior to October 1, the budget is legally enacted by the City Council through passage of an ordinance.
- 4) The City Manager is authorized to transfer budgeted amounts between accounts within any department; however, any revisions that alter the total expenditures of any department must be approved by the City Council. The legal level of budgetary control is the department level.
- 5) Formal budgetary integration is employed as a management control device during the year for the General Fund and Debt Service Fund. Formal budgetary integration is employed as a management control device in the capital project funds for the life of the projects.
- 6) Annual budgets are legally adopted for the General Fund, Debt Service Fund, and proprietary funds. Certain differences exist between the basis of accounting used for budgetary purposes and that used for financial reporting in accordance with GAAP. Budgets for the capital project funds are normally established pursuant to the terms of the related bond ordinances on a project basis.

B. Budgets and Budgetary Basis of Accounting

The City prepares its annual appropriated General Fund, Debt Service Fund, and proprietary operating funds' budgets on the budget basis which differs from the GAAP basis. The budget and all transactions of the general fund are presented in accordance with the City's budget basis in the general fund statement of revenues, expenditures, and changes in fund balances – non-GAAP budgetary basis to provide a meaningful comparison of actual results with the budget. The major differences between the budget and GAAP basis are attributable to the elimination of certain revenues and expenditures budgeted on a non-annual basis and the fact that encumbrances are recorded as the equivalent of expenditures (budget) rather than fund balance (GAAP) in the governmental funds. Adjustments necessary to convert the excess of revenues and other financing sources over expenditures and other uses on the budget basis to a GAAP basis for the General Fund are provided below:

Excess of revenues and other financing sources over expenditures and other uses--budgetary basis	\$ 27,911
Change in fair value of investments	873
Change in encumbrances	20,153
Funds not included in general fund budget	(6,815)
Revenue recognized for GAAP basis but not budgetary basis	1,474
Other items budgeted on a non-GAAP basis	(2,696)
Excess of revenues and other financing sources over expenditures and other financing uses--GAAP basis	<u>\$ 40,900</u>

Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditure of monies are recorded in order to assign that portion of the applicable appropriation, is utilized as an extension of formal budgetary integration in the governmental funds. For budgetary purposes, appropriations lapse at fiscal year-end except for that portion related to encumbered amounts. For the General Fund, outstanding encumbrances are reported as assigned fund balances. These balances do not constitute expenditures or liabilities for GAAP purposes since the goods and services have not been received.

Encumbrances outstanding at year-end are carried forward to the new fiscal year. Such encumbrances constitute the equivalent of expenditures for budgetary purposes and, accordingly, the accompanying financial statements present comparisons of actual results to budget of governmental funds on the budget basis of accounting.

CITY OF DALLAS, TEXAS
NOTES TO THE BASIC FINANCIAL STATEMENTS
September 30, 2019

Note 2. Stewardship, Compliance, and Accountability (continued)

Nature and Purpose of Classifications of Fund Balance

Fund balance for governmental funds should be reported in classifications that comprise a hierarchy based primarily on the extent to which the government is bound to honor constraints on the specific purposes for which amounts in those funds can be spent. The non-spendable fund balance classification includes amounts that cannot be spent because they are either not in spendable form or legally or contractually required to be maintained intact. Fund balance should be reported as restricted when constraints placed on the use of resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments, or imposed by law through constitutional provision or enabling legislation. Fund balance should be reported as committed when amounts can only be used for specific purposes pursuant to constraints imposed by formal action of the government's highest level of decision-making authority. Those committed amounts cannot be used for any other purpose unless the government removes or changes the specified use by taking the same type of action it employed to previously commit those amounts. Committed fund balance also includes contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements. Fund balance should be reported as assigned for amounts that are constrained by the government's intent to be used for specific purposes, but are neither restricted nor committed. Intent should be expressed by the governing body itself or a body or official to which the governing body has delegated the authority to assign amounts to be used for specific purposes. Unassigned fund balance is the residual classification for the General Fund and includes amounts that are available for any purpose. Positive amounts are reported only in the General Fund.

The City Council is the City's highest level of decision-making authority, and the formal action that is required to be taken to establish, modify, or rescind a fund balance commitment is a resolution approved by the City Council. This can also be done through adoption or amendment of the budget. The resolution must either be approved or rescinded, as applicable, prior to the last day of the fiscal year for which the commitment is made. The amount subject to the constraint may be determined in the subsequent period.

The City Council has authorized the City Manager as the official authorized to assign fund balance up to \$50 to \$70 thousand per transaction, depending on the type of goods or services by administrative action, pursuant to Section 2-30 of the City Code. Such assignments cannot exceed the available (spendable, unrestricted, uncommitted) fund balance in any particular fund.

When multiple categories of fund balance are available for expenditure (for example, a construction project is being funded partly by a grant, funds set aside by the City Council, and unassigned fund balance), the City will start with the most restricted category and spend those funds first before the next category with available funds.

It is the desire of the City to maintain adequate General Fund balance to maintain liquidity and in anticipation of economic downturns or natural disasters. The City Council has adopted a financial standard to maintain an unassigned General Fund balance, which includes the Emergency and Contingency Reserves, at a level not less than 30 days of the General Fund operating expenditures, less debt service.

The table on the following page presents additional detail of fund balances as of September 30, 2019.

The remainder of this page intentionally left blank.

CITY OF DALLAS, TEXAS
NOTES TO THE BASIC FINANCIAL STATEMENTS
September 30, 2019

Note 3. Joint Ventures

Dallas/Fort Worth International Airport (DFW Airport)

DFW Airport is owned jointly by the cities of Dallas and Fort Worth and operated by a 12-member board comprised of seven members from Dallas and four members from Fort Worth appointed by the respective City Councils. One additional non-voting member is appointed from the neighboring cities of Irving, Grapevine, Euless, and Coppell on a rotating basis.

Joint Revenue Bonds were previously issued to construct DFW Airport. Additional bonds have been issued for the purpose of improving, constructing, replacing, or otherwise extending DFW. Revenues derived from the ownership and operations of the Airport are pledged to meet debt service requirements of the bonds issued pursuant to the Controlling Ordinances. The Controlling Ordinances require DFW to annually adopt a schedule of charges that is: (1) reasonably estimated to produce gross revenues in an amount at least sufficient to pay operation and maintenance expense plus 1.25 times accrued aggregate debt service; and (2) reasonably estimated to at least produce current gross revenues in an amount at least sufficient to pay operation and maintenance expense plus 1.00 times accrued aggregate debt service.

The outstanding debt and related debt service are accounted for by the DFW Airport Board. The Joint Revenue Bonds outstanding at September 30, 2019 were \$6.5 billion which is net of unamortized discount/premium.

The summary financial information for DFW Airport as of September 30, 2019 is presented below and is not included in the City's financial statements.

Total assets and deferred outflows of resources	\$ 7,549,024
Less: Total liabilities and deferred inflows of resources	<u>(7,042,686)</u>
Total net position	<u><u>\$ 506,338</u></u>
Operating revenues	\$ 1,023,927
Less: Operating expenses	(875,115)
Less: Non-operating revenues (expenses)	(43,845)
Plus: Capital contributions	<u>61,921</u>
Change in net position	166,888
Net position, beginning of year	<u>339,450</u>
Net position, end of year	<u><u>\$ 506,338</u></u>

To obtain the financial statements of the joint venture, contact the finance department of DFW Airport at (972) 973-5443.

Note 4. Tax Abatements

As of September 30, 2019, the City provides tax abatements through three programs: the Historic Preservation Program, the Public Private Partnership Program, and the Tax Increment Financing Program. The table below describes each of these programs:

Tax Abatement Programs Administered by the City of Dallas			
<i>Tax Abatement Disclosure as required by Statement No. 77 of the Government Accounting Standards Board</i>	Historic Preservation Program	Public Private Partnership Program (PPP Program)	Tax Increment Financing Program (TIF Program)
1. Purpose of program	To encourage economic development through the revitalization and preservation of the City's historic properties, including residential properties, and to assist in accomplishing the following goals: revitalize older neighborhoods to build and capture a stable tax base; support private sector investment in historic properties; encourage home ownership; promote pedestrian oriented, ground floor retail in the urban historic districts; support new uses for vacant and deteriorated historic buildings; and encourage low and moderate income families to invest in historic districts.	To stimulate private investment and job creation.	To promote development or redevelopment in the City. The City reinvests a portion of property tax revenues generated from new real estate development into the area to encourage the implementation of redevelopment plans.
2. Tax being abated	City of Dallas real property tax.	Real and/or business personal property, retail sales taxes, and hotel occupancy tax.	City of Dallas real property tax.
3. Authority for abatement agreements	Dallas City Code, Article XI, "Historic Preservation Tax Exemptions and Economic Development Incentives for Historic Properties."	Texas Tax Code Chapter 312, "Property Redevelopment and Tax Abatement Act" and Texas Tax Code Chapter 380, "Miscellaneous Provisions Relating to Municipal Planning and Development."	Texas Tax Code Chapter 311, "Tax Increment Financing Act."

CITY OF DALLAS, TEXAS
NOTES TO THE BASIC FINANCIAL STATEMENTS

Note 4. Tax Abatements (continued)

Tax Abatement Programs Administered by the City of Dallas			
<i>Tax Abatement Disclosure as required by Statement No. 77 of the Government Accounting Standards Board</i>	Historic Preservation Program	Public Private Partnership Program (PPP Program)	Tax Increment Financing Program (TIF Program)
4. Criteria for abatement eligibility	To be eligible for the program, the building must be a contributing structure within any City historic district. It must be designated as a City of Dallas historic district or an individual historic district. The type of abatement available depends on how much is invested in rehabilitation and where the property is located. Abatements are obtained through application by the property owner prior to commencing the improvements and require subsequent provision by the owner for proof that the improvements have been made.	The P/PP Program is intended to provide City support for development projects that have financial gaps or for projects that otherwise represent a competitive situation for the City against non-Dallas locations. Companies pursuing incentives under the P/PP Program must provide written assurance that "but for" the incentives, the proposed project would not occur, or would otherwise be substantially altered so that the economic returns or other associated public benefits secured by the City's participation would be reduced.	The TIF program is intended to provide City financial support for projects that 1) support goals of specific redevelopment plans for each TIF District and 2) fill funding gaps in projects. Development pursuing incentives must provide detailed financial information about the project/financing gaps; show how project meets objectives of TIF plan for district, and; meet rigorous design review process requirements.
5. How recipients' taxes are reduced	The property tax due is net of the abated amount.	1. The property tax due is net of the abated amount, or the property tax may be paid by the taxpayer and subsequently refunded by the City. 2. The sales tax abatement is refunded after the taxpayer pays the sales tax. 3. The hotel occupancy tax abatement is refunded after the taxpayer pays the hotel occupancy tax.	Property taxes are paid by the taxpayer and subsequently refunded by the City to the taxpayer.
6. How amount of abatement is determined	The property tax abatement amount is based on the improvement expenditures for the structure as a percentage of the pre-rehabilitation value of the structure. The range of the abatement amount available is equal to the tax on the added value of the structure and land up to 100 percent of the total property tax.	1. The property tax may be abated up to 90 percent of the property tax paid depending on the type of project. 2. The sales tax abated is equal to 50 percent of sales tax receipts for the first 10 years and 25 percent for the next 5 years. 3. The hotel occupancy tax is abatement is equal to 100 percent of the hotel occupancy tax collected.	TIF financial incentives are based on a number of factors: 1) financial gap; 2) ability of project to meet objectives of TIF district; and 3) adequate revenue stream.

Note 4. Tax Abatements (continued)

Tax Abatement Programs Administered by the City of Dallas			
<i>Tax Abatement Disclosure as required by Statement No. 77 of the Government Accounting Standards Board</i>	Historic Preservation Program	Public Private Partnership Program (PPP Program)	Tax Increment Financing Program (TIF Program)
7. Provisions for recapturing abated taxes	There is an obligation by the owner to repay any taxes that were exempted under this program if the historic property is ever demolished or materially altered by the willful act or negligence of the owner without necessary City approvals.	If there is failure to comply with the agreement and in the case of default, all taxes which otherwise would have been paid to the City without the benefit of tax abatement, including interest and penalties thereon, will become a debt to the City and shall become due.	TIF incentives may or may not have a recapture provision. Each project is negotiated separately.
8. Type of commitments made by the City other than to reduce taxes	No other commitments were made by the City as part of these agreements.	No other commitments were made by the City as part of these agreements.	No other commitments were made by the City as part of these agreements.
9. Gross dollar amount, on accrual basis, by which the City's tax revenues were reduced as a result of abatement agreement (in thousands).	Property taxes: \$1,468	Property tax: \$5,873 Sales tax: N/A (1) Hotel occupancy tax: 3,774 Total: \$9,647 (1) Texas Tax Code, Chapter 321, "Municipal Sales and Use Tax," Section 3022 - Information received by a municipality or other local governmental entity under this section is confidential, is not open to public inspection, and in general may only be used for internal purposes	The TIF program: \$43,723

Note 5. Cash, Deposits, and Investments

A. General

The City maintains a cash and investment pool available for use by all City funds. Each fund's portion of this pool is displayed on the balance sheet/statement of net position as "Pooled cash and cash equivalents." The City treats pooled investments and short-term non-pooled investments as cash equivalents. Long-term non-pooled investments are reported as "Other investments, at fair-value" in the appropriate funds. In addition, several City funds have investments, which are separately held. A fund may overdraw its account in the pool, with the overdrafts reported as liabilities (due to other funds) on the balance sheet.

The remainder of this page intentionally left blank.

CITY OF DALLAS, TEXAS
NOTES TO THE BASIC FINANCIAL STATEMENTS
September 30, 2019

Note 5. Cash, Deposits, and Investments (continued)

In 1987, the City Council adopted the City's Investment Policy which was in compliance with Federal and State law and the City Charter. Subsequent amendments were made by the City Council to incorporate changes to the Public Funds Investment Act (Chapter 2256, Texas Government Code) and to improve management of the City's investments. The Public Funds Investment Act requires that investments shall be made in accordance with written policies approved at least annually by the governing body. Investment policies must address safety of principal, liquidity and yield, with primary emphasis on safety of principal. In accordance with this Policy, the City may invest in direct or guaranteed obligations of the U.S. Treasury, certain U.S. agencies and instrumentalities, and direct obligations of states and local governments with a credit rating no less than Aa3 or its equivalent; fully collateralized certificates of deposit and repurchase agreements; no-load money market mutual funds and local government investment pools with credit ratings no less than Aaa or its equivalent. The City's Investment Pool is an aggregation of the majority of City funds which includes tax receipts, enterprise fund revenues, fine and fee revenues, as well as some, but not all, bond proceeds, grants, gifts, and endowments. This portfolio is maintained to meet anticipated daily cash needs for City of Dallas operations, capital projects, and debt service. The City is precluded from investing in bankers' acceptances, commercial paper, and collateralized mortgage obligations, all of which are authorized by State law.

The Employees' Retirement Fund and the Dallas Police and Fire Pension Systems, component units of the City, are included under Pension Trust in the following table. Police and Fire Pension Plans include Dallas Police and Fire Pension Combined Plan (Combined Plan) and Supplemental Police and Fire Pension Plan (Supplemental Plan). A summary of pooled cash and other investments for all City funds, including blended component units and \$1.1 million held in agency funds is presented below. Balances are presented as of September 30, 2019 or December 31, 2018, depending on the fiscal year of the entity.

	Cash and Pooled Investments with City Treasury	Other Cash and Investments Held in Trusts - Permanent Funds	Other Cash and Investments Held in Pension Trust	Total
Cash and cash equivalents	\$ 1,138,113	\$ -	\$ 152,919	\$ 1,291,032

CITY OF DALLAS, TEXAS
NOTES TO THE BASIC FINANCIAL STATEMENTS
September 30, 2019

Note 5. Cash, Deposits, and Investments (continued)

B. City of Dallas

The City of Dallas categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets, level 2 inputs are significant other observable inputs, and level 3 inputs are significant unobservable inputs.

The City has the following recurring fair value measurements as of September 30, 2019:

	Total	Fair Value Measurements Using	
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)
<u>Investments by Fair Value Level</u>			
Federal Agricultural Mortgage Corporation Notes	\$ 146,097	\$ -	\$ 146,097
Federal Farm Credit Bank Notes	125,182	-	125,182
Federal Home Loan Bank Notes	550,191	-	550,191
Federal Home Loan Mortgage Corporation Notes	21,207	-	21,207
Federal National Mortgage Association Notes	134,788	-	134,788
Exchange-Traded Funds - Equities	7,149	7,149	-
Exchange-Traded Funds - Fixed Income	2,331	2,331	-
Total Investments by Fair Value Level	<u>986,945</u>	<u>\$ 9,480</u>	<u>\$ 977,465</u>
<u>Investments Measured at Fair Value</u>			
Local Government Investment Pools	<u>286,534</u>		
<u>Investments Measured at Net Asset Value (NAV)</u>			
Money Market Mutual Funds	<u>441,516</u>		
<u>Investments Measured at Amortized Cost</u>			
Local Government Investment Pools	<u>698,051</u>		
<u>Other Investments Measured at Purchase Cost</u>			
Repurchase Agreements	<u>19,134</u>		
Total Investments	<u>\$ 2,432,180</u>		

The City invests in LOGIC, TexSTAR, Texas CLASS, TexPool, and TexasTERM, which are Local Government Investment Pools (LGIPs) created under the Interlocal Cooperation Act, Texas Government Code Chapter 791, and the Public Funds Investment Act, Texas Government Code Chapter 2256. These two acts provide for the creation of LGIP's and authorize eligible governmental entities to invest their public funds and funds under their control through the investment pools. The LGIPs follow all requirements of the Public Funds Investment Act, including being rated by a nationally recognized rating agency, using amortized cost valuation, and, to the extent reasonably possible, stabilize at a \$1 net asset value.

CITY OF DALLAS, TEXAS
NOTES TO THE BASIC FINANCIAL STATEMENTS
September 30, 2019

Note 5. Cash, Deposits, and Investments (continued)

J.P. Morgan Investment Management Inc. and First Southwest Company (a division of Hilltop Securities) serve as co-administrators for the TexSTAR & LOGIC programs under agreements with each pool's respective board of directors. The TexSTAR governing board is a five-member Board consisting of three representatives of employees, officers or elected officials of participating government entities, and one member designated by each of the co-administrators. In addition, TexSTAR has an Advisory Board composed of participants in the pool and other persons who do not have a business relationship with the pool and are qualified to advise the pool. The governing body of LOGIC is a five-member board of directors comprised of employees, officers or elected officials of participating government entities, or individuals who do not have a business relationship with LOGIC and are qualified to advise the pool. A maximum of two Advisory Board members represent the co-administrators of LOGIC.

Public Trust Advisors, LLC provides investment advisory services and administration and marketing services to Texas CLASS. Texas CLASS Board of Trustees oversees Texas CLASS. The Board is comprised of active members of the pool and elected by the Participants, guided by the Advisory Board. The Board is responsible for selecting the Administrator and Investment Advisors.

The Comptroller of Public Accounts for the State of Texas is the sole officer, director, and shareholder of the Texas Treasury Safekeeping Trust Company, which is authorized to operate TexPool and TexPool Prime. Pursuant to the TexPool Participation Agreement, administrative and investment services to the TexPool Portfolios are provided by Federated Investors, Inc., under an agreement with the State Comptroller, acting on behalf of the Trust Company. In addition, TexPool has an Advisory Board composed equally of participants in the TexPool Portfolios and other persons who do not have a business relationship with the TexPool Portfolios who are qualified to advise the TexPool Portfolios.

PFM Asset Management LLC serves as Investment Advisor and Administrator of TexasTERM. An Advisory Board is responsible for the overall management of the pool, including formation and implementation of its investment and operating policies. The members of the Advisory Board are local government officials elected by Texas TERM's investors.

Deposit and Investment Risk Disclosures

GASB Statement No. 40, "Deposit and Investment Risk Disclosures," requires disclosure information related to common risks inherent in deposit and investment transactions. Investments are subject to certain types of risks, including custodial credit risk, concentration of credit risk, interest rate risk, and foreign currency risk. Exposure of deposited funds and investment risk are disclosed in the following sections of this note.

Custodial Credit Risk

Custodial credit risk is the risk that, in the event of the failure of the counterparty, the City will not be able to recover the value of its deposit or collateral securities that are in the possession of an outside party. As of September 30, 2019, \$112 million was fully collateralized by municipal bonds rated not less than A or its equivalent, \$150 million was fully collateralized by letter of credit issued to the City by Federal Home Loan Bank, and \$250 thousand was insured by the Federal Deposit Insurance Corporation. The collateral pledged to the City is held in the City's name at the Bank of New York Mellon. The FDIC insures demand accounts up to \$250 thousand in the aggregate. At September 30, 2019, all deposits were either insured or collateralized.

Fully collateralized and insured deposits held by custodian banks:

Demand Deposits	\$ 262.2 million
-----------------	------------------

Safekeeping of investment securities is provided by the City's depository and trust institutions. Securities are held in street name with the bank as nominee. As of September 30, 2019, the City's investments held by the counterparty, and not insured, are as follows:

Security Type	Fair Value
U.S. Agency Securities	\$ 977,465

CITY OF DALLAS, TEXAS
NOTES TO THE BASIC FINANCIAL STATEMENTS
September 30, 2019

Note 5. Cash, Deposits, and Investments (continued)

Concentration of Credit Risk

The City's concentration of credit risk for investments is shown below. Investments issued or explicitly guaranteed by the U.S. government, and investments in mutual funds and external investment pools, are excluded.

Agency Securities by Issuer	Fair Value	Percent of Total Portfolio
Federal Agricultural Mortgage Corporation Notes	\$ 146,097	14.95%
Federal Farm Credit Bank Notes	125,182	12.80%
Federal Home Loan Bank Notes	550,191	56.29%
Federal Home Loan Mortgage Corporation Notes	21,207	2.17%
Federal National Mortgage Association Notes	134,788	13.79%
Total Agency Securities	<u>\$ 977,465</u>	<u>100.00%</u>

Credit Risk

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. Money market mutual funds and local government investment pools in the City's portfolio are rated AAA by Standard & Poor's and/or Aaa by Moody's. U.S. Treasury Notes and Bills are obligations of the U.S. government and are not considered to have credit risk and thus are not rated (NR). Long-term bond ratings are used for the U.S. Government Agencies except for Federal Agricultural Mortgage Corporation (FAMC) Notes. U.S. Government Agencies are direct obligations of the United States agencies, the principal and interest of which are unconditionally guaranteed or insured by or backed by the full faith and credit of the United States agencies. Ratings for the City's portfolio are listed on the following table.

Security Type	Fair Value	Percent of Total Portfolio	S&P/Moody's Ratings
Money Market Mutual Funds and Local Government Investment Pools	\$ 1,426,101	59.33%	AAAm/Aaa
Federal Agricultural Mortgage Corporation Notes	146,097	6.08%	Not Rated
Other U.S. Agency Securities	831,368	34.59%	AA+/Aaa
Total Portfolio	<u>\$ 2,403,566</u>	<u>100.00%</u>	
Repurchase Agreements and Investment Portfolios Held by Various Trusts	28,614		
Total Investments	<u>\$ 2,432,180</u>		

Interest Rate Risk

In order to ensure the ability of the City to meet obligations and to minimize potential liquidation losses, the dollar-weighted average stated maturity of the Investment Pool shall not exceed 1.5 years. The weighted average maturities of the City's investments at September 30, 2019 are shown on the following page.

CITY OF DALLAS, TEXAS
NOTES TO THE BASIC FINANCIAL STATEMENTS
September 30, 2019

Note 5. Cash, Deposits, and Investments (continued)

Security Type	Fair Value	Weighted Average Maturity (days)
Money Market Mutual Funds	\$ 441,516	27

Repurchase Agreements and Investment Portfolios Held by Various Trusts	28,614	
Total Investments	<u>\$ 2,432,180</u>	

C. Employees' Retirement Fund

The Employees' Retirement Fund measures and categorized its investments according to fair value hierarchy guidelines established by Generally Accepted Accounting Principles. These guidelines recognize a three-tiered fair value hierarchy, as follows:

- Level 1: Quoted prices for identical investments in active markets;
- Level 2: Observable inputs other than quoted market prices in active market; and
- Level 3: Significant Unobservable inputs.

At December 31, 2018, the Plan had the following recurring fair value measurements.

	Total	Fair Value Measurements Using		
		Level 1	Level 2	Level 3
Investments by Fair Value Level				
Cash and Short Term Investment:				
Short-Term Investment Fund	\$ 102,781	\$ 102,781	\$ -	\$ -

Private Equity	245,809			
Private Debt	22,927			
Total Investments Measured at Net Asset Value	<u>\$ 749,831</u>			

CITY OF DALLAS, TEXAS
NOTES TO THE BASIC FINANCIAL STATEMENTS
September 30, 2019

Note 5. Cash, Deposits, and Investments (continued)

Custodial Credit Risk

As of December 31, 2018, the Employees' Retirement Fund had \$2.2 million, or 0.07 percent of the total Plan investments of \$3.2 billion exposed to custodial credit risk as follows:

Uninsured and uncollateralized held by custodian bank outside the United States	\$2.2 million
---	---------------

Concentration of Credit Risk

The Employees' Retirement Fund board has contracted with investment managers to manage the investment portfolio of the Plan, subject to the policies and guidelines established by the board. Northern Trust Company, as the Plan's custodian bank, had responsibility for the safekeeping of certain investments, handling of transactions based on the instructions of investment managers, and accounting for the investment transactions. The Plan had no investments that individually represented 5 percent or more of the net position available for benefits at December 31, 2018. The Plan's concentration of credit risk policy is communicated to individual managers in their guidelines through limitations or restrictions to securities, sectors, debt ratings, and other factors that may be applicable to a particular manager.

Credit Risk

The Employees' Retirement Fund Investment policy allocates 30 percent of the total assets to fixed income. The policy provides for investments of up to 15 percent of fixed income assets in investment grade assets and up to 15 percent of fixed income assets in below investment grade assets. The investment grade allocation allows the managers to invest up to 20 percent of their portfolio assets in non-US dollar issues. Long term bond ratings for the Employees' Retirement Fund as of December 31, 2018 are shown on the following page.

Total	<u>\$ 911,633</u>	<u>100.00%</u>

Interest Rate Risk

In the Employees' Retirement Fund, Government Mortgage-Backed Securities are most sensitive to changes in interest rates as their payments can vary significantly with interest rate changes. This change in prepayments will generally cause the duration, or interest rate risk, of these securities to increase when interest rates rise and decrease when interest rates fall. These securities represent 10 percent of the total fixed income portfolio with a fair market value of \$91,145 at December 31, 2018. The Employees' Retirement Fund does not have a separate policy for interest rate risk.

Portfolio weighted average maturity in years: 11.90

Foreign Currency Risk

The Employees' Retirement Fund investment policies limit the aggregate amount that can be invested in each class of investments. The equity investment policy sets an allocation of 15 percent of assets to international equity, 5 percent of the assets to global equity, and 10 percent to global low volatility equity. The fixed income policy permits up to 15 percent of the global manager's portfolio to be invested in global investment grade fixed income bonds. The Fund's positions in these equity securities, invested directly and through commingled funds, was 13.21 percent of invested assets at December 31, 2018. The Fund's positions in such fixed income assets invested directly were 3.75 percent of invested assets at December 31, 2018. Employees' Retirement Fund non-US Dollar denominated investments at December 31, 2018 were as shown on the following page.

Currency	Investment Type	Balances (U.S. Dollars)
Various Foreign Currencies	Equity	\$ 416,822
Various Foreign Currencies	Fixed Income	26,335
Various Foreign Currencies	Currency Forward	281,935
Total non-US denominated instruments		<u>\$ 725,092</u>

The remainder of this page intentionally left blank.

CITY OF DALLAS, TEXAS
NOTES TO THE BASIC FINANCIAL STATEMENTS
September 30, 2019

Note 5. Cash, Deposits, and Investments (continued)

Securities Lending Transactions

The board of the Employees' Retirement Fund has authorized the Plan to enter into agreements for the lending of certain of the Plan's securities (the "Securities Lending Program" or Program) including, but not limited to, stocks and bonds to counter party brokers and banks ("borrowers"), for a predetermined period of time and fee. Such transactions are not prohibited by State statute.

During the fiscal year ended December 31, 2018, Northern Trust ("Northern") lent, on behalf of the Employees' Retirement Fund, securities held by Northern, as a custodian, and received United States dollar cash, United States government agency securities, agency securities, and irrevocable bank letters of credit as collateral. Northern did not have the ability to pledge or sell collateral securities absent a borrower default. Northern Trust's Core USA Collateral Section establishes requirements for participation, collateralization levels, cash and non-cash collateral guidelines, and investment guidelines for the collateral received from borrowers. Borrowers were required to put up collateral for each loan equal to: (i) in the case of loaned securities, the collateral for which is all denominated in the same currency as the loaned securities, 102 percent of the fair value of the loaned securities plus any accrued but unpaid distributions thereon, and (ii) in the case of loaned securities, the collateral for which is denominated in a different currency from the loaned securities, 105 percent of the fair value of the loaned securities plus any accrued but unpaid distributions thereon. Additionally, the guidelines set maturity/liquidity requirements for the collateral received from borrowers. At year-end, the Plan had no credit risk exposure to borrowers because the amounts of collateral held by the Plan exceed the amounts the borrowers owe the Plan. The collateral held for the Plan as of December 31, 2018 was \$270 million and is reported as an asset on the Statement of Net Position for the fiduciary funds.

The Board did not impose any restrictions during the fiscal year on the amount of the loans that Northern made on their behalf. There were no failures by any borrowers to return the loaned securities or pay distributions thereon during the fiscal year. Moreover, there were no losses during the fiscal year resulting from a default of the borrowers or Northern. Northern is contractually obligated to fully indemnify the Plan for a borrower's failure to return the loaned securities.

During the fiscal year, the Board and the borrowers maintained the right to terminate all securities lending transactions on demand. The cash collateral was invested, together with the collateral of other qualified tax-exempt plan lenders, in collective investment pools maintained by Northern. The relationship between the average maturities of the investment pools and the Plans' loans were affected by the maturities of the loans made by other plans' entities that invested cash collateral in the collective investment pools, which the Board could not determine.

D. Dallas Police and Fire Pension System

Investment in Group Master Trust

The Dallas Police and Fire Pension System's (the System) investments are held in the Group Master Trust (Group Trust). JP Morgan Chase served as custodian for the year ended December 31, 2018. The book value of the System interests in the Group Trust is based on the unitized interests that it has in the Group Trust. The Combined Plan's interest in the Group Trust was approximately 99.1 percent at December 31, 2018. The Supplemental Plan's interest in the Group Trust was approximately 0.9 percent at December 31, 2018. The allocation of investment income between the Combined Plan and the Supplemental Plan is based on the number of units owned of the Group Trust. Benefits, contributions, and administrative expenses are allocated to each plan directly.

CITY OF DALLAS, TEXAS
NOTES TO THE BASIC FINANCIAL STATEMENTS
September 30, 2019

Note 5. Cash, Deposits, and Investments (continued)

GASB No. 72 requires all investments be categorized under a fair value hierarchy. Fair value of investments is determined based on both observable and unobservable inputs. Investments are categorized within the fair value hierarchy established by GASB and the levels within the hierarchy are as follows:

- Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that a government can access at the measurement date;
- Level 2: Inputs (other than quoted prices included within Level 1) that are observable for an asset or liability, either directly or indirectly. These inputs can include quoted prices for similar assets or liabilities in active or inactive markets, or market-corroborated inputs; and
- Level 3: Significant unobservable inputs for an asset or liability.

The remaining investments not categorized under the fair value hierarchy are shown at NAV. These are investments in non-governmental entities for which a readily determinable fair value is not available, such as member units or an ownership interest in partners' capital to which a proportionate share of net assets is attributed. Investments at NAV are commonly calculated by subtracting the fair value of liabilities from the fair value of assets.

The table on the following page presents a summary of the Group Trust's investments by type as of December 31, 2018, at fair value.

Investments by Fair Value Level	Total	Fair Value Measurements Using		
		Level 1	Level 2	Level 3

Total Investments Measured at Fair Value	\$ 2,007,036			

Custodial Credit Risk

DPFP does not have a formal policy for custodial credit risk of its deposits. The Federal Depositary Insurance Corporation (FDIC) insures any deposits of an employee benefit plan in an insured depository institution on a "pass-through" basis, in the amount of up to \$250,000 for the non-contingent interest of each plan participant at each financial institution. The pass-through insurance applies only to vested participants. DPFP believes the custodial credit risk for deposit, if any, is not material.

CITY OF DALLAS, TEXAS
NOTES TO THE BASIC FINANCIAL STATEMENTS
September 30, 2019

Note 5. Cash, Deposits, and Investments (continued)

Credit Risk

The Dallas Police and Fire Pension System does not have a formal policy limiting investment credit risk, but rather mandates such limits within the Investment Management Services Contract. The System's exposure to investment credit risk in fixed income securities as of December 31, 2018 is shown below.

Quality Rating	Corporate Bonds	Municipal Bonds	U.S. Government Securities	Foreign Government Securities	Grand Total Book Value	Percentage of Holdings
AAA	\$ 7,064	\$ -	\$ 95,236	\$ 1,727	\$ 104,027	27.79%

Below B-	15,708	-	-	-	15,708	4.20%
Not Rated	55,069	-	8,747	5,288	69,104	18.47%
Subtotal	<u>\$ 231,111</u>	<u>\$ 2,857</u>	<u>\$ 103,983</u>	<u>\$ 36,359</u>	<u>\$ 374,310</u>	<u>100.00%</u>
Total credit risk debt securities					\$ 374,310	18.65%
Other investments					1,632,726	81.35%
Total investments					<u>\$ 2,007,036</u>	<u>100.00%</u>

Interest Rate Risk

As of December 31, 2018, the Dallas Police and Fire Pension Plans had the following investments and maturities:

Investment Type	Total	Investment Maturity in Years			
		Less Than 1 Year	1 - 5 Years	6 - 10 Years	More Than 10 Years
Fixed maturity domestic:					
U.S. Treasury Bonds	\$ 95,236	\$ 896	\$ 80,138	\$ 7,560	\$ 6,642
U.S. Government Agencies	8,747	-	-	1,138	7,609
Corporate Bonds	231,111	20,786	157,009	24,035	29,281
Municipal Bonds	2,857	-	2,529	-	328
Foreign-denominated Bonds	36,359	11,574	5,863	8,977	9,945
Total	<u>\$ 374,310</u>	<u>\$ 33,256</u>	<u>\$ 245,539</u>	<u>\$ 41,710</u>	<u>\$ 53,805</u>

While the Plans do not have a specific investment policy to limit investment maturities as a means of managing their exposure to interest rate risk, the Plans do manage this exposure by mandating maturity limits within the Investment Management Service Contracts.

CITY OF DALLAS, TEXAS
NOTES TO THE BASIC FINANCIAL STATEMENTS
September 30, 2019

Note 5. Cash, Deposits, and Investments (continued)

Foreign Currency Risk

Police and Fire Pension Plans do not have specific policy guidelines other than the constraints included in the individual investment manager contracts. Police and Fire Pension Plans non-US Dollar denominated investments at December 31, 2018 is shown below.

Currency	Investment Type	Balance of Investment (U.S. Dollars)
Various Foreign Currencies	Fixed Income	\$ 36,359
Various Foreign Currencies	Equity	170,309
Various Foreign Currencies	Real Assets	38,582
Total non-US denominated instruments		<u>\$ 245,250</u>

Securities Lending Transactions

The board of Dallas Police and the Dallas Fire Pension System has authorized the System to enter into agreements for the lending of certain of the System's securities (the "Securities Lending Program" or Program) including, but not limited to, stocks and bonds to counter party brokers and banks ("borrowers"), for a predetermined period of time and fee. Such transactions are not prohibited by State statute.

During the fiscal year ended December 31, 2018, JP Morgan Chase ("JP Morgan") lent, on behalf of the Dallas Police and Fire Pension System, securities held by JP Morgan as a custodian, and received United States dollar cash and United States Government securities as collateral. JP Morgan did not have the ability to pledge or sell collateral securities absent a borrower default. Borrowers were required to put up collateral for each loan equal to: (i) in the case of loaned securities denominated in United States dollars or whose primary trading market was in the United States or sovereign debt issued by foreign governments, 102 percent of the fair value of the loaned securities, and (ii) in the case of loaned securities not denominated in United States dollars or whose primary trading market was not in the United States dollars, 105 percent of the fair value of the loaned securities. At year-end, the System has no credit risk exposure to borrowers because the amounts of collateral held by the System exceed the amounts the borrowers owe the System. The collateral held for the System as of December 31, 2018 was \$20.6 million, and is reported as an asset on the Statement of Net Position for the fiduciary funds.

The Board did not impose any restrictions during the fiscal year on the amount of the loans that JP Morgan made on their behalf. There were no failures by any borrowers to return the loaned securities or pay distributions thereon during the fiscal year. Moreover, there were no losses during the fiscal year resulting from a default of the borrowers or JP Morgan.

During the fiscal year, the Board and the borrowers maintained the right to terminate all securities lending transactions on demand. The cash collateral was invested, together with the collateral of other qualified tax-exempt plan lenders, in collective investment pools maintained by and JP Morgan. The relationship between the average maturities of the investment pools and the Plans' loans were affected by the maturities of the loans made by other plans' entities that invested cash collateral in the collective investment pools, which the Board could not determine.

Governmental funds report deferred inflows of resources in connection with receivables for revenues that are not considered to be available to liquidate liabilities of the current period. Governmental funds also defer revenue recognition in connection with resources that have been received, but not yet earned. Intergovernmental revenues and related receivables arise through funding received from federal and state grants. These revenues and receivables are earned through expenditures of monies for grant purposes. At September 30, 2019, the various components of deferred inflows of resources – unavailable revenue and unearned revenue reported in the governmental funds were as follows:

	Total Governmental Unearned	Deferred Inflows of Resources Unavailable Revenue
Taxes	\$ -	\$ 4,254
Accounts	2,924	50,198
Intergovernmental	15,346	48,229
Total	<u>\$ 18,270</u>	<u>\$ 102,681</u>

CITY OF DALLAS, TEXAS
NOTES TO THE BASIC FINANCIAL STATEMENTS
September 30, 2019

Note 7. Restricted Assets

The primary government's governmental and business-type restricted assets of \$875 million and \$772 million, respectively, are composed of the following at September 30, 2019:

	Governmental Activities	Business-Type Activities
Cash and Investments:		
Pooled Cash and Cash Equivalents	\$ 874,901	\$ 511,228
Other Investments	-	143,710
Future pipeline reserve capacity rights	-	83,312
Escrow deposit	-	32,649
Customer Assessments	-	676
Total	<u>\$ 874,901</u>	<u>\$ 771,575</u>

The restricted amounts are for accumulated resources for debt service payments, deposits from service users, unspent bond and other proceeds for construction, retention guarantees from contractors, future pipeline reserve capacity rights, and escrow deposits (see Notes 11.S and 19 for additional information).

Note 8. Capital Assets

CITY OF DALLAS, TEXAS
NOTES TO THE BASIC FINANCIAL STATEMENTS
September 30, 2019

Note 9. Interfund Receivables, Payables, and Transfers

Due to Other Funds/From Other Funds

A portion of the interfund payable due from nonmajor governmental funds to the General Fund was a result of a bank overdraft from other fund's share of pooled cash.

Amounts due from and due to other funds at September 30, 2019 were as follows:

Due From Other Funds	Amount	Due to Other Funds		
		General	Nonmajor Governmental	Sanitation
General	\$ 6,383	\$ -	\$ 6,383	\$ -
Dallas Water Utilities	794	268	-	526
Nonmajor Governmental	256	-	256	-
Total	<u>\$ 7,433</u>	<u>\$ 268</u>	<u>\$ 6,639</u>	<u>\$ 526</u>

Interfund Notes Receivable and Payable

Interfund notes receivable and payable balances at September 30, 2019 were as follows:

Note receivable	Note Payable
	Nonmajor Governmental
Nonmajor governmental	\$ 4,161
Dallas Water Utilities	5,816
Total	<u>\$ 9,977</u>

These balances relate to long-term borrowings to finance various capital acquisitions and equipment purchases.

Transfers In/Out

Transfers made between funds during the fiscal year are listed below:

Transfers Out	Transfers In						
	Amount Transferred	General	Debt Service	Nonmajor Governmental	Dallas Water Utilities	Nonmajor Enterprise	Internal Service
General	\$ 192,628	\$ -	\$ 48	\$ 14,335	\$ -	\$ -	\$ 178,245
Debt Service	-	-	-	-	-	-	-
Nonmajor Governmental	16,660	201	1,026	15,123	310	-	-
Dallas Water Utilities	29,414	17,014	-	12,400	-	-	-
Convention Center	2,704	-	30	2,674	-	-	-
Airport Revenues	409	-	409	-	-	-	-
Sanitation	7,784	4,445	104	3,235	-	-	-
Nonmajor Enterprise	602	-	386	-	-	-	216
Internal Service	8,399	5,638	2,687	-	-	73	1
Total	<u>\$ 258,600</u>	<u>\$ 27,298</u>	<u>\$ 4,690</u>	<u>\$ 47,767</u>	<u>\$ 310</u>	<u>\$ 73</u>	<u>\$ 178,462</u>

These transfers were primarily for support of operation and maintenance, construction projects, asset purchases, and to service the debt associated with the respective funds. The General Fund transferred \$174.4 million in bond proceeds to the Internal Service Risk Fund. The bonds were issued to settle legal claims, which will be paid from the Internal Service Risk Fund. Transfers were also made from the Dallas Water Utilities fund for payments-in-lieu-of-taxes (PILOT), which are recorded as transfers rather than operation and maintenance expenses due to the nonreciprocal nature of the transactions. Under the terms of the bond ordinance, PILOT and other similar payments are not considered operation and maintenance of the Dallas Water Utilities Fund; therefore, they are not included in the debt coverage calculation.

CITY OF DALLAS, TEXAS
NOTES TO THE BASIC FINANCIAL STATEMENTS
September 30, 2019

Note 11. Long-Term Debt (continued)

The liability for commercial paper notes will be fully liquidated by the Debt Service Fund. The liabilities for the compensated absences, net pension liability, and other postemployment benefits will be liquidated by General Fund, Community Development Fund, Health and Human Services Fund, Library Fund, Police Fund, Recreation Fund, Management Improvement Fund, Storm Water Operations Fund, Municipal Fund, General Citizen Fund, Equipment Services Fund, Communication Equipment Services Fund, Office Services Fund, Information Systems Fund, the Risk Fund, and the Bond Program Administration Fund. The liability for the developer payable will be liquidated by the Neighborhood Projects Fund. The entire estimated unpaid claims liability of \$61 million is reported in the Risk Fund, and the claims will be liquidated by that fund. The liabilities for pollution remediation, notes payable, sales tax refund, and capital leases will be liquidated by the General Fund.

B. Governmental General Obligation Bonds (GO Bonds), Certificates of Obligation and General Obligation Pension Obligation Bonds

In fiscal year 2019 and in prior years, the City issued GO Bonds, Certificates of Obligation, and GO Pension Obligation Bonds. These bonds are direct obligations of the City for which its full faith and credit are pledged and are payable from taxes levied on all taxable property located within the City. Events of default include nonpayment events and covenant noncompliance. In the event of default, registered owners may seek a writ of mandamus to compel officials of the City to carry out their legally imposed duties with respect to the bonds.

In May 2019, the City issued general obligation refunding and improvement bonds, Series 2019A, of \$235.6 million with a premium of \$31.4 million, a stated interest rate range of 3.0% to 5.0%, and a final maturity of February 15, 2039. The bonds were issued to refund certain outstanding commercial paper, finance certain public improvements, and pay the cost of issuance of the bonds.

In May 2019, the City issued general obligation refunding bonds, Series 2019B, of \$154.0 million with a premium of \$20.4 million, a stated interest rate range of 3.0% to 5.0% and a final maturity of February 15, 2039. The bonds were issued to settle legal claims related to a pay referendum lawsuit for uniformed employees.

The General Obligation Bonds outstanding as of September 30, 2019 are as follows:

	Final	Interest Rates	Amount
Series 627	2020	3.0% to 5.0%	\$ 35,285
Series 628	2030	4.39% to 5.61%	79,420
Series 631	2023	3.0% to 5.0%	51,303
Series 637	2026	2.0% to 5.0%	154,105
Series 638	2032	0.76% to 5.0%	138,110
Series 1692	2034	4.0% to 5.0%	457,915
Series 1700	2034	5.00%	162,555
Series 1843	2037	3.0% to 5.0%	281,025
Series W257	2038	3.0% to 5.0%	58,715
Series 1886	2039	3.0% to 5.0%	235,595
Series 1887	2039	3.0% to 5.0%	153,950
Total			<u>\$ 1,807,978</u>

The Certificates of Obligation outstanding as of September 30, 2019 are as follows:

	Final	Interest Rates	Amount
Series 635	2022	2.00% to 5.00%	\$ 7,610

CITY OF DALLAS, TEXAS
NOTES TO THE BASIC FINANCIAL STATEMENTS
September 30, 2019

Note 11. Long-Term Debt (continued)

The Pension Obligation Bonds outstanding as of September 30, 2019 are as follows:

	Final	Interest Rates	Amount
Series 600	2035	3.24% to 5.19%	\$ 77,365
Series 601	2035	4.10% to 5.48%	35,017
Series 632	2024	0.295% to 4.66%	52,198
Total			<u>\$ 164,580</u>

C. Long-Term Notes Payable (Direct Borrowings)

HUD Section 108 Loans

In previous fiscal years, the City borrowed money from the United States Department of Housing and Urban Development (HUD) and loaned it to developers. The developers in turn construct and improve real property in the City. The City has pledged only certain grant revenues and certain program income as well as all funds or investments in the accounts established for these loans as collateral for repayment. Events of default with respect to the Section 108 loans include nonpayment events and noncompliance with covenants. In the event of default, HUD may accelerate the due date of the principal amount outstanding for the note, together with accrued and unpaid interest.

State Energy Conservation Office (SECO) Loans

In fiscal year 2019 and previous fiscal years, the City borrowed money from the Texas State Energy Conservation Office for the purpose of making utility efficiency improvements to various buildings owned by the City and for building improvements. Events of default with respect to these loans include nonpayment events and noncompliance with covenants. In the event of default, all principal and unearned interest on the loans shall become immediately due.

The total outstanding notes payable as of September 30, 2019 are as follows:

	Final		Interest	Amount
	Maturity	Payments Due	Rates	
State Energy Conservation Office CL245	2022	Quarterly	2.50%	2,326
State Energy Conservation Office CL247	2026	Quarterly	2.50%	1,678
State Energy Conservation Office CL272	2026	Quarterly	2.00%	6,135
State Energy Conservation Office CL273	2027	Quarterly	2.00%	5,117
Section 108 B-09-MC-48-0009	2021	Semi-Annually	Variable	3,040
Section 108 B-09-MC-48-0009-A	2032	Quarterly	Variable	7,493
Section 108 B-09-MC-48-0009-B	2022	Quarterly	Variable	8,492
Section 108 B-12-MC-48-0009	2027	Semi-Annually	2.75%	9,572
Total				<u>\$ 43,853</u>

D. General Obligation Commercial Paper Notes (Direct Borrowing)

The commercial paper notes Series A and Series B are supported by a credit agreement with JPMorgan Chase Bank, N.A., and extends through November 27, 2020. The Series A and Series B notes have an aggregate available amount not to exceed approximately \$375.9 million, which includes \$350 million of principal together with approximately \$25.9 million of accrued interest for a maximum maturity date not to exceed 270 days at a rate not to exceed 10 percent per annum. The two commercial paper programs constitute an obligation subordinate to the City's general obligation bonds. Any advances for payments of commercial paper under the line of credit are secured by proceeds of the applicable portion of the tax levy as set forth in the Credit Agreements. During fiscal year 2019, no commercial paper was issued, and \$31.7 million was repaid. Upon maturity, the notes will be remarketed by the commercial paper dealers or extinguished with long-term debt. The City's unused line of credit on the notes was \$346.5 million at September 30, 2019.

CITY OF DALLAS, TEXAS
NOTES TO THE BASIC FINANCIAL STATEMENTS
September 30, 2019

Note 11. Long-Term Debt (continued)

These notes are direct obligations of the City for which its full faith and credit are pledged and are payable from taxes levied on all taxable property located within the City. Events of default include nonpayment of fees, breach of covenants, unsatisfied judgements over \$20 million, acceleration of other debt in an amount greater than \$25 million, bond ratings downgraded below Baa1/BBB+/BBB+ and nonpayment of note principal. In the event of default, the lender may utilize multiple remedies, including default rates on unpaid principal and interest, discontinuation of advances on the notes, and/or immediate termination of the agreement. The lender may seek a writ of mandamus to compel officials of the City to carry out their legally imposed duties with respect to the notes. Additionally, amounts drawn as advances or term loans are subject to acceleration in an uncured event of default, with such acceleration to take place at the earlier of (1) date on which legally expendable funds are appropriated and available or (2) February 1 of the calendar year following the next year the City levies ad valorem taxes.

E. Governmental Capital Leases (Direct Borrowings)

Equipment Master Lease

During a prior fiscal year, the City entered into a Master Lease Agreement (the Agreement) with a bank (the Lessor). Each fiscal year since 2017, the City has entered into separate repayment schedules under the Agreement for the lease-purchase of vehicles and other equipment, and each has a maximum allowable amount equal to the principal due on that schedule. Vehicles and equipment purchased through Agreement are pledged as security for repayment of the lease liability. Events of default under the Master Lease Agreement include nonpayment events and covenant noncompliance. In the event of default, the Lessor may declare the entire amount of payments to the end of the term immediately past due and payable, initiate court action against the City to enforce performance per the Agreement, take possession of the vehicles and equipment, and/or terminate the Agreement.

Garage Lease

During a prior fiscal year, the City entered into a capital lease for a parking garage near the Dallas Police Department headquarters. The leased property serves as collateral for non-payment. Events of default under the lease agreement include nonpayment events and covenant noncompliance. In the event of default, the Lessor has the right to terminate the lease and/or recover all damages associated with the default.

For more information on capital leases, please refer to Note 12.

F. Governmental Debt Service Requirements

The future debt service principal and interest payment requirements for the City's General Obligation Bonds, Tax and Revenue Certificates, and Pension Obligation Bonds at September 30, 2019 are as follows:

Fiscal Year	Principal	Interest	Total
2020	\$ 159,341	\$ 101,684	\$ 261,025
2021	173,597	80,463	254,060

CITY OF DALLAS, TEXAS
NOTES TO THE BASIC FINANCIAL STATEMENTS
September 30, 2019

Note 11. Long-Term Debt (continued)

H. Water Works and Sewer System Revenue Bonds and Pension Obligation Bonds

In prior fiscal years, Dallas Water Utilities issued Waterworks and Sewer System Revenue Bonds to fund capital construction projects. These bonds are special obligations of the City, payable solely from and secured by a first lien on and pledge of the pledged revenues of the system, which include the net revenues of the system remaining after deduction of current expenses of operation and maintenance. Events of default include nonpayment events and covenant noncompliance. In the event of default, registered owners may seek a writ of mandamus to compel officials of the City to carry out their legally imposed duties with respect to the bonds.

I. Water Works and Sewer System Revenue Bonds and Pension Obligation Bonds (Direct Placements)

In fiscal year 2019, and prior years Dallas Water Utilities issued Waterworks and Sewer System Revenue Bonds to fund capital construction projects. These were direct placements facilitated by the Texas Water Development Board. These bonds are special obligations of the City, payable solely from and secured by a first lien on and pledge of the pledged revenues of the system, which include the net revenues of the system remaining after deduction of current expenses of operation and maintenance. Events of default include nonpayment events and covenant noncompliance. In the event of default, registered owners may seek a writ of mandamus to compel officials of the City to carry out their legally imposed duties with respect to the bonds.

In May 2019, Dallas Water Utilities issued Waterworks and Sewer System Revenue Bonds Series 2019A and Series 2019B of \$66 million and interest rates ranging from 0.02 percent to 5.0 percent. Final maturity will occur on October 1, 2048. The bonds were issued to fund capital construction projects.

The Waterworks and Sewer System debt service fund provides for the payment of principal and interest on the water department outstanding revenue bonds. Operating revenues from water operations and interest earned on the cash balance in the debt service fund are pledged for repayment of the debt. Revenues are transferred from the Water Operating Fund to the debt service fund to meet annual principal and interest obligations. Pension Obligation bonds are paid through increased contributions to the debt service fund. The Water Works and Sewer System bonds outstanding as of September 30, 2019 are as follows:

Series Description	Final Maturity	Interest Rates	Amount
630 Rev Bonds	2040	3.00% - 5.00%	\$ 104,700
634 Rev Bonds	2041	3.00% - 5.00%	134,265
636 Rev Bonds	2042	0.595% - 5.00%	270,465

Total Revenue Bonds			2,248,218
Pension Obligation Bonds	2035	0.295% - 5.48%	45,088
Total Outstanding			<u>\$ 2,293,306</u>

Utility Revenues Pledged

The City has pledged future water and wastewater customer revenues, net of specified operating expenses, to repay \$2.2 billion in water and wastewater system revenue bonds, of which \$66 million was issued during the current fiscal year and the remaining balance in prior fiscal years. Proceeds from the bonds provided financing for capital assets. The bonds are payable solely from water customer net revenues and are payable through fiscal year 2049. Net revenues, as defined in the bond documents, for each year are expected to be at least equal to 1.25 times the principal and interest requirements of all outstanding previously issued bonds and additional bonds for the year. The total principal and interest remaining to be paid on the bonds at September 30, 2019 is \$3.4 billion. Principal and interest paid during fiscal year 2019 were \$102 million and \$90 million, respectively.

CITY OF DALLAS, TEXAS
NOTES TO THE BASIC FINANCIAL STATEMENTS
September 30, 2019

Note 11. Long-Term Debt (continued)

J. Convention Center (Revenue Bonds and Pension Obligation Bonds)

In previous fiscal years, the City issued Convention Center Revenue Bonds. The 7 percent Hotel Occupancy Tax, operating revenues of the Convention Center Complex, and interest earned on cash balances in the bond reserve and debt service funds are pledged for repayment of the debt. Events of default with respect to these include nonpayment events and noncompliance with covenants. In the event of default, registered owners may seek a writ of mandamus to compel officials of the City to carry out their legally imposed duties with respect to the bonds.

Pension Obligation Bonds are paid through increased contributions to the Debt Service Fund. Additionally, the City has covenanted to provide the payment of operating and maintenance expenses of the Convention Center Complex, should a shortfall in Convention Center revenues occur. Revenue from the Convention Center operating fund is transferred to the debt service fund to meet annual principal and interest payments. The Convention Center bonds outstanding as of September 30, 2019 are as follows:

The Convention Center bonds outstanding as of September 30, 2019 are as follows:

Series Description	Final Maturity	Interest Rates	Amount
Civic Center Convention Complex	2038	3.00% - 5.25%	\$ 279,475
Pension Obligation Bonds	2035	0.295% - 5.48%	3,205
Total Outstanding			<u>\$ 282,680</u>

K. Airport Revenues (General Airport Revenue Bonds and Pension Obligation Bonds)

During December 2016, the Love Field Airport Modernization Corporation (LFAMC) issued \$116.85 million in General Airport Revenue Bonds, Series 2017 with a premium of \$13.6 million. The stated rate on the bonds is 5 percent with a final maturity on November 1, 2036. Proceeds from the sale of the Bonds were used to complete the design and construction costs of an approximately 5,000 space parking garage and related improvements to increase public parking capacity at Love Field Airport, fund approximately 22 months of capitalized interest, which is intended to cover the period commencing with the date of issuance of the Bonds through 12 months following substantial completion of construction of the project, fund a bond debt service reserve fund, and pay cost of issuance.

In a previous year, the Love Field Airport Modernization Corporation (LFAMC) issued \$109.2 million in General Airport Revenue Bonds, Series 2015 with a premium of \$13.6 million. The stated interest rate on the bonds is 5 percent with a final maturity on November 1, 2035. Proceeds from the sale of the Bonds were used to fund design and construction costs of an approximately 5,000 space parking garage and related improvements to increase public parking capacity at Love Field Airport, fund approximately 27 months of capitalized interest (which is intended to cover the period commencing with the date of issuance of the Bonds through 12 months following substantial completion of construction of the parking garage, fund a bond debt service reserve fund, and pay cost of issuance for the bonds.

Operating revenues from Airport operations and interest earned on the cash balance in the debt service fund are pledged for repayment of both issues of the General Airport Revenue Bonds. Revenues are transferred from the Airport Revenues operating fund to the Airport Revenues debt service fund to meet the annual principal and interest obligations. Events of default include nonpayment events and noncompliance with covenants. In the event of default, registered owners may seek a writ of mandamus to compel officials of the City to carry out their legally imposed duties with respect to the bonds.

Pension Obligation bonds are paid through increased contributions to the Debt Service Fund. Operating revenues from Airport operations and interest earned on the cash balance in the debt service fund are pledged for repayment of the debt. Revenues are transferred from the Airport operating fund to the debt service fund to meet annual principal and interest obligations.

CITY OF DALLAS, TEXAS
NOTES TO THE BASIC FINANCIAL STATEMENTS
September 30, 2019

Note 11. Long-Term Debt (continued)

Airport revenue and pension obligation bonds outstanding as of September 30, 2019 are as follows:

Series Description	Final Maturity	Interest Rates	Amount
General Airport Revenue Bonds 2015	2036	5.00%	\$ 105,350
General Airport Revenue Bonds 2017	2036	5.00%	116,850
Pension Obligation Bonds	2035	0.295% - 5.48%	4,224
Total			<u>\$ 226,424</u>

L. Airport Revenues Conduit Debt and Revenue Credit Agreement (Direct Borrowing)

The Love Field Airport Modernization Corporation (LFAMC), a Texas non-profit "local government corporation" and blended component unit of the City, issued \$310 million in Special Facilities Revenue Bonds during November 2010, and \$146.26 million in May 2012. The bonds were issued to finance the acquisition, construction, expansion, installation and equipping of certain capital improvements at Dallas Love Field Airport. Major construction commenced during fiscal year 2010 and was substantially completed during fiscal year 2015.

Prior to the issuance of the bonds, the City entered into two separate funding agreements with an airline carrier: (1) a "Facilities Agreement" pursuant to which the airline carrier is obligated to make debt service payments on the principal and interest amounts associated with the bonds (Facilities Payments), less other sources of funds the City may apply to the repayment of the bonds (including, but not limited to, passenger facility charges collected from passengers originating from Love Field Airport); and (2) a "Revenue Credit Agreement" pursuant to which the City will reimburse the airline carrier for the Facilities Payments made by the carrier.

In the event the airline carrier fails to make payments under the Facilities Agreement the City is no longer obligated to make any further payments under the Revenue Credit Agreement, and that agreement shall terminate.

The remainder of this page intentionally left blank.

CITY OF DALLAS, TEXAS
NOTES TO THE BASIC FINANCIAL STATEMENTS
September 30, 2019

Note 11. Long-Term Debt (continued)

A majority of the monies transferred from the City to the airline carrier under the Revenue Credit Agreement are expected to originate from a reimbursement account created in a "Use and Lease Agreement" between the City and the airline carrier. The Use and Lease Agreement is a 20-year agreement providing for, among other things, the lease of space at the Airport from the City. The remainder of such monies transferred from the City to the airline carrier under the Revenue Credit Agreement is expected to originate from (1) use and lease agreements with other airlines, (2) various concession agreements, and (3) other miscellaneous revenues generated at Love Field Airport.

All of the assets ultimately acquired by the bonds belong to the City at the time of acquisition pursuant to an Agreement for Donation and Assignment entered into between the City and the airline carrier. The bonds are a special obligation for which the airline carrier has guaranteed the principal and interest payments on the bonds, payable solely from the facilities payments to be made pursuant to the terms of the Special Facilities Agreement and other funds constituting the trust estate under the indenture, including any amounts received under the guaranty. The bonds do not constitute a debt or pledge of the faith and credit of the LFAMC, the City, the County, or the State of Texas, and accordingly have not been reported in the accompanying financial statements. At September 30, 2019, the Special Facilities Revenue Bonds outstanding was \$411 million.

M. Airport Revenues Obligation for Revenue Credit Agreement (Direct Borrowing)

The revenue credit agreement entered into between the City and the airline carrier was made possible as a result of the rate making provisions of the Airport Use and Lease Agreement which provide for the annual calculation of airline rates and charges sufficient to recover among other things, debt service on the bonds. While the crediting back of money to the airline carrier under the revenue credit agreement will be done pursuant to a contractual agreement between the City and the airline carrier, such revenue credits are not pledged to the payment of debt service on the Bonds. The City has determined the obligation under the revenue credit agreement to be a liability, and accordingly has recorded the obligation in the accompanying financial statements. The interest rates for the obligation range between 4.39 percent to 5.48 percent, and the obligation will be amortized over a period of 30 years. The balance of the obligation for the revenue credit agreement was \$416 million less the net premium/discount of \$5 million for a total balance of \$411 million, at September 30, 2019. The schedule of principal and interest payments required for the obligation is provided below (in thousands):

Fiscal Year	Airport Revenue - LFAMC		
	Obligation for Revenue Credit Agreement		
	Principal	Interest	Total
2020	\$ 8,500	\$ 21,318	\$ 29,818
2021	8,840	20,927	29,767
2022	9,280	20,474	29,754
2023	9,745	19,998	29,743
2024	10,230	19,499	29,729
2025-2029	62,745	88,996	151,741
2030-2034	105,440	67,215	172,655
2035-2039	136,175	35,668	171,843
2040-2041	65,005	3,456	68,461
Total	<u>\$ 415,960</u>	<u>\$ 297,551</u>	<u>\$ 713,511</u>

N. Business-type Activities Capital Leases (Direct Borrowings)

Airport Parking Capital Leases

During a prior fiscal year, the City entered into capital leases for two parking lots near Love Field Airport. The leased property serves as collateral for non-payment. Events of default under the lease agreements include nonpayment events and covenant noncompliance. In the event of default, the Lessor has the right to terminate the leases and/or recover all damages associated with the default.

CITY OF DALLAS, TEXAS
NOTES TO THE BASIC FINANCIAL STATEMENTS
September 30, 2019

Note 11. Long-Term Debt (continued)

Equipment Master Lease

During a prior fiscal year, the City entered into a Master Lease Agreement (the Agreement) with a bank (the Lessor). Each fiscal year since 2017, the City has entered into separate repayment schedules under the Agreement for the lease-purchase of vehicles and other equipment, and each has a maximum allowable amount equal to the principal due on that schedule. Vehicles and equipment purchased through Agreement are pledged as security for repayment of the lease liability. Events of default under the Master Lease Agreement include nonpayment events and covenant noncompliance. In the event of default, the Lessor may declare the entire amount of payments to the end of the term immediately past due and payable, initiate court action against the City to enforce performance per the Agreement, take possession of the vehicles and equipment, and/or terminate the Agreement.

For more information on capital leases, please refer to Note 12.

O. Sanitation Enterprise Fund (General Obligation Bonds and Pension Obligation Bonds)

The Sanitation Fund provides for the payment of principal and interest on a portion of the 2010 General Obligation Refunding Bonds and the Pension Obligation Bonds, which are paid through increased contributions to the Debt Service Fund. The bonds outstanding as of September 30, 2019 are as follows:

Series Description	Final Maturity	Interest Rates	Amount
Series 631 General Obligation Bonds	2023	3.0% to 5.0%	\$ 5,167
Pension Obligation Bonds	2035	0.295% to 5.48%	14,740
Total Outstanding			<u>\$ 19,907</u>

P. Non-Major Enterprise Fund (Pension Obligation Bonds)

The non-major enterprise funds provide for the payment of principal and interest on a portion of Pension Obligation Bonds, which are paid through increased contributions to the Debt Service Fund. The bonds outstanding as of September 30, 2019 are as follows:

Series Description	Final Maturity	Interest Rates	Amount
Pension Obligation Bonds	2035	0.295% - 5.48%	\$ 8,216

Q. Business-Type Activities Debt Service Requirements

The debt service principal and interest payment requirement to maturity at September 30, 2019 for the business-type activities Revenue Bonds and Pension Obligation Bonds are as follows:

The Dallas Convention Center Hotel Development Corporation (the Corporation), a discretely presented component unit of the City, issued revenue bonds in a prior fiscal year. The assets pledged as security for repayment of the bonds include the gross operating revenues of the hotel project, reimbursement for a portion of the interest from the Build America Bonds rebate, the State and Local Hotel Occupancy Tax Rebate, the State Sales Tax rebate, and other property, other than the land, the hotel project constructed on the land, and certain deposits. Events of default include nonpayment events and noncompliance with covenants. In the event of default, the trustee may accelerate principal and interest payments on the bonds, and/or take multiple legal actions, including but not limited to seeking a writ of mandamus to compel officials of the City to carry out their legally imposed duties with respect to the notes.

The changes in the Dallas Convention Center Hotel Development Corporation discretely presented component unit's long-term liabilities for the year ended December 31, 2018 are as shown on the following page.

The remainder of this page intentionally left blank.

The DDDA discretely presented component unit has issued tax increment bonds that are payable solely from the pledged tax increments of the zone. Events of default include nonpayment events and noncompliance with covenants. In the event of default, registered owners may seek a writ of mandamus to compel members of the board of the DDDA or other officers of the issuer to carry out their legally imposed duties with respect to the bonds.

The tax increment bonds outstanding as of September 30, 2019 are as follows:

Series Description	Final Maturity	Interest Rates	Amount
Series DDDA - Series 2006	2036	5.25% - 5.66%	\$ 32,587
Series DDDA - Series 2007	2036	5.49% - 6.28%	23,692
Total Outstanding			<u>\$ 56,279</u>

The Dallas Convention Center Hotel Development Corporation discretely presented component unit bonds outstanding as of December 31, 2018 are as follows:

Series Description	Final Maturity	Interest Rates	Amount
2009A Current Interest Bonds	2024	4.25% - 5.25%	\$ 62,165
2009A Capital Appreciation Bonds	2026	5.43% - 6.46%	7,139
2009B Taxable Build America Bonds	2042	7.09%	388,175
Total Outstanding			<u>\$ 457,479</u>

The debt service principal and interest payment requirement to maturity at September 30, 2019 for the DDDA discretely presented component unit activities tax increment financing bonds and at December 31, 2018 for the Dallas Convention Center Hotel Development Corporation bonds are as follows:

S. Bonds Authorized and Unissued

The following is a schedule of authorized but unissued bonds at September 30, 2019:

	Date of Authorization	Amount Authorized	Amount Unissued
2017 Capital Improvement Program	11/6/2012	\$ 1,050,000	\$ 888,498

T. Compliance with Debt Covenants

For the year ended September 30, 2019, management of the City believes that it was in compliance with all financial bond covenants on outstanding revenue and general obligation bonded debt.

U. Dallas Water Utilities Commercial Paper Notes (Direct Borrowing)

The commercial paper program constitutes an obligation subordinate to the Waterworks and Sewer System revenue bonds. Any advances made by credit providers for payments of commercial paper under the line of credit are secured by water and wastewater pledged revenues.

The commercial paper notes Series D are supported by two liquidity agreements through two banks. The liquidity agreements supporting the Sub-Series D-1 and Sub-Series D-2 notes are through State Street Bank and Trust Company and Bank of America N.A., respectively, and extend to January 8, 2020. The Sub-Series D-1 notes have an aggregate available principal amount not to exceed \$241.6 million, which includes \$225 million of principal together with approximately \$16.6 million of accrued interest for a maximum maturity date not to exceed 270 days at a rate of 10 percent per annum. The Sub-Series D-2 notes have an aggregate available principal amount not to exceed \$80.5 million, which includes \$75 million of principal together with approximately \$5.5 million of accrued interest for a maximum maturity date not to exceed 270 days at a rate of 10 percent per annum.

The commercial paper notes Series E are supported by a liquidity agreement with JPMorgan Chase Bank, N.A., and extend to September 30, 2019. The Series E notes have an aggregate available principal amount not to exceed \$322.2 million, which includes \$300 million of principal together with approximately \$22.2 million of accrued interest for a maximum maturity date not to exceed 270 days at a rate of 10 percent per annum.

Events of default include nonpayment of fees, incorrect or untrue statement made by the City the agreements, breach of covenant, unsatisfied judgements over \$10 million, acceleration of other debt in an amount greater than \$5 million, filing of bankruptcy, validity of agreement invalidated by any governmental authority, debt moratorium, bond ratings downgraded below Baa3/BBB-, material adverse effects as a result of State law repeal or any event of default as defined in Sub-Series D-1 and Series E credit agreements. The lender may seek a writ of mandamus to compel officials of the City to carry out their legally imposed duties with respect to the notes.

During fiscal year 2019, \$164.5 million was issued and there was no repayment. Upon maturity, the notes will be remarketed by the commercial paper dealers or extinguished with long-term debt. The balance of the commercial paper notes payable was \$164.5 million at September 30, 2019.

CITY OF DALLAS, TEXAS
NOTES TO THE BASIC FINANCIAL STATEMENTS
September 30, 2019

Note 11. Long-Term Debt (continued)

V. Dallas Water Utilities Obligation for Water Transmission Facilities Financing Agreement (Direct Borrowing)

Tarrant Regional Water District (TRWD), a water control and improvement district and political subdivision of the State of Texas, issued Water Facilities Contract Revenue Bonds in February 2012 in the amount of \$131.9 million, in January 2014 in the amount of \$202.1 million, and in December 2015 in the amount of \$140 million. The bonds were issued to finance the DWU share of costs for designing, acquiring, constructing, improving, repairing, rehabilitating, and or replacing water transmission facilities capable of delivering additional raw water supply to the customers of the DWU and TRWD for their respective customers (the Project). The Project is tentatively scheduled to be completed in 2027. The City's share of the total cost of the Project is estimated to be \$1 billion. Upon completion of the Project, DWU will have reserved capacity rights in the amount of 150 million gallons per day. Depending on the timing of construction, additional bonds are expected to be issued throughout the construction period.

In order to ensure adequate funding from Dallas Water Utilities for the payment of principal and interest, the City entered into a separate funding agreement with TRWD, a Water Transmission Facilities Financing Agreement (the Agreement). Under this Agreement, the City is obligated to make payments to TRWD for the principal and interest amounts associated with the bonds. The Agreement establishes through State statutes that those payments will be treated as operating and maintenance expenses. The treatment of payments to TRWD as operating and maintenance expenses is only being applied to the Schedule of Revenue Bond Coverage for the Dallas Water Utilities and for purposes of establishing rates.

The Agreement establishes that TRWD shall own and operate the Project, subject to Dallas' reserve capacity rights in the Project. The bonds are a special obligation of TRWD. Principal and interest are secured by, and payable solely from, payments to be received by TRWD from the City to the extent required and provided in the Agreement. The bonds do not constitute a debt or pledge of the faith and credit of the City, and accordingly have not been reported in the accompanying financial statements. At September 30, 2019, the TRWD Water Facilities Contract Revenue Bonds outstanding were \$426 million.

The City has determined the obligation under the Agreement to be a liability to the extent that such obligations are for the payment of bonds issued to fund Dallas Water Utilities' share of costs for the Project. The City has capitalized the development of an intangible asset, Pipeline Reserve Capacity Rights, in Construction in Progress for the actual Project costs incurred by TRWD. The unspent proceeds held by TRWD for future construction costs have been recorded in Restricted Assets: Other Noncurrent Assets – Future Pipeline Reserve Capacity Rights. The interest rates for the obligation range from 0.45 percent to 6.0 percent. The obligation will be amortized over a period of 30 years. The balance of the obligation for the Agreement was \$425 million at September 30, 2019.

The revenues and income received by the Dallas Water Utilities from the ownership and operation of the system are pledged as security for repayment of the obligation. Events of default include nonpayment events and covenant noncompliance. In the event of default, TRWD may apply the Texas post judgement interest rate to all amounts not paid when due, assess other interest and legal fees, enforce the rights of the holders of the underlying bonds, and/or suspend the use of by Dallas of its reserved capacity rights in the project.

The schedule of principal and interest payments required for the obligation is provided below:

Fiscal Year	Principal	Interest	Total
2020	\$ 9,772	\$ 15,658	\$ 25,430
2021	10,955	16,653	27,608
2022	11,285	16,204	27,489
2023	11,640	15,732	27,372
2024	12,105	15,235	27,340
2025-2029	67,625	69,243	136,868
2030-2034	82,450	55,965	138,415
2035-2039	102,200	37,528	139,728
2040-2044	110,340	14,357	124,697
2045-2046	7,070	227	7,297
Total	<u>\$ 425,442</u>	<u>\$ 256,802</u>	<u>\$ 682,244</u>

CITY OF DALLAS, TEXAS
NOTES TO THE BASIC FINANCIAL STATEMENTS
September 30, 2019

Note 12. Leases

A. As Lessee

As lessee, the City is committed under various leases for building and office space, data processing, and communications equipment. These leases are considered for accounting purposes to be operating leases. Lease expenditures for the fiscal year ended September 30, 2019, amounted to \$4.1 million.

Future minimum lease payments for these leases are as follows:

Year Ending September 30,	Total Rental Payments	Governmental Activities	Business-Type Activities
2020	\$ 3,972	\$ 2,934	\$ 1,038
2021	3,474	2,560	914
2022	2,898	1,972	926
2023	1,537	842	695
2024	911	544	367
2025-2029	2,400	367	2,033
2030-2034	419	54	365
Thereafter	561	208	353
Minimum Future Rentals	<u>\$ 16,171</u>	<u>\$ 9,481</u>	<u>\$ 6,690</u>

The City is also committed under capital leases for the purchase of computer equipment, vehicles and heavy equipment, parking garages, and a parking lot. The liability for future capital lease payments totals \$206.4 million. Future minimum lease payments for capital leases including interest and principal are as shown below.

Fiscal Year	Total Rental Payments	Governmental Activities	Business-Type Activities
2020	\$ 37,196	\$ 25,830	\$ 11,366
2021	33,040	22,716	10,324
2022	27,882	18,437	9,445
2023	22,106	15,056	7,050
2024	17,874	12,492	5,382
2025-2029	62,170	36,253	25,917
2030-2034	25,917	-	25,917
Thereafter	57,269	-	57,269
Total minimum future lease payments	283,454	130,784	152,670
Less: Amount representing interest	(77,019)	(11,868)	(65,151)
Present value of net minimum lease payments	<u>\$ 206,435</u>	<u>\$ 118,916</u>	<u>\$ 87,519</u>

Analysis of the City's investments in capital assets under capital lease arrangements as of September 30, 2019 is as follows:

	Governmental Activities	Business-Type Activities
Building and equipment	\$ 112,413	\$ 22,657
Land	-	75,270
Less: Accumulated depreciation	(62,430)	(6,794)
Total	<u>\$ 49,983</u>	<u>\$ 91,133</u>

B. As Lessor

The City is also under several lease agreements as lessor whereby it receives revenues from leasing airport terminal space, hangars, parking spaces, ramps, land, buildings, and office space to air carriers and other tenants. These revenue leases are considered for accounting purposes to be operating leases. Additionally, other City departments receive revenues under various agreements for the operation of concessions. Most of these revenues are determined based on various percentages of gross sales for the concessions.

CITY OF DALLAS, TEXAS
NOTES TO THE BASIC FINANCIAL STATEMENTS
September 30, 2019

Note 12. Leases (continued)

Revenues for the fiscal year ended September 30, 2019 were \$82.9 million. The following is a schedule of minimum future rentals on non-cancelable operating leases as of September 30, 2019:

Year Ending September 30	Governmental Activities	Dallas Water Utilities	Convention Center	Airport Revenues	Total
2020	\$ 2,238	\$ 47	\$ 919	\$ 67,871	\$ 71,074
2021	2,105	45	919	67,309	70,378
2022	1,009	41	940	62,733	64,723
2023	224	41	940	61,089	62,295
2024	224	41	869	53,057	54,191
2025-2029	970	207	4,007	210,506	215,690
2030-2034	119	207	4,076	10,888	15,291
Thereafter	308	2,697	14,131	27,849	44,984
Minimum Future Rentals	<u>\$ 7,196</u>	<u>\$ 3,328</u>	<u>\$ 26,801</u>	<u>\$ 561,303</u>	<u>\$ 598,628</u>

The above amounts do not include contingent rentals of the Airport Revenues Fund, which may be received under certain leases; such contingent rentals received totaled \$679 thousand in fiscal year 2019.

Note 13. Defeasance of Debt

In current and prior years, the City legally defeased certain outstanding general obligation and enterprise revenue bonds by placing the proceeds of new bonds in irrevocable trusts to provide for all future debt service payments of the refunded bonds. Accordingly, the trust accounts and the defeased bonds are not included in the City's basic financial statements.

As of September 30, 2019, the City had a total of \$252 million defeased outstanding General Obligation Bonds and \$723 million defeased outstanding water and sewer revenue bonds. The bonds defeased during the fiscal year are as follows:

	Balance, September 30, 2018	Additions	Deletions	Balance, September 30, 2019
General Obligation Bonds	\$ 255,340	\$ -	\$ 3,215	\$ 252,125
Water and Sewer Revenue Bonds	765,055	-	41,675	723,380
Total	<u>\$ 1,020,395</u>	<u>\$ -</u>	<u>\$ 44,890</u>	<u>\$ 975,505</u>

Note 14. Risk Management – Estimated Claims and Judgments Payable

The City is self-insured for all third-party general liability claims. Claims adjusting services are provided by the City's internal staff. Interfund premiums are based primarily upon the insured funds' claims experience and exposure and are reported as cost reimbursement interfund transactions. The liability for unpaid claims includes the effects of specific incremental claims, adjustment expenses, and, if probable and material, salvage, and subrogation.

All known City property, primarily buildings and contents, is insured through commercial insurance policies, subject to a \$750 thousand deductible per loss occurrence. The amount of settlements have not exceeded the deductible loss per occurrence for the past three fiscal years.

The City is self-insured for workers' compensation claims that occurred prior to October 1, 1999. Effective October 1, 1999 through January 31, 2013, the City was insured for workers' compensation losses in excess of \$750 thousand per occurrence. Effective February 1, 2013, the City was insured for workers' compensation losses in excess of \$1 million per occurrence. Effective February 1, 2016, the City is insured for workers' compensation losses in excess of \$1.5 million per occurrence. Claims adjusting services are provided by an independent "administrative services" contractor. Workers' compensation premiums are based primarily upon the insured funds' claims experience and exposure, and are reported as cost reimbursement interfund transactions.

CITY OF DALLAS, TEXAS
NOTES TO THE BASIC FINANCIAL STATEMENTS
September 30, 2019

Note 14. Risk Management – Estimated Claims and Judgments Payable (continued)

All workers' compensation losses are accumulated in a clearing fund which is being reimbursed by the premiums collected. When losses exceed premiums, the deficiencies are prorated and supplemented by the various applicable funds. Accrued workers' compensation liability consists of incurred but not reported as well as unpaid reported claims of which \$41.6 million at September 30, 2019, is recorded in the risk funds. Of this amount, \$7.7 million is estimated to be payable in the next fiscal year.

The City maintains a group health insurance plan for employees and dependents which is self-insured by the City. The City also offers enrollment in one health maintenance organization as an alternative. Premiums are determined based on the annual budget. The City also maintains a group life insurance plan which offers term-life and accidental death and dismemberment for employees and dependents. The City is fully insured for employee term-life. Health claims and claims incurred but not reported that are probable and can be reasonably estimated are accrued in the accompanying basic financial statements at September 30, 2019, in the amount of \$7.7 million in the risk funds.

At September 30, 2019, the City estimates its general liability at \$11.8 million, of which \$4.3 million is estimated to be payable in the next fiscal year. The general liability includes \$7.5 million for automobile and general liability and \$4.3 million for probable claims and lawsuits.

Changes in the balances of claims liabilities during the past fiscal year are as follows:

	Workers' Compensation		Health		General Liability	
	2019	2018	2019	2018	2019	2018
Unpaid claims, beginning of year	\$ 37,374	\$ 36,486	\$ 8,312	\$ 7,817	\$ 190,003	\$ 79,754
Incurred claims, including incurred but not reported claims (IBNRs) and changes in estimates	15,146	11,222	88,028	84,941	3,554	176,516
Claim payments	(11,470)	(10,373)	(94,016)	(83,010)	(177,771)	(66,944)
Changes to prior year estimates (IBNR)	545	39	5,359	(1,436)	(3,992)	677
Unpaid claims, end of year	<u>\$ 41,595</u>	<u>\$ 37,374</u>	<u>\$ 7,683</u>	<u>\$ 8,312</u>	<u>\$ 11,794</u>	<u>\$ 190,003</u>

Note 15. Accrued Landfill Liability

The City owns and operates the McCommas Bluff landfill located in the southern portion of the City. The developed 409.2 acres of the landfill has an estimated remaining useful life of 1 year. The undeveloped 493.2 acres of the landfill has an estimated useful life of 27 years. Closure and post-closure care of this landfill is subject to the requirements of Subtitle D of the Resource Conservation and Recovery Act (P.L. 94-580) and Sections 330.250-256 of Title 30 of the Texas Administrative Code administered by the Texas Commission on Environmental Quality (TCEQ). These regulations require the City to place a final cover on each cell of the landfill when it ceases to accept waste, and perform certain maintenance and monitoring functions for thirty years after the closure of each cell.

Because final contours have not been achieved, the City has not yet initiated closure of any of this landfill or incurred closure expenses. Therefore, the estimated \$38.5 million liability for closure/post-closure care is based on 91.2 percent of the capacity of the developed landfill subject to TCEQ regulations--none of which is expected to be paid from current available resources.

The City also owns and operates three transfer stations. The estimated post closure cost is \$246 thousand for the transfer stations at September 30, 2019.

The estimated total liability of \$42.3 million is based on current dollar average cost per acre calculations for this specific landfill as originally provided by consulting firms and has been revised annually by the City to accommodate inflation, deflation, technology, and developmental or regulation changes. In accordance with the provisions of Codification of Governmental Accounting and Financial Reporting Standards, Section L10, "Landfill Closure and Post Closure Care Costs," the City has recorded a closure and post-closure liability of \$38.8 million as a long-term liability. Closure and post-closure care are funded through current Sanitation Fund revenues generated by landfill operations. Effective April 9, 1997, Sections 330.280-284 of Title 30 of the Texas Administrative Code (TAC) require landfill owners to demonstrate financial assurance on an annual basis that they will have sufficient financial resources to satisfy closure and post-closure care expenditures at such time as these become payable.

CITY OF DALLAS, TEXAS
NOTES TO THE BASIC FINANCIAL STATEMENTS
September 30, 2019

Note 15. Accrued Landfill Liability (continued)

The City also owns the Deepwood & Loop 12 landfill located at South Miller Road, southwest of Loop 12. This landfill is closed. The estimated total liability for post closure care costs for the entire 47 acres of the closed landfill (132 acres of the Landfill Property) is estimated to be \$4.7 million during the next 17 years, of which \$276 thousand is due within one year.

The total closure and post-closure liability for both landfills and the three transfer stations at September 30, 2019 is \$43.5 million.

Note 16. Pollution Remediation

The City is responsible for following all applicable environmental rules when managing sites with environmental clean-up or management requirements. The Texas Commission on Environmental Quality (TCEQ) is the State regulatory agency that regulates all projects being reported. The method used to calculate the liability is the current value of outlays to remediate the properties – the amount that would be paid if all equipment, facilities, and services included in the estimate were acquired during the current period. The liability is an estimate and is subject to revision because of price increases or reductions, changes in technology, or changes in applicable laws or regulations. As of September 30, 2019, the total environmental remediation liability is \$4.1 million and \$3.2 million is estimated to be paid in fiscal year 2020. At this time, the City is unable to estimate any recoveries to reduce the liability. The specific issues related to the City's remediation efforts include:

The City is managing seventeen sites that are regulated by the Texas Risk Reduction Program, Texas Administrative Code (TAC) Ch. 350:

1. For the first site, The City investigated the environmental impact from two permitted closed landfills and conducted remediation as required. During the period, cap inspections, methane monitoring, and preparation of the response action completion report (RACR) has been completed. Additional activities to be completed during the current period include completing the RACR and engineering report for TCEQ submittal and requesting conditional closure. Groundwater monitoring, methane monitoring, and cap inspections will be part of operation and maintenance (O&M). The estimated cost for this project is \$120 thousand with \$103 thousand expected to be paid in fiscal year 2020. Required O&M related to the closed landfill caps will continue.
2. For the second site, the City conducted groundwater monitoring and product recovery activities, obtained LPST case closure and entered the site into the TCEQ Voluntary Cleanup Program (VCP) to address the chlorinated solvent plume in groundwater. During the reporting period, groundwater monitoring and TCEQ reporting were completed and preparation of an Affected Property Assessment Report (APAR) and MSD application are in process. Activities in the current period are expected to include semi-annual groundwater monitoring, finalizing and submitting the MSD application and the APAR, and conducting soil investigation activities. The estimated cost for this project is \$161 thousand, with \$100 thousand expected to be paid in fiscal year 2020.
3. For the third site, the City conducted pre-demolition environmental investigation in the building including testing for metals dust, asbestos containing material, lead, and mold and investigation of the subsurface at an Aviation property with a new tenant; obtained conditional closure from TCEQ and performed oversight of development activities by the tenant in the building and subsurface and obtained TCEQ approval of activities. During the reporting period, ongoing oversight of development activities by the tenant of the subsurface including environmental monitoring, soil management, disposal of waste soil, review of abatement auditing completed for the building and reporting. Activities in the current period include ongoing soil management activities including environmental monitoring, soil management, disposal of waste soil and regulatory reporting. The estimated cost for this project is \$533 thousand and \$30 thousand is expected to be paid in fiscal year 2020.
4. For the fourth site, the City completed a Phase II ESA as part of pre-acquisition due diligence and entered the property into the TCEQ VCP and communicated with TCEQ. During the reporting period, ongoing communication with TCEQ was completed and preparation for groundwater monitoring. Activities in the current period include groundwater monitoring, drinking water well survey, reporting, completion of an APAR report, and communication with TCEQ. The estimated cost for this project is \$75 thousand, and this liability is expected to be paid in fiscal year 2020 with continued management in VCP.

CITY OF DALLAS, TEXAS
NOTES TO THE BASIC FINANCIAL STATEMENTS
September 30, 2019

Note 16. Pollution Remediation (continued)

5. For the fifth site, the City completed a Phase I and Phase II ESA, hydraulic lift removal, asbestos abatement, and removal of impacted soil as part of construction of a new fire station. During the reporting period, a scope of work was obtained from the consultant for completion of all activities to obtain closure, the VCP application and drinking water survey report were prepared, and the MSD application initiated. Additional activities expected to be completed in the current period include submitting an application to the TCEQ VCP, completing an MSD application and APAR, and correspondence with TCEQ. The estimated cost for this project is \$53 thousand and this liability is expected to be paid in fiscal year 2020.
6. For the sixth site, the City completed a Phase I and II ESA, additional subsurface investigation, completed the MSD application, and prepared the Affected Property Assessment Report (APAR). During the reporting period, the City MSD was completed, APAR were reviewed, and correspondence with TCEQ was completed. Activities in the current period are expected to include MSD certification, APAR completion and submittal to TCEQ, responses to TCEQ comments, and preparation and submittal of the response action completion report (RACR) to TCEQ to obtain closure. The estimated cost for this project is \$48 thousand this liability is expected to be paid in fiscal year 2020.
7. For the seventh site, the City completed a Phase I and II ESA, obtained MSD certification, completed subsurface investigation, and submitted the Affected Property Assessment Report to TCEQ, and obtained TCEQ comments. During the reporting period, a response to TCEQ comments was prepared. Activities expected to be completed in the current period are submittal of the APAR comments, completion of additional investigation and completion of the RACR, and obtaining TCEQ closure. The estimated cost for this project is \$13 thousand and this liability is expected to be paid in fiscal year 2020.
8. For the eighth site, the City completed a Phase I and II ESA as part of due diligence activities, entered the site in VCP, and completed additional investigation and reporting and correspondence with TCEQ was completed. Additional activities expected to be completed in the current period include excavation of impacted soil and preparation and submittal of an APAR to TCEQ. The estimated cost for this project is \$204 thousand and \$50 thousand is expected to be paid in fiscal year 2020.
9. For the ninth site, the City completed a Phase I and II ESA as part of due diligence before leasing the property to be developed as an urban farm. The property was entered in TCEQ VCP, a draft MSD application was completed and the APAR was prepared. During the reporting period, an APAR was finalized and submitted to TCEQ and work continued a MSD application, and correspondence with TCEQ. Additional activities expected to be completed in the current period include City MSD, obtaining TCEQ MSD, working towards closure from TCEQ. The estimated cost for this project is \$94 thousand and \$90 thousand is expected to be paid in fiscal year 2020.
10. For the tenth site, the City completed a Phase I and II ESA as part of due diligence prior to executing a lease to own agreement. Additional activities are expected to include additional investigation and reporting to TCEQ. No activities were completed in the reporting period and no activities are expected until after the property is occupied, which is still pending. The estimated cost for this project is \$26 thousand and no costs are estimated for fiscal year 2020.
11. For the eleventh site, the City completed a Phase II ESA, additional subsurface investigation, entered the property in VCP, submitted an Affected Property Assessment Report (APAR) to TCEQ, provided pre-construction assistance for the future park, response to APAR comments was prepared and submitted to TCEQ, additional investigation completed, additional correspondence to TCEQ, soil management oversight related to park construction activities, and tank removal oversight. During the reporting period, soil management and disposal activities were completed, preparation of release determination reports to document tank removals and preparation of a Response Action Plan (RAP), and communication with TCEQ. Activities expected to be completed in the current period include submittal of a RAP, completion of release determination reports, submittal of a RACR, obtaining closure from TCEQ. The estimated cost for this project is \$18 thousand and this liability is expected to be paid in fiscal year 2020.
12. For the twelfth site, the City completed a Phase I and II ESA as part of due diligence for this property within Love Field Airport, entered the property into VCP, submitted an Affected Property Assessment Report (APAR), and completed responses to TCEQ. During the reporting period, TCEQ provided a certificate of completion and TCEQ invoices were paid, existing monitor wells were destroyed; no plugging required. No additional activities expected to be completed in the current period and there are no additional costs expected for this project.
13. For the thirteenth site, the City completed a Phase I and II ESA as part of preconstruction due diligence for Carpenter Park. Activities expected to be completed in the current period are entering the property in VCP and completing and submitting an Affected Property Assessment Report (APAR) to TCEQ. During the reporting period the VCP application was prepared and submitted to TCEQ, communication with TCEQ, and correspondence with TXDOT. Activities expected to be completed during the current period include soil management plan preparation, complete the APAR, continued communication with TCEQ, and obtain a certificate of completion. The estimated cost for this project is \$28 thousand and this liability is expected to be paid in fiscal year 2020.

CITY OF DALLAS, TEXAS
NOTES TO THE BASIC FINANCIAL STATEMENTS
September 30, 2019

Note 16. Pollution Remediation (continued)

14. For the fourteenth site, the City completed and submitted an Affected Property Assessment Report (APAR) to TCEQ for property within Love Field that is managed in the TCEQ Corrective Action Program. Additional investigation was completed and an amended APAR was submitted to TCEQ. During the reporting period, response to TCEQ comments was completed and closure was obtained. No additional activities expected to be completed during the current period and there are no additional costs expected for this project.
15. For the fifteenth site, the City completed a Limited Environmental Screening and a Limited Subsurface Investigation to evaluate site conditions prior to construction of a new fire station. Activities expected to be completed during the current period include entering the property in VCP, submitting an Affected Property Assessment Report (APAR) to TCEQ, submitting responses to APAR comments as needed, additional correspondence to TCEQ, soil and groundwater management support activities related to fire station construction, and obtaining closure from TCEQ. The estimated cost for this project is \$62 thousand and \$50 thousand is expected to be paid in fiscal year 2020.
16. For the sixteenth site, the City completed a Limited Environmental Screening (LES) and initiated a Limited Subsurface investigation (LSI) as part of activities prior to construction of a new spray ground at the recreation center. During the reporting period, additional subsurface investigation was completed to determine the extent of buried municipal waste and levels of metals in soil. The soil management plan was prepared prior to construction and support services provided for groundwater discharge and soil disposal and reuse prior to and during construction. No additional activities are expected to be completed during the current period and there are no additional costs expected for this project.
17. For the seventeenth site, the City completed additional Subsurface Investigation to further evaluate soil and groundwater conditions prior to construction of a new downtown park. A geophysical study was completed to determine if tanks were still existing onsite and a cultural resources desktop assessment. Activities completed during the current period include UST exploration and a cultural resources study prior to start of construction and soil management support services expected during construction. The estimated cost for this project is \$58 thousand and this liability is expected to be paid in fiscal year 2020.

The City is also managing environmental corrective action at one leaking petroleum storage tank sites. Activities at these sites are conducted in compliance with the rule for Underground and Aboveground Storage Tanks, TAC Ch 334:

1. For the first site, the City completed a Phase I and Phase II ESA, asbestos abatement, removal of underground storage tanks and remaining subsurface components of a hydraulic lift, product recovery, installation of additional monitor wells, groundwater monitoring, entered the site into the VCP under leaking petroleum storage tank (LPST) rules, submitted an APAR, conducted groundwater monitoring and completed a Field Activity Report, and completed Tier 2 calculations and correspondence with TCEQ. During the reporting period, correspondence with TCEQ continued and closure was approved and obtained. Activities in the current period will include continued correspondence with TCEQ to obtain the certificate of completion. The estimated cost for this project is \$82 thousand, and \$5 thousand is expected to be paid in fiscal year 2020.

The City is also managing testing and removal of asbestos containing materials at nine sites in compliance with Texas Asbestos Health Protection Rules, TAC Ch 295 and Occupational Safety and Health Administration, Lead Exposure Rules 29 CFR 1926.62:

1. For the first site, the City completed an asbestos and lead-based paint survey as part of pre-construction activities. The structure will be renovated for City operations. During the reporting period, continued lead-based paint consulting and abatement were completed and preparation of reports. Activities completed during the current period are payment of fees with the TX Department of State Health Services. The estimated cost for this project is \$2 thousand, and this liability is expected to be paid in fiscal year 2020.
2. For the second site, the City completed supplemental asbestos and lead-based paint testing and abatement of asbestos containing materials and lead based paint was completed as part of pre-construction activities. The existing pool was to be demolished so that a new aquatic center could be constructed at the recreation center location. During the reporting period, abatement reporting was completed. No additional activities are expected to be completed during the current period and there are no additional costs expected for this project.
3. For the third site, the City completed an asbestos survey, lead-based paint survey and mold survey as part of pre-renovation activities. The structure will be renovated for a new tenant. During the reporting period, communication to confirm scope was completed and preparation of the LBP, mold and ACM abatement specifications. Activities expected to be completed during the current period include asbestos consulting services and abatement of asbestos containing materials, lead-based paint, and mold and preparation of reports documenting activities. The estimated cost for this project is \$859 thousand and this liability is expected to be paid in fiscal year 2020.

CITY OF DALLAS, TEXAS
NOTES TO THE BASIC FINANCIAL STATEMENTS
September 30, 2019

Note 16. Pollution Remediation (continued)

4. For the fourth site, the City completed an asbestos survey, lead-based paint survey and mold survey as part of pre-renovation activities. During the reporting period, communication to confirm scope was completed and preparation of the LBP, mold and ACM abatement specifications. Activities expected to be completed during the current period include asbestos consulting services and abatement of asbestos containing materials, lead-based paint, and mold and preparation of reports documenting activities. The estimated cost for this project is \$502 thousand, and this liability is expected to be paid in fiscal year 2020.
5. For the fifth site, the City completed an ACM survey and LBP survey as part of pre-renovation activities at the recreation center. During the reporting period, the asbestos and LBP surveys and reporting were completed. Activities expected to be completed during the current period include preparation of asbestos and LBP specs, asbestos and LBP consulting oversight services and abatement of ACM and LBP and preparation of reports documenting activities. The estimated cost for this project is \$623 thousand, and this liability is expected to be paid in fiscal year 2020.
6. For the sixth site, the City completed an asbestos survey, lead-based paint survey and mold survey as part of pre-renovation activities. During the reporting period, asbestos and LBP consulting services and abatement of asbestos containing materials, lead-based paint, and mold were completed and reports prepared documenting activities. No additional activities are expected to be completed during the current period and there are no additional costs expected for this project.
7. For the seventh site, the City completed an asbestos survey and lead-based paint survey as part of pre-renovation activities. During the reporting period, an asbestos and lead-based paint survey were completed. Activities expected to be completed during the current period include asbestos and lead-based paint consulting services, abatement of asbestos containing materials and lead-based paint, and preparation of reports documenting activities. The estimated cost for this project is \$296 thousand, and this liability is expected to be paid in fiscal year 2020.
8. For the eighth site, the City completed a Limited Environmental Screening (LES) to investigate soil conditions prior to construction of a new aquatic center at the recreation center. During the reporting period, an asbestos containing materials survey and lead-based paint survey were completed and reports prepared prior to construction activities. Abatement of asbestos containing materials and lead-based paint waste management was also completed. Report preparation was also completed for the asbestos consulting services. Activities completed during the current period include reporting for the asbestos abatement. The estimated cost for this project is \$36 thousand, and this liability is expected to be paid in fiscal year 2020.
9. For the ninth site, the City completed a Limited Environmental Screening (LES) and surveys for asbestos containing materials (ACM), lead-based paint (LBP), and mold as part of aquatic center pre-construction activities. During the reporting period, reports were completed for the ACM, LBP, and mold surveys, a Limited Subsurface investigation (LSI) was completed and the report prepared, and abatement of asbestos containing materials and lead-based paint waste management was completed. Activities expected to be completed during the current period include reporting for the asbestos abatement and consulting services. The estimated cost for this project is \$39 thousand, and this liability is expected to be paid in fiscal year 2020.

The City is also managing one site in compliance with Underground and Aboveground Storage Tank Rules, TAC Ch 334, Texas Asbestos Health Protection Rules, TAC Ch 295, and OSHA Lead Exposure Rules 29 CFR 1926.62

1. For the first site, the City completed a Limited Environmental Screening and a Limited Subsurface Investigation to evaluate site conditions prior to construction. No concentrations exceeded PST Action Levels. The City also conducted an asbestos and lead-based paint survey to determine the need for abatement prior to demolition of the structure. Activities in the current period include removal of a 1000-gallon vaulted Aboveground Storage Tank (AST) and an oil water separator (OWS) and asbestos abatement prior to demolition. The estimated cost for this project is \$165 thousand, and this liability is expected to be paid in fiscal year 2020.

CITY OF DALLAS, TEXAS
NOTES TO THE BASIC FINANCIAL STATEMENTS
September 30, 2019

Note 17. Pension Plans

A. Plan Descriptions

The City participates in funding three single employer, contributory, defined benefit employee pension plans. Membership is a condition of employment for all full-time, permanent employees. The activities of the entities as of December 31, 2018 are reported in the City's Pension Trust Funds. Descriptions of each plan are as follows:

Employees' Retirement Fund (ERF): The legal authority for this plan is Chapter 40A of the Dallas City Code. The fund is for the benefit of all eligible employees of the City, excluding firefighters and police officers. The fund is administered by a seven member board of trustees consisting of three persons appointed by the City Council who may be council members, three employees from different departments of the City who are elected by members of the retirement fund and who are members of the retirement fund, and the City Auditor. The ERF issues a stand-alone financial report which is available at: www.dallaserf.org/recent-publications.

Dallas Police and Fire Pension System Combined Plan (Combined Plan): The legal authority for the Combined Plan is Article 6243a-1 of the Revised Civil Statutes of Texas. In 2017, changes to the plan were implemented by the passing of HB 3158. The Combined Plan is a retirement fund for police officers and firefighters employed by the City of Dallas. The system is administered by an eleven member board of trustees of the Dallas Police and Fire Pension System (DPFP System) composed of one elected from active members of the police department, one elected from active members of the fire rescue department, three elected by the nominations committee, and six appointed by the Mayor in consultation with city council. It is comprised of a single defined benefit pension plan designed to provide retirement, death, and disability benefits for firefighters and police officers (members). All active, eligible police officers and firefighters employed by the City are required to participate. The DPFP System issues a stand-alone financial report which is available at: www.dfp.org/-Financial-/Financial-Reports/.

Supplemental Police and Fire Pension Plan of the City of Dallas (Supplemental Plan): The legal authority for the Supplemental Plan is Subsection 35 of Chapter II of the Charter of the City of Dallas and Ordinance 14084 of 1973. The plan is administered by the board of trustees for the DPFP System. This plan includes officials in the Fire and Police Departments who hold rank higher than the highest corresponding Civil Service rank available as a result of competitive examination and who have elected participation. The Supplemental Plan issues a stand-alone financial report which is available at: www.dfp.org/-Financial-/Financial-Reports/.

B. Benefits provided

ERF: ERF provides retirement, disability, and death benefits to its members in accordance with Chapter 40A of the Dallas City Code. All employees of the City are members except police officers, firefighters, elected officers, non-salaried appointee members of boards or commissions, part-time employees working less than one-half time, temporary employees, individuals working under contract, and individuals whose salaries are paid in part by another government agency. The plan consists of Tier A and Tier B members.

Members hired prior to January 1, 2017 (Tier A) have vested rights to retirement benefits after five years of service or to survivor benefits after two years of service. Benefits are based on credited service and the average monthly earnings for the three highest paid calendar years. Members of the Tier A are entitled to normal retirement pension at age 60; early retirement pension at age 55 if employed prior to May 9, 1972 or age 50 and age plus years of service total 78; service retirement pension at any age after 30 years of credited service and disability retirement pension as determined by the board of trustees. Cost of living adjustments for retirees are made each year on January 1 by adjusting the pension base by the percentage change of the consumer price index, not to exceed 5 percent.

Members hired after December 31, 2016 (Tier B) have vested rights to retirement benefits after five years of service or to survivor benefits after two years of service. Benefits are based on credited service and the average monthly earnings for the five highest paid calendar years. Members of Tier B are entitled to normal retirement pension at age 65; early retirement pension with a reduced benefit prior to age 65 and age plus years of service total 80 and; service retirement pension at any age after 40 years of credited service and disability retirement pension as determined by the board of trustees. Cost of living adjustments for retirees are made each year on January 1 by adjusting the pension base by the percentage change of the consumer price index, not to exceed 3 percent.

Amendments to Chapter 40A of the Dallas City Code, other than provisions required to comply with federal law, may only be made by a proposal initiated by either the board of trustees of the ERF or the City Council which results in an ordinance approved by the board, adopted by the City Council, and approved by a majority of the voters voting at a general or special election.

CITY OF DALLAS, TEXAS
NOTES TO THE BASIC FINANCIAL STATEMENTS
September 30, 2019

Note 17. Pension Plans (continued)

Combined Plan: The Combined Plan provides comprehensive retirement, disability, and survivor benefits for the City's police officers, firefighters and their beneficiaries as authorized through Article 6243a-1 of the Revised Civil Statutes of Texas. The Combined Plan consists of Group A and Group B membership. No member elected contribution under Group A.

Under Group A, members may elect to receive one of two benefit structures (Options 1 and 2):

- Option 1 entitles members with 20 years or more of pension service to normal monthly pension benefits beginning at age 50 equal to 50 percent of the base pay as defined as the maximum monthly civil service pay established by the City at the time of retirement plus 50 percent of the longevity pay the member was receiving at the time he or she left active service with the City or the effective date the member joined the Deferred Retirement Option Plan (DROP). Benefit payments are adjusted annually according to changes in active service base pay, if any. Additionally, a member is eligible to receive 50 percent of the difference between any annualized City service incentive pay granted to the member less annual longevity pay.
- Option 2 entitles members with 20 years or more of pension service to normal monthly pension benefits beginning at age 55 equal to 3 percent of the base pay computed, as noted in Option 1, for each year of pension service with a maximum of 32 years. In addition, a member receives 50 percent of the longevity pay and 1/24 of any City service incentive pay the member was receiving at the time he or she left active service with the City or the effective date the member joined DROP. Prior to September 1, 2017, pension benefit payments increased annually on October 1st by 4 percent of the initial benefit amount. After September 1, 2017, pension benefit payments are eligible for an ad hoc cost of living increase as approved by the Board, if certain funding requirement are met.

Under Group B, members receive one of two benefit structures:

- Members who began membership before March 1, 2011 with 5 or more years of pension service are entitled to monthly pension benefits beginning at age 50 equal to 3% of the member's average base pay plus education and longevity pay (Computation Pay) determined over the highest 36 consecutive months of Computation Pay, multiplied by the number of years of pension service prior to September 1, 2017. The monthly pension benefit for service earned after September 1, 2017 is based on the highest 60 consecutive months of Computation Pay multiplied by a 2.5% multiplier at age 58. The multiplier is reduced to between 2.0% and 2.4% for retirement beginning at age 53 and prior to age 58. The member cannot accrue a monthly pension benefit that exceeds 90% of the member's average Computation Pay. Certain members may receive a 2.5% multiplier for pension service after September 1, 2017 prior to age 58 if the combination of their pre and post September 1, 2017 pension service calculations using the 2.5% multiplier for post September 1, 2017 meets or exceeds the 90% maximum benefit. Certain members who meet the service prerequisite or were 45 prior to September 1, 2017 may elect to take early retirement with reduced benefits starting at age 45, or earlier if the member has 20 years of pension service.
- Members who began membership after February 28, 2011 are entitled to monthly pension benefits after accruing 5 years of pension service and the attainment of age 58. Pension benefits are equal to the member's average Computation Pay determined over the highest 60 consecutive months of Computation Pay, multiplied by 2.5% for the number of years of pension service. The member cannot accrue a monthly pension benefit that exceeds 90% of the member's average Computation Pay. Certain members who meet the service prerequisite may elect to take early retirement with reduced benefits starting at age 53.

Members who are eligible to retire are allowed to enter the DROP program. The member's monthly benefit remains in a DROP account which does not accumulate interest. Upon retirement from the City, the member is able to withdraw annuitized benefits from their DROP account; however, under certain circumstances, members may be eligible to withdraw a lump sum amount. The total DROP account balance was \$1.01 billion at December 31, 2018.

The Combined Plan documents may be amended only by the Texas State legislature.

CITY OF DALLAS, TEXAS
NOTES TO THE BASIC FINANCIAL STATEMENTS
September 30, 2019

Note 17. Pension Plans (continued)

Supplemental Plan: The Supplemental Plan provides benefits designed to supplement Combined Plan Group B benefits for members holding a rank higher than the highest corresponding civil service rank because their Combined Plan benefits are capped by the definition of "considered compensation." Benefits provided by the Supplemental Plan were approved by the Dallas City Council through passage of City Ordinance 14084 of 1973 as authorized in City Charter Chapter II, Subsection 35. Employees with five or more years of service are entitled to annual pension benefits beginning at normal retirement age 50. Members receive a supplemental pension based upon the difference between compensation for the civil service position held before entrance into the Supplemental Plan and compensation while participating in the Supplemental Plan. The formula used to determine the member's Combined Plan Group B benefit is also used to determine the member's benefit under the Supplemental Plan; therefore, the same length of time is used to determine the average computation pay for both the Combined Plan and the Supplemental Plan, as well as provisions for the application for benefits.

Members who are eligible to retire are allowed to enter the DROP program. The member's monthly benefit remains in a DROP account which does not accumulate interest. Upon retirement from the City, the member is able to withdraw annuitized benefits from their DROP account; however, under certain circumstances, members may be eligible to withdraw a lump sum amount. The total DROP account balance was \$4.5 million at December 31, 2018.

The Supplemental Plan document can be amended only by the City Council in accordance with City ordinance.

C. Employees covered by benefit terms

At December 31, 2018, the following numbers of employees were covered by the benefit terms:

	ERF	Combined Plan	Supplemental Plan
Retirees and beneficiaries currently receiving benefits	7,224	4,919	138
Inactive members entitled to benefits but not yet receiving them	1,492	230	2
Current members	7,584	5,012	39
Total	16,300	10,161	179

D. Contributions

ERF: Chapter 40A of the Dallas City Code establishes contribution requirements. Changes to the contribution formula may only be made by a proposal initiated by either the board of trustees of the ERF or the City Council which results in an ordinance approved by the board, adopted by the City Council, and approved by a majority of the voters voting at a general or special election.

The City contributes 63 percent of the required contribution and the membership contributes 37 percent. The City's contribution rate covers both the debt service tied to the pension obligation bonds and the contributions to the Employees' Retirement Fund. Although the total contribution is actuarially determined each year, it is adjusted based on the following requirements of Chapter 40A: (1) the maximum contribution percentage of covered wages is 36 percent; (2) the maximum increase or decrease from one year to the next is 10 percent; and (3) the contribution rate changes only if the actuarial valuation develops a rate which differs from the prior rate by more than 300 basis points. The adjusted contribution as a result of Chapter 40A is the Current Adjusted Total Obligation Rate (CATOR). Contribution rates are 13.32 percent of covered wages for employees and 22.68 percent for the City for the City's fiscal year ended September 30, 2019. The City's contribution of 22.68 percent is divided into 14.39 percent cash to the Plan and 8.29 percent for debt service payments on the pension obligation bonds. For fiscal year 2019, the City contribution was \$62 million.

Combined Plan: Article 6243a-1 of the Revised Civil Statutes of the State of Texas establishes contribution requirements. The amount of the contribution percentage may be determined only by the State Legislature or by a majority vote of the voters of the City of Dallas.

Prior to September 6, 2017, the City made statutorily required contributions of 27.5 percent of total wages and salaries as defined in the Combined Plan document and Article 6243a-1. After September 1, 2017, the City contributes 34.5 percent of computation pay, with a floor for seven years, plus \$13 million per year until 2024. No member elected contribution under Group A. Group B members are required to contribute 13.5 percent of their computation pay. For fiscal year 2019, the City contribution was \$153 million.

CITY OF DALLAS, TEXAS
NOTES TO THE BASIC FINANCIAL STATEMENTS
September 30, 2019

Note 17. Pension Plans (continued)

Supplemental Plan: Ordinance 14084 of 1973 establishes contribution requirements. Changes to the contribution amounts or percentages may be made by City Council ordinance.

Members of the Supplemental Plan contribute 13.5 percent of their pay that is applicable to the Supplemental Plan. The City makes an annual contribution to the Supplemental Plan based on the results of an actuarial study. For fiscal year 2019, the City contribution was \$1.5 million.

E. Net Pension Liability

The City's net pension liability was measured as of December 31, 2018. The total pension liability used to calculate the net pension liability was determined by actuarial valuations as of that date.

F. Actuarial Assumptions

The total pension liabilities in the December 31, 2018 actuarial valuations were determined using the following actuarial assumptions for each of the plans, applied to all periods included in the measurement:

The remainder of this page intentionally left blank.

G. Discount Rate

ERF: The discount rate used to measure the total pension liability was 5.98 percent. This single discount rate was based on the expected rate of return on pension plan investments of 7.75 percent and the municipal bond rate of 3.71 percent. The projection of cash flows used to determine the discount rate assumed that that (1) plan member contributions and City contributions will be made at the projected future contribution rates outlined in Chapter 40A of the Dallas City Code, under which employees contribute 37 percent of the CATOR; the City contributes 63 percent of the CATOR, reduced by the amount required to pay current debt service on the 2005 pension obligation bonds; (2) the ERF annually earns 7.75 percent on its market value of assets; and (3) the number of active members remains constant in the future. Based on those assumptions and the ERF's funding policy, the last year in the single discount rate projection period for which projected benefit payments were fully funded was 2048, and the resulting single discount rate is 5.98 percent.

CITY OF DALLAS, TEXAS
NOTES TO THE BASIC FINANCIAL STATEMENTS
September 30, 2019

Note 17. Pension Plans (continued)

Combined Plan: The discount rate used to measure the total pension liability was 7.25 percent. The projection of cash flows used to determine the discount rate assumed that employee and City contributions will be made in accordance with House Bill 3158, including statutory minimums through 2024 and 34.5% of computation pay thereafter. The fiduciary net position of the plan was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Supplemental Plan: The discount rate used to measure the total pension liability was 7.25 percent. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the current contribution rate and that City contributions will be made at rates equal to the actuarially determined contribution rates. Based on those assumptions, the Supplemental Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine total pension liability.

On May 31, 2017, Texas Governor Greg Abbott signed into law House Bill 3158, affecting the Dallas Police and Fire Pension System ("Pension System"). House Bill 3158 primarily amends 6243a-1, Texas Revised Statutes, including amendments to provisions concerning benefits, contributions, and governance, among other things. These changes took effect September 1, 2017 for both the Combined and Supplemental Plans.

CITY OF DALLAS, TEXAS
NOTES TO THE BASIC FINANCIAL STATEMENTS
September 30, 2019

Note 17. Pension Plans (continued)

The net pension liability for the ERF has been allocated between governmental activities and business-type activities based on the percentage of contribution by each. The net pension liability for the Combined Plan and Supplemental Plan is reported in the governmental activities. For governmental activities, the total net pension liability was \$3,973,315 and for business-type activities, \$765,605. The amount of the ERF net pension liability allocated by business-type activity is \$438,373 to Dallas Water Utilities, \$28,440 to Convention Center, \$64,388 to Airport Revenues, \$142,382 to Sanitation and \$92,022 to nonmajor funds.

I. Sensitivity of the Net Pension Liability to Changes in the Discount Rate

The following table presents the net pension liability of the City, calculated using the discount rates of 5.98 percent for ERF, 7.25 percent for the Combined Plan and 7.25 percent for the Supplemental Plan, as well as what the City's net pension liability would be if it were calculated using discount rates that are 1-percentage-point lower (4.98 percent for ERF, 6.25 percent for the Combined Plan and 6.25 percent for the Supplemental Plan) or 1-percentage-point higher (6.98 percent for ERF, 8.25 percent for the Combined Plan and 8.25 percent for the Supplemental Plan) than the current rates:

	1% Decrease	Current Discount Rate	1% Increase
ERF	\$ 3,006,846	\$ 2,265,651	\$ 1,653,805
Combined Plan	\$ 2,953,141	\$ 2,459,756	\$ 2,046,452
Supplemental Plan	\$ 16,363	\$ 13,513	\$ 11,069

J. Pension Plan Fiduciary Net Position

Detailed information about the fiduciary net position of each of the pension plans is available in the separately issued financial reports.

Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

For the fiscal year ended September 30, 2019, the City recognized total pension expense of \$413,895, \$439,208 of which was for the ERF, (\$26,121) for the Combined Plan, and \$808 for the Supplemental Plan. At September 30, 2019, the City also reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	ERF		Combined Plan		Supplemental Plan
	Deferred Outflow s	Deferred Inflow s	Deferred Outflow s	Deferred Inflow s	Deferred Outflow s
Differences between expected and actual experience	\$ 3,689	\$ 43,261	\$ 75,892	\$ 160,505	\$ -
Changes of assumptions	839,367	353,794	181,798	2,211,846	-
Net difference between projected and actual earnings on pension plan investments	303,442	-	208,055	-	1,060
Contributions subsequent to the measurement date	46,954	-	118,631	-	1,793
Total deferred outflow s/inflow s	<u>\$ 1,193,452</u>	<u>\$ 397,055</u>	<u>\$ 584,376</u>	<u>\$ 2,372,351</u>	<u>\$ 2,853</u>

Deferred outflows of resources reported in the amounts of \$46,954, \$118,631 and \$1,793 related to pension contributions in the ERF, Combined Plan and Supplemental Plan made subsequent to the measurement date will be recognized as a reduction of the net pension liability during the fiscal year ending September 30, 2019. Deferred outflows and inflows of resources reported in the amount of \$1,156,103 related to pensions will be recognized in pension expense as shown on the following page.

CITY OF DALLAS, TEXAS
NOTES TO THE BASIC FINANCIAL STATEMENTS

Total	<u>\$ 749,443</u>	<u>\$ (1,906,606)</u>	<u>\$ 1,060</u>

Note 18. Commitments and Contingencies

A. Pending Lawsuits and Claims

Various claims and lawsuits are pending against the City and its officers and employees acting in their official capacities (hereafter collectively "City" for purposes of Note 18 A). Those lawsuits and claims, excluding condemnation proceedings, which are considered "probable" and estimable are accrued as a liability, while those claims and judgments, excluding condemnation proceedings, which are considered "reasonably possible" are disclosed but not accrued.

At September 30, 2019, approximately \$4.3 million has been accrued in the Risk Fund as a liability for pending material claims and lawsuits, excluding condemnation proceedings, considered to be probable. In the opinion of the City Attorney, this is the total amount of all such pending claims and lawsuits which represent probable loss to the City.

In the opinion of the City Attorney, the potential loss resulting from all material pending lawsuits and claims, excluding condemnations proceedings, which are considered reasonably possible and estimable, is approximately \$1.2 billion as of September 30, 2019.

B. Commitments and Loss Contingencies

The City participates in a number of federally assisted and state grant programs, principally the Community Development Block Grant, Women, Infants and Children, and HOME Programs. The programs are subject to program compliance audits by the grantors or their representatives. The amount, if any, of the expenditures which may be disallowed by the granting agencies cannot be determined at this time although the City expects such amount, if any, to be immaterial.

The City has several major construction projects planned or in progress as of September 30, 2019. These projects are evidenced by contractual commitments and include the following: \$517 million for General Purpose Capital Improvements and \$437 million for Water Utilities Capital Improvements.

As discussed in note 2.B., Budgets and Budgetary Basis of Accounting, encumbrance accounting is utilized to the extent necessary to assure effective budgetary control and accountability, and to facilitate effective cash planning and control. As of September 30, 2019, the amount of encumbrances expected to be honored upon performance by the vendor in a subsequent year were as follows:

	Encumbrance Amount
General fund	\$ 37,109
Nonmajor governmental funds	549,896
Total	<u>\$ 587,005</u>

CITY OF DALLAS, TEXAS
NOTES TO THE BASIC FINANCIAL STATEMENTS
September 30, 2019

Note 19. Dallas Water Utilities Prepaid Escrow

On October 1, 1981, the City of Dallas purchased water supply rights for Lake Fork, a water source owned and operated by the Sabine River Authority (Authority), for approximately \$117 million. Lake Fork is located on Lake Fork Creek, a tributary of the Sabine River, in Wood, Hopkins, and Rains Counties, approximately 70 miles east of the City of Dallas. Financial obligations of the City's share of Lake Fork water supply rights were fully paid as of December 2004. The City now has a contract with the Authority for 74 percent of the water available from Lake Fork.

The City was required to pay the Authority for a pro rata share of the operation and maintenance costs associated with Lake Fork, which was approximately \$10.9 million in the fiscal year ended September 30, 2019. The pro rata share of the operation and maintenance costs owed to the Authority for the renewal of the Lake Fork contract was to be mutually negotiated with the Authority pursuant to the terms of the contract. Negotiation attempts with the Authority failed and in October 2014, the Authority unilaterally established a rate which would require the City to pay approximately an additional \$24 million annually for the water to which it is entitled. The City challenged the rate by filing petitions with the Public Utilities Commission of Texas (PUC) and district courts in Travis and Orange counties in Texas. The PUC ordered an administrative law judge to consider setting an interim rate while this dispute was pending.

On April 2, 2015, the administrative law judge ruled that the interim rate must be paid by the City of Dallas until the rate case was resolved. The rate was set by the Authority on a take-or-pay basis, without a cost escalator. This interim rate was retroactive to November 2, 2014. The amounts the City paid in accordance with the interim rate were expensed and deposited into an interest-bearing escrow account, established by the Authority, pending the final outcome of the rate case.

A settlement agreement was approved by City Council on October 11, 2017 and by the Authority Board of Directors on October 12, 2017.

The interest-bearing escrow account balance was \$68.7 million on September 30, 2018. Terms of the settlement agreement required that \$23.4 million be paid immediately from the escrow account as additional compensation to the Authority for the period November 2, 2014 through September 30, 2018. The remaining escrow amount of \$45.3 million at September 30, 2017, plus the accrued September escrow contribution of \$2 million (total \$47.3 million) will be used to offset future payments of additional compensation by the City to the Authority, until the escrow account balance is depleted, and has been recorded as Prepaid Escrow on the statement of net position. The escrow balance was \$32.7 million on September 30, 2019. The remaining balance is estimated to be fully depleted in four to five years.

Note 20. Other Postemployment Benefits

A. Plan Description

In addition to pension benefits, the City provides certain healthcare benefits for retired employees through various Council resolutions. The postemployment benefit plan is a single-employer plan administered by Cigna (pre-65 retirees) and UHC (post-65 retirees utilizing Medicare). Employees who are permanent, full-time employees are eligible to participate in the benefits at retirement. The City is self-insured for these programs. The City eliminated subsidization of the plan for individuals hired on or after January 1, 2010. No assets are accumulated in a trust that meets the criteria in GASB Statement 75.

B. Benefits Provided

For retired employees hired before January 1, 2010, the City pays on average \$561 (not in thousands) per month. The plan is closed to employees hired January 1, 2010 and thereafter. For pre-Medicare retirees who qualify and choose the City health plan, the City pays approximately 50 percent of the actuarial cost and the retiree pays the other 50 percent. There were 4,423 retired participants and surviving spouses in the health plan at September 30, 2019, the latest data used for this evaluation. Post-Medicare retirees are offered several Medicare supplement plans along with a Medicare Part D prescription drug plan. The City subsidizes the Medicare supplement plans for the retirees.

CITY OF DALLAS, TEXAS
NOTES TO THE BASIC FINANCIAL STATEMENTS
September 30, 2019

Note 20. Other Postemployment Benefits (continued)

C. Employees Covered by Benefit Terms

At September 30, 2019, membership was as follows:

Inactive employees or beneficiaries currently receiving benefit payments	4,423
Active employees	5,317
Total participants	<u>9,740</u>

D. Total OPEB Liability

The City's total OPEB liability of \$565,370 was measured as of September 30, 2019, and was determined by an actuarial valuation as of that date. The total OPEB liability has been allocated between governmental activities and business-type activities, based on the percentage of contribution by each. For governmental activities, the total OPEB liability was \$451,293 and for business-type activities, \$114,077, with allocations of \$64,552 to Dallas Water Utilities fund, \$4,645 to Convention Center, \$10,975 to Airport Revenues, \$21,991 to Sanitation, and \$11,914 to nonmajor enterprise funds.

E. Actuarial Assumptions

The total OPEB liability in the September 30, 2019 actuarial valuation was determined using the following assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Inflation	2.75%
Salary Increases	Police: 5.20% in service year 1 decreasing to 3.0% in service years 12 and beyond Fire: 5.20% in service year 1 decreasing to 3.0% in service years 16 and beyond Non-Uniformed: 6.25% in service year 1 decreasing to 3.25% in service years 19 and beyond
Discount Rate	2.75%, based on the 20-year yield for tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher
Mortality	Uniform (pre-retirement): RP-2014 Employee Mortality Table for male employees, set back 2 years, and projected using Scale MP-2015. Uniform (healthy annuitants): RP-2014 Blue Collar Healthy Annuitant Mortality Table, set forward two years for females and projected using Scale MP-2015 Non-Uniformed (pre-retirement): RP-2000 Healthy Mortality Table, males set forward 4 years, females back 5 years; no improvement projection. Non-Uniformed (post-retirement): RP-2000 Blue Collar Healthy Mortality Table with 109% multiplier for males and 103% multiplier for females; projected improvement using Scale BB.
Healthcare Cost Trend Rates	Pre-65 Trend: 7.20% for fiscal year 2019 and trending down to an ultimate 5.54% using the Getzen model. Post-65 Trend: 5.40% for fiscal year 2019 and trending up to an ultimate 5.54% using the Getzen model.

CITY OF DALLAS, TEXAS
NOTES TO THE BASIC FINANCIAL STATEMENTS
September 30, 2019

Note 20. Other Postemployment Benefits (continued)

The actuarial assumptions used in the September 30, 2019 valuation were based on the results of an actuarial experience study for the period January 1, 2010 to December 31, 2014, plus assumption changes included in the September 30, 2019 valuation.

F. Changes to the Total OPEB Liability

	Total OPEB Liability
Balance at September 30, 2018	\$ 511,120
Changes for the year:	
Service cost	14,005
Interest	19,813
Differences between expected and actual experience	(42,693)
Changes of assumptions	82,662
Benefit payments	(19,537)
Net Changes	54,250
Balance at September 30, 2019	<u>\$ 565,370</u>

Changes of assumptions reflect a change in the salary scale for uniform police and fire employees and a decrease in the discount rate from 3.83 percent to 2.75 percent.

G. Sensitivity of the Total OPEB Liability to Changes in the Discount Rate

The following table presents the total OPEB liability of the City, calculated using the discount rate of 2.75 percent, as well as what the City's total OPEB liability would be if it were calculated using discount rates that are 1-percentage-point lower (1.75 percent) or 1-percentage-point higher (3.75 percent) than the current rates:

	1% Decrease	Current Discount Rate	1% Increase
Total OPEB Liability	\$ 664,353	\$ 565,370	\$ 487,171

H. Sensitivity of the Total OPEB Liability to Changes in the Healthcare Cost Trend Rates

The following table presents the total OPEB liability of the City, calculated using the healthcare cost trend rate of 8.2 percent decreasing to 4.3 percent, as well as what the City's total OPEB liability would be if it were calculated using healthcare cost trend rates that are 1-percentage-point lower (7.2 percent decreasing to 3.3 percent) or 1-percentage-point higher (9.2 percent decreasing to 5.3 percent) than the current rates:

	1% Decrease	Healthcare Cost Trend Rates	1% Increase
Total OPEB Liability	\$ 479,552	\$ 565,370	\$ 675,732

CITY OF DALLAS, TEXAS
NOTES TO THE BASIC FINANCIAL STATEMENTS
September 30, 2019

Note 20. Other Postemployment Benefits (continued)

I. OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the fiscal year ended September 30, 2019, the City recognized total OPEB expense of \$37,898. At September 30, 2019, the City also reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows	Deferred Inflows
Differences between expected and actual experience	\$ 4,001	\$ 34,154
Changes of assumptions	66,130	15,746
Total deferred outflows/inflows	<u>\$ 70,131</u>	<u>\$ 49,900</u>

Amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Year ending 9/30:	OPEB Expense
2020	\$ 4,079
2021	4,079
2022	4,079
2023	7,994
Total	<u>\$ 20,231</u>

Note 21. Change in Accounting Policy

At the beginning of fiscal year 2019, City management implemented a change in accounting policy for recording internal costs related to the City's bond program. In prior years, the payroll cost for certain City staff related to construction and engineering was reported in specific funds such as the Transportation Capital Projects Fund and the Parks Capital Projects Fund. The Bond Program Administration Internal Service Fund was established to centralize management of bond funds for governmental activities, to capture and record the internal costs of the bond program, and subsequently charge those costs to the related construction projects. This change resulted in the restatement of beginning net position related to the compensated absences, net pension, and other postemployment benefit liabilities in the Bond Program Administration Internal Service Fund, as shown below:

	Bond Program Internal Service Fund	Total Internal Service Funds
Net position, 09/30/18	\$ -	\$ (237,405)
Adjustments to fund balance/net position	(24,216)	(24,216)
Net position, 09/30/18, as restated	<u>(24,216)</u>	<u>(261,621)</u>

Note 22. Subsequent Events

From October 1, 2019 through the date of the independent auditors' report, the City issued \$76.1 million in Dallas Water Utilities commercial paper notes, with an average interest rate of 1.25%.

(1) Beginning in September 2017, the Texas House Bill 3158 required that contributions to the Plan be based on computation pay. Per the House Bill, computation pay is based on the biweekly rate of pay of a member, educational incentive pay, longevity pay, and city service incentive pay. Overtime, assignment pay, and lump sum payments are not included.

NONMAJOR GOVERNMENTAL FUNDS

SPECIAL REVENUE FUNDS

Special revenue funds are used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects.

Community Development Fund – to account for funds received by the City of Dallas pursuant to the Community Development Act of 1974, as amended, and grant funds for community development type programs.

Health and Human Services Fund – to account for private and grant funds received for public health and human services programs.

Library Fund – to account for private and grant funds received for acquisition of library materials and expansion of library services.

Police Fund – to account for private and grant funds received for crime prevention and law enforcement programs.

Recreation Fund – to account for private and grant funds received for summer recreation and other recreation programs.

Transportation Fund – to account for private and grant funds received for transportation studies and construction.

Management Improvement Fund – to account for private and grant funds received for management productivity improvements.

Public Improvement Districts Fund – to account for special assessments restricted for public improvement districts.

Storm Water Operations Fund – to account for the administration and operational activities of the Storm Water Program. Financing is provided by a Storm Water fee.

Municipal Fund – to account for private contributions restricted to the provision of various employee and citizen municipal purposes.

General Citizen Fund – to account for private contributions restricted to the provision of various general governmental projects.

Arts and Cultural Fund – to account for private contributions restricted for the financing arts and cultural activities.

CAPITAL PROJECTS FUNDS

Capital projects funds are used to account for and report financial resources that are restricted, committed, or assigned for capital outlays, including the acquisition or construction of capital facilities and other capital assets which are not financed by Enterprise Funds, Internal Service Funds, and Trust Funds.

Neighborhood Projects – to account for construction of neighborhood facilities and paving projects.

Parks – to account for construction of parks, playgrounds, and recreational facilities.

Streets and Drainage – to account for construction of streets and storm sewers.

Buildings – to account for construction of City-owned buildings

Transportation – to account for construction of traffic signals and controls.

NONMAJOR GOVERNMENTAL FUNDS

PERMANENT FUNDS

Permanent funds are used to report resources that are legally restricted to the extent that only earnings, not principal, may be used for purposes that support the reporting government's programs that is, for the benefit of the government or its citizenry.

Samuell Park – to account for the private donation by Dr. W.W. Samuell. The income from this fund is restricted to the operation and improvement of Samuell Park.

Grauwylers Memorial – to account for the private donation by Mrs. Emma H. Grauwylers. The income from the trust is to be used to improve and beautify Grauwylers Park.

Craddock Park – to account for the private donation by Mr. and Mrs. L. Craddock. The earnings from the trust are to be used for improving and maintaining Craddock Park.

Martin Weiss Park – to account for the private donations by Mr. and Mrs. Martin Weiss, the earnings from which are restricted to the use for further improvements of the Martin Weiss Park.

Hale Davis – to account for private donations by Hale Davis, restricted for municipal purposes.

FIDUCIARY FUNDS

Trust and Agency Funds – to account for assets held by the City in a trustee capacity or as an agent for individuals, private organizations, other governments, and/or other funds. The City's Trust and Agency Funds include Pension Trust Funds and Agency Funds.

Pension Trust Funds are accounted for in essentially the same manner as proprietary funds, using the same measurement focus and basis of accounting. The Pension Trust Funds are used to account for the assets of the City's Employees' Retirement Fund, the Dallas Police and Fire Pension System, and the Police and Fire Supplemental Pension Fund.

Agency Funds are purely custodial and do not involve measurement of results of operations.

Cash Escrow Deposit Fund – to account for cash escrow bonds collected by the municipal court.

Confiscated Money Fund – to account for property confiscated in drug violation arrests.

Deferred Compensation Fund – to account for the employees' 401k, tax-deferred compensation deductions.

Employee Benefits Fund – to account for employees' Dental, Vision, AD&D, and Dependent Life Insurance deductions and Health Maintenance Organization (HMO) employees' and City deductions. The City collects and remits premiums on behalf of the participants.

Dallas Tourism Public Improvement District (PID) Deposit Fund – to account for the collection and distribution of Tourism Public Improvement District recovery assessment fees for the Tourism PID.

DISCRETELY PRESENTED COMPONENT UNITS

Housing Finance Corporation – organized to issue tax-exempt mortgage revenue bonds to encourage low to moderate income citizen opportunities for single family residential home ownership.

Housing Acquisition and Development Corporation – organized solely and exclusively for the public purpose of providing safe, affordable housing facilities which are incidental thereto for the benefit of low and moderate-income persons.

Dallas Development Fund – organized to assist in carrying out the economic development program and objectives of the City by generating private investment capital through the New Markets Tax Credit Program to be made available for investment in low-income communities.

Downtown Dallas Development Authority – to account for tax increment financing revenue bonds issued to finance major improvements by developers on behalf of the City.

North Oak Cliff Municipal Management District – organized to promote, develop, encourage and maintain employment, commerce, transportation, housing, tourism, recreation, and the arts, entertainment, economic development, safety, the public welfare in the district, and educational scholarships for college-bound students residing in or out of the District.

Cypress Waters Municipal Management District – organized to promote, develop, encourage and maintain employment, commerce, transportation, housing, tourism, recreation, the arts, entertainment, economic development, safety, and the public welfare in the District.

Dallas Convention Center Hotel Development Corporation – organized to promote the development of the geographic area of the City included at or in the vicinity of the Dallas Convention Center, in furtherance of the promotion, development, encouragement and maintenance of employment, commerce, convention and meeting activity, tourism, and economic development in the City, including specifically, without limitation, the development and financing of a convention center hotel to be located within 1,000 feet of the Dallas Convention Center.

Notes:

⁽¹⁾ Total Taxable Assessed Value represents original certified taxable value determined by the Dallas, Collin, Denton, and Rockwall Central Appraisal District.

⁽²⁾ Values for each fiscal year reflect the tax rolls of the previous year (i.e., 2019 fiscal year reflects 2018 tax roll). See Note 1 in the Notes to the Financial Statements for more information.

⁽³⁾ Per \$100 of valuation.

⁽⁴⁾ Exemptions are granted by the City within the constraints of Texas Constitutional law SC 5.

⁽¹⁾ The City's basic property tax rate may be increased only by a majority vote of the City Council up to the limit of the State law, after which the City's residents may petition for a vote. Rates for debt service are set based on each year's requirements.

⁽²⁾ Overlapping rates are those of local and county governments that apply to property owners within the City of Dallas.

Note: Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the City. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of the City. This process recognizes that, when considering the City's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account.

⁽¹⁾ The percentage of overlapping debt applicable is estimated using taxable assessed property values. Applicable percentages were estimated by determining the portion of another governmental unit's taxable assessed value that is within the City's boundaries and dividing it by each unit's total taxable assessed value. Debt outstanding data was obtained from each governmental unit.

⁽¹⁾ Operating expenses do not include depreciation or any PILOT payments or similar payments that are not considered expenses of the operation and maintenance of the Water and Wastewater System.

Operating expenses includes payments for the Water Transmission Facilities Financing Agreement in, as explained in note 11.S. Per Texas Government Code, Section 1502.056(c), "a contract between a municipality and an issuer, as defined by Section 1201.002, under which the municipality obtains from the issuer part or all of the facilities or services of a utility system to that payments made by the municipality from the revenue of the utility system are an operating expense of the municipality's utility system."

⁽²⁾ Includes principal and interest of revenue bonds only. It does not include the general obligation bonds reported in the enterprise fund.

⁽³⁾ Revenue bond coverage is equal to net revenue available for debt service divided by total principal and interest.

⁽¹⁾ North Central Texas Council of Governments estimate

⁽²⁾ U.S. Bureau of Labor Statistics

⁽³⁾ Personal Income, Median Household Income, and Median Age are averages of previous two years. Personal income is the aggregate income in the past 12 months. Census Bureau.

⁽⁴⁾ Per Capita Personal Income is derived from Population and Personal Income values. Census Bureau.

⁽⁵⁾ The 2010 North Central Texas Council of Governments estimate difference from the 2010 Census value.

⁽⁶⁾ The 2011 North Central Texas Council of Governments estimate is based on 2010 Census and is not a continuation of previous 2001-2009 estimates. 2014 data obtained from United States Census Bureau.

⁽⁷⁾ Consolidated Appraisal Value from Budget Office

All values by year are current estimates as published by the source at the date of publication. Updates to the values after publication date by their source are not reflected.

APPENDIX C

FORMS OF CO-BOND COUNSEL'S OPINIONS

[THIS PAGE INTENTIONALLY LEFT BLANK]

[Form of Co-Bond Counsel Opinion]

[Date]

\$208,875,000
CITY OF DALLAS, TEXAS
GENERAL OBLIGATION REFUNDING AND IMPROVEMENT BONDS
SERIES 2020A

WE HAVE represented the City of Dallas, Texas (the “Issuer”), as its co-bond counsel in connection with an issue of bonds (the “Bonds”) described as follows:

CITY OF DALLAS, TEXAS, GENERAL OBLIGATION REFUNDING AND IMPROVEMENT BONDS, SERIES 2020A, dated the date of delivery and issued in the principal amount of \$208,875,000.

The Bonds mature, bear interest, are subject to redemption prior to maturity and may be transferred and exchanged as set out in the Bonds and in the ordinance adopted by the City Council of the Issuer authorizing their issuance (the “Bond Ordinance”) and the pricing certificate (the “Pricing Certificate”) executed pursuant thereto (the Bond Ordinance and Pricing Certificate together are referred to herein as the “Ordinance”).

WE HAVE represented the Issuer as its co-bond counsel for the sole purpose of rendering an opinion with respect to the legality and validity of the Bonds under the Constitution and laws of the State of Texas and with respect to the excludability of interest on the Bonds from gross income for federal income tax purposes. We have not investigated or verified original proceedings, records, data or other material, but have relied solely upon the transcript of proceedings described in the following paragraph. We have not assumed any responsibility with respect to the financial condition or capabilities of the Issuer or the disclosure thereof in connection with the sale of the Bonds. Our role in connection with the Issuer’s Official Statement prepared for use in connection with the sale of the Bonds has been limited as described therein.

IN OUR CAPACITY as co-bond counsel, we have participated in the preparation of and have examined a transcript of certified proceedings pertaining to the Bonds, on which we have relied in giving our opinion. The transcript contains certified copies of certain proceedings of the Issuer; sufficiency certificates (the “Sufficiency Certificates”) of the paying agent for the bonds being refunded (the “Refunded Bonds”); and of JPMorgan Chase Bank, N.A. as the paying agent for the Issuer’s General Obligation Commercial Paper Notes, Series B (the “Refunded Series B Notes”) and a deposit agreement (the “Deposit Agreement” between the Issuer and U.S. Bank National Association, the issuing and paying agent for the Issuer’s General Obligation Commercial Paper Notes, Series A (the “Refunded Series A Notes”); and together with the Refunded Bonds and the Refunded Series B Notes, the “Refunded Obligations”), such Deposit Agreement and Sufficiency Certificates verifying the sufficiency of the (i) deposits made with the paying agent for the Refunded Bonds for the defeasance of the Refunded Bonds, (ii) the payment of the

Refunded Series A Notes at their maturity pursuant to the Deposit Agreement, and (iii) the deposits made with the paying agent for the Refunded Series B Notes for the payment of the Refunded Series B Notes at their maturity; customary certificates of officers, agents and representatives of the Issuer and other public officials and other certified showings relating to the authorization and issuance of the Bonds. We also have analyzed such laws, regulations, guidance, documents and other materials as we have deemed necessary to render the opinions herein. Moreover, we have also examined executed Bond No. T-1 of this issue.

In providing the opinions set forth herein, we have relied on representations and certifications of the Issuer and other parties involved with the issuance of the Bonds with respect to matters solely within the knowledge of the Issuer and such parties, which we have not independently verified. In addition, we have assumed for purposes of this opinion continuing compliance with the covenants in the Ordinance, including, but not limited to, covenants relating to the tax-exempt status of the Bonds.

BASED ON SUCH EXAMINATION, IT IS OUR OPINION THAT:

(A) The transcript of certified proceedings evidences complete legal authority for the issuance of the Bonds in full compliance with the Constitution and laws of the State of Texas presently effective and, therefore, the Bonds constitute valid and legally binding obligations of the Issuer;

(B) A continuing ad valorem tax upon all taxable property within the City, necessary to pay the principal of and interest on the Bonds, has been levied and pledged irrevocably for such purposes, within the limit prescribed by law, and the total indebtedness of the Issuer, including the Bonds, does not exceed any constitutional, statutory or other limitations;

(C) Firm banking and financial arrangements have been made for the discharge and final payment of the Refunded Obligations pursuant to the Deposit Agreement and the Sufficiency Certificates and therefore, the Refunded Obligations are deemed to be fully paid and no longer outstanding except for the purpose of being paid from the funds provided pursuant to the Deposit Agreement and the deposits of funds made pursuant to the Sufficiency Certificates; and

(D) Interest on the Bonds is excludable from gross income for federal income tax purposes under section 103 of the Internal Revenue Code of 1986, as amended. In addition, interest on the Bonds is not a specific preference item for purposes of the alternative minimum tax.

The rights of the owners of the Bonds are subject to the applicable provisions of the federal bankruptcy laws and any other similar laws affecting the rights of creditors of political subdivisions generally, and may be limited by general principles of equity which permit the exercise of judicial discretion.

Except as stated above, we express no opinion as to the amount of interest on the Bonds or any federal, state or local tax consequences resulting from the receipt or accrual of interest on, or the acquisition, ownership or disposition of, the Bonds. Further, in the event that the representations of the Issuer and other parties are determined to be inaccurate or incomplete or the Issuer fails to comply with the covenants of the Ordinance, interest on the Bonds could become includable in gross income for

federal income tax purposes from the date of the original delivery of the Bonds, regardless of the date on which the event causing such inclusion occurs.

Our opinions are based on existing law and our knowledge of facts as of the date hereof and may be affected by certain actions that may be taken or omitted on a later date. We assume no duty to update or supplement our opinions, and this opinion letter may not be relied upon in connection with any changes to the law or facts, or actions taken or omitted, after the date hereof.

[Form of Co-Bond Counsel Opinion]

[Date]

\$76,920,000
CITY OF DALLAS, TEXAS
GENERAL OBLIGATION REFUNDING BONDS
TAXABLE SERIES 2020B

WE HAVE represented the City of Dallas, Texas (the "Issuer"), as its co-bond counsel in connection with an issue of bonds (the "Bonds") described as follows:

CITY OF DALLAS, TEXAS GENERAL OBLIGATION REFUNDING BONDS, TAXABLE SERIES 2020B, dated the date of delivery in the principal amount of \$76,920,000.

The Bonds mature, bear interest, are subject to redemption prior to maturity and may be transferred and exchanged as set out in the Bonds and in the ordinance adopted by the City Council of the Issuer authorizing their issuance (the "Bond Ordinance") and the pricing certificate (the "Pricing Certificate") executed pursuant thereto (the Bond Ordinance and Pricing Certificate together are referred to herein as the "Ordinance").

WE HAVE represented the Issuer as its co-bond counsel for the sole purpose of rendering an opinion with respect to the legality and validity of the Bonds under the Constitution and laws of the State of Texas. We have not investigated or verified original proceedings, records, data or other material, but have relied solely upon the transcript of proceedings described in the following paragraph. We have not assumed any responsibility with respect to the financial condition or capabilities of the Issuer or the disclosure thereof in connection with the sale of the Bonds. Our role in connection with the Issuer's Official Statement prepared for use in connection with the sale of the Bonds has been limited as described therein.

IN OUR CAPACITY as co-bond counsel, we have participated in the preparation of and have examined a transcript of certified proceedings pertaining to the Bonds, on which we have relied in giving our opinion. The transcript contains certified copies of certain proceedings of the Issuer; a sufficiency certificate (the "Sufficiency Certificate") of the paying agent for the refunded bonds (the "Refunded Bonds") verifying the sufficiency of the deposit made with the paying agent for the Refunded Bonds for the defeasance of the Refunded Bonds; customary certificates of officers, agents and representatives of the Issuer, and other public officials; and other certified showings relating to the authorization and issuance of the Bonds. We also have analyzed such laws, regulations, guidance, documents and other materials as we have deemed necessary to render the opinions herein. We have also examined executed Bond No. 1 of this issue.

In providing the opinions set forth herein, we have relied on representations and certifications of the Issuer and other parties involved with the issuance of the Bonds with respect to matters solely within the knowledge of the Issuer and such parties, which we have not independently verified. In

addition, we have assumed for purposes of this opinion continuing compliance with the covenants in the Ordinance.

BASED ON SUCH EXAMINATION, IT IS OUR OPINION THAT:

- (A) The transcript of certified proceedings evidences complete legal authority for the issuance of the Bonds in full compliance with the Constitution and laws of the State of Texas presently effective and, therefore, the Bonds constitute valid and legally binding obligations of the Issuer;
- (B) A continuing ad valorem tax upon all taxable property within the City of Dallas, necessary to pay the principal of and interest on the Bonds, has been levied and pledged irrevocably for such purposes, within the limit prescribed by law, and the total indebtedness of the Issuer, including the Bonds, does not exceed any constitutional, statutory or other limitation; and
- (C) Firm banking and financial arrangements have been made for the discharge and final payment of the Refunded Bonds pursuant to the Sufficiency Certificate, and therefore, the Refunded Bonds are deemed to be fully paid and no longer outstanding except for the purpose of being paid from the funds deposited with the paying agent for the Refunded Bonds.

The rights of the owners of the Bonds are subject to the applicable provisions of the federal bankruptcy laws and any other similar laws affecting the rights of creditors of political subdivisions generally, and may be limited by general principles of equity which permit the exercise of judicial discretion.

We note that the Issuer has taken no action with respect to qualification of interest on the Bonds as excludible from gross income for federal income tax purposes. As such, interest on the Bonds is includible in gross income for federal income tax purposes.

Except as stated above, we express no opinion as to the amount of interest on the Bonds or any federal, state or local tax consequences resulting from the receipt or accrual of interest on, or the acquisition, ownership or disposition of, the Bonds.

Our opinions are based on existing law and our knowledge of facts as of the date hereof and may be affected by certain actions that may be taken or omitted on a later date. We assume no duty to update or supplement our opinions, and this opinion letter may not be relied upon in connection with any changes to the law or facts, or actions taken or omitted, after the date hereof.

[Form of Co-Bond Counsel Opinion]

[Date]

\$24,565,000

CITY OF DALLAS, TEXAS
EQUIPMENT ACQUISITION CONTRACTUAL OBLIGATIONS,
SERIES 2020B

WE HAVE represented the City of Dallas, Texas (the "Issuer") as its co-bond counsel in connection with an issue of equipment acquisition contractual obligations (the "Contractual Obligations") described as follows:

CITY OF DALLAS, TEXAS, EQUIPMENT ACQUISITION CONTRACTUAL OBLIGATIONS, SERIES 2020B, dated the date of delivery, in the principal amount of \$24,565,000.

The Contractual Obligations mature, bear interest and may be transferred and exchanged as set out in the Contractual Obligations and in the ordinance adopted by the City Council of the City authorizing their issuance (the "Contractual Obligations Ordinance"), and the pricing certificate authorized therein (the "Pricing Certificate" and together with the Contractual Obligations Ordinance, the "Ordinance").

WE HAVE represented the Issuer as its co-bond counsel for the sole purpose of rendering an opinion with respect to the legality and validity of the Contractual Obligations under the Constitution and laws of the State of Texas and with respect to the excludability of interest on the Contractual Obligations from gross income for federal income tax purposes. We have not investigated or verified original proceedings, records, data or other material, but have relied solely upon the transcript of proceedings described in the following paragraph. We have not assumed any responsibility with respect to the financial condition or capabilities of the Issuer or the disclosure thereof in connection with the sale of the Contractual Obligations. Our role in connection with the Issuer's Official Statement prepared for use in connection with the sale of the Contractual Obligations has been limited as described therein.

IN OUR CAPACITY as co-bond counsel, we have participated in the preparation of and have examined a transcript of certified proceedings pertaining to the Contractual Obligations, on which we have relied in giving our opinion. The transcript contains certified copies of certain proceedings of the Issuer; customary certificates of officers, agents and representatives of the Issuer and other public officials; and other certified showings relating to the authorization and issuance of the Contractual Obligations. We also have analyzed such laws, regulations, guidance, documents and other materials as we have deemed necessary to render the opinions herein. Moreover, we have also examined executed Bond No. T-1 of this issue.

In providing the opinions set forth herein, we have relied on representations and certifications of the City and other parties involved with the issuance of the Contractual Obligations with respect to matters solely within the knowledge of the City and such parties, which we have not independently verified. In addition, we have assumed for purposes of this opinion continuing compliance with the covenants in the Ordinance, including, but not limited to, covenants relating to the tax-exempt status of the Contractual Obligations.

BASED ON SUCH EXAMINATION, IT IS OUR OPINION THAT:

- (A) The transcript of certified proceedings evidences complete legal authority for the issuance of the Contractual Obligations in full compliance with the Constitution and laws of the State of Texas presently effective and, therefore, the Contractual Obligations constitute valid and legally binding obligations of the Issuer;
- (B) A continuing ad valorem tax upon all taxable property within the City, necessary to pay the principal of and interest on the Contractual Obligations, has been levied and pledged irrevocably for such purposes, within the limit prescribed by law, and the total indebtedness of the City, including the Contractual Obligations, does not exceed any constitutional, statutory or other limitations; and
- (C) Interest on the Contractual Obligations is excludable from gross income for federal income tax purposes under section 103 of the Internal Revenue Code of 1986, as amended. In addition, interest on the Contractual Obligations is not a specific preference item for purposes of the alternative minimum tax.

The rights of the owners of the Contractual Obligations are subject to the applicable provisions of the federal bankruptcy laws and any other similar laws affecting the rights of creditors of political subdivisions generally, and may be limited by general principles of equity which permit the exercise of judicial discretion.

Except as stated above, we express no opinion as to the amount of interest on the Contractual Obligations or any federal, state or local tax consequences resulting from the receipt or accrual of interest on, or the acquisition, ownership or disposition of, the Contractual Obligations. Further, in the event that the representations of the Issuer and other parties are determined to be inaccurate or incomplete or the Issuer fails to comply with the covenants of the Ordinance, interest on the Contractual Obligations could become includable in gross income for federal income tax purposes from the date of the original delivery of the Contractual Obligations, regardless of the date on which the event causing such inclusion occurs.

Page 3

Our opinions are based on existing law and our knowledge of facts as of the date hereof and may be affected by certain actions that may be taken or omitted on a later date. We assume no duty to update or supplement our opinions, and this opinion letter may not be relied upon in connection with any changes to the law or facts, or actions taken or omitted, after the date hereof.

APPENDIX D

SPECIMEN MUNICIPAL BOND INSURANCE POLICY

[THIS PAGE INTENTIONALLY LEFT BLANK]

MUNICIPAL BOND INSURANCE POLICY

ISSUER:

BONDS: \$ in aggregate principal amount of

Policy No: -N

Effective Date:

Premium: \$

ASSURED GUARANTY MUNICIPAL CORP. ("AGM"), for consideration received, hereby UNCONDITIONALLY AND IRREVOCABLY agrees to pay to the trustee (the "Trustee") or paying agent (the "Paying Agent") (as set forth in the documentation providing for the issuance of and securing the Bonds) for the Bonds, for the benefit of the Owners or, at the election of AGM, directly to each Owner, subject only to the terms of this Policy (which includes each endorsement hereto), that portion of the principal of and interest on the Bonds that shall become Due for Payment but shall be unpaid by reason of Nonpayment by the Issuer.

On the later of the day on which such principal and interest becomes Due for Payment or the Business Day next following the Business Day on which AGM shall have received Notice of Nonpayment, AGM will disburse to or for the benefit of each Owner of a Bond the face amount of principal of and interest on the Bond that is then Due for Payment but is then unpaid by reason of Nonpayment by the Issuer, but only upon receipt by AGM, in a form reasonably satisfactory to it, of (a) evidence of the Owner's right to receive payment of the principal or interest then Due for Payment and (b) evidence, including any appropriate instruments of assignment, that all of the Owner's rights with respect to payment of such principal or interest that is Due for Payment shall thereupon vest in AGM. A Notice of Nonpayment will be deemed received on a given Business Day if it is received prior to 1:00 p.m. (New York time) on such Business Day; otherwise, it will be deemed received on the next Business Day. If any Notice of Nonpayment received by AGM is incomplete, it shall be deemed not to have been received by AGM for purposes of the preceding sentence and AGM shall promptly so advise the Trustee, Paying Agent or Owner, as appropriate, who may submit an amended Notice of Nonpayment. Upon disbursement in respect of a Bond, AGM shall become the owner of the Bond, any appurtenant coupon to the Bond or right to receipt of payment of principal of or interest on the Bond and shall be fully subrogated to the rights of the Owner, including the Owner's right to receive payments under the Bond, to the extent of any payment by AGM hereunder. Payment by AGM to the Trustee or Paying Agent for the benefit of the Owners shall, to the extent thereof, discharge the obligation of AGM under this Policy.

Except to the extent expressly modified by an endorsement hereto, the following terms shall have the meanings specified for all purposes of this Policy. "Business Day" means any day other than (a) a Saturday or Sunday or (b) a day on which banking institutions in the State of New York or the Insurer's Fiscal Agent are authorized or required by law or executive order to remain closed. "Due for Payment" means (a) when referring to the principal of a Bond, payable on the stated maturity date thereof or the date on which the same shall have been duly called for mandatory sinking fund redemption and does not refer to any earlier date on which payment is due by reason of call for redemption (other than by mandatory sinking fund redemption), acceleration or other advancement of maturity unless AGM shall elect, in its sole discretion, to pay such principal due upon such acceleration together with any accrued interest to the date of acceleration and (b) when referring to interest on a Bond, payable on the stated date for payment of interest. "Nonpayment" means, in respect of a Bond, the failure of the Issuer to have provided sufficient funds to the Trustee or, if there is no Trustee, to the Paying Agent for payment in full of all principal and interest that is Due for Payment on such Bond. "Nonpayment" shall also include, in respect of a Bond, any payment of principal or interest that is Due for Payment made to an Owner by or on behalf of the Issuer which has been recovered from such Owner pursuant to the

United States Bankruptcy Code by a trustee in bankruptcy in accordance with a final, nonappealable order of a court having competent jurisdiction. "Notice" means telephonic or telecopied notice, subsequently confirmed in a signed writing, or written notice by registered or certified mail, from an Owner, the Trustee or the Paying Agent to AGM which notice shall specify (a) the person or entity making the claim, (b) the Policy Number, (c) the claimed amount and (d) the date such claimed amount became Due for Payment. "Owner" means, in respect of a Bond, the person or entity who, at the time of Nonpayment, is entitled under the terms of such Bond to payment thereof, except that "Owner" shall not include the Issuer or any person or entity whose direct or indirect obligation constitutes the underlying security for the Bonds.

AGM may appoint a fiscal agent (the "Insurer's Fiscal Agent") for purposes of this Policy by giving written notice to the Trustee and the Paying Agent specifying the name and notice address of the Insurer's Fiscal Agent. From and after the date of receipt of such notice by the Trustee and the Paying Agent, (a) copies of all notices required to be delivered to AGM pursuant to this Policy shall be simultaneously delivered to the Insurer's Fiscal Agent and to AGM and shall not be deemed received until received by both and (b) all payments required to be made by AGM under this Policy may be made directly by AGM or by the Insurer's Fiscal Agent on behalf of AGM. The Insurer's Fiscal Agent is the agent of AGM only and the Insurer's Fiscal Agent shall in no event be liable to any Owner for any act of the Insurer's Fiscal Agent or any failure of AGM to deposit or cause to be deposited sufficient funds to make payments due under this Policy.

To the fullest extent permitted by applicable law, AGM agrees not to assert, and hereby waives, only for the benefit of each Owner, all rights (whether by counterclaim, setoff or otherwise) and defenses (including, without limitation, the defense of fraud), whether acquired by subrogation, assignment or otherwise, to the extent that such rights and defenses may be available to AGM to avoid payment of its obligations under this Policy in accordance with the express provisions of this Policy.

This Policy sets forth in full the undertaking of AGM, and shall not be modified, altered or affected by any other agreement or instrument, including any modification or amendment thereto. Except to the extent expressly modified by an endorsement hereto, (a) any premium paid in respect of this Policy is nonrefundable for any reason whatsoever, including payment, or provision being made for payment, of the Bonds prior to maturity and (b) this Policy may not be canceled or revoked. THIS POLICY IS NOT COVERED BY THE PROPERTY/CASUALTY INSURANCE SECURITY FUND SPECIFIED IN ARTICLE 76 OF THE NEW YORK INSURANCE LAW.

In witness whereof, ASSURED GUARANTY MUNICIPAL CORP. has caused this Policy to be executed on its behalf by its Authorized Officer.
