PRIVATE LICENSE GRANTED IN SUBAREA 1.

(a) The city council grants a revocable, non-exclusive license to the owners, or with the written consent of the owners, to the tenants (“property owner”), of all property in Subarea 1 for the exclusive purpose of authorizing the parkway landscaping and parkway sign permitted by this article. The property owner is not required to pay an initial or annual fee for this license, although a fee may be charged for the issuance of a parkway landscape or parkway sign permit in accordance with the Dallas City Code. This private license has no termination date, however, the city council reserves and has the absolute right to terminate this license at will by resolution passed by the city council any time such termination becomes necessary. The determination of the city of the necessity for such termination is final and the city will become entitled to possession of the premises without giving any notice and without the necessity of legal proceedings to obtain possession whenever in its judgment the purpose or use of this license is inconsistent with the public use of the right-of-way or when the purpose or use of this license is likely to become a nuisance or a public safety issue. Upon termination of the license by the director, each property owner shall remove all improvements and installations in the public right-of-way in a manner satisfactory to the director of public works and transportation.

(b) A property owner is not required to comply with any landscaping and sign requirement if compliance is made impossible due to the director’s revocation of a landscape or sign permit or the revocation of this license.

(c) Upon installation of landscaping, sign, and related amenities, such as irrigation systems, in the public right-of-way, the property owner shall procure, pay for, and keep in full force and effect commercial general liability insurance coverage with an insurance company authorized to do business in the State of Texas and otherwise acceptable to the city, covering, but not limited to, the liability assumed under the license granted herein, with combined single limits of liability for bodily injury and property damage of not less than \$1,000,000 for each occurrence, \$2,000,000 annual aggregate. Coverage under this insurance policy shall be on an occurrence basis, and the city must be named as an additional insured. Proof of such insurance shall be sent to: Office of Risk Management, City of Dallas, 1500 Marilla, 1/C/North, Dallas, Texas 75201 and the policy shall provide for 30 days prior written notice to the Office of Risk Management of cancellation, expiration, non-renewal, or material change in coverage. All subrogation rights for loss or damage against the city are hereby waived to the extent it is covered by this liability insurance policy.

(d) Each property owner shall be responsible for maintaining the landscaping, sign, and related amenities in good repair and condition and to keep the premises safe and from deteriorating in value or condition, at no expense to the city, and the city shall be absolutely exempt from any requirements to make repairs or to maintain the landscaping, sign, or related amenities. The granting of a license for landscaping, sign, and related amenities under this section does not release the property owner from liability in the installation or maintenance of trees, landscaping, and related amenities in the public right-of-way. (Ord. Nos. 26267; 31756)

SEC. 51P-145.110. PARKWAY LANDSCAPE AND SIGN PERMIT IN SUBAREA 1.

The application must be in writing on a form approved by the director and accompanied by plans or drawings showing the area of the parkway affected and the landscaping, sign, or other amenities proposed.

(b) Upon receipt of the application and any required fees, the director shall circulate it to all affected city departments and utilities for review and comment. If, after receiving comments from affected city departments and utilities, the director determines that the landscaping, sign, or other amenities proposed will not be inconsistent with and will not unreasonably impair the public use of the right-of-way, he shall issue a parkway landscape permit to the property owner; otherwise he shall deny the permit.

(c) A property owner is not required to comply with any parkway landscaping or parkway sign requirement of this article if compliance is made impossible due to the director's denial of a parkway landscape permit or parkway sign permit.

(d) A parkway landscape permit and parkway sign permit issued by the director is subject to immediate revocation upon written notice if at any time the director determines that the use of the parkway authorized by the permit is inconsistent with or will unreasonably impair the public use of the right-of-way. The property owner is not required to comply with any parkway landscaping or parkway sign requirement of this section if compliance is made impossible due to the director's revocation of a parkway landscape permit or parkway sign permit.

(e) The issuance of a parkway landscape permit or parkway sign permit under this section does not excuse the property owner, his agents, or employees from liability in the installation or maintenance of trees or other amenities in the public right-of-way. (Ord. Nos. 26267; 31756)
