\*Previous Fact Sheets did not report Shelter Neuter Release Cats or Died in Care numbers, so outcome totals on previous year fact sheets will be lower. \*\*In November 2019, a calculation error was located and corrected. The number of cats transferred to rescue in November 2018 did not exclude the cats transferred for return to field, and therefore they were duplicated in the Shelter Neuter Return section.

This data is reflective of the Chameleon database on the date of this report. Reports dated after this report may reflect a slight variance in the numbers.
