*Previous Fact Sheets did not report Shelter Neuter Release Cats or Died in Care numbers, so outcome totals on previous year fact sheets will be lower. Starting in January 2020, DAS is reporting in-house spay/neuter surgeries and surgeries facilitated through community partners separately. **In October and November 2019, specialty surgeries completed simultaneously with a spay or neuter were not counted. We are now calculating them separately moving forward.							
This data is reflective of the Chameleon database on the date of this report. Reports dated after this report may reflect a slight variance in the numbers.
