Original Plan: wPlan03

REVIEW CRITERIA

1. Population Equality: All districts should have substantially equal population.

- Meets criteria – **Deviation range exceeds 5%**
 Does not meet criteria

This plan revision meets the population equality test. The total range of deviation is **8.48%** with an average deviation of **2.64%**.

The deviation range increased from 2.77% to 8.48% between wPlan03 and wPlan03a. The average deviation increased from 0.70% to 2.64% between wPlan03 and wPlan03a.

2. Minority Representation: Voting strength of minorities should not be diluted.

- Meets criteria
 Does not meet criteria

This plan includes 8 minority districts and 2 minority coalition district. There is no regression noted from the existing 2001 District Plan. Districts 1 and 6 have total Hispanic population greater than 70%; however, the voting age Hispanic population falls below 70% in each of those districts.

The original wPlan03 submission had 8 minority districts and 2 minority coalition district, with no packing noted.

3. Contiguity and Compactness: All districts should be geographically compact and contiguous.

- Meets criteria
 Does not meet criteria

This plan meets the contiguity and compactness test. All districts are contiguous. On the following page are the compactness scores based on four measures of geographic compactness compared to the City as a whole.

Other considerations

1. Incumbents: The configuration of districts shall be neutral to incumbents.

2. Communities of Interest: Where possible, communities of interest shall be maintained in a single district.
