City of Dallas Title Assistance Program: S.A.V.E. Your House

This program seeks to provide financial assistance and education to under-served communities in the areas of title and property law.

When a relative passes away or income is a problem, it is often difficult for heirs or owners to fix title issues with their homes. The **S.A.V.E. Your House** program is designed to provide financial assistance to residents relating to direct ownership issues, tax penalties, liens, and heirship issues by subsidizing legal costs. Services include:

- Affidavit of Heirship
- Disclaimer Deeds
- Warranty Deeds
- Muniment of Title
- Small Estate Affidavit
- Mediation between heirs to the property
- Probate (if necessary and within the statute of limitations, with some exceptions)
