

## City of Dallas

Thank you for your interest in the **City of Dallas Homebuyer Assistance Program**. Please review the attached document.

The City of Dallas Housing/Community Services Department offers a variety of programs to assist Dallas residents and strengthen communities. The Department's goals are to increase home ownership opportunities, especially for low-income families; preserve existing owner-occupied and rental housing stock; increase availability of affordable housing opportunities; and support neighborhood and community-based preservation and revitalization efforts.

Since 1991, the City of Dallas Homebuyer Assistance Program (DHAP), with funding from the U.S. Department of Housing and Urban Development (HUD), has closed and funded nearly 7,900 loans for families within the city limits of Dallas.

We look forward to the partnership between your organization and the City as we move forward in the **2018-2019 program year**.
