

# Face Covering Guidance

MY FACE COVERING  
PROTECTS YOU!

YOUR FACE COVERING  
PROTECTS ME!

Through this pandemic, we continue to follow the CDC's guidance, while focusing on personal responsibility and accountability. Therefore, we encourage employees to do the following:

- If you choose, continue to wear a face covering while at work;
- If you are not vaccinated, you are strongly encouraged to use face coverings while in contact with co-workers, customers, and others;
  - The CDC recommends face coverings for fully-vaccinated also in some cases and especially inside
- Get vaccinated as soon as possible; and
- Respect the views and preferences of others regarding usage of face coverings.

Employees who must enter private homes to perform their job duties, and are requested to wear face coverings, or enter private businesses, or courthouses/ courtrooms that have face covering requirements or instructions, are expected to comply with such requests, requirements, or instructions. City employees who enter or work in or on an airport, enter a federal building that is governed by federal law, or enter or work in a court room with face covering requirements must follow those requirements.

Emergency Regulations for Wearing Face Coverings in City Buildings and Facilities
