Source: US Census Bureau ACS 1-year 2017

\*U.S. Census Bureau, 2015 LEHD (Longitudinal Employer-Household Dynamics)

\*\*Texas Workforce Commission LMCI Tracer: Texas Workforce Commission unemployment rate reflects those actively searching for employment, whereas the ACS measures those who may be available to work. There are two different measures, the TWC measure, using the Bureau of Labor Statistics (BLS) information, is the more commonly used and understood measure of the unemployment rate.

Percentages may not add up to 100% due to rounding.
