N'HOODS

A proactive plan to support and create healthy, sustainable neighborhoods throughout Dallas. By engaging our residents to speak out about what is working - AND what is needed - within our own neighborhoods, we can begin to build the big picture by starting small.

### Community Workshop

9:00am - 12:00pm

Dallas City Hall

1500 Marilla Street, Dallas, TX 75201, L1FN

Attend the Community Workshop at City Hall on Saturday to learn what the data says about the state of neighborhoods in Dallas. Participate in fun interactive exercises with your fellow residents and representatives to help identify and prioritize issues and opportunities for improvement.

Kids are welcome too! We would love to hear their ideas as well. Refreshments will be provided.

If you cannot attend this Saturday, we encourage you to take a moment to visit [www.inspire-dallas.org](http://www.inspire-dallas.org) to learn more about Inspire Dallas. Your thoughts, ideas, and feedback are important to Dallas' future.

**Free parking is available behind City Hall in the Horseshoe parking lot accessible from Ervay or Akard Streets.**
