CREATE  
QUALITY  
N'HOODS

A proactive plan to support and create healthy, sustainable neighborhoods throughout Dallas. By engaging our residents to speak out about what is working - AND what is needed - within our own neighborhoods, we can begin to build the big picture by starting small.

DECEMBER  
11

Bilingual  
Community Workshop  
6:00pm - 8:00pm  
West Dallas Multipurpose Center  
2828 Fish Trap Road,  
Dallas, TX 75212

**Attend a Community Workshop to learn what the data says about the state of neighborhoods in Dallas. Participate in fun interactive exercises with your fellow residents and representatives to help identify and prioritize issues and opportunities for improvement.**

**Kids are welcome too! We would love to hear their ideas as well. Refreshments will be provided. If you cannot attend a Community Workshop, please visit us at [www.inspire-dallas.org](http://www.inspire-dallas.org) where you can see the workshop materials, provide feedback and keep abreast of this important project.**
