Sidewalk Replacement Program

City of Dallas

Publication No. 14/15-66

To replace existing sidewalks we offer the **Cost Share Program.
You may access the program by calling 214-948-4127 or 214-948-4287.**

Cost Share Program

- The City partners with citizens to share the cost 50/50 for existing residential sidewalk removal and replacement.
- In addition, the property owner will pay 100% for the cost of drive approach removal and replacement. The City pays for all other miscellaneous items including barrier free ramps.
- Sidewalk removal and replacement are logged in by the date received.
- From the initial inquiry it takes two to three months to assess the property and provide a quote by mail. From the time of payment it is approximately three(3) to nine(9) months depending on demand to project completion.

General Information

- The City secures all necessary permits. The program has a one year warranty on workmanship.
- Property owners may experience delays in sod replacement (if required) due to seasonal availability.
- City ordinance requires property owners to replace sidewalks, drive approaches or any other associated element when they become defective, unsafe or hazardous.
- For request to install **new** sidewalks where none exist, please call the **City's Petition Program** at 214-948-4125.
