# Sidewalk Replacement Program

**City of Dallas, Department of Transportation  
and Public Works**

## Cost Share Program

- The City partners with residents to share the cost 50/50 for existing residential sidewalk removal and replacement. All single family residences are eligible to participate in this program including condominiums and townhomes.
- In addition, the property owner will pay 100% for the cost of drive approach removal and replacement. The City pays for all other miscellaneous items including barrier free ramps.
- Sidewalk removal and replacement are logged in by the date received.
- From the initial inquiry it takes two months to assess the property and provide a quote by mail. From the time of payment it is approximately three (3) to nine (9) months depending on demand to project completion.

## Contact Information

To replace existing sidewalks, we offer the Cost Share Program. You may access the program by calling (214) 948-4127.

## General Information

- The City secures all necessary permits. The Program has a one-year warranty on workmanship.
- Property owners may experience delays in sod replacement (if required) due to seasonal availability.
- City Ordinance requires property owners to replace sidewalks, drive approaches or any other associated element when they become defective, unsafe or hazardous.
- For request to install new sidewalks where none exist, please call (214) 670-3111 or submit a service request through 311.
