SPECIFIC USE PERMIT
INFORMATION PACKET
Staff’s review of a completed application will result in the applicant receiving a preliminary recommendation within 2 to 3 weeks of the original submittal date. *This recommendation is subject to change.*

In processing an application, two public hearings are held at which time the applicant or his/her representative should be present.

The first of these hearings is held before the City Plan Commission (CPC). Ten days prior to the CPC hearing the property owners within the required notification area will be notified of their right to appear and express their opinion about the request.

Approximately 6-8 weeks after a completed application is submitted, the CPC holds a hearing on the zoning change request.

A CPC vote of approval results in the automatic forwarding of the request to the City Council (CC).

Any CPC vote of denial can be appealed to the City Council upon written request and receipt of a $400 administration fee due within 10 days of the City Plan Commission action. Otherwise, a written request with original filing fee receipt can be forwarded for a 35% refund of the initial filing fee.

Approximately 4-6 weeks after a City Plan Commission decision, a forwarded or appealed zoning change request will be considered by the City Council.

Written notification is sent to all property owners within the required notification area 10 days prior to the City Council hearing.

A vote of approval by the City Council results in the passage of an ordinance that makes the decision legally binding.

A vote of *denial with prejudice* at either the CPC or CC hearing or a CC vote of approval means that an applicant cannot bring in another zoning change request on the same property within two years without filing for a waiver of the two-year waiting period.

A vote of *denial without prejudice* at either the CPC or CC hearing means that an applicant can bring in another zoning change request on the same property without filing for a waiver of the mandatory two-year waiting period.
Submitting a Zoning Change Request

To submit a request for a Specific Use Permit (SUP), collect the appropriate documents (see Checklist below) and bring them to the Pre-Development Section of the Department of Development Services in Room 5BN in City Hall located at 1500 Marilla Street. A planner will review your submission for completeness. **An incomplete application will not be accepted.** If your submission is incomplete, a planner will provide you with a list of requirements to make your request acceptable for submission.

The Pre-Development Section conducts submission reviews Monday through Friday between 9:00 a.m and 4:00 p.m. subject to staff availability. On Thursday, staff is at the City Plan Commission meeting and a planner may not always be available during this time.

The planner assigned to your application will assist you in obtaining contact information for neighborhood groups and others who are interested in the area of request. It is also recommended that you **contact the Plan Commissioner** for the area to discuss the case.

Use the following checklist as a guideline to gather the information necessary to submit a completed request. Not all requirements apply to all requests. A detailed explanation of each requirement is provided in this packet. Each requirement explanation will be referenced to the letter in the far left column.

Upon submission of a completed application, staff will assign a **tentative** City Plan Commission hearing date and work closely with you to hold that date. Your responsiveness in providing staff with any additionally requested, necessary information will determine when your request is scheduled and therefore considered by the City Plan Commission.
Checklist Explanations

A. Application Form
- Please provide the information requested on the attached zoning application.
- Applicant, representative and owner information will be required as appropriate. Also see requirements B, C, and M.
- Site information can be obtained by collecting F, G, H, and I. Also, [WWW.dallascityhall.org](http://WWW.dallascityhall.org) is an informative website.
- Staff can answer some site information questions at 214-670-4209 or 214-948-4480.

B. Proper Signatures
- Applicant, representative and/or owner sign the application form and letters of authorization as appropriate.

C. Letter of Authorization
- If the applicant and the owner are not the same person, the relationship between the two must be documented by a letter authorizing the applicant to act on the owner’s behalf to pursue the requested zoning change.
- If a representative is retained by an owner to pursue a zoning change request, the relationship between the two must be documented by a letter authorizing the representative to act on the owner’s behalf to pursue the requested zoning change.

D. Land Use Statement
- A land use statement is a written explanation which describes the request and includes at a minimum the following:
  - The reason this request is being submitted;
  - The size of the area of request (in acres or square feet);
  - The existing zoning and use of the area of request;
  - The existing zoning and uses of the properties surrounding the area of request;
  - The current and proposed use of any existing structures;
  - The proposed use for the area of request;
  - The proposed maximum building height in feet and stories of new structures;
  - The proposed lot coverage for buildings, parking structures or parking lots (list each separately).

  **Additional information requirements for child care facility requests:**
  - The maximum number of children;
  - The number of employees;
  - Business hours of operation;
  - The square footage of indoor floor area;
  - The square footage of outdoor play area;
  - Description of traffic circulation plan including site ingress and egress and identification of drop off/loading/unloading areas (must be identified on the site plan);
  - The number of parking spaces required and provided.

  **Additional information requirements for public, private and charter school requests:**
  - The maximum number of students;
  - The total number of classrooms provided;
  - A breakdown of the number of anticipated classrooms per grade;
  - The number of employees;
  - Business hours of operation;
  - Description of traffic circulation plan including site ingress and egress and identification of drop off/loading/unloading areas (must be identified on the site plan);
  - The number of parking spaces required and provided;
  - The height in feet and stories of all existing and/or proposed structures;
  - Describe any proposed security policies and procedures.

E. Proposed Conditions
- It is not required, but is helpful to provide a list of draft conditions with your application.
- Examples of conditions include use, hours of operation, provided parking.
- An electronic SUP conditions form may be obtained from the Pre-Development Section, (214) 670-4209.

F. 8 ½” x 11” Zoning Location Maps (2 required)
- Can be obtained at City Hall, Room 5CN for $1.00 each.
- Outline the borders of the area of request in red.

G. 18” x 24” Tax Plat Maps (2 required)
- Can be obtained at the Department of Public Works/Transportation, Survey Section located at 320 E. Jefferson, Room 318.
- Please outline the area of request in red and fold maps.

Checklist Explanations

**Landscape Plan**
- If Article X standards are proposed, no plans are needed.
- Landscape Plans must be 24" x 36". The title block, located in the lower right hand corner, should be visible.
- 10 folded copies are required at submittal.
- Landscape requirements listed below may be added to the Site Plan and submitted as a Site/Landscape Plan in lieu of a separate Landscape Plan.
- Refer to Article X of the Dallas Development Code for landscaping standards. A copy is available in 5BN of Dallas City Hall and on the Internet at [http://www.dallascityhall.org](http://www.dallascityhall.org) (look under "codes" for the Development Code.) You can also call one of the City Arborists at 214-948-4480.
- In addition to the Site Plan requirements (see requirement N), please provide the following additional information:
  - Show the location of:
    - Curbs, wheel stops, or other permanent barriers that protect the landscape area;
    - Turf areas;
    - Earthform barriers (berms) should be represented by one foot contour intervals;
    - Irrigation methods for required landscaping.
  - Plant Schedule to include:
    - Legend, symbol or abbreviation of plant types;
    - Quantity of each plant type;
    - Plant name (both common and scientific);
    - Size at time of planting (container, height, spread, caliper and/or spacing as appropriate);
    - Plant divisions (i.e. trees versus shrubs versus ground cover).
  - Approximate floor area for all nonresidential uses;
  - Delineation of all undeveloped areas (except for required yards, landscaped areas, areas unobstructed to the sky and open recreation facilities such as tennis courts and swimming pools);
  - Indication of maximum heights for all structures in feet and stories;
  - Location of all proposed screening between the site and adjacent property and between land uses within the site;
  - Location of all minimum building setbacks along the site boundaries, on dedicated streets, and between residential and nonresidential uses;
  - Identification of major access points and right-of-ways to be dedicated to the city;
  - Indication of each phase of development if separate phases are proposed.

**General Plan requirements**
- Title block, located in the lower right hand corner, with:
  - North arrow;
  - Scale (architect or engineer);
  - Title and address of the proposed development;
  - Date of preparation and revisions;
  - Plan label (i.e. Landscape Plan, Site/Landscape Plan);
  - Zoning Case number (to be provided on plans prior to scheduling City Council hearing).
- Any proposed public or private streets and alleys;
- Building sites;
- Areas proposed for dedication or reserved as parks, open space, parkways, playgrounds, utility and garbage easements, school sites, street widening or street changes;
- Points of ingress or egress from existing public streets;
- An accurate survey of the boundaries of the site (a metes and bounds drawing will suffice);
- Site topography at no less than 5 foot contour intervals or spot grades where relief is limited;
- Location of proposed land uses;
- Location and the minimum distance between buildings, buildings and property lines, street and alley right-of-ways, and private streets;
- Arrangement of off-street parking and loading;
- Indication of any special traffic regulation facilities proposed or required;
- Screening, landscaping, and major tree groupings to be retained if this information is essential to the proper arrangement of the development in relation to the adjacent property and internal land uses;
- Indication of each phase of development if separate phases are proposed.

**Traffic Impact Study Worksheet**

This worksheet will help you determine if a Traffic Impact Study (T.I.S.) needs to be submitted with your zoning change request. **Please read the following paragraphs before filling out this worksheet.**

First, read all of the uses listed in column A and check the box to the right of each use that characterizes the proposed development. Next, fill in the number of units or gross square footage of each use in column 'B’. If the development has a Number of Units, then multiply that number by the Trip Rate (column ‘B’ times column ‘C’) and indicate the total in column ‘D’. If the development has a Gross Square Footage, then divide the gross square footage in column ‘C’ by 1,000, then multiply the result by the Trip Rate in column ‘B’ and indicated the total in column ‘D’. Finally, total all the trips per day to the space at the bottom of column ‘D’.

If the total exceeds 1,000 trips per day, then either a Traffic Impact Study (T.I.S.) or a Waiver of the T.I.S. is required with the zoning request. Traffic Impact Study waivers will be considered on a per case basis by the Director of the Department of Development Services. The Department of Development Services is located in City Hall, Room L1BS and can be reached by telephone at 214-670-4869. If a proposed project cannot be defined within the uses provided on this worksheet, contact the Department of Development Services for assistance. Finally, fill out the applicant and development information below the chart.

### Notification Signs

- **One** sign must be posted for each 5 acres of property up to a maximum of **5** signs.
- Signs cost **$10.00 each**, which is due upon submission of a completed application.
- The sign(s) must be posted **at least 10 days** before the scheduled City Plan Commission hearing date.
- The sign(s) must be **visible from all street frontages**.
- Signs not properly displayed leave the City Plan Commission only two considerations:
  1) **denial of the request** or 2) **postponement until the proper ten day posting is accomplished**.
