An ordinance amending the zoning ordinances of the City of Dallas, as amended, by establishing
Historic Overlay District No. 123 (Christ Episcopal Church) on the following property:

BEING all of Lots 19 and 20 in City Block 44/3164 at the southeast corner of 10th Street and
Llewellyn Avenue, fronting approximately 132.5 feet on Llewellyn Avenue and fronting
approximately 106 feet on 10th Street;

providing procedures, regulations, and preservation criteria for structures and property in the
district; providing a penalty not to exceed $2,000; providing a saving clause; providing a
severability clause; and providing an effective date.

WHEREAS, the city plan commission and the city council, in accordance with the
Charter of the City of Dallas, the state law, and the ordinances of the city, have given the
required notices and have held the required public hearings regarding the rezoning of the
property described herein; and

WHEREAS, the city council finds that the property described herein is an area of
historical, cultural, and architectural importance and significance to the citizens of the city; and

WHEREAS, the city council finds that it is in the public interest to establish this historic
overlay district; Now, Therefore,

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF DALLAS:

SECTION 1. That the zoning ordinances of the City of Dallas are amended by
establishing Historic Overlay District No. 123 on the following property ("the Property"):  

ORDINANCE NO. 25956
BEING all of Lots 19 and 20 in City Block 44/3164 at the southeast corner of 10th Street and Llewellyn Avenue, fronting approximately 132.5 feet on Llewellyn Avenue and fronting approximately 106 feet on 10th Street.

SECTION 2. That the establishment of this historic overlay district shall not affect the existing underlying zoning classification of the Property, which shall remain subject to the regulations of the underlying zoning district. If there is a conflict, the regulations in this ordinance control over the regulations of the underlying zoning district.

SECTION 3. That a person shall not alter the Property, or any portion of the exterior of a structure on the Property, or place, construct, maintain, expand, demolish, or remove any structure on the Property without first obtaining a certificate of appropriateness or certificate for demolition or removal in accordance with the Dallas Development Code, as amended, and this ordinance. All alterations to the Property must comply with the preservation criteria attached to and made a part of this ordinance as Exhibit A.

SECTION 4. That the building official shall not issue a building permit or a certificate of occupancy for a use on the Property until there has been full compliance with this ordinance, the Dallas Development Code, the construction codes, and all other ordinances, rules, and regulations of the City of Dallas.

SECTION 5. That the director of development services shall correct Zoning District Map No. L-6 in the offices of the city secretary, the building official, and the department of development services to reflect the changes in zoning made by this ordinance.

SECTION 6. That a person who violates a provision of this ordinance, upon conviction, is punishable by a fine not to exceed $2,000. In addition to punishment by fine, the City may, in accordance with state law, provide civil penalties for a violation of this ordinance, and institute any appropriate action or proceedings to prevent, restrain, correct, or abate the unlawful erection, construction, reconstruction, alteration, repair, conversion, maintenance, demolition, or removal of a building, structure, or land on the Property.

SECTION 7. That the zoning ordinances of the City of Dallas, as amended, shall remain in full force and effect, save and except as amended by this ordinance.
SECTION 8. That the terms and provisions of this ordinance are severable and are governed by Section 1-4 of CHAPTER 1 of the Dallas City Code, as amended.

SECTION 9. That this ordinance shall take effect immediately from and after its passage and publication in accordance with the provisions of the Charter of the City of Dallas and it is accordingly so ordained.

APPROVED AS TO FORM:

THOMAS P. PERKINS, JR., Interim City Attorney

By [Signature]
Assistant City Attorney

Passed APR 27 2005
1. **GENERAL**

1.1 All demolition, maintenance, new construction, public works, renovations, repairs, and site work in this district must comply with these preservation criteria.

1.2 Any alterations to property within this district must comply with the regulations contained in CHAPTER 51A of the Dallas City Code, as amended. In the event of a conflict, these preservation criteria control.

1.3 **Certificate of appropriateness**

   a. A person may not alter a site within this district, or alter, place, construct, maintain, or expand any structure on the site without first obtaining a certificate of appropriateness in accordance with Section 51A-4.501 of the Dallas Development Code, as amended, and these preservation criteria.

   b. The certificate of appropriateness review procedure outlined in Section 51A-4.501 of the Dallas Development Code, as amended, applies to this district.

   c. Any work done under a certificate of appropriateness must comply with any conditions imposed in the certificate of appropriateness.

   d. After the work authorized by the certificate of appropriateness is commenced, the applicant must make continuous progress toward completion of the work, and the applicant shall not suspend or abandon the work for a period in excess of 180 days. The Director may, in writing, authorize a suspension of the work for a period greater than 180 days upon written request by the applicant showing circumstances beyond the control of the applicant.

1.4 A person may not demolish or remove any structure in this district without first obtaining a certificate for demolition or removal in accordance with Section 51A-4.501 of the Dallas Development Code, as amended.

1.5 Preservation and restoration materials and methods used must comply with the Secretary of the Interior's Standards for Rehabilitation and Preservation Briefs published by the United States Department of the Interior, copies of which are available at the Dallas Public Library.
1.6 No person shall allow a structure in this district to deteriorate through demolition by neglect. Demolition by neglect is neglect in the maintenance of a structure that results in deterioration of the structure and threatens preservation of the structure. All structures in this district must be preserved against deterioration and kept free from structural defects. See Section 51A-4.501 of the Dallas Development Code, as amended, for regulations concerning demolition by neglect.

1.7 Consult Article XI, "Development-Incentives," of the Dallas Development Code, as amended, for tax incentives that may be available in this district.

1.8 The period of historic significance for this district is the period from 1921 to 1948.

2. DEFINITIONS

2.1 Unless defined below, the definitions contained in CHAPTER 51A of the Dallas City Code, as amended, apply.

2.2 APPROPRIATE means typical of the historic architectural style, compatible with the character of the historic district, and consistent with these preservation criteria.

2.3 CERTIFICATE OF APPROPRIATENESS means a certificate required by Section 51A-4.501 of the Dallas Development Code, as amended, and these preservation criteria.

2.4 COLUMN means the entire column, including the base and capital.

2.5 COMPATIBLE STRUCTURE means a structure that is supportive of the contributing structures where the structure may be altered as to not be a contributing element to the collection of buildings designated.

2.6 CONTRIBUTING STRUCTURE means a structure that retains its essential architectural integrity of design and whose architectural style is typical of or integral to a historic district.

2.7 CORNERSIDE FENCE means a fence adjacent to a side street.

2.8 CORNERSIDE YARD means a side yard that abuts a street.

2.9 DIRECTOR means the Director of the Department of Development Services or the Director's representative.
2.10 DISTRICT means Historic Overlay District No. 123, the Christ Episcopal Church Historic Overlay District. This district contains the property described in Section 1 of this ordinance and as shown on Exhibit B.

2.11 ERECT means to attach, build, draw, fasten, fix, hang, maintain, paint, place, suspend, or otherwise construct.

2.12 FENCE means a structure or hedgerow that provides a physical barrier, including a fence gate.

2.13 INTERIOR SIDE FENCE means a fence not adjacent to a street or alley.

2.14 NO-BUILD ZONE means that part of this district in which no new construction may take place.

2.15 PROTECTED means an architectural or landscaping feature that must be retained and maintain its historic appearance, as near as practical, in all aspects.

2.16 REAL ESTATE SIGN means a sign that advertises the sale or lease of an interest in real property.

3. BUILDING SITE AND LANDSCAPING

3.1 The church, as shown on Exhibit B, is a contributing structure.

3.2 The Hidell & Decker addition of 1953 that contains the parish hall, Sunday school rooms, and offices, and the earlier addition behind the chancel, are compatible structures.

3.4 New driveways, sidewalks, steps, and walkways must be constructed of brush finish concrete, stone, or other appropriate material. Artificial grass, artificially-colored concrete, asphalt, exposed aggregate, and outdoor carpet are not permitted.

3.5 Circular driveways and parking areas are not permitted in a front yard.

3.6 Carports or garages are only permitted to the rear of the contributing and compatible structures.

3.7 Any new mechanical equipment may only be erected in the rear yard or on the roof, and must be screened or located so that it cannot be seen from the street.

3.8 Landscaping

a. Outdoor lighting must be appropriate and enhance the structure.
b. Landscaping must be appropriate, enhance the structure and surroundings, and not obscure significant views of protected facades.

c. It is recommended that landscaping reflect the historic landscape design.

d. Existing trees are protected, except that unhealthy or damaged trees may be removed.

3.9 Fences

a. Fences are not permitted in the front yard.

b. Interior side fences must be located a minimum of 10 feet back from the front facade of the structure, except if fencing is needed to secure doors or windows, is at least 70 percent open, and does not screen architectural features.

c. Cornerside fences are permitted only if the fence is in the rear 50 percent of the cornerside yard, and screening is necessary to ensure privacy due to unusually high pedestrian or vehicular traffic.

d. Fences in the rear yard must be at least 70 percent open.

e. Interior side fences and fences in the rear yard may not exceed eight feet in height. Cornerside fences may not exceed six feet in height.

f. Fences must be constructed of brick, cast stone, iron, stone, wood, a combination of these materials, or other appropriate materials.

4. FACADES

4.1 Protected facades.

a. The facades shown on Exhibit B are protected.

b. Reconstruction, renovation, repair, or maintenance of protected facades must be appropriate and must employ materials similar to the historic materials in texture, color, pattern, grain, and module size.

c. Historic solid-to-void ratios of protected facades must be maintained.

d. Brick added to protected facades must match in color, texture, module size, bond pattern, and mortar color.
4.2 Reconstruction, renovation, repair, or maintenance of nonprotected facades must be compatible with protected features.

4.3 Wood siding, trim, and detailing must be restored wherever practical.

4.4 All exposed wood must be painted, stained, or otherwise preserved.

4.5 Historic materials must be repaired if possible; they may be replaced only when necessary.

4.6 Paint must be removed in accordance with the Secretary of the Interior's Standards for Rehabilitation and Preservation Briefs published by the United States Department of the Interior, copies of which are available at the Dallas Public Library, prior to refinishing.

4.7 Aluminum siding, stucco, and vinyl cladding are not permitted.

4.8 Historic color must be maintained wherever practical. Color schemes for non-masonry elements should conform to any available documentation as to historic color.

4.9 Exposing and restoring historic finish materials is recommended.

4.10 Cleaning of the exterior of a structure must be in accordance with the Secretary of the Interior's Standards for Rehabilitation and Preservation Briefs published by the United States Department of the Interior, copies of which are available at the Dallas Public Library. Sandblasting and other mechanical abrasive cleaning processes are not permitted.

5. **FENESTRATION AND OPENINGS**

5.1 Historic doors and windows must remain intact except when replacement is necessary due to damage or deterioration.

5.2 Replacement of doors and windows which have been altered and no longer match the historic appearance is recommended.

5.3 Replacement doors and windows must express profile, muntin and mullion size, light configuration, and material to match the historic.
5.4 Storm doors and windows are permitted if they are appropriate and match the existing doors and windows in profile, width, height, proportion, glazing material, and color.

5.5 Decorative ironwork and burglar bars are not permitted over doors or windows of protected facades. Interior mounted burglar bars are permitted if appropriate.

5.6 Glass and glazing must match historic materials as much as practical. Films and tinted or reflective glazing are not permitted on glass.

5.7 New door and window openings in protected facades are permitted only where there is evidence that historic openings have been filled or the safety of life is threatened.

5.8 The Secretary of the Interior's Standards for Rehabilitation and Preservation Briefs published by the United States Department of the Interior, copies of which are available at the Dallas Public Library, should be referred to for acceptable techniques to improve the energy efficiency of historic fenestration.

6. ROOFS

6.1 The historic slope, massing, configuration, and materials of the roof must be preserved and maintained.

6.2 The following roofing materials are allowed: Built up, metal, single-ply membrane, and other appropriate materials.

6.3 Historic eaves, coping, cornices, dormers, parapets, and roof trim must be retained, and should be repaired with material matching in size, finish, module, and color.

6.4 Mechanical equipment, skylights, and solar panels on the roof must be set back or screened so that they are not visible to a person standing at ground level on the opposite side of any adjacent right-of-way.

7. PORCHES AND BALCONIES

7.1 Historic porches are protected.

7.2 Porches on protected facades may not be enclosed. It is recommended that existing enclosed porches on protected facades be restored to their historic appearance.

7.3 Historic columns, detailing, railings, and trim on porches are protected.
7.4 Porch floors must be concrete. Porch floors may not be covered with carpet or paint. A clear sealant is acceptable on porch floors.

8. EMBELLISHMENTS AND DETAILING

8.1 The following architectural elements are considered important features and are protected:

   a. Porches, including columns and original details.
   b. Original windows, including stained glass.
   c. Doors.
   d. Parapets.
   e. Cast stone details.

9. NEW CONSTRUCTION AND ADDITIONS

9.1 Stand alone new construction is permitted only in areas shown on Exhibit B.

9.2 Vertical additions to contributing buildings must be set back so that they are not visible to a person standing at ground level on the opposite side of any adjacent right-of-way.

9.3 Horizontal additions are only permitted on nonprotected facades.

9.4 The color, details, form, materials, and general exterior appearance of new construction and additions must be compatible with the existing historic structures.

9.5 New construction and additions must have appropriate color, detailing, fenestration, massing, materials, roof form, shape, and solids-to-void ratios.

9.6 The height of new construction and horizontal additions must not exceed the height of the adjacent historic structure.

9.7 Aluminum siding, stucco, and vinyl cladding are not permitted.

9.8 The setback of new construction and additions must conform to the setback of adjacent historic structures.
9.9 New construction and additions must be designed so that connections between new construction or additions and the historic structure are clearly discernible as suggested by the Secretary of the Interior in Preservation Brief No. 14. A clear definition of the transition between new construction or additions and the historic structure must be established and maintained. Historic details in the coping, eaves, and parapet of the historic structure must be preserved and maintained at the point where the historic structure abuts new construction or additions.

10. SIGNS

10.1 Signs may be erected if appropriate.

10.2 Signs may not be located on the building.

10.3 Additional plastic back-lit signs are not permitted.

10.4 All signs must comply with the provisions of the Dallas City Code, as amended.

10.5 Temporary real estate signs may be erected without a certificate of appropriateness.

11. ENFORCEMENT

11.1 A person who violates these preservation criteria is guilty of a separate offense for each day or portion of a day during which the violation is continued, from the first day the unlawful act was committed until either a certificate of appropriateness is obtained or the property is restored to the condition it was in immediately prior to the violation.

11.2 A person is criminally responsible for a violation of these preservation criteria if the person owns part or all of the property where the violation occurs, the person is the agent of the owner of the property and is in control of the property, or the person commits the violation or assists in the commission of the violation.

11.3 Any person who adversely affects or demolishes a structure in this district in violation of these preservation criteria is liable pursuant to Section 315.006 of the Texas Local Government Code for damages to restore or replicate, using as many of the original materials as possible, the structure to its appearance and setting prior to the violation. No certificates of appropriateness or building permits will be issued for construction on the site except to restore or replicate the structure. When these restrictions become applicable to a site, the Director shall cause to be filed a verified notice in the county deed records and these restrictions shall be binding on future owners of the property. These restrictions are in addition to any fines imposed.
11.4 Prosecution in municipal court for a violation of these preservation criteria does not prevent the use of other enforcement remedies or procedures provided by other city ordinances or state or federal laws applicable to the person charged with or the conduct involved in the offense.
