

Good Evening,

I hope you and yours are safe and well as we continue to navigate our new normal together. Yesterday, the County Commissioners met and agreed to extend the declaration of local disaster through May 20th which is independent of any specific restrictions. I believe there is a lot of confusion about what the order means and how these decisions are made, and I want to take a moment to address them here.

Yesterday's vote to extend the declaration of local disaster through May 20th gave County Judge Clay Jenkins the authority to put in place emergency regulations as needed to respond to this public health crisis. Using this authority, Judge Jenkins amended our shelter in place regulation to align with the Governor's recommendation, April 30th. The overarching goal is to flatten the curve and lessen the surge on hospital and ventilator capacity. If data suggests that the curve has flattened, as I hope it will, the State and County may be able to begin lifting shelter in place regulations after April 30th. If they reevaluate the situation and realize by April 30th that it has gotten worse, it is possible that they will be extended. Many of you have asked for the data that informed this decision - you may find it [here](#). This was presented at the Commissioner's meeting yesterday, April 3rd.

It is also important to remember that the State supersedes the County which supersedes the City. When decisions are made on the State or County level, the City of Dallas must comply. Just like the City Council, all meetings at the County are public meetings and can be viewed online or listened to over the radio. These are also public meetings which means you, the public, are able to speak and give your input. The next meeting of the Dallas County Commissioners Court is Tuesday, April 7th at 9 a.m. and you may find the agenda [here](#). Some of you may be unfamiliar with who your County Commissioner is - you may find out [here](#).

Many of you have reached out to my office for guidance and support at this time. We are reading everything and are trying to use this newsletter to answer general questions. Sometimes, we do not have all the answers. Neither myself or my staff are attorneys, and while we will push to have questions answered for you regarding the new regulations, we rely on our city attorneys who are also overwhelmed. I strongly encourage you to read the orders carefully and reach out to [businesscovid19@dallascounty.org](mailto:businesscovid19@dallascounty.org) to have your essential vs. non-essential business questions answered. The Governor also released new orders on March 31st which outline what is considered an essential business which both the County and City must comply with. You may find it [here](#).

Please know that we are fully aware of the impact the County, State and City's decisions are having on our residents financially, mentally, and physically. I would be lying if I said it has not impacted people close to me as well, including my staff members, who have had family members laid off or have had to shutter their business. No one will be immune from the repercussions of these decisions, however, the health and well-being of all people must come first. Everyone is

handling this differently and it is stressful for all. Please keep this in mind when reaching out and know that both my staff and I also want what is best for you, your family, your friends, and our economy. We are on the same team.

I again want to reiterate that I have been appointed by the Mayor to work on the hospital response and take this role very seriously. Like you, I want our decisions to be data-informed and to have this publicly available for all residents. I am currently working with analysts and researchers to independently evaluate the data to ensure our decision making is sound. I also understand the importance of knowing the full extent of our hospitals capacity and the number of ventilators available in our community.

We all have a role to play in flattening the curve and responsibility to abide by the current orders and recommendations which exist at a local, state and federal level. This means if you are on a crowded trail, you go somewhere else where you can safely stay 6 feet apart. This also means that visiting with friends or extended family other than the people who live in your home is not an option. The sooner everyone complies, the sooner we can resume our normal lives and allow the economy to begin to improve. DPD and Code Compliance are actively issuing warnings and will issue citations for those who fail to comply.

I also wanted to take a moment to remind you and encourage your friends and family to fill out the census. Every single person counts. [Click here to complete the census.](#)

As always, please stay safe and reach out to my office if we can assist in any way.

**UT School of Law Launches Website with Financial Assistance Resources** he Entrepreneurship and Community Development Clinic at The University of Texas School of Law has launched a new website that tracks housing policies adopted by the federal government, State of Texas, and local jurisdictions to help Texas residents stay in their homes during the COVID-19 pandemic and accompanying financial crisis. The site covers renter protections, foreclosure protections, and utility access protections. <http://sites.utexas.edu/covid19relief/>

### **Increased Coyote Sightings in Residential Neighborhoods**

As we shelter in place longer, coyotes will be seen more frequently in residential neighborhoods as they scavenge for food where they can find it. This is a nation-wide trend, so please don't be alarmed. Please access this [helpful guide](#) to enable us to co-habitat peacefully. Please note unless they are deemed unhealthy or aggressive, animal services Dallas Animal Services will not remove them. If you see an aggressive coyote, report it through 3-1-1.

### **COVID-19 Convalescent Plasma Donations**

UTSW has created a site to screen candidates to donate plasma from select individuals who have fully recovered from COVID-19. The plasma is for possible "emergency use" therapy for select critically ill COVID-19 positive patients. COVID-19 has not been around long enough for scientists to have definitively studied the effectiveness of convalescent plasma for its treatment. But the FDA has recently allowed for "emergency use" of COVID-19 convalescent plasma as an investigational therapy. Information is available [here](#).

### **Grants Available for Non-Profits Who Support COVID-19 Response**

North Texas Cares is a funder collaborative made up of North Texas foundations and United Ways that have come together to provide support for organizations that work with people and communities who may be most negatively affected by COVID-19. Applications from nonprofits are now being accepted on a rolling basis and will be evaluated weekly. Funding decisions will be made by each participating funder independently throughout the crisis period to facilitate the urgent need for funding in light of evolving community need. Approved requests may be funded both by individual funders as well as collectively, depending on the need. Funds will be donated directly to the grant recipients. Timelines vary by funder. ### **Domestic Violence Resources for Victims and Partner Needs**

Councilmember Gates met with our Domestic Violence partners on Tuesday to discuss assistance they are offering at this time and what their needs are as they continue to offer services to the most vulnerable in our population. Please visit our [domestic violence website](#) for additional information or to make a donation.

### **Guidance for Homeless Shelters and Domestic Violence Shelters**

If you have confirmed case or suspected case of COVID-19 at your shelter, please visit the [CDC website for best practices](#) to keep all clients safe.

### **Report Child Abuse**

Unfortunately, child abuse and domestic violence are likely to increase during social isolation and economic hardships. Report child abuse either by phone 1-800-252-5400 or online at [txabusehotline.org](http://txabusehotline.org) if you suspect a child may be in danger. Every adult in Texas is a mandatory reporter.

### **Needs in Our District - Donations Needed in Vickery Meadow**

Several non-profits in Vickery Meadow are continuing to offer services to our vulnerable residents but have seen a decline in donations due to halted church services. If you are interest and able to help, please do. We have compiled a list of [current needs here](#).

In more great news, the Vickery Meadow Food Pantry has collected over \$38,000 in donations thanks to your generosity. I continue to be blown away by the kindness of the residents in my district. Thank you!
