Lean Six Sigma

Center for Performance Excellence

LEAN SIX SIGMA
Green Belt Application

Registration Dates:
Open: October 12, 2015
Close: November 6, 2015

Are you interested in improving processes in your area? Do you have a passion for making things work better and run more smoothly as a part of your current job?

The Center for Performance Excellence is accepting applications for Lean Six Sigma Green Belt training starting October 12 through November 6, 2015. Classes will start in February of 2016.

Employees will learn to facilitate a team to:

- **Define a project and develop a concise, focused charter.**
- **Measure and Analyze the potential factors that drive the process.**
- **Develop and implement a plan to improve process.**
- **Control those improvements so they stay in place and become the new norm.**

It is highly recommended, but not required, for applicants to have attended Blue and/or Yellow Belt training. Please refer to the Center for Performance Excellence website for Green Belt FAQs and the Green Belt application form.
