SUBJECT **Community Development Block Grant Funds – FY 2025-26 Spend Plan for the period ending February 28, 2026**

Please find the financial status report for the Community Development Block Grant (CDBG) FY 2025-26 Spend Plan for the period ending February 28, 2026. This monthly report provides an overview of the City's progress toward meeting the CDBG timely expenditure requirements as outlined in the workout plan submitted to the U.S. Department of Housing and Urban Development (HUD). The city developed a workout plan describing steps to ensure the CDBG line of credit remains at or below 1.5 times the current year's grant allocation by August 2, 2026, in compliance with HUD regulations. These steps include monthly progress briefings to the Community Development Commission (CDC) and providing a monthly financial status report to the Finance Committee.

If you have any questions, please contact me or Chan Williams, Assistant Director of Budget & Management Services.

*HUD Program Year = City Fiscal Year, FY 2025-26 (2025) funds effective October 1, 2025.

**The City must spend \$16.98 million by July 31, 2026 to exceed the HUD timeliness test. HUD evaluates the balance in a grantees line of credit (\$24.3 million) compared to its most recent annual CDBG grant amount (\$12.9 million). These amounts are used to calculate the 1.5 threshold.

*** Reflects projected goal submitted to HUD on November 14, 2025.

How to Read the Financial Status Report

A = FY 2025-26 HUD Budget adopted by City Council on August 6, 2025 - includes one-time revenue and projected program income during the fiscal year.

B = Balance as of 08/02/2025 reflects the City Line of Credit funding available and used in the timeliness test calculation. This amount reflects prior year unspent CDBG funds.

C = The Projected Goal (Drawdown by July 31, 2026) reflects the amount the City forecast to spend by July 1, 2026 to meet or exceed the CDBG timeliness test.

D = YTD (fiscal year) expenditures spent and drawn from HUD. Encumbered funds do not count toward timely expenditure threshold. This number will be updated each month.

E = Comments regarding the status of the project.
