Office of Risk Management

Overview of the Office of Risk Management

City Council Briefing, Government Efficiency

March 3, 2026

Presentation Overview

- **ORM BACKGROUND**
- **VISION AND MISSION**
- **DIVISIONS AND RESPONSIBILITIES**
- **FY2026 RISK FUND BUDGET**
- **ACHIEVEMENTS**
- **NEXT STEPS**
- **Q & A**

ORM Background

Background:

- Office of Risk Management (ORM) was established FY2011
- Internal Services Department
- Comprised of 8 divisions
- Comprised of 56 positions
- Provides service to 35 departments
- Provides service to approximately 14,000 city employees (uniform and civilian)
- Self-Administers City's Workers' Compensation, General Liability, and Auto Liability Programs
- Manages 13 ORM vendor services contracts
- Monitors insurance compliance for approximately 7,000 projects
- Serves approximately 4,000 active vendors

Vision and Mission *Statements*

Vision and Mission Statements

Vision: “A resilient, proactive City where every department works with confidence, knowing they are supported by trusted risk management expertise.”

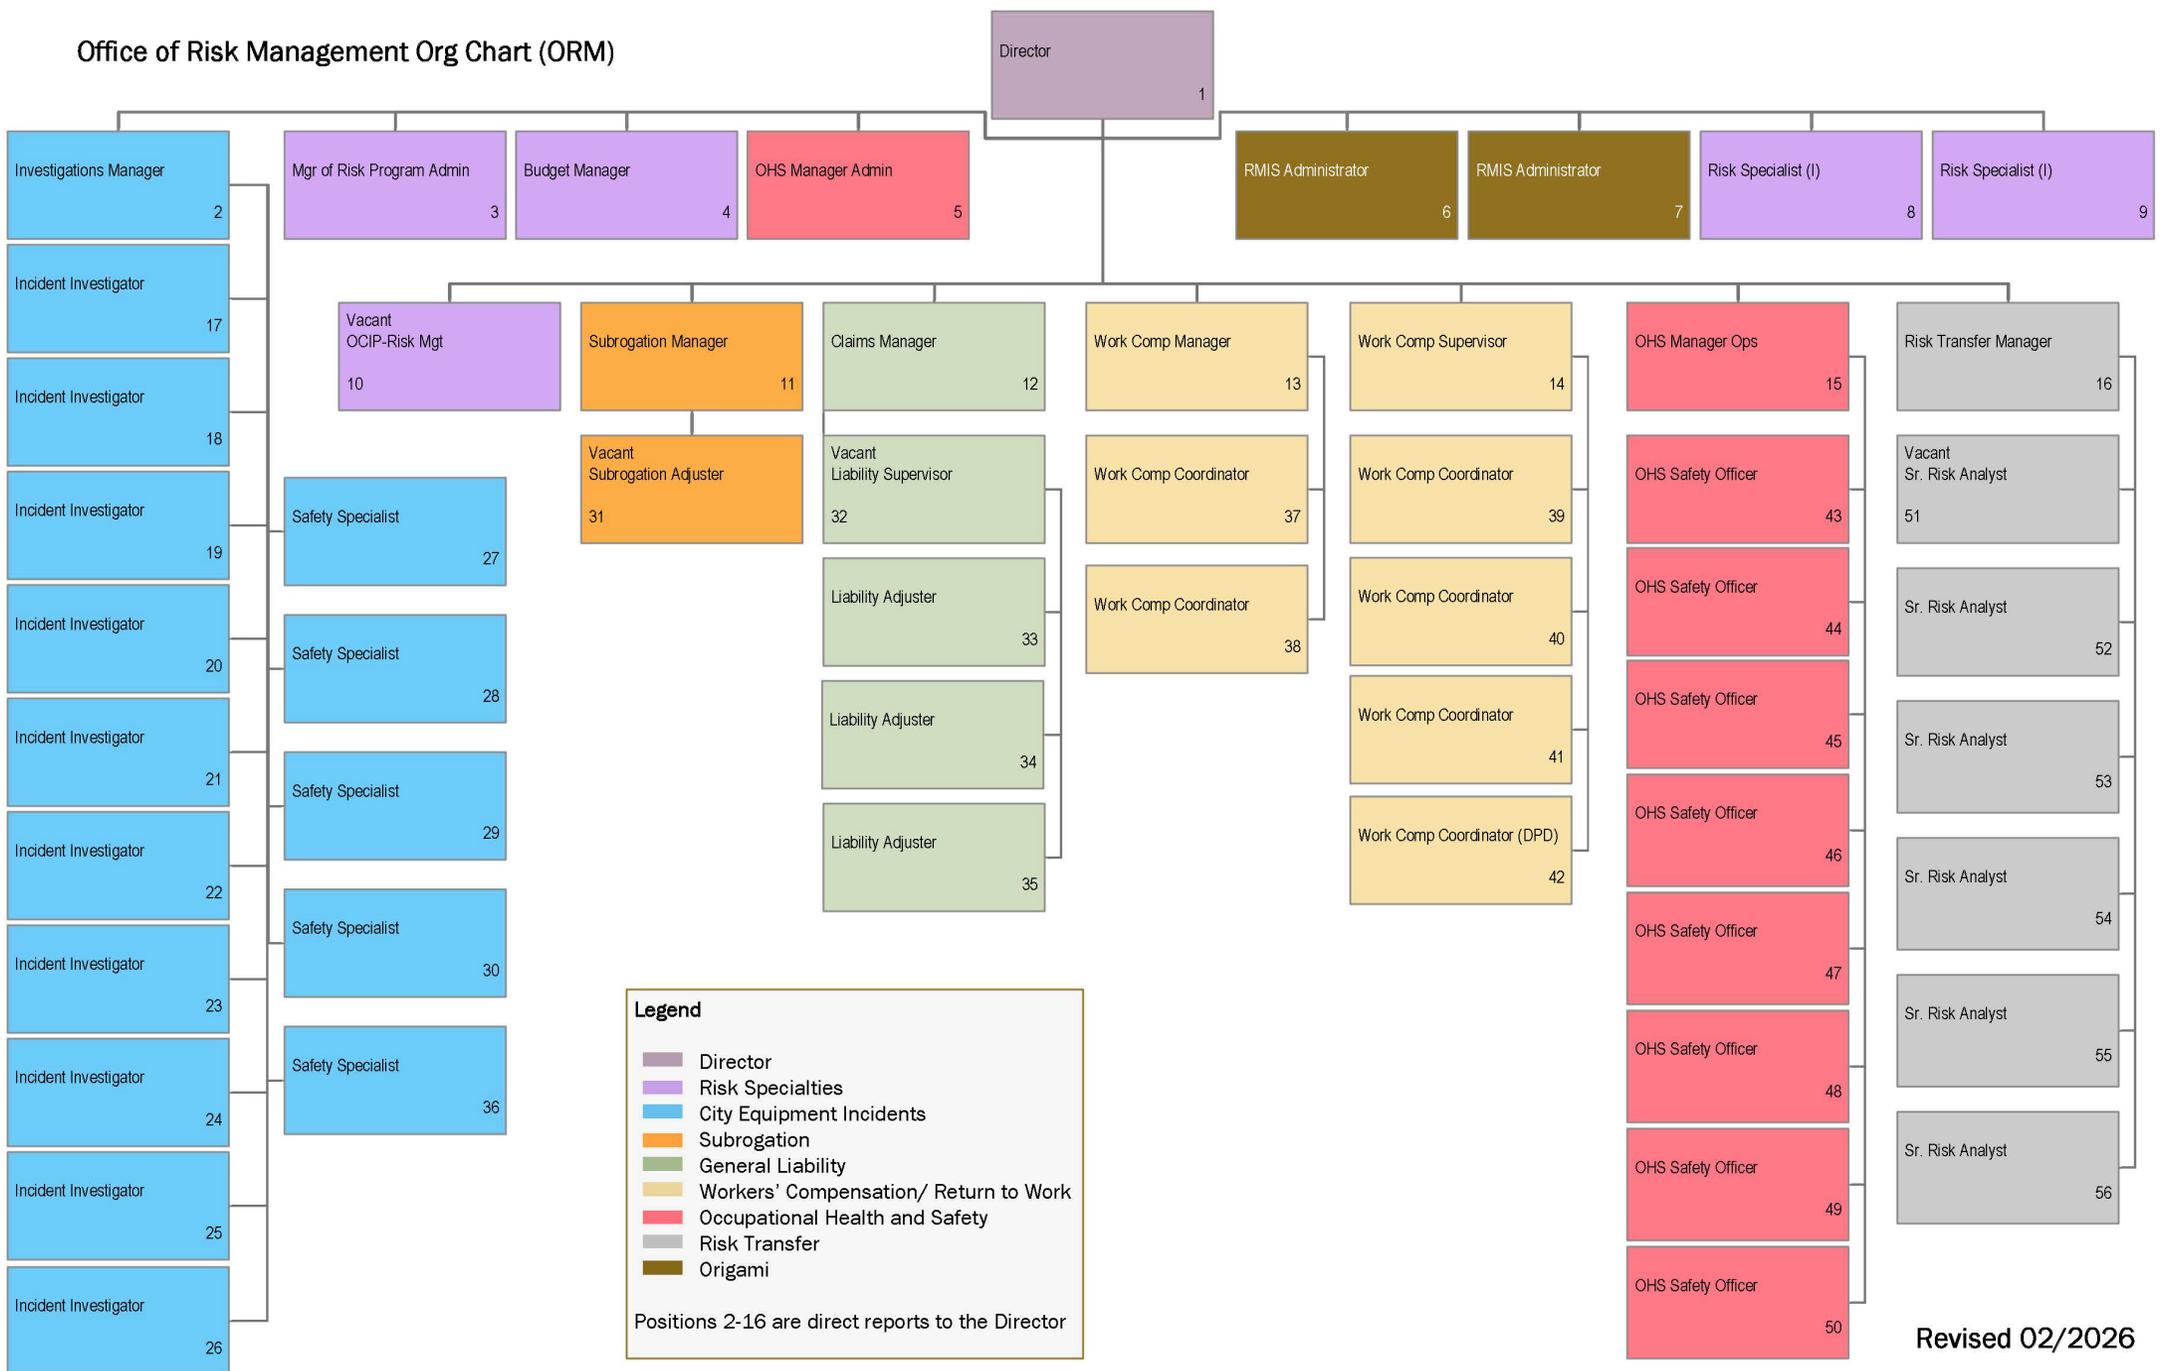

Mission: “To identify, reduce, and manage risk across City operations while protecting employees, safeguarding resources, and supporting responsible public service.”

Divisions and Responsibilities

Office of Risk Management Org Chart (ORM)

Legend

- Director
- Risk Specialties
- City Equipment Incidents
- Subrogation
- General Liability
- Workers' Compensation/ Return to Work
- Occupational Health and Safety
- Risk Transfer
- Origami

Positions 2-16 are direct reports to the Director

DIVISION: Occupational Health & Safety (OHS)

Staff (10)

- 1 OHS Manager, Operations
- 1 OHS Manager, Administrative
- 8 OHS Safety Officers

Training

- Position specific safety training for all City employees, excluding DFR and DPD
- Spanish Language Training
- Multi-shift Training
- Big 7 Training – High Hazard
- Annual Safety Conference
- Defensive Driving training

Field

- Safety observation audits (SOA)
- Workplace exposure assessments (WEA)
- Insurance carrier site inspections

Appeals Board Process

- Review all appeal requests
- Schedule appeal hearings
- Chair the appeals process
- Track rulings

DIVISION: Occupational Health & Safety (OHS)

FY 2025 Performance Measures Results

- Conducted 656 courses
(Target 576)
- Conducted 42 Spanish Language courses
(Target 36)
- Conducted 114 Multi-shift safety training courses
(Target 95)
- Completed 979 Safety Observation Audits
(Target 748)
- Completed 270 Workplace Exposure Assessments
(Target 192)
- Completed 50 site inspections
(Target 50)

DIVISION: Workers' Comp Claims & Return to Work

| Staff (8) | Work Comp Claim Process | Manages Third-party Vendors | Facilitates Return-to-Work |
|---|--|---|--|
| <ul style="list-style-type: none">• 1 WC Supervisor dedicated to DFR• 1 WC Supervisor for All Other Departments (AOD)• 2 WC Coordinators dedicated to DFR• 4 WC Coordinators for AOD | <ul style="list-style-type: none">• Review and confirm new injuries are reported via Origami and to the TPA within 24-hrs• Medical network notification• Implement and track injury leave usage• Report reduced wages/ supplementation payments for lost time claims to City Controller Office• Manages the various "leave" statuses | <ul style="list-style-type: none">• Tristar – Claims handling TPA• Injury Management Organization (IMO) – Medical Network• Private investigators• Quarterly file reviews | <ul style="list-style-type: none">• Occupational• Non-occupational• Limited Duty• Work restrictions |

DIVISION: Workers' Comp Claims & Return to Work

Work Comp Coordinators

- Implements and maintains, timely, safe, and meaningful return-to-work (RTW) outcomes
- Serves as primary internal point of contact for injured employees
- Helps reduce fear and confusion that the TPA cannot internally
- Ensures that the RTW policies align with operational realities, job classifications, administrative directives, etc.
- Internal ownership ensures consistency across departments and supervisors
- Develops limited duty and transitional assignments that align with medical restrictions, this work is outside the scope of a TPA's responsibilities
- Monitors compliance with work restrictions by doing this reduces the risk of reinjury
- Reduces wage replacement costs and claim duration, improves productivity and lowers indirect costs.

Tristar – Claims handling TPA

- Handles day-to-day claims process while the City retains oversight and strategic control
- Employs dedicated licensed adjusters whose sole focus is workers' compensation
- Ensures compliance with filing deadlines, reporting requirements, and benefit calculations and payments
- Reduces penalties, audits, and exposure to legal or regulatory risk
- Applies standardized processes across all claims ensuring consistency and fairness
- Provides medical cost containment in the form of use of Tristar's Direct Medical Equipment (includes prescribed equipment and supplies) contracts

Injury Management Organization (IMO) – Medical Network

- Provides coordinated, occupationally focused health care and recovery for injured employees
- Texas health care network base of 171 counties in the state of Texas with over 11,000 providers directly credentialed and contracted
 - Emergency Treatment
 - Treating Physicians
 - Designated Doctor
 - Peer Reviews
 - Life Care Plan Review
- Pre-Authorization Service
- Utilization Review
- Medical Case Management
 - Provides telephonic nurse case management
 - Provides field nurse case management
- Provides medical cost containment in the form of Medical Bill Review (MBR)

DIVISION: Workers' Comp Claims & Return to Work

2025 Performance Measure

- 24-hour contact with 99% of injured employees
(Target 95%)
- Weekly contact with 95% of injured employees with a lost time status
(Target 95%)
- Bi-weekly contact with 95.25% of injured employees with a restricted status
(Target 95%)

Claim Count and Paid

| | Record Only Claim Count | Indemnity Claim Count | Medical Only Claim Count | Total Claim Count | Total Ind/MO Claim Count |
|---------|----------------------------|--------------------------|-----------------------------|----------------------|-----------------------------|
| FY 2023 | 427 | 532 | 959 | 1,918 | 1,491 |
| FY 2024 | 295 | 419 | 1090 | 1,804 | 1,509 |
| FY 2025 | 590 | 354 | 918 | 1,862 | 1,272 |

| | Record Only Total Paid | Indemnity Total Paid | Medical Only Total Paid | Total Total Paid | Total Ind/MO Paid |
|---------|---------------------------|-------------------------|----------------------------|---------------------|----------------------|
| FY 2023 | \$ - | \$ 8,404,187 | \$ 729,087 | \$ 9,133,275 | \$ 9,133,275 |
| FY 2024 | \$ - | \$ 8,954,763 | \$ 823,618 | \$ 9,778,381 | \$ 9,778,381 |
| FY 2025 | \$ - | \$ 6,873,488 | \$ 1,152,228 | \$ 8,025,716 | \$ 8,025,716 |

DIVISION: City Equipment Incident (CEI) Investigations

Staff (16)

- 1 CEI Investigation Manager
- 10 CEI Investigators
- 4 Safety Specialists
- 1 Safety Specialist/Designated Employer Representative (DER)

Investigators Unit

- Respond and conduct on-scene investigations for all incidents involving city vehicles and equipment
- Conduct reviews and assessments of City equipment incidents
- Retrieve DPD dashcam videos
- Canvas area business and homes for video
- Complete digital reports in Origami

Safety Specialists Unit

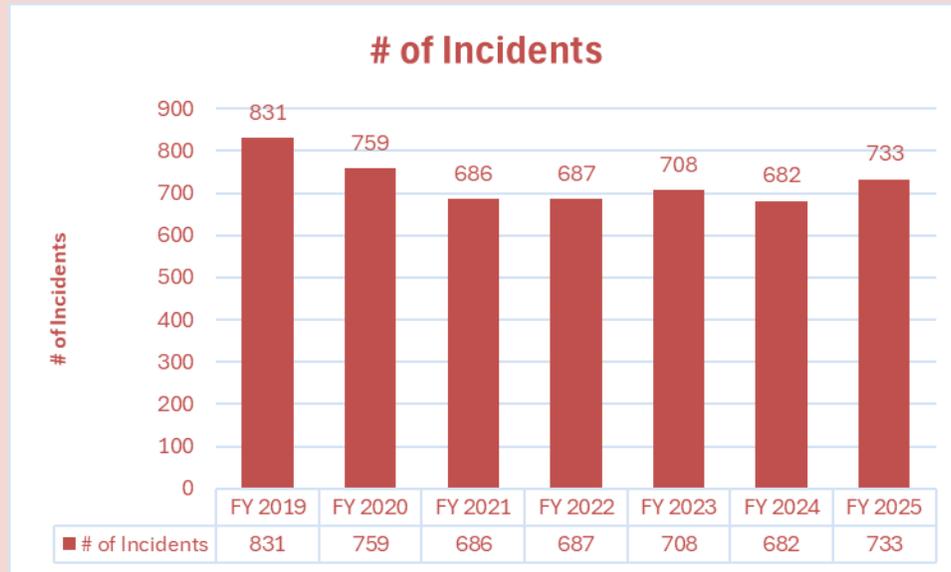

- Review all CEI reports
- Determine preventability and classification rating of incidents
- Work with department supervisors
- Incident Review Committee (IRC) member
 - Regular IRC
 - Emergency Service IRC

Drug and Alcohol Testing

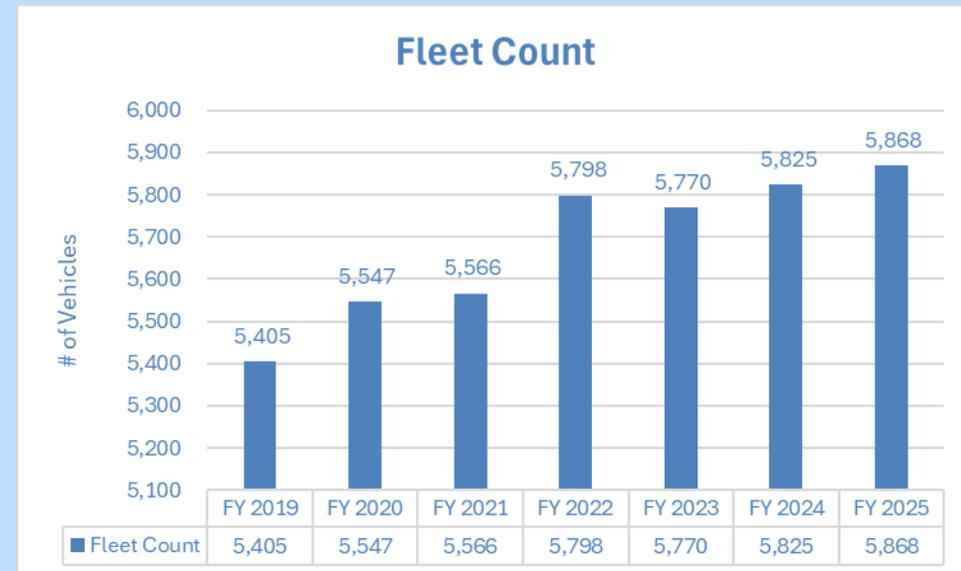

- Department of Transportation (DOT) required testing for CDL driver employee population
- DOT required Designated Employer Representative (DER)
- Post-accident
- Randoms
- Reasonable Suspicion
- Promoted employees (if required)

DIVISION: City Equipment Incidents Investigations

Preventable City Equipment Incidents

Fleet Count by Fiscal Year

- Last six (6) years – Fleet Count increased by 463 vehicles (average increase of 77 vehicles per year)
- Last six (6) years – Preventable City Equipment Incidents decreased by 98 incidents (average decrease of 16.33 claims per year)
- Future - Estimated additional 150 DPD vehicles added to the fleet upon new street ready 300 new DPD officers

DIVISION: General Liability (GL) Claims

| Staff (5) | GL Claims | Claim Process | Complete Digital Files in Origami |
|---|--|--|--|
| <ul style="list-style-type: none">• 1 GL Manager• 1 GL Supervisor• 3 GL Adjusters | <ul style="list-style-type: none">• Personal Injury• Auto Liability• Property Damage | <ul style="list-style-type: none">• Claim management from cradle to grave self-administering• Electronic claim filing | <ul style="list-style-type: none">• Audit claim files• CEI Investigator reports• DPD police reports/videos |

DIVISION: General Liability (GL) Claims

2025 Performance Measures

- Completed 99.05% of Origami tasks within 5 business days of due date (*Target 96%*)
- Contacted 96.21% of new claimants within 24 hours of receipt of new claim (*Target 98%*)
- Closed 87.74%% of claims (cumulative monthly basis) for yea-end (*Target 83%*)
- Contacted 96.81% of claimants every 2 weeks regarding claim status (*Target 90%*)

Claim Count and Paid

| Fiscal Year | Claims Filed | Claims Denied | Claims Accepted | Total Paid |
|-------------|--------------|---------------|-----------------|--------------|
| FY 2023 | 1,526 | 948 | 578 | \$ 2,914,287 |
| FY 2024 | 1,773 | 1,278 | 495 | \$ 1,471,265 |
| FY 2025 | 1,873 | 1,207 | 666 | \$ 1,195,084 |

| Denial Types | FY 2023 | FY 2024 | FY 2025 |
|----------------------|------------|-------------|-------------|
| Gov't Immunity | 481 | 658 | 546 |
| Tender to Contractor | 120 | 127 | 111 |
| Easement | 13 | 9 | 22 |
| Late Notice | 19 | 21 | 2 |
| No Negligence | 311 | 461 | 521 |
| Vendor Denial | 4 | 2 | 5 |
| Total | 948 | 1278 | 1207 |

DIVISION: Subrogation Claims

Staff (2)

- 1 Subro Manager
- 1 Subro Adjuster

Subrogation Claims

- CEI (vehicles)
- Workers' Compensation
- Fire Hydrants
- Traffic Signs
- Signal Lights
- Other (Buildings/Structures)

Subrogation Recovery

| Category | FY 2023 | FY 2024 | FY 2025 |
|-----------------------------|-------------------|---------------------|---------------------|
| City Equipment (vehicles) | \$ 210,636 | \$ 807,134 | \$ 853,896 |
| Signal Lights | \$ 97,374 | \$ 82,423 | \$ 79,023 |
| Traffic Signs | \$ 11,408 | \$ 28,727 | \$ 8,351 |
| Fire Hydrants | \$ 28,069 | \$ 43,363 | \$ 33,879 |
| Other (Building structures) | \$ 92,429 | \$ 128,787 | \$ 85,906 |
| Workers' Compensation | \$ 134,967 | \$ 82,099 | \$ 797,449 |
| All Subro Claims | \$ 574,883 | \$ 1,172,533 | \$ 1,858,504 |

DIVISION: Risk Transfer

Staff (7)

- 1 Risk Transfer Manager
- 6 Senior Risk Analysts (SRA)

Risk Reviews

- Origami electronic submission
- RFP, Bids, AAs, special projects, etc.
- Prepares insurance requirements

Insurance Compliance/Tracking

- Review submitted certificates of insurance (COI) and policies
- Compliance memo
- Exception memo responses
- Waiver of requirement memo
- Bonds

Training

- Train departments and new hires
- Pending – vendor workshop

Audits

- SRA risk review
- SRA COI review

DIVISION: Risk Transfer

Functions

- Reviews all Scope of Works for projects and prepares insurance requirements to be included RFP, RFB, AA, special request risk assessments, etc.
- Reviews all insurance documents (e.g., COIs, policies, amendments, etc.) for compliance of insurance requirements
- Issue required “in compliance” memo for all awarded contracts before CAO finalizes
- Issue exceptions memo responses
- Track insurance compliance through the life the project/contracted expiration date

Functions

- Track bond compliance
- Monthly training of client department staff on the risk view and compliance process
- Risk Transfer Manager conducts audits of the SRAs risk and COI reviews
- Future vendor workshop

DIVISION: Risk Transfer

FY 2025 Performance Measures

- Processed 99% of risk review request within 5 business days
(Target 85%)
- Reviewed 96% of certificates of insurance within 4 business days
(Target 85%)
- Completed 94% of Origami tasks within 1 week of due dates
(Target 92%)
- Conducted 31 training sessions with client departments
(Target 24)

FY 2025 Performance Measures

- Completed 95.71% of RTORR reviews within 4 business days
(Target 90%)
- Achieved an average risk review audit score of 95.08%
(Target 85%)
- Achieved an average COI/Policy audit score of 94.59%
(Target 85%)

DIVISION: Risk Specialties

Staff (5)

- 1 OCIP Administrator
- 1 Budget Manager
- 1 Programs Manager
- 1 Risk Specialist
- 1 Senior Risk Specialist

Insurance Renewal Process

- Construction values and schedule monitoring
- Schedule of Values (SOV)
- Newly acquired building values
- Demolished or sold building schedule
- Complete various lines applications and obtain required information from departments

14 Insurance Lines of Coverage

- Aircraft Hull & Liability
- Auto Property Damage
- Boiler & Machinery
- Commercial Crime
- Cyber-liability
- Drones
- Excess Workers' Comp
- Fine Arts
- Flood
- Homeowners Association GL
- Media Professional Liability
- Property
- SWAT Auto Property Damage
- Terrorism

OCIP/ROICP

- Owner Controlled Insurance Program
- Rolling Owner Controlled Insurance Program
- KBHCC Masterplan
- OCIP Broker Services

Budget Administration

- Annual Budget Preparation and Submission Process
- Monthly Financial Target Analysis, including
- Annual Premium Allocations
- Invoices: CareNow, Origami, IMO, Tristar, Language Lines, Verizon, etc.
- Advantage System Approvals
- Desk/Cell Phone and Computer Coordination
- Preps Annual Internal Control Report

Performance, Quality, & Connectivity

- ISO Process
- Performance Measures (PM) and Quality Objectives (QO) Tracker
- Advantage PM entries
- Internet/Intranet Maintenance
- Employee Engagement

DIVISION: Origami Administration

Staff (2)

- 2 Administrators

Functions

- Owns and executes data maintenance activities in Origami to ensure accuracy and compliance with organizational standards
- Manages all aspects of user and license management, including new user setup/deactivation, roles, profiles, and permissions
- Performs database maintenance tasks, including diagnostic tests and duplicate entry cleansing
- Created process to track deleted incidents and claims per ORM department audit findings
- Documents processes, including error reports and changes to field history tables

Functions

- Partners with stakeholders at all levels, with the ability to translate technical information, clearly explaining design options and their potential impact
- Stays current on all system releases to ensure system maintenance is up to date, and best practices are being properly followed
- Monitors user adoption and identifies new ways to engage end users and support end-user continued education
- Identifies and gathers requirements from users and stakeholders and translates them into custom workable solutions within the tool
- Completed over 350 origami user service requests in FY25

ORM Operating Expense

FY2026 RISK FUND BUDGET

| Description | Workers' Compensation (Fund 189) | Liability (Fund 189) | Insurance (Fund 194) | OCIP/ROCIP (Fund 478) | Total |
|---|-------------------------------------|-------------------------|-------------------------|--------------------------|----------------------|
| Claim Costs | 15,000,000 | 17,729,534 | - | - | \$ 32,729,534 |
| Insurance Premium | 825,000 | - | 17,553,078 | - | \$ 18,378,078 |
| ORM Operating Expense | 2,526,230 | 2,454,346 | 2,454,346 | - | \$ 7,434,922 |
| OCIP Broker Fees - 1 time charge for life of project (5yrs) | - | - | - | 2,246,000 | \$ 2,246,000 |
| Drug/Alcohol Testing | 2,013,055 | - | - | - | \$ 2,013,055 |
| WC TPA and Medical Network | 1,820,489 | - | - | - | \$ 1,820,489 |
| Origami | 406,667 | - | - | - | \$ 406,667 |
| Insurance Broker/Risk Consulting/Actuary Fees | - | - | 193,725 | - | \$ 193,725 |
| Loss Control/Engineering Fees | - | - | 136,078 | - | \$ 136,078 |

| Notaries & Bonds | - | - | 10,245 | - | \$ 10,245 |
| Advertisement | 750 | - | 284 | - | \$ 1,034 |
| Total | \$22,662,191 | \$20,183,880 | \$20,347,757 | \$2,246,000 | \$ 65,439,828 |

Note: Risk Management is an Internal Service Fund and allocates cost to all customer departments.

Achievements

ACHIEVEMENTS

- **FY2013-Continuous**

- Created and implemented the ORM's first Individual Development Plan (IDP) Guidelines to assist employees with short-term and long-term career development
- Reduced liability claimant first contact from 14 days to 24 hours

- **FY2013-2014**

- Certified Safety and Health Official (CSHO) requirement for Occupational Health and Safety Officers (Career Development sponsored by the City for ORM employees)

- **FY2015-2016**

- 95% digital workflow with Implementation of ORIGAMI (Risk Management Information System)
- Developed divisional performance measures and quality objectives auto-tracker
- Developed the City's Designated Employee Representative (D.E.R.) drug and alcohol testing program

ACHIEVEMENTS - Continued

- **FY2017-2018**
 - Created the City's first City Equipment Incident Investigation Division
 - Created and implemented electronic notice of claim reporting
 - Integrated and implemented "position specific" safety training
 - ISO45001 merged safety program
- **Since 2019**
 - Average annual 7% decrease in city equipment incidents
 - Average annual completion of over 2,300 risk reviews for projects
 - Average annual review of over 5,900 certificates of insurance (COI)
- **FY2019-2021**
 - Created and staffed the City's first Subrogation Claims division
 - Created and staffed the City's first full-service Risk Transfer division for self-administered insurance requirements, insurance policies, COIs, and bond compliance.

ACHIEVEMENTS - Continued

- **FY2019-2021**
 - Created and staffed the City's first Subrogation Claims division
 - Created and staffed the City's first full-service Risk Transfer division for self-administered insurance requirements, insurance policies, COIs, and bond compliance.
 - Created and implemented Electronic Signature – Auto Claims Payment
- **FY2023**
 - Established the City's first dedicated Subrogation Claims Division
 - National Safety Council – Driver Safety Training Award Winner
- **FY2024 - 2025**
 - 2024 National Safety Council – Driver Safety Training Award Winner
 - Created and implemented the City's first Owner's Controlled Insurance Program (OCIP/ROCIP) for the Kay Bailey Hutchins Convention Center Masterplan renovation project - \$5.3 billion
- **FY2026**
 - ORM Director was named the 2025 Airport Council International – North America Risk Professional of the year

Next Steps

NEXT STEPS

- **Outsource Subrogation** - Engage dedicated recovery partner to streamline subrogation efforts and increase overall effectiveness
- **ORM Structural Changes** - Make structural adjustments designed to optimize span of control and strengthen operational oversight
- **Divisional Assessments** - Continue to partner with Marsh (risk consultant) to conduct assessment of each ORM division focused on **optimizing processes** and **enhancing operational efficiency**
- **International Organization for Standardization (ISO)** - Ensure that ORM's processes and services consistently meet quality requirements

NEXT STEPS - Continued

- **Strategic Integration of A.I. Possibilities**
 - Deploy A.I. to enhance enterprise-wide risk visibility and decision-making
 - Leverage predictive modeling to proactively manage emerging and high-severity exposures
 - Improve claims oversight through intelligent trend identification and performance benchmarking
 - Strengthen internal controls and compliance monitoring through automated review tools
 - Enable data-driven loss prevention initiatives across departments
 - Increase organizational agility by accelerating insight generation and reporting
 - Reallocate staff capacity from transactional tasks to higher-value strategic functions
