

Memorandum

CITY OF DALLAS

DATE August 12, 2022

TO Honorable Mayor and Members of the City Council

SUBJECT **City of Dallas Appraisal Data – Data Destination Hub Site**

I am pleased to announce that the Office of Data Analytics and Business Intelligence (DBI) has updated their [City of Dallas Property Appraisal Data Destination](#). This hub site provides the public with a yearly comparison of appraisal data aggregated from the four counties the City of Dallas is a part of: Dallas, Collin, Denton, and Rockwall. This year marks DBI's second update.

On the site, users can trend appraisal data, perform queries based on year and geographical regions, and estimate the sum of the real property tax value by Council District. There are 68 maps, charts, dashboards, and infographics that provide enlightening visualizations and actionable information backed by timely and authoritative appraisal data since 2015.

For more information, please contact me or Dr. Brita Andercheck, Chief Data Officer.

A handwritten signature in blue ink, appearing to read 'Jack Ireland'.
