

Memorandum

CITY OF DALLAS

DATE July 28, 2023

TO Honorable Mayor and Members of the City Council

SUBJECT **FY 2023-24 Budget Town Hall Meetings – Revised Schedule**

Last Friday, July 21, we distributed the schedule for the upcoming City Council member hosted budget town hall meetings that are scheduled for August 10 through August 24. Two changes to the schedule were requested:

- August 17 joint meeting was changed to include an additional City Council member, as well as a change to the time and location of the meeting.
- August 22 district 5 meeting was changed to have Spanish interpretation available.

Attached is the revised schedule in both English and Spanish.

If you have questions, please contact me or Janette Weedon, Director of Budget and Management Services.

A handwritten signature in black ink that reads "Jack Ireland".

Jack Ireland
Chief Financial Officer

Memorandum

CITY OF DALLAS

DATE July 28, 2023

TO Honorable Mayor and Members of the City Council

SUBJECT **New Project 25 Land Mobile Radio Network**

The Dallas Police Department, Dallas Fire Rescue and City of Dallas announce the use of a new Public Safety Radio System to improve emergency communications across the entire Dallas-Fort Worth Metroplex.

The new land mobile radio (LMR) network is built on Project 25 (P25) standards to ensure full interoperability across the public safety community.

The system, from Motorola Solutions, significantly increases radio coverage, improves signal reception and voice quality, and enhances interoperability for first responders, including police, fire and EMS.

The new P25 system replaces the city's prior public safety radio system which was more than 25 years old and reaching end-of-life. It is comprised of 29 radio towers in the greater Dallas area, plus 3 water sites in East Texas, and utilizes more than 650 radio transmitters to ensure high performing, redundant, and reliable public safety communication services.

The transition to the all-new system was completed in May 2023 with more than 10,000 radios programmed and distributed to City of Dallas users.

In addition to the City of Dallas, the new system will provide a full range of services to Dallas County and will support more than 10 additional outside agencies. The project represents a collaboration between multiple jurisdictions in the Dallas area with Irving, Garland, Sachse, Dallas County, Mesquite, Desoto, Parkland Hospital, and Texas Instruments all sharing in the tower infrastructure supporting the system.

System performance has been exemplary and exceeded established targets. With the transition to the new system completed for City of Dallas users, the team is now focused on decommissioning the equipment from the old system, onboarding external agencies onto the system, and completing planned enhancements leveraging the new technology.

With this trusted technology, we can move forward with full confidence in the usability, security, and reliability of radio communications in our community.

It provides resiliency against service disruptions, coverage where it is needed and secure communications between first responders.

DATE July 28, 2023
SUBJECT **New Project 25 Land Mobile Radio Network**
PAGE **2 of 2**

As was the case with the prior public safety radio system, all primary dispatch channels on the new P25 system are unencrypted and are publicly available transmitted radio channels. This has not changed. In the transition to the new system, the City of Dallas retained the same channel structure and channel lineup, and these channels continue to be accessible to the public, just in a digital format and from a digital system. Those who would like to listen to the accessible radio channels should seek consultation from a radio professional.

The benefits include:

Increased interoperability with all City of Dallas Departments using the radio system.

Increased interoperability with regional public safety agencies.

Improved signal coverage.

The system is easier to use and navigate for first responders, assisting in quick response and communication.

The network was built and is maintained by Motorola Solutions.

Memorandum

CITY OF DALLAS

DATE July 28, 2023

TO Honorable Mayor and Members of the City Council

SUBJECT **June 2023 Development Services Monthly Technology and Metrics Review**

This memorandum is to provide an update to the City Council on the Development Services Department (DSD) technology, residential/commercial metrics, and recruitment updates.

As of July 17, 2023, all delayed permits have been processed and cleared. Over the last couple of weeks staff strategically processed the applications delayed by the Ransomware Attack by utilizing overtime that included a weekend schedule. To further expedite completing the task at hand, additional team members from various work groups were cross trained to assist.

On June 30, 2023, DSD reported a queue of single-trade (re-roofs, fence permits, foundation repairs, demolition) permit applications at 870 due to delays caused by the May 2023 incident. The Ransomware Attack impacted and limited staff's ability to access internal shared drives and GIS Zoning maps which are fundamental tools in the plan review process. These limitations caused delays in the review and issuance of permits. Department Executives have identified and acknowledged valuable insights from this experience for continued improvement and growth. Staff has returned to their regular working hours and continues to strive to create a positive impact for clients.

Technology

The Posse software replacement project ("DallasNow") is in progress and is officially in the 2nd month of a 24-month process to replace the DSD legacy permitting software system.

Self-Certification

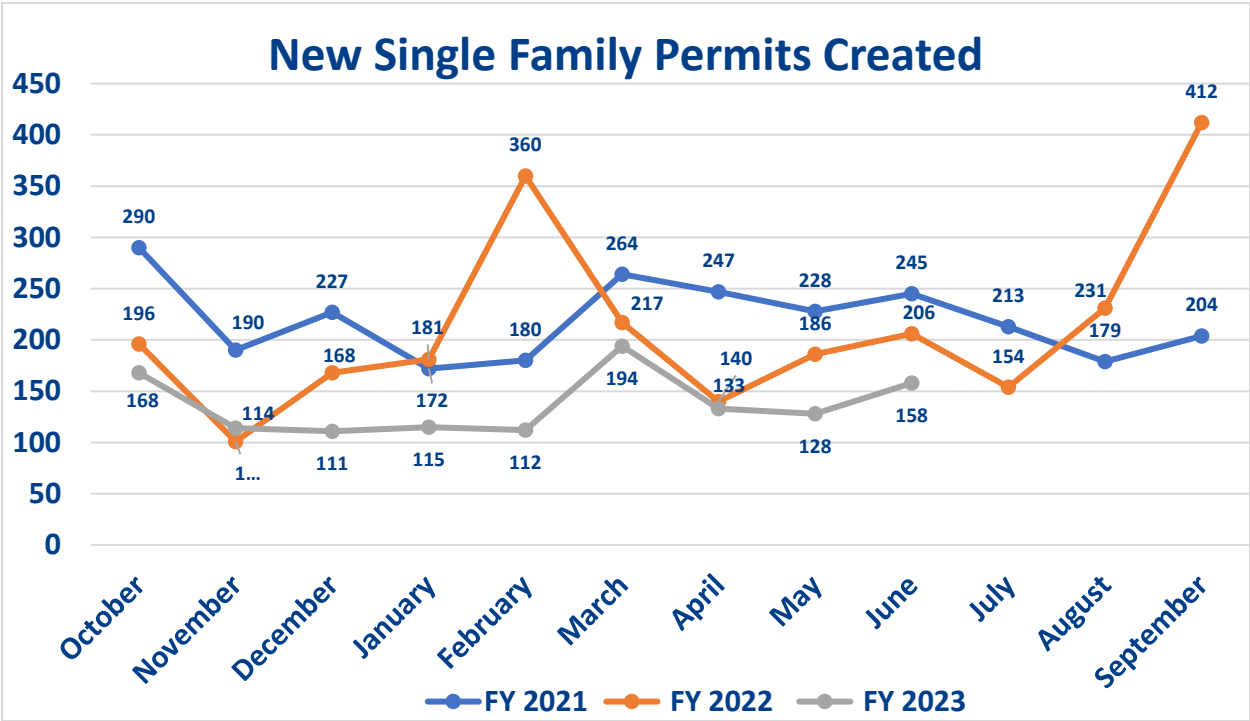

DSD staff is preparing final feedback and will present to the Economic Development Committee in August 2023. The department has met with the following development stakeholders and acquired feedback and recommendations:

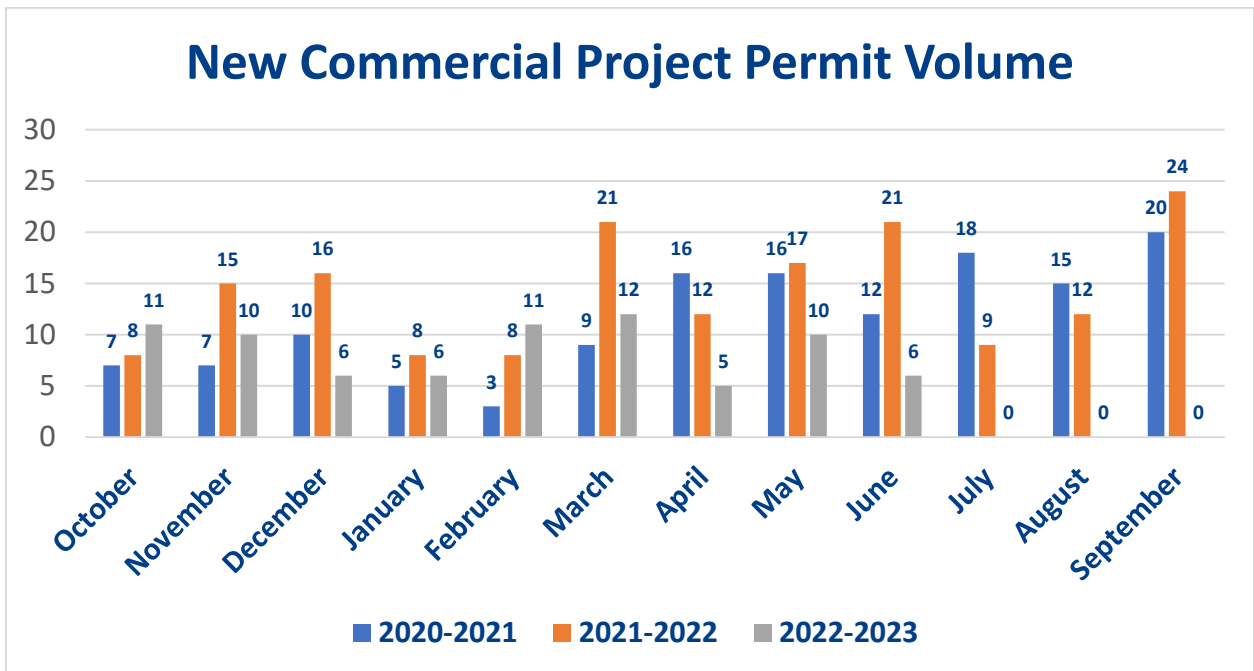

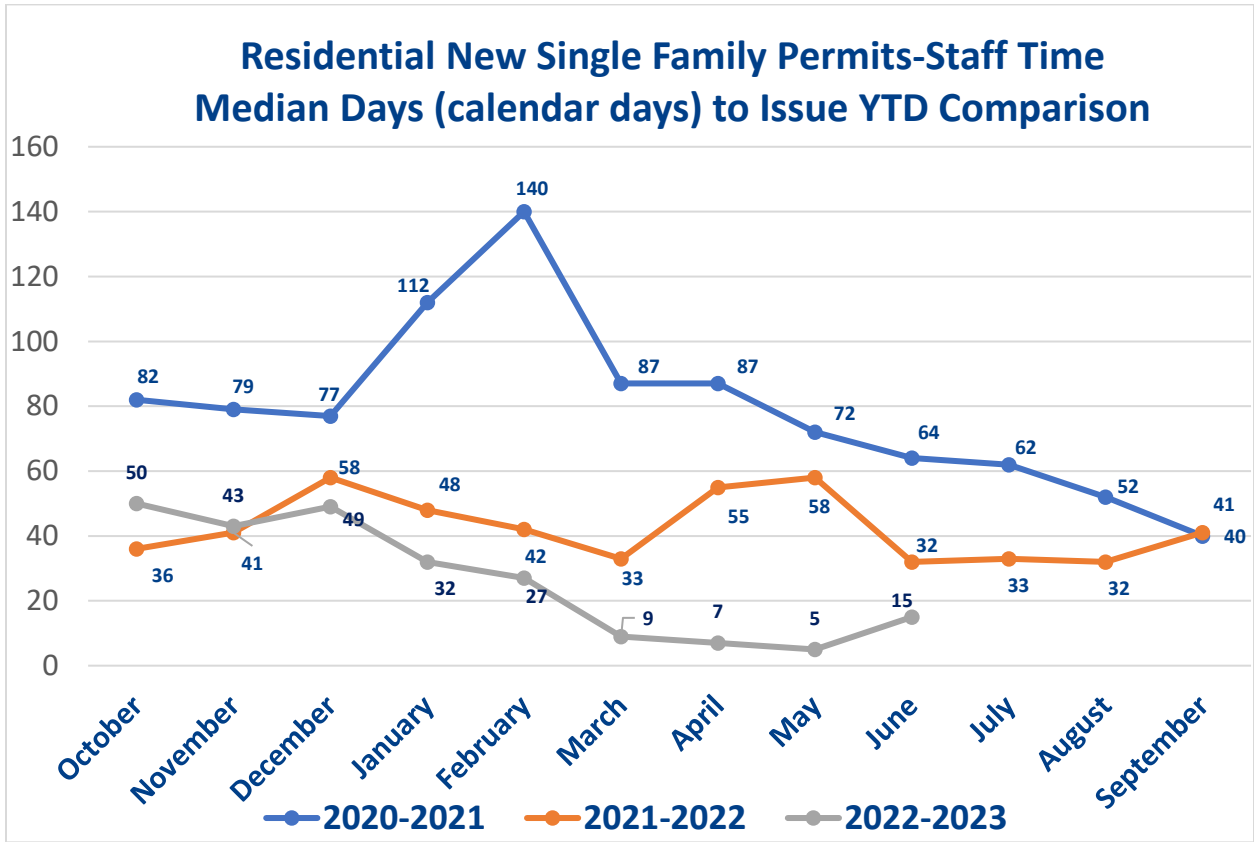

- June 5 - Matrix Group DRAFT Guidelines
- June 5 - Texas Real Estate Council
- June 15 - Dallas Home Builders Association
- June 22 - Dallas Contractors Association
- June 23 - Dallas Independent School District
- June 26 - Dallas American Institute of Architects
- June 30 - Dallas Development Advisory Committee
- July 18 - Met with public to receive feedback (2 sessions)

In summary, the feedback received from stakeholders has been very positive, with all seeming to like the overall concept.

Residential Development Metrics

In June 2023, the total number of New Single-Family permits, that were initiated, increased from 128 to 158 from the previous month. This represents a 21% increase. The team issued 140 New Single-Family permits for the month of June 2023, as compared to 117 from the previous month.

Commercial Development Metrics

The Department received **6** new commercial, **49** commercial additions, **241** commercial remodels, **28** complex commercial Q-Team, and **29** minor commercial Q-Team project permits in June 2023. All new commercial/remodels initial reviews were performed within **7** days and met the Department’s performance goal. All Q-Team initial reviews were performed within **4** days.

Dallas Development Services Department Performance Goals FY2022-2023			2022

Recruitment

Development Services continues its hiring efforts to fill the current vacancies. As of July 6, 2023, a total of **50** positions are currently vacant as compared to the previously reported **54** vacancies from last month. This represents a Vacancy Rate of **14%**, a decrease from the **15%** reported from the previous month. In collaboration with Human Resources (HR) and Compensation, the Department is pleased to report that of the **50** vacancies, **16** positions are in the hiring process and onboarding process, **12** have tentative interviews scheduled, **14** are being reclassified, and **8** are currently being advertised.

Position	Total Vacancies
Administrative Specialist I	3
Arborist	1
Development Services Administrator	1
Development Services Policy Administrator	1
Engineer Assistant I	1
Geographic Information System Analyst III	1
Inspector III - Development	1
Inspector III - Electrical	3
Inspector III - Zoning	2
Lead Inspector - Multidiscipline	3
Lead Plans Examiner - Multidiscipline	1
Manager - Business	1
Manager - Development Services Training	1
Permit Clerk	4
Permit Technician	3
Plans Examiner	1
Project Coordinator - Development	2
Project Coordinator I	1
Senior Departmental Budget Analyst	1
Senior Geographic Information System Support Technician	1
Senior Inspector - Building Inspection	2

Senior Planner	1
Senior Plans Examiner	6
Senior Plans Examiner - Building Inspection	2
Senior Plans Examiner - Electrical	1

Memorandum

CITY OF DALLAS

DATE July 28, 2023

TO Honorable Mayor and Members of the City Council

SUBJECT **Planned Citywide Internet and Network Maintenance Outage**

On Tuesday, August 1, the Information and Technology Services department will perform a planned upgrade to a portion of the City's network. The Enterprise Network team will upgrade the operating system of core hardware switches and update configurations related to device failover. Due to the nature of the upgrade process, it is not possible to perform a non-disruptive upgrade to the devices, necessitating a short outage. After completion of this change, future upgrades will be concurrent and will not require outages during these maintenance activities.

During the upgrade, the City's 24/7 call centers (311 and Aviation), Internet, City Network external traffic, and websites including DallasCityHall.com and DallasPolice.net, will be unavailable from approximately 1:00 a.m. to 2:00 a.m. to complete the work. During the scheduled outage, residents will experience a busy signal when calling the 311 or Aviation call center. Residents experiencing urgent 311 requests related to water main breaks or pipe breaks will be directed to call back during the outage. Alerts will be placed on the OurDallas mobile app, the City's website, and social media platforms notifying 311 users of the scheduled outage. This maintenance has been coordinated with impacted departments

During this outage, the 911 Public Safety Answering Point (PSAP) will not be impacted. **Emergency calls into 911 will still be answered and services dispatched**, however, the computer-aided dispatch (CAD) system will be unavailable during this period of outage, and 911 call agents will utilize back-up procedures to dispatch emergency calls.

Internal communication has been sent out a week before and will be sent the day before and the day of to all departments. If you have any questions or need additional information, please contact me or Bill Zielinski, Chief Information Officer.

A handwritten signature in black ink that reads "Jack Ireland".

Memorandum

CITY OF DALLAS

DATE July 25, 2023

TO Honorable Mayor and Members of the City Council

SUBJECT **Certified Property Values for FY 2023-24 Budget**

In accordance with State law, Collin, Dallas, Denton, and Rockwall central appraisal districts (CADs) certify property values within the city by July 25 of each year. The values received from each CAD are provided in the table below and compared to the values certified by each CAD in July 2022. In total, our new certified value is \$198.3 billion which is \$18.8 billion or 10.5% more than last year.

Appraisal District	2022 Certified Values	2023 Certified Values	Dollar Change	Percent Change
Dallas	170,764,250,963	188,694,397,965	17,930,147,002	10.5%
Collin	6,561,634,430	7,263,617,719	701,983,289	10.7%
Denton*	2,092,882,195	2,298,657,973	205,775,778	9.8%
Rockwall	14,824,500	15,416,916	592,416	4.0%
Total	179,433,592,088	198,272,090,573	18,838,498,485	10.5%

*Denton CAD provided certified values on 9/12/22

Of the \$18.8 billion increase in total value, \$3.7 billion is from new construction. Therefore, of the 10.5% growth in total value, 2.1% is from new construction and 8.4% is from reappraisals.

We are now working with Dallas County Tax Office to calculate the no-new-revenue tax rate and voter-approval tax rate which are both based on the certified values. Additionally, we are reviewing the property value detail and State law requirements related to the property tax rate.

We will use the certified property values to finalize our property tax rate recommendation and finalize the City Manager's FY 2023-24 proposed budget and FY 2024-25 planned budget.

As a reminder, Mr. Broadnax is scheduled to meet with each of you one-on-one next week on July 31 or August 1 to provide you with an overview of the recommended budget. The budget document and other materials will be provided to you on Friday, August 4 in advance of the budget workshop on Tuesday, August 8.

DATE July 25, 2023
