

Memorandum

CITY OF DALLAS

DATE December 20, 2019

TO Honorable Mayor and Members of the City Council

SUBJECT **Redevelopment of 7-Eleven Store on RSR Superfund Site**

The purpose of this memorandum is to update you on the steps that City staff have undertaken to ensure that construction of a 7-Eleven on a site located at 2826 North Westmoreland Road, Dallas, Texas follows approved plans and applicable requirements intended to protect human health and the environment. The site is within the RSR Superfund Site, Operable Unit 4 (OU4), the location of a former lead smelting operation that was remediated by U.S. EPA between 1984 and 2001. OU4 remains under U.S. EPA oversight in accordance with Federal law. OU4 was subject to a Federal "Ready for Reuse" determination in 2005 for commercial/industrial uses, and a convenience store is intended to be a beneficial reuse consistent with that determination.

City staff received a resident inquiry and visited the site on Thursday, December 12, 2019 to inspect construction activities that are now nearing completion. There is an U.S. EPA-reviewed Soil & Groundwater Management Plan in place to address potential soil or groundwater risks such as this during construction at the site. This plan requires monitoring of soil conditions and anticipates that impacted soils may be encountered at depth. Specifically, the plan requires plastic cover on and around soil stockpiles that are secured from access from the general public. Plastic covers were not being used during our site visit last week, and members of the public have accessed the site. We immediately presented the issue to the environmental consultant for the developer, W&M Environmental (W&M), and W&M agreed to correct site conditions based on our observations.

In addition, we reported our observations to the U.S. EPA (EPA). On both Friday, December 13, and Monday, December 16, City staff communicated to the EPA that plastic covers and perimeter fencing should be used, and fill materials appropriately handled. The EPA stated that they are also working directly with site representatives and will ensure protective remedies are immediately implemented. The EPA further reported to City staff that these issues were not observed during its most recent site visit on Wednesday, December 4, 2019. As of today, EPA has committed to closely monitoring progress at the site to ensure all future activities are in compliance with the plan and protective of human health and the environment. City staff led a site visit with EPA and W&M on Wednesday, December 18, 2019 to observe current site conditions and

Memorandum

CITY OF DALLAS

DATE December 20, 2019

TO Honorable Mayor and Members of the City Council

SUBJECT Final Sweep For Storm Debris In Tornado Impact Zone

The City is initiating public notifications today for residents in the areas impacted by the tornado on October 20, 2019, that a final sweep for debris collections will begin on January 2, and should be completed by January 15, 2020. Residents in the impact zone must place any remaining storm debris at the curb by January 1 to ensure it will be collected by the City.

To date, the City estimates that work crews have collected 95% (the equivalent of 325,000 cubic yards) of debris in the impact zone. Additionally, there has been a significant decline in storm debris set out, prompting this announcement of a final sweep.

An online map on the Sanitation Services website at DallasCityHall.com will be updated daily indicating which streets have had a final sweep for storm debris. Any debris placed out after crews make this final sweep through a street must comply with the normal brush and bulky trash rules and schedule, which is available on the same website or via 3-1-1.

The attached media advisory will be sent to local media outlets and announcements will be made on DallasCityHall.com, social media, and through the City's email lists. We will also seek assistance from the impacted City Council District Offices to distribute this advisory to constituents.

For additional information, please contact me or Tim Oliver, interim director of Sanitation Services.

Last call for storm debris collection in tornado impact zone

Residents must have all remaining debris to curb by January 1

Dallas, TX – The Department of Sanitation Services has directed contract crews to finalize storm debris collections from the October 20, 2019 tornado impact zone, beginning January 2, 2020. Residents in the affected area must have any remaining storm debris to the curb by January 1 to ensure it will be collected.

City staff estimate that 95% of debris have already been collected. It is estimated that all collections will be completed by January 15, 2020.

Any debris set out after crews make this final pass through a street must comply with the normal brush and bulky trash rules and schedule, which can be found on the Sanitation Services webpage at DallasCityHall.com. A map on this site will be updated daily showing which streets have received a final storm debris collection.

To view the October 20 tornado impact zone and debris collection map, visit <https://bit.ly/2PYDWFV>.

Memorandum

CITY OF DALLAS

DATE December 20, 2019

TO Honorable Mayor and Members of the City Council

SUBJECT **Tornado Impact on Property Values**

On Monday, December 16, the Dallas Central Appraisal District (DCAD) notified us they have completed their fieldwork and reappraisal of properties damaged by the October 20 tornado.

On December 19, DCAD mailed notices to affected property owners with their reappraised values and an explanation of the process. Property owners may appeal their reappraised value by contacting DCAD no later than January 21, 2020. Taxes are still currently due and become delinquent if not paid on or before January 31, 2020. If an affected property owner has already paid their 2019 taxes, the Dallas County Tax Office will process and send an automatic refund. Property owners may contact the Dallas County Tax Office with questions regarding their tax bills.

The methodology required by state law for determining a property's reappraised value considers the pre-tornado value for 80 percent of tax year 2019 and the post-tornado value for 20 percent of tax year 2019. The 80/20 split is based on the number of calendar days prior to and after October 20.

Because of the tornado and the reappraisal process, the City of Dallas' 2019 taxable value declined by approximately \$92 million. This will reduce our FY 2019-20 property tax revenue by approximately \$700,000. This information is preliminary since values may change further through the appeals process.

For tax year 2020 (FY 2020-21), DCAD will release preliminary values in April and certified values by July 25.

Please contact me or Jack Ireland, Director of the Office of Budget if you have any questions.

Memorandum

CITY OF DALLAS

DATE December 20, 2019

TO Honorable Members of the Quality of Life, Arts & Culture Committee: Carolyn King Arnold (Chair), Jennifer S. Gates (Vice Chair), Tennell Atkins, Omar Narvaez, Chad West

SUBJECT **Office of Special Events Ordinance - Chapter 42A and High Impact Areas Implementation Update**

On December 3, 2019, Convention and Event Services (CES) Office of Special Events (OSE) staff provided the Quality of Life Committee an update regarding the implementation of the newly revised Chapter 42A Office of Special Events permitting ordinance, and a status on High Impact Areas (HIA) trainings, processes/procedures and outcomes to-date. As part of the subsequent discussion, committee members requested additional information outlined below:

1. **HIA Designation Clarification** – HIAs were initially identified based on past permitting experience and Council member identification. HIAs were presented in the December 3, 2019 briefing.
2. **2018 Citywide Stakeholder Survey Results** – Attached as Exhibit A
3. **2019 HIA Survey Results** – Attached as Exhibit B
4. **Survey Respondents by Council District** – Attached as Exhibit C
5. **Specific HIA Regulations for all areas including West Dallas** – Attached as Exhibit D
6. **Specific Insurance Requirements for Special Events** – Attached as Exhibit E
7. **DPD Cost for First Amendment Activities** – CES staff requested this information from DPD and are awaiting a response
8. **Security Cost Clarification for Event Set-Up/Tear Down** – Security requirements at City Hall Plaza are determined by Courts and Detention Services, to ensure installation vendors are complying with the permit and to make sure no damage is done to City assets. The majority of the overnight security for all events in the City is provided by private security hired by the permit holder
9. **Pole Banner Vendor Notification** – Banners that need repair can be reported to OSE via phone, website or 311. The repairs on Royal Lane have been reported to the installer. Regarding the installation of streetlight pole banners in District 4, Exhibit F details the permitting process, as well as a list of potential vendors

In addition to the attachments and clarifications outlined above, committee members had the following specific requests that are currently being implemented or researched by CES staff and staff will provide a full update by the end of February:

DATE: December 20, 2019

SUBJECT: Office of Special Events Ordinance- Chapter 42A and High Impact Areas Implementation Update

1. Researching the viability of requiring notifications to be distributed in both English and Spanish
2. Developing an HIA Community Advisory Committee (CAC) structure and procedures
3. Distributing an annual survey to ordinance end-users
4. Working with the Office of Environmental Quality to explore the viability of requiring recycling for events
5. Implementing permit requirements to limit loading/unloading vehicles on and around the Margaret Hunt Bridge
6. Creating a process whereby the HIA Committee will review the HIA designations annually based on survey results, CAC feedback, City Council input and overall recent event experience

If you have additional questions, or require further information, please contact me or Rosa Fleming, Director of CES.

Joey Zapata

1 - Least Challenging and 5 - Most Challenging

Weighted Average of Top Issues from Event Planners

Data Identified Challenges

Top 3 challenges identified by survey participants were:

1. Parking issues

- Lack of available street parking for residents, excessive times for meter hooding which impacted businesses and patron parking, permitted events with attendance that far exceeds available parking inventory, etc.

2. Road closures/detours caused by events

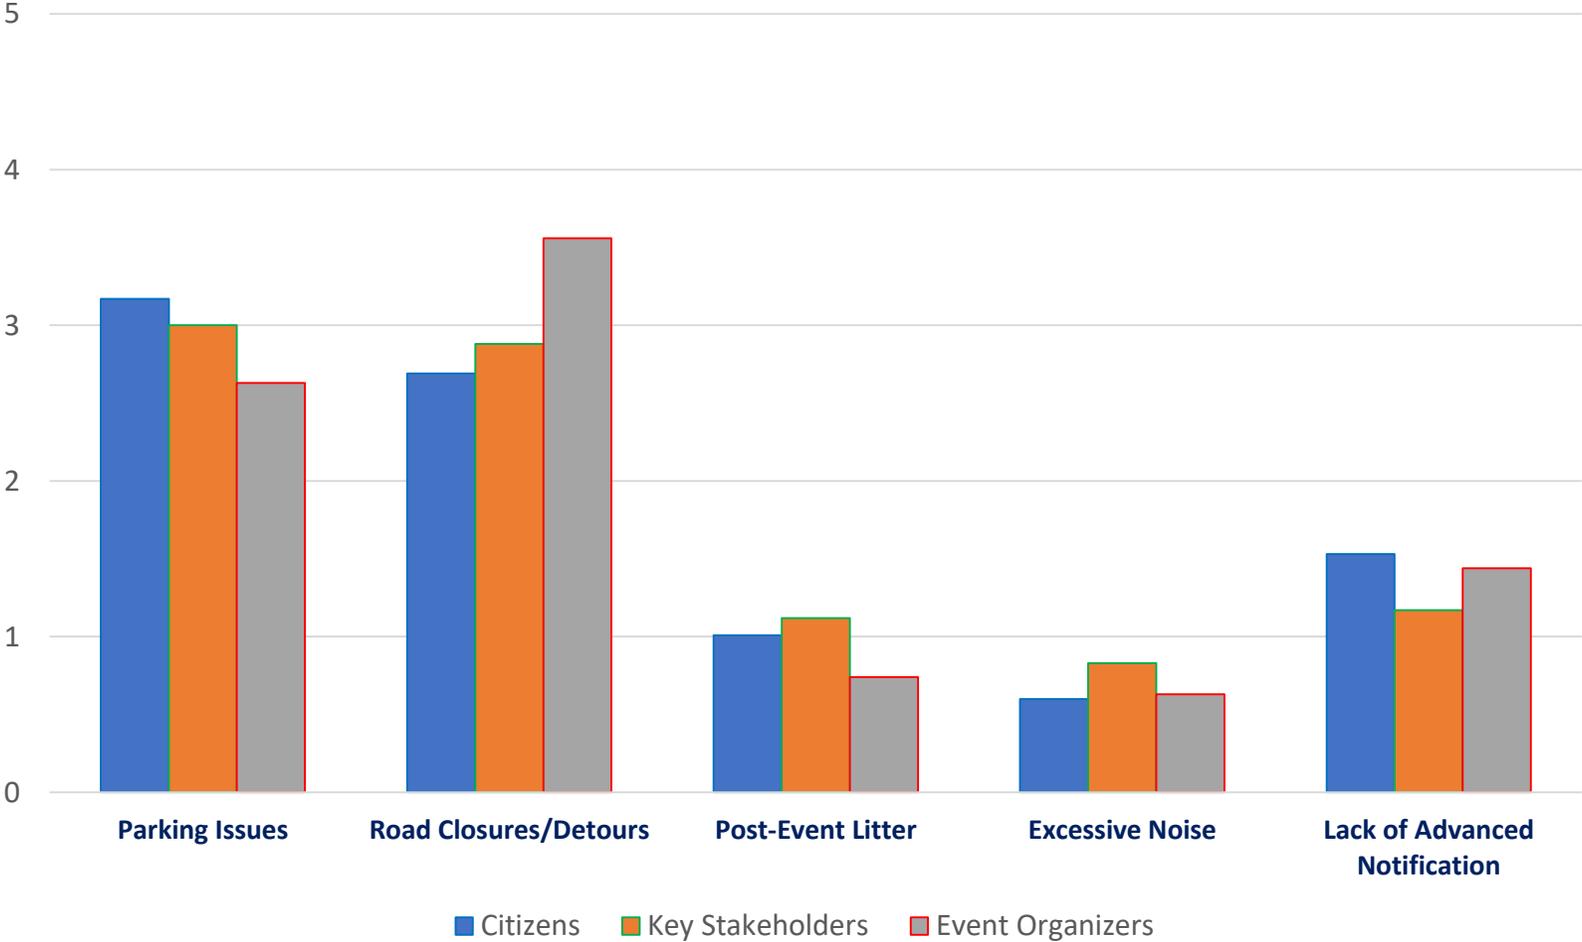

- Illegible and uninformative maps, negative impact on commute caused by street closures, excessive street closures above what is needed, etc.

3. Lack of advanced notification

- Current code limited notification requirements to abutting property only, illegible and uninformative maps, no one representing the event to address questions and concerns

Data Identified Challenges - Combined

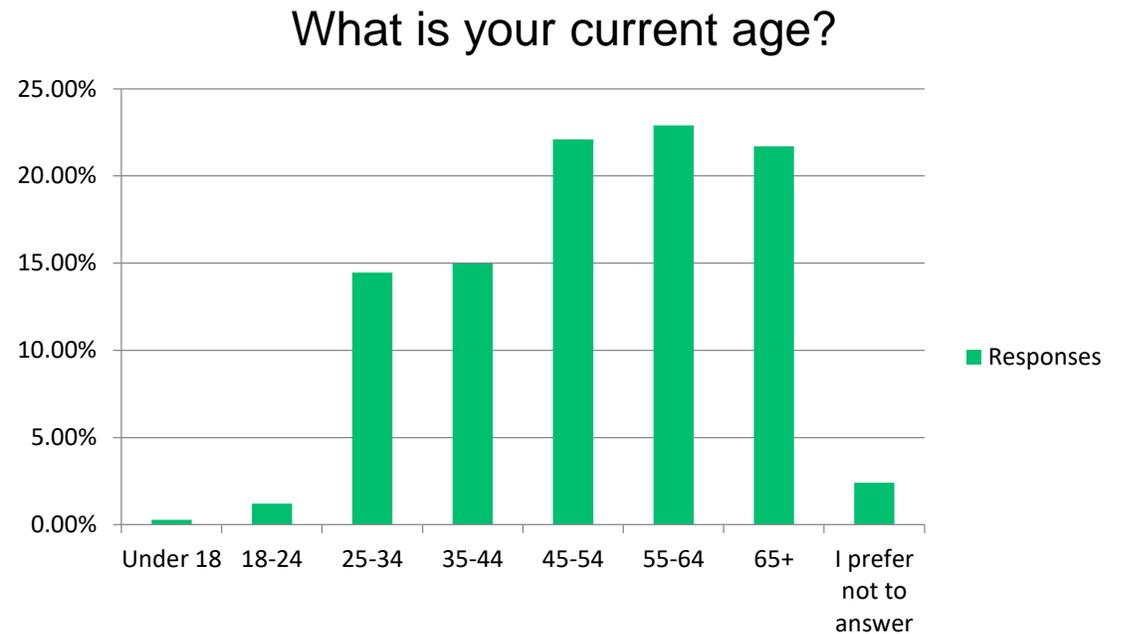

Combined Challenges

4. DEEP ELLUM
5. FAIR PARK AREA
6. KATY TRAIL
7. LAKE RAY HUBBARD
8. LOWER GREENVILLE AVENUE
9. MARGARET HUNT HILL BRIDGE (MHBB) GUIDELINES
10. OAK LAWN PARK / TURTLE CREEK AREA
11. OJOS LOCOS SPORTS CANTINA – TECHNOLOGY BLVD.
12. SWISS AVENUE ('BIG SWISS')
13. TEXAS HORSE PARK
14. UPTOWN
15. VICTORY PARK
16. WEST DALLAS (RONALD KIRK PEDESTRIAN BRIDGE, LA BAJADA)

DEFINITIONS

- **Rush Hour:**
 - Monday through Friday (excluding holidays)
 - 7 - 9 a.m. and 3:30 - 6:30 p.m.
- **Week Day:**
 - Monday through Friday (excluding holidays)
- **Event Impact:**
 - A given event may impact the quality of life of surrounding residents and businesses in several ways including but not limited to street restrictions and closures, additional traffic, parking restrictions, crowds, general noise and outdoor amplified sound.

NON-GEOGRAPHIC RESTRICTIONS

- **OU/TX Weekend**
 - No new events on Friday night, Saturday or Sunday will be permitted
- **State Fair Dates**
 - No new complex events or events with street closures will be permitted during the State Fair of Texas
 - Requests for new simple and moderate events with no street closures will be addressed on a case-by-case basis
- **St. Patrick's Day on Greenville Avenue**
 - No new events will be permitted without written approval from the Chief of Police, Fire Chief and the Director of Transportation
- **Only one large complex static or moving event in a given area will be permitted on any given day (events that require in of excess 100 officers)**

BISHOP ARTS DISTRICT

- No thoroughfare, arterial or a community collector closure during rush hour.
- No full closure of a thoroughfare, arterial or a community collector on weekdays without a viable reroute alternative.
- Weekday evening moving events with street/lane closures that impact a thoroughfare, arterial or a community collector shall start after 7:25 p.m.
- Saturday moving events with street/lane closures that impact thoroughfare, arterial or a community collector shall start no later than 9 a.m.
- A full closure of any main thoroughfare, arterial or a community collector will not be permitted more than 2 days per month.
- Outdoor amplified sound after 10 p.m. will not be permitted.

NOTIFICATION REQUIREMENTS

- **Multifamily Housing notification** - Direct contact (in-person, or email) with property managers of all multi-family housing abutting the event area and all those that may be impacted by the event is required. EXHIBIT E

INSURANCE REQUIREMENTS SPECIAL EVENTS

1. The permit holder shall procure and keep in full force and effect for the duration of the event insurance written by an insurance company approved by the State of Texas and acceptable to the city and issued in the standard form approved by the Texas Department of Insurance. All provisions of each policy must be acceptable to the city.
2. Each policy must name as the CERTIFICATE HOLDER, "City of Dallas 650 S. Griffin St., Dallas, TX 75202" and must also include, "its officers and employees and appointed representatives", as additional insureds.
3. The coverage provisions of each policy must provide coverage for any loss or damage that may arise to any person or property by reason of the conduct of the special event by the applicant.
4. The policy must include setup and teardown dates.
5. Insurance is required in the following types and amounts:
 - (a) General Liability insurance requirements may be waived for special events with a total estimated attendance of less than 2,500 with approval of the city's risk manager.
 - (b) Commercial general liability insurance must be provided with combined single limits of liability for bodily injury and property damage of not less than:
 - i. \$500,000 for each occurrence, for an estimated daily number of participants and spectators of 2,501 to 4,999; or
 - ii. \$1,000,000 for each occurrence, for an estimated daily number of participants and spectators of 5,000 or more.
 - (c) If a special event includes vehicles, aircraft, or other equipment, devices, or activities that are excluded from coverage in the commercial general liability insurance policy required in Paragraph (1) of this subsection, then separate

additional liability insurance coverage for the applicable exclusion must be provided by the applicant or the aircraft provider with combined single limits of liability for bodily injury and property damage of not less than:

- i. \$500,000 for each occurrence, for an estimated daily number of participants and spectators of 2,501 to 4,999; or
- ii. \$1,000,000 for each occurrence, for an estimated daily number of participants and spectators of 5,000 or more.

(d) If vehicles are “static displays” provide OSE an auto waiver stating: “All autos/vehicles participating in the event will remain as static displays and will not be operated during event hours. All autos are personally owned, and the permit applicant is responsible for verifying all participants who are displaying autos/vehicles have a valid driver’s license and proof of automobile liability coverage.” Please use template provided”

(e) If parade vehicles are personally owned, provide OSE an auto waiver stating: “All autos are personally owned, and the permit applicant is responsible for having a plan in place to verify that the drivers of every vehicle have a valid driver’s license and proof of automobile liability coverage.” Please use template provided”

(f) If any alcoholic beverage is sold, served, or otherwise made available at the special event, then separate additional liquor liability insurance must be provided by the alcoholic beverage license holder in an amount of not less than \$1,000,000 for each claim.

(g) If any fireworks, pyrotechnics, explosives, or other special effects are displayed at the special event, then separate additional general liability insurance must be provided by the pyrotechnics company in an amount of not less than \$3,000,000 for each claim.

(h) If security guards (other than Dallas police officers or city staff) are used at the

special event, then separate additional security guard liability insurance must be provided by the security guard company in an amount of not less than \$1,000,000 for each claim.

(i) If emergency response or first aid stations (other than stations staffed by only Dallas fire-rescue officers or city staff) are provided at the special event, then separate additional medical liability insurance must be provided by the applicant in an amount of not less than \$1,000,000 for each claim, and if ambulance service (other than service provided by Dallas fire-rescue officers and vehicles) is provided, then separate additional automobile liability insurance must be provided by the emergency response or ambulance provider in an amount of not less than \$1,000,000 combined single limit for each claim.

(j) If amusement rides are provided at the special event, proof of separate additional general liability insurance meeting the state liability and coverage requirements for each particular ride must be provided by the applicant or the amusement ride provider, along with a current certificate of inspection for each ride.

(k) If animals are part of the special event, then separate additional general liability insurance covering any bodily injury and property damage caused by animals must be provided by the applicant or the animal provider in an amount of not less than \$500,000 for each claim.

(l) If the special event is conducted at a city-owned facility, general liability insurance must be provided by the applicant in an amount of not less than \$500,000 for each claim.

6. In addition to the insurance requirements listed above, OSE may require additional insurance for a special event if such additional insurance is recommended by the city's risk manager as being necessary for the protection of the city or the public health, safety, and welfare.

7. If a facility or other property owned or managed by the city is subject to both the insurance requirements of this chapter and insurance requirements established by another city ordinance, an official city action, a city lease or use agreement, or other applicable law, then the insurance requirements with the greater limits and coverages must be met to conduct the special event at the facility or property.

8. An original certificate of insurance completed by an authorized agent of the insurance company and evidencing each insurance coverage required under this section must be submitted to the OSE coordinator at least 15 days before the special event begins. A special event permit will not be issued until the insurance requirements have been verified by the city.

9. The applicant is responsible for theft, loss, or damages to City owned property that result from this event.

10. An applicant for a permit issued under this chapter shall execute an agreement to indemnify the city and its officers and employees against all claims of injury or damage to persons or property, whether public or private, arising out of the permitted activity. The indemnification is included in the on-line application and your electronic signature will be accepted

ELIGIBILITY REQUIREMENTS

The City of Dallas streetlight pole banner program was designed to add life and color to the city's streetscape while at the same time promoting special events and other cultural or sporting activities of benefit to the City.

Streetlight pole banners in association with special events, Public Improvement Districts, or other activities such as art shows, concerts, festivals, major sports celebrations, parades and runs are eligible to apply for a streetlight pole banner permit. Please note, the placement of banners for the purpose of commercial advertising is not allowed as part of this program.

APPLICATION

The application for a streetlight pole banner permit requesting the placement of banners must be submitted online to the Office of Special Events at least 30 days prior to the proposed banner installation date.

To complete the application, the applicant will need to provide the following:

- A list of banner locations that includes the *street name, block number and field locator number* for each streetlight pole location (this list can be entered on the application or an excel file can be uploaded on the application);
- Scheduled dates of installation and removal of banners;
- Proposed [graphic design](#) of the banner;
- Installation company contact information; and the
- Ability to sign indemnification waiver (on the online application)

Please note, that submission of a complete application does not guarantee a permit will be issued. All requirements must be met prior to permit issuance.

HOW TO IDENTIFY FIELD LOCATION NUMBERS

1. Visit www.oncorstreetlight.com/#
2. Click on blue SEARCH button at top left.
3. Enter street address (be sure to enter city and state - 1234 Main St. Dallas, TX)
4. Hit green SEARCH button. The map will then populate all the streetlight poles that are installed in that block range – each yellow dot represents a pole. If no yellow dots appear, zoom in until yellow dots are visible. From this point, you can then drag the map around to other poles in the vicinity.
5. Right click on the yellow dot/pole to see the assigned Field Locator Number (FLN). For each pole you request, please list each specific block number, street name, and FLN on your application.

FEES

A \$100 base application processing fee is assessed for each streetlight pole banner application along with the following fees:

- Per Pole Fee of \$20
- Permitted events will receive their first 5 poles at no charge, additional poles will be invoiced at \$20 per pole.
- Public Improvement District Annual Permits are excluded from all application processing fees. Banners must be related to Public Improvement District identification.
- A \$40 late application fee is assessed per day and limited to up to five days to all applications received under 30 business days of the banner installation date. Applications received more than 5 business days late will be asked to adjust their installation dates.

Following the submission and acceptance of a complete application, the applicant will receive an invoice from OSE for all applicable fees. All fees are nonrefundable. Processing of the application will not begin until all applicable fees have been paid.

STREETLIGHT POLE DESIGN STANDARDS

1. A banner must display a pre-approved promotional message, a welcome message, or generic graphics. Graphics are approved by the Office of Special Events at the time of application.
2. No more than 10 percent of the effective area of a banner may contain a welcome message that identifies and greets a group using city property in accordance with a contact, license, or permit.
3. Up to 10 percent of the effective area of a banner may contain the word(s) or logo(s) that identify a sponsor of a cultural event or activity if the sponsor's name is part of the name of the activity or event.
4. A banner having either a promotional message or a welcome message may not be erected more than 90 days prior to the beginning of the advertised activity or event and must be removed no later than 15 days after that activity or event has ended.

BANNER REGULATIONS

In general, banners are permitted on streetlight poles as long as the banners and their hardware meet the sign construction and design standards contained in the Dallas Building Code (51-A) and comply with all applicable requirements, laws and ordinances.

Requirements include, but are not limited to the following regulations;

1. The sign hardware may be left in place between displays of a banner.
2. A banner and its sign hardware must:
 - be mounted on a pre-approved streetlight pole;
 - be at least 12 feet above grade, unless it overhangs a roadway, in which case it must be at least 15 feet above grade;
 - be made from weather-resistant and rust-proof material;
 - be printed on both sides of material;
 - not be illuminated;
 - not project more than 3 feet from the pole onto which it is mounted;
 - not exceed 25 square feet in effective area;
 - not interfere with emergency equipment, including fire, police, medical, electrical, commercial vehicles and trucks or bus transportation.
3. The maximum number of street light banner is two per pole, with each banner on opposite sides of the pole.

INSTALLATION, MAINTENANCE AND REMOVAL

The client is responsible for the installation, maintenance and removal of the banners. It is recommended the applicant retain the services of a private contractor.

If applicant is hiring a subcontractor to handle the installation, maintenance and removal services for the banners, the applicant is required to ensure their subcontractors, laborers, materialmen and suppliers meet all Streetlight Pole Banner guidelines, specifications and comply with all city ordinances.

For installation, banners must be attached to banner hardware, which must be attached to the street light poles with proper banding materials. Applicants are advised that street light poles cannot be penetrated or altered in any manner by the installation or removal of banners or banner hardware. Any permanent banner or hardware that is moved or removed during the installation shall be put back in place once banners are removed. Any damage to the banner hardware or streetlight poles shall be reported to the Office of Special Events.

To ensure banners remain safe and attractive, the applicant is responsible for monitoring and maintaining the banners at all times. If a problem unrelated to public safety exits, the applicant is required to remove, replace, repair, or otherwise correct the problem within 48 hours of notice. If a public safety-related problem is discovered, the applicant must act immediately to correct the problem, and if it fails to do so, the City of Dallas may act to correct the problem at the expense of the applicant.

INSURANCE

The applicant shall procure and keep in full force and effect for the duration of the banner installation, minimum insurance written by an insurance company approved by the State of Texas and acceptable to the city and issued in the standard form approved by the Texas Department of insurance. All provisions of each policy must be acceptable to the city and name the City of Dallas and its officers, employees and elected representatives as additional insured. Insurer must provide a Waiver of Subrogation to the City of Dallas, its officers, employees for bodily injury (including death), property damage or any other loss. A Certificate of Liability Insurance must be submitted before permit is released.

1. Insurance required under this article must include a cancellation provision in which the insurance company is required to notify the director in writing not fewer than 30 days before cancelling the insurance policy or before making a reduction in coverage.
2. Insurance is required in the following types and amounts:
 - a. Commercial general liability insurance must be provided with combined single limits of liability for bodily injury and property damage of not less than \$1,000,000 for each occurrence with a \$2,000,000 annual aggregate.
 - b. Business automotive liability insurance covering owned, hired, and non-owned vehicles, with a combined single limit for bodily injury (including death) and property damage of \$1,000,000 per occurrence.
 - c. Worker's compensation insurance with statutory limits.
 - d. Employer's liability insurance with the following minimum limits for bodily injury by:
 - i. accident, \$1,000,000 per each accident; and
 - ii. disease, \$1,000,000 per employee with a per policy aggregate of \$1,000,000.
 - e. Umbrella liability insurance following the form of the primary liability coverage described in Subsection (a) and providing coverage with minimum combined bodily injury (including death) and property damage limit of \$1,000,000 per occurrence and \$1,000,000 annual aggregate.

3. In addition to the insurance requirements of Subsection (c) of this section, the director may require additional insurance for a streetlight pole banner if such additional insurance is recommended by the city's risk manager as being necessary for the protection of the city or the public health, safety, and welfare.
4. If a facility or other property owned or managed by the city is subject to both the insurance requirements of this chapter and insurance requirements established by another city ordinance, an official city action, a city lease or use agreement, or other applicable law, then the insurance requirements with the greater limits and coverages must be met to erect a streetlight pole banner at the facility or property.

ONCOR

It is important to note, most of the streetlight poles in Dallas used for the placement of banners are owned by ONCOR and not the City of Dallas. If an applicant requests to streetlight poles owned by ONCOR, the Office of Special Events will notify the applicant of the requirement to seek approval from ONCOR.

Click here for the [Oncor Electric Delivery Decorative Banner & Sign Placement Guidelines](#).

PERMIT EXTENSION

1. An applicant may not submit a request to extend a streetlight pole banner permit earlier than two weeks prior to the expiration of an existing streetlight pole banner permit.
2. A streetlight pole banner permit may be extended in additional 60-day increments based upon availability of the streetlight poles.
3. Streetlight pole banner permits may be extended for a maximum of one year.
4. The director shall assess all applicable streetlight pole banner fees in 60-day increments.
5. This section does not apply to a public improvement district annual streetlight pole banner permit.

Street Pole Banner Installation Companies

The companies listed below have indicated they provide services related to the production and installation of street pole banners for special events. The companies are listed in alphabetical order and are provided for informational purposes only. The city of Dallas does not require special event producers to use these companies for street pole banners and their inclusion on this listing does not represent a recommendation by the City of Dallas.

Memorandum

CITY OF DALLAS

DATE December 20, 2019

TO Honorable Mayor and Members of the City Council

SUBJECT **Addition of Medical Evaluation and Monitoring at the City Detention Center**

Following a review of procedures and processes at the City Detention Center (CDC), I want to inform you of some recent changes that have been implemented by the Marshal's Office, the Dallas Police Department (DPD), and Dallas Fire-Rescue (DFR).

A notable change is an increase in staffing to improve the level of service to those in custody. A DFR paramedic is now onsite 24/7 at the CDC to evaluate individuals as they are brought in for booking as well as to be available for medical emergencies while they are in custody. In addition, DFR has enhanced their field evaluation protocols to better determine those patients who should be transported directly to a hospital emergency facility rather than being taken to the CDC. All DFR paramedics have been trained on the new guidelines.

After the initial medical evaluation by a paramedic at the CDC, should an arrested individual brought in by DPD require ambulance transport, a DPD supervisor will be immediately contacted, following the transport, to review the circumstances and take appropriate action.

This new medical program is under the direction and authority of DFR's Medical Director, Dr. Marshal Isaacs, along with DFR's EMS leadership. Should you have any questions, please contact me or Court & Detention Services Director Gloria Lopez Carter at 214-670-3311.

SUBJECT **Raising awareness of 2020 Community Survey**

As a reminder, ETC Institute (ETC) will begin administering the biannual Community Survey on January 2. The purpose of the survey is to assess resident perceptions of Dallas and understand community priorities regarding City services.

Although ETC selects participating households at random, we need everyone's help to encourage residents to complete the survey if they are selected. To help raise awareness among residents, we have attached a graphic with recommended language for you to share with your constituents through the channel(s) you prefer. Public Affairs and Outreach is also distributing the attached press release today.

ETC will administer the survey in January and February, and we plan to brief City Council on the results in April. If you have questions, please contact the Office of Budget Director, Jack Ireland.

pao@dallascityhall.com

Community survey to be released in 2020

Dallas, Texas – The City of Dallas Office of Budget is spearheading the biannual Community Survey to assess residents' perceptions of Dallas and understand community priorities regarding City services.

The survey administrator, ETC Institute, selects a random sample of households to complete the survey, ensuring at least 100 households are chosen from each City Council district. Selected households will be notified by mail on January 2, 2020. Households will also receive follow-up phone calls as a reminder to complete the survey. Materials will be mailed in English, and assistance will be available for Spanish speakers to complete the survey. All survey responses are anonymous.

"It's important that we continuously seek input from our residents to understand the diverse needs of our community," said Elizabeth Reich, Chief Financial Officer for the City of Dallas. "The data collected will give City departments better insight into residents' priorities and opportunities for us to improve."

Dallas City Council will be briefed on the results from the survey in April 2020.

Did you get a survey from the City of Dallas in the mail?

Your responses to the Community Survey will help us understand your priorities regarding City services. Take the survey today!

Memorandum

CITY OF DALLAS

DATE December 20, 2019

TO Honorable Mayor and Members of the City Council

SUBJECT **New Procurement Opportunities**

The Office of Procurement Services (OPS) would like to inform the City Council of the following contract opportunities that have been advertised this week in the *Dallas Morning News*. These opportunities are also on Bonfire, the City's electronic bid portal: <https://dallascityhall.bonfirehub.com/login>. (Free registration is required to view the opportunity in full.) In addition, citywide opportunities for the first quarter are listed on the OPS website: <https://dallascityhall.com/departments/procurement/pages/default.aspx>.

Solicitation No.	Solicitation Name
1. BC20-00011711	Minor Plumbing Services

Once an opportunity/ solicitation is advertised, it is considered an open procurement until the City Council awards the contract. Please be advised that Section 12A-15.8(g) of the Code of Ethics prohibits communication between councilmembers and bidders or proposers on open procurements.

Should you have any questions, please contact Chhunny Chhean, Director of Procurement Services.
