### **Dallas Water Utilities receives Environmental Justice and Equity Award**

The American Metropolitan Water Association (AMWA) awarded Dallas Water Utilities (DWU) with its new Environmental Justice and Equity Utility Management Award. In developing this award, AMWA wanted to encourage utilities to strive to advance environmental justice in one or more categories that meet their communities' specific needs. Winners demonstrated how their utilities have overcome historic inequities and barriers within their communities to create more equitable and sustainable water systems and advanced environmental justice programs, projects, and practices. DWU actively works on City-approved initiatives for unserved areas, works within the communities to increase opportunities for public art, memorial and historical site celebrations, internal and external team building and community engagement.

"As we celebrate the strides made in the water sector, AMWA's new Environmental Justice and Equity Utility Management Award shines a spotlight on member utilities championing environmental justice and equity within their communities," said AMWA CEO Tom Dobbins, CAE. "AMWA applauds the five pioneering utilities spearheading transformative initiatives, such as lead service line replacements, sustainable ratepayer programs, community revitalization endeavors, supplier diversity drives, and inclusive stakeholder collaborations. Their commitment is a beacon of progress in crucial areas for our shared future. Congratulations to all." Should you have any questions, please contact Sarah Standifer, Director (I) of Dallas Water Utilities at [Sarah.Standifer@dallas.gov](mailto:Sarah.Standifer@dallas.gov).

### **Charter Review Commission Upcoming Meeting**

The Charter Review Commission will hold a public meeting on Tuesday, November 7, at 6:30 p.m. Attached are bilingual social media infographics for the public meeting. Additional information on the Charter Review Commission is available [here](#). Should you have any questions, please contact Jake Anderson, Manager – Government Affairs, at [james.anderson1@dallas.gov](mailto:james.anderson1@dallas.gov), or Carrie Rogers, Director of the Office of Government Affairs, at [carrie.rogers@dallas.gov](mailto:carrie.rogers@dallas.gov).

### **Dallas Animal Services reunites family with dog who had been lost for over a year**

Dallas Animal Services (DAS) reunited a family with their beloved dog Bella, who had been lost for over a year. Bella came into DAS as a stray without a collar. Thanks to an up-to-date microchip, the DAS Pet Support Team was able to swiftly track down the owners and reunite them with their beloved pup. The family had not given up on finding Bella, and were [thrilled when they were reunited once again](#). Reunifications like this are why DAS encourages all pet owners to have their animals microchipped and keep the information up to date. All animals adopted from DAS also go home with a microchip. Should you have any questions, please email MeLissa Webber, Director of Animal Services at [melissa.webber@dallas.gov](mailto:melissa.webber@dallas.gov).

### **Dallas Animal Services officers crawl through drainage ditch to save kitten**

Dallas Animal Services (DAS) received a service request for a distressed kitten in a drainpipe. DAS officers responded to the Wynnewood North neighborhood and quickly realized the kitten’s meows echoed from way down in the drainpipe. The team were able to access the area carefully and began slowly inching their way to the sound of the kitten’s cries. Officer Ponce-Torres was able to get close enough to encourage the kitten to move up the pipe right into the waiting arms of Supervisor Morales. The four-week-old feline is now safe and sound in foster care, gaining weight, and will soon be ready for adoption. Should you have any questions, please email Mary Martin, Assistant Director of Animal Services, at [mary.martin@dallas.gov](mailto:mary.martin@dallas.gov).

The R.E.A.L. Time Rehousing (RTR) team of homeless service providers, co-led by the Office of Homeless Solutions (OHS) and Housing Forward [has successfully rehoused 2,700 \(and counting\) unique individuals as of October 17, 2023](#). The City and its partners now have a new goal of housing 6,000 unique individuals by 2025 across the expanse of the metroplex.

**OHS Street Outreach Update**

Outreach is currently targeting several encampments, which will result in closure through the housing of those unsheltered individuals throughout the year. The team will outreach to these sites and meet with various persons experiencing homelessness to assess their needs in preparation for site closure via housing. During this time, the OHS Street Outreach Team will continue to engage with unsheltered residents through normal street outreach, connecting people with the needed resources, such as: getting IDs, working with Community Courts on expunging eligible tickets and offenses from their records, identifying medical needs, and getting them access to the Coordinated Access System (CAS). The RTR Community Dashboard is live and may be found [here](#).

Please see the attached schedule for homeless encampment cleaning the week of October 30 through November 3, 2023. Please note that these will be for debris removal and outreach only. All encampment cleaning requests are being resolved as time and weather allows and are subject to modification in response to special requests by City leadership.

**Give Responsibly Campaign Outreach Update**

The Office of Homeless Solutions and Code Compliance work together to promote the Give Responsibly Campaign (GRC). This initiative aims to prevent street charity and illegal solicitation in the community through education and engagement.
