Notice Regarding Copyright and Ownership

The Dallas Municipal Archives charges non-profit and commercial preservation fees to support maintenance of our collections. Possessing reproductions of the Municipal Archives' materials does not constitute permission to use. While most materials in the Archives are public records, the City of Dallas asserts its ownership of the originals. Materials owned by the Municipal Archives are not considered Public Domain.

Materials appearing on the **Portal to Texas History**, our digital library partnership hosted by the University of North Texas, are free for the use of students and non-professionals. Professional and commercial use of images on the Portal requires payment to the City of Dallas.

Digital Scanning & FTP Delivery

Images can be scanned at up to 1200 dpi and produced from transparencies, negatives, or prints up to 8x10. In most cases, the Archives can provide a File Transfer Protocol site [FTP] from which images can be downloaded. After payment, the address is sent to you, and the images will remain at that site for 72 hours before the link is removed. Upon request, files can be transferred to compact disk in most standard file formats. Images are for one-time use only and may not be used for future publication or broadcast without additional authorization or payment of fees. Typical scans are 300dpi.

Processing Time

Turnaround time for photographic reproductions is seven to fourteen working days (no service on weekends or holidays) and could be longer due to backlogged orders. Turnaround time is approximate from the date of receipt. **The Archives is unable to accept rush orders, and users are urged to plan accordingly.**

Billing and Handling

All orders must be prepaid. Prepayment may be made by cash (in person), check, or money order, made out to the **City of Dallas,** and mailed to 1500 Marilla Street, Suite L2DN, Dallas, TX, 75201 to the attention of the Dallas Municipal Archives. Credit cards are not accepted. Domestic mail orders will be sent first class. Orders may also be sent via overnight mail services if charged to requestor's account.
