

For the buildout enrollment of 2,012 scholars, this equates to 4.27 linear feet per scholar. More specifically, the Primary School queuing space of 3,600 linear feet provides 4.79 linear feet per scholar and the 5,000 feet provided for the Secondary School provides 3.97 linear feet per scholar.

City of Dallas staff expressed concern about potential queuing onto the IH 30 frontage road and cited negative examples of queuing conditions at two other charter schools, Family Faith Academy and Life School. **Table 2** summarizes a comparison of charter school on-campus queuing space provisions and the enrollment and resulting ratio of linear space to enrolled student.

*Table 2. Charter School Queue Space Comparison*

SCHOOL	ENROLLMENT # STUDENTS	QUEUE LF	LF/STUDENT
FAMILY FAITH ACADEMY (OLD TMP)	2,323	620	0.27
FAMILY FAITH ACADEMY (NEW TMP)	2,323	3,100	1.33
LIFE SCHOOL	1,539	3,100	2.01
UPLIFT WISDOM PREPARATORY	1,600	6,170	3.86
UPLIFT LUNA IH 30 (PER SITE PLAN)	2,012	8,400	4.27

The Uplift Luna IH 30 campus site plan provides over double the ratio of linear space to maximum number of scholars than the charter school campuses that the City of Dallas cited as having issues.

The operators of Uplift Education have demonstrated that the administrations and teachers/staff at the Uplift Education schools are adept at processing carline operations smoothly and efficiently. The Uplift Education schools utilize passenger identification system for scholar pick-up operations. Each campus maintains an Operations Director to work with the traffic engineer, the parents, staff, and administration to facilitate safe scholar drop-off and pick-up operations.

With the proper traffic management plans in place, the site plan has been designed to accommodate the predicted peak queuing conditions which typically occur during the afternoon pick-up operations.

As the school is not scheduled to open until 2022, the specific hours of school operations are not finalized. Other Uplift Education campuses operate with staggered dismissal times for the Primary and Secondary schools. **Table 2** provides the Uplift Wisdom Preparatory Campus School Hours provided on the school website.
