

- Hard Hats for Little Heads. The Foundation annually partners with the Texas Medical Association Foundation to provide bicycle safety information and give bicycle helmets to young children; and
- Juvenile Diabetes Research Foundation. The Foundation co-chaired the Foundation's Bike-a-thon at the Cottonwood Creek Trail Park, raising approximately \$10,000.

5. Part of the Foundation's mission is preserving and maintaining the Aldredge House. We take this responsibility very seriously. We pay significant property taxes and maintenance costs. Our yearly costs in keeping up the Aldredge House can vary, but are generally over \$120,000. The Foundation makes no profit whatsoever from the operation of the Aldredge House; in fact, funds from event rentals only serve to offset the costs of maintaining the house and must be augmented by other funding sources.

6. We employ a caretaker for the house; in fact, he is the only employee of our all-volunteer organization. Part of his responsibility is turning off the Aldredge House's burglar alarm if it sounds. Further, four Foundation members (the President, President-elect, Aldredge House chair, and Aldredge House chair elect), all have our contact information listed with our security company.

7. The Aldredge House is an immense space of about 7000 square feet, with large and beautiful grounds. The home can accommodate over 200 people for events. It has four restrooms available for guest use.

8. In response to some neighbors' concerns, the Foundation developed new rules for the operation of the Aldredge House. The rules are incorporated into our new Aldredge House Rental Agreement, attached as Exhibit A.

9. The application for new zoning that has been submitted to the City of Dallas by the Foundation is attached as Exhibit B.

FURTHER AFFIANT SAYETH NOT.
