RE: Aldredge House

Dear Board Members-

As a previous resident of the historical Swiss Avenue neighborhood for 20 years, I would like to express my strong support of preserving the social exemption status of the Aldredge House.

I grew up within 2 blocks of this landmark. I have jogged by the beautifully maintained structure countless times. I do not ever recall any disturbance generated by the social events conducted down the street. The Dallas County Medical Society Alliance group has maintained its beauty and authenticity both inside and out. I have attended functions within the Aldredge House; these events were quiet and peaceful and elegantly conducted. Please do not deny others this unique opportunity to be exposed to such well-maintained historical beauty in such a memorable setting. There is nothing else like it in Dallas.

Sincerely,

R Lynn O'Neal
