REQUEST: An application to replat a 1.243-acre tract of land containing all of Lots 7 and 8 in City Block J/8343 to create one lot on property located on Navy Avenue, north of Plata Way.

SUBDIVISION HISTORY:

1. S156-231 was a request southeast of the present request to replat a 2.012-acre tract of land containing all of Lots 1, 2, 3, and 4 in City Block G/8343 to create 8 lots ranging in size from 9,538-square feet to 12,632-square feet on property located on Army Avenue between Radar Way and Beau Purple Drive. The request was denied July 21, 2016.

2. S123-271 was a request contiguous south of the present request to replat all of Lots 9 and 10A in City Block J/8343 into one 3.051-acre lot on property located at 210 Navy Avenue at Verde Way. The request was denied October 24, 2013.

3. S078-088 was a request northeast of the present request to replat a 1.572-acre tract of land containing all of Lots 1, 2, 16 and 17 in City Block J/8343 into one lot on 5916 Marine Way between Army Avenue and Navy Avenue. The request was approved February 7, 2008 and since been expired due to the lack of activity.

PROPERTY OWNER NOTIFICATION: On March 25, 2020, 16 notices were sent to property owners within 200 feet of the proposed plat.

STAFF RECOMMENDATION: Section 51A-8.503 states that “lots must conform in width, depth and area to the pattern already established in the adjacent areas, having due regard to the character of the area, its particular suitability for development, and taking into consideration the natural topography of the ground, drainage, wastewater facilities, and the proposed layout of the streets.”

- The properties to the north, northeast, east, and south of the request have widths ranging from 100 feet to 130 feet and areas ranging from 17,439 square feet to 30,537 square feet and are zoned R-7.5 (A) Single Family District. (please refer to the existing area analysis map)

- The property at the southeast corner of Navy Avenue and Marine Way (S078-088) is a temple with nonconforming structure. The property contiguous to the south of the request (S123-271) is a church on Lot 10A. (please refer to the history)
The request is in an R-7.5(A) Single Family District with minimum a lot area requirement of 7,500 square feet. Staff finds that the majority of lots in the immediate vicinity of the request have widths of 100 feet and lot areas not larger than 30,537 square feet. The request creates a lot with a width of 200 feet (twice as large as the majority of residential lots in the immediate vicinity) and an area of 54,145 square feet (twice as large as the majority of residential lots in the immediate vicinity).

The request complies with the requirement of R-7.5(A) Single Family District, but staff finds that there is an established lot pattern and the request does not comply with the requirements of Section 51A-8.503; therefore, Staff recommends denial of the request; however, should the commission approve the request, we recommend that the approval of the request be subject to compliance with the following conditions:
