

Zoning Case Z189-267
 Adult Day Care 909 Oxbow
 Traffic Impact

The proposed adult day care is anticipated to have the following conditions. There would be 30 clients, 5 full time staff, and 6 part time staff. The clients and staff would arrive and leave on a staggered schedule as per the following estimated times. The clients would be dropped off and picked up under the porte cochere, and staff would help the clients enter or exit the building. It would take 1-3 minutes for each client to exit or enter the car. The two parking spaces nearest the entrance would be designated as drop-off and pick-up only. The traffic would flow in one direction, and the driveway would be 24 feet wide, sufficient for a secondary vehicle to pass by in case a vehicle was stopped for dropoff or pickup.
