When measured from the south property line between 1351 and the north property line, the roof ridge may not exceed 625.00 AMSL.

When measured from the south property line between 951 and 1350 feet, the roof ridge may not exceed 620.00 AMSL.

When measured from the south property line between 551 and 950 feet, the roof ridge may not exceed 627.00 AMSL.

When measured from the south property line between 0 and 550 feet, the roof ridge may not exceed 622.00 AMSL.

NOTES FOR SEC. 51P-750.111

- (b) Residential tract: Tract A. Except as otherwise provided in this subsection, the following regulations apply in Tract A.
- (1) **Front, side, and rear yards.**
 - (A) **In general.** The only required yards are the setbacks in this subsection, which apply only to external property lines of this district. No setbacks are required internal to this district or between tracts or lots.
 - (B) **Western property line setback.** Minimum setback from the western property line of Tract A is 20 feet. Streets may not be located within the required setback from the western property line. 14 parking spaces made out of grasscrete or an equivalent material may be located within the required setback.
 - (C) **Meadow Park Drive setback.** Minimum setback from Meadow Park Drive is 20 feet. Building sites with frontage on Meadow Park Drive may have frontage on two opposite sides. Parking and streets may not be located within the required setback from Meadow Park Drive, except that portions of the following streets are permitted within this setback where those streets connect to Meadow Park Drive as shown on the street plan:
 - (i) A street that is perpendicular to Meadow Park Drive.
 - (ii) The optional northeast street.
 - (D) **Northeast property line setback.** Minimum setback from the northeast property line of Tract A is 20 feet or an alternate street section approved on a development plan may be located within the required setback in Tract A.
 - (E) **Walnut Hill Lane setback.** Minimum setback from Walnut Hill Lane is 20 feet.
 - (F) **Roof slope setbacks and building facade setbacks from the western property line.** All residential building facades and roofs within 60 feet of the west property line of this district must comply with the residential guidelines (Exhibit 750I), except that chimneys may project up to 12 feet above the slope shown on the residential guidelines.
 - (2) **Density.** Maximum number of dwelling units in Tract A is 130. See Paragraph 51P-750.111(a)(1) for district-wide limits on density.
 - (3) **Floor area.**
 - (A) **Maximum floor area.** No maximum floor area.
 - (B) **Minimum floor area.** Minimum floor area for each dwelling unit in Tract A is 2,000 square feet of air-conditioned space. Minimum average floor area of dwelling units in Tract A is 2,200 square feet of air-conditioned space. The floor area of garages is excluded from the calculation of the minimum and average floor area for dwelling units.
 - (4) **Height.**
 - (A) Except as provided in Subparagraph (B),
 - (i) Within 550 feet of the southern property line, the roof ridge may not exceed 622.00 AMSL.
 - (ii) Within 551 feet and 950 feet of the southern property line, the roof ridge may not exceed 627.00 AMSL.
 - (iii) Within 951 and 1350 feet of the southern property line, the roof ridge may not exceed 620.00 AMSL.
 - (iv) Within 1351 feet and the northern property line, the roof ridge may not exceed 625.00 AMSL.
 - (B) Chimneys may project to a height not to exceed 12 feet above the maximum structure height.
 - (5) **Platted lots.** Each dwelling unit in Tract A must be on a separately platted lot. Each lot must comply with Article VIII, except that platted lots may have frontage on two opposite sides. Frontage may be on open space, a street, or a mews. Shared access developments may have any number of lots served by a shared access area and any number of shared access points, except that the city plan commission may deny a shared access development plan if it finds that adequate water, police, fire, transportation, or other public services or infrastructure cannot be provided.

GENERAL NOTE:

- Internal Vehicular streets or drives are considered private and not public right of way.

¹ Use Category by Percentage: Percentages are estimates only but all mixed use requirements per Section 51P-750.208 (d) shall be met. Subject to the use category requirements, the maximum floor area for nonresidential uses in Tracts C, C-1, D, E-1, E-2, F, and G combined is **475,000 square feet**, per 51P-750.111 (c)(3)(A), and the maximum dwelling units, retirement housing dwelling units or suites, and hotel or motel guest rooms combined are allowed in this district is **1,310 units**, per 51P-750.111 (a)(1). Subject to these requirements, additional residential and non-residential space be built in subsequent phases.

² Maximum lot coverage for the district is 80 percent, per 51P-750.111 (a)(2)(B).

³ Actual Restaurant SF and Patio SF tabulation to be updated on Future and Amended Development Plans.

⁴ Multi-family unit mix assumed to be 70% 1-bedroom and 30% 2-bedroom units.

⁵ Parking to meet parking requirements, including:
 1 space per apartment bedroom
 1 space per 100 sf of restaurant space
 3 spaces per 1,000 sf of office space
 1 space per 200 sf of retail space
 2 spaces per unit in Tract A, 1 visitor space in Tract A per 2 units in Tract A

⁶ Square footage of restaurant and outdoor seating are cumulative and not required by tract.

⁷ Minimum floor area for each dwelling unit in Tract A is 2,000 square feet of air-conditioned space. Minimum average floor area of dwelling units in Tract A is 2,200 square feet of air-conditioned space. The floor area of garages is excluded from the calculation of the minimum and average floor area for dwelling units.

Subsequent development plans issued must include the above chart updated in accordance with SEC. 51P-750.108(e).
