

Dallas Police Helicopter Unit (SIC 4581)

The Dallas Police Department maintains a helicopter unit in readiness at Dallas Executive Airport. Within the hangar, helicopter maintenance and washing occur. The hangar drains through an oil/water separator to the sanitary sewer system. A 10,000-gallon underground storage tank is maintained outside the hangar. This tank contains Jet-A fuel. No deicing is performed.

Chemical Inventory		
<i>Item</i>	<i>Quantity/Where stored</i>	<i>Comments</i>
