

**TEXAS COMMISSION ON ENVIRONMENTAL QUALITY**  
 Texas Pollutant Discharge Elimination System  
 Storm Water Multi-Sector General Permit

The Notice of Intent (NOI) for the facility listed below was received on April 6, 2009. The intent to discharge storm water associated with industrial activity under the terms and conditions imposed by the Texas Pollutant Discharge Elimination System (TPDES) storm water multi-sector general permit TXR050000 is acknowledged. Your facility's TPDES multi-sector storm water general permit number is:

**TXR05Y380**

Coverage Effective: April 4, 2009

TCEQ's storm water multi-sector general permit requires certain storm water pollution prevention and control measures, possible monitoring and reporting, and periodic inspections. Among the conditions and requirements of this permit, you must have prepared and implemented a storm water pollution prevention plan (SWP3) that is tailored to your industrial site. As a facility authorized to discharge under the storm water multi-sector general permit, all terms and conditions must be complied with to maintain coverage and avoid possible penalties.
