This data is reflective of the Chameleon database on the date of this report. Reports dated after this report may reflect a slight variance in the numbers.

Starting in December 2019, DAS is reporting in-house spay/neuter. surgeries and surgeries facilitated through community partners separately.

^{*}In October and November 2019, specialty surgeries completed simultaneously with a spay or neuter were not counted. We are now calculating them separately moving forward.

^{**}DAS discovered reporting/reconciliation issues in August 2020 and corrected numbers retroactively through FY20.
