REVIEW CRITERIA

1. Population Equality: All districts should have substantially equal population.

- Meets criteria
 Does not meet criteria

This plan submission meets the population equality test. All districts have less than a 0.5% percent deviation from the optimal district size, with an average deviation of **0.15%**. The total range of deviation is **0.79%**.

2. Minority Representation: Voting strength of minorities should not be diluted.

- Meets criteria
 Does not meet criteria

This plan submission meets the minority representation test. This plan includes 7 minority districts and 2 minority coalition districts. No retrogression of minority representation from the 2001 District Plan is noted.

Packing is noted in District 1 where the Total Hispanic Population exceeds 70%; however, the Hispanic Voting Age Population is 67.70%.

3. Contiguity and Compactness: All districts should be geographically compact and contiguous.

- Meets criteria
 Does not meet criteria

This plan meets the contiguity and compactness test. All districts are contiguous. On the following page are the compactness scores based on four measures of geographic compactness compared to the City as a whole.

Other considerations

1. Incumbents: The configuration of districts shall be neutral to incumbents.

2. Communities of Interest: Where possible, communities of interest shall be maintained in a single district.

City of Dallas 2011 Redistricting
Plan Submission Statement – PlanID: wPlan45

I have included all 14 council districts in my map. I have 7 minority areas (2 are black majority and 5 are Hispanic majority). 2 areas are balanced with just a small majority of white and the other 5 areas are majority white.

I have divided the population to be with-in 1% variance from the least to the most populated areas. The largest area is 85,936 and the smallest is 85,256 population.

I have followed the guidelines for redistricting to the best of my ability, taking into consideration major business areas such as the Pleasant Grove community and business corridor, which has the South East Chamber, and the area adjacent to it is primarily the Hispanic Chamber and Hispanic business area, which I have divided into another council district. I considered Crime watch groups and HOA's when making divisions. I tried to make divisions at natural division lines or Highways and railroad tracks as much as possible.

I have tried to be as compact as possible making all areas contiguous.

I believe the divisions on this map will make a fair representation to the city for the election process for Mayor as well as a balance of council members.
