### City of Dallas Infrastructure Management Program

### Mobility Solutions, Infrastructure, & Sustainability Committee Briefing November 12, 2018

Robert M. Perez, Interim Director Department of Public Works City of Dallas

# **Purpose of Briefing**

- Provide an overview of the FY 2019-2023
   Infrastructure Management Program (IMP)
- Review of the City's Pavement Condition Index (PCI) Ratings
- Present program information on:
  - Streets
  - Sidewalks
  - Alleys
- Future Actions

- City of Dallas' Public Works Department has developed a 5-Year Infrastructure Management Program (IMP)
  - Lists the streets, alleys, and sidewalks programmed for maintenance outside of the Bond Program
  - Will be utilized for program/project planning, budgeting, and coordination
  - Provides pavement condition assessment data

3

Consistent with the City's goal of transparency, the IMP, the project listings by Council District, and tracking of the completion of projects is posted on the Public Works' Pavement Management Website

| Project Street   | From<br>Block  | To<br>Block   | Project Description   | Council District                        | Treatment Typ   |
|--|--|---|---|---|---|

6

 Breakdown of FY 2017 Bond
 Proposition A
 Streets and
 Transportation

| Resurfacing<br>Reconstruction   | \$145.0M <sup>a</sup><br>\$108.7M <sup>a,b</sup> |
|---------------------------------|--|
| Projects with Matching Funds    | \$ 55.2M <sup>a,d</sup>                          |
| Misc. Projects                  | \$ 50.7M   |
| Traffic Signals                 | \$ 38.5M   |
| Alley Reconstruction            | \$ 38.4M   |
| Complete Street                 | \$ 30.7M   |
| Thoroughfares                   | \$ 26.9M   |
| Street, Alley Sidewalk Petition | \$ 13.5M <sup>a,c</sup>                          |
| Target Neighborhood             | \$ 11.6M   |
| Sidewalk                        | \$ 7.2M  |
| Streetscape                     | \$ 5.1M  |
| Street Lighting                 | \$ 2.6M  |
| Total Proposition A             | \$534.0M   |

a - Used for Modeling in IMP; b - Construction costs only used in IMP development,

c - \$12.5 allocated for Street Petition Projects, d - portion of funds used in IMP development

7

8

- As part of the City's Pavement Management Strategy, each street segment is assigned a Pavement Condition Index (PCI) rating of 0-100
  - Score of "0" is a completely failed street and "100" would be a brand new street
- PCI data is obtained through field assessment and data modeling (consultant)
- ¼ of the City is updated through field assessment annually

9

- Street conditions have been reported in Percent Satisfaction (A-C Streets; 77%)
- Moving forward, staff will be reporting the average PCI as a more comprehensive assessment
- Average PCI of Dallas' 11,775 miles of streets is 65.4

| City of Dallas PCI Ranges |         |  |  |  |  |
|---------------------------|---------|--|--|--|--|
| Letter PCI Range          |         |  |  |  |  |
| А                         | 100-85  |  |  |  |  |
| В                         | 70-84.9 |  |  |  |  |
| С                         | 55-69.9 |  |  |  |  |
| D                         | 40-54.9 |  |  |  |  |
| E                         | 0-39.9  |  |  |  |  |

10

City of Dallas Infrastructure Management Plan

- District street condition ratings
- Takes into account all work (bond and maintenance) completed in FY 2018

|       | Street Lane Miles and<br>Citywide and District Ratings - FY18 |                         |                |  |  |  |  |

| Total | 11,775  | 77%                     | 65.4           |  |  |  |  |

**City of Dallas** 

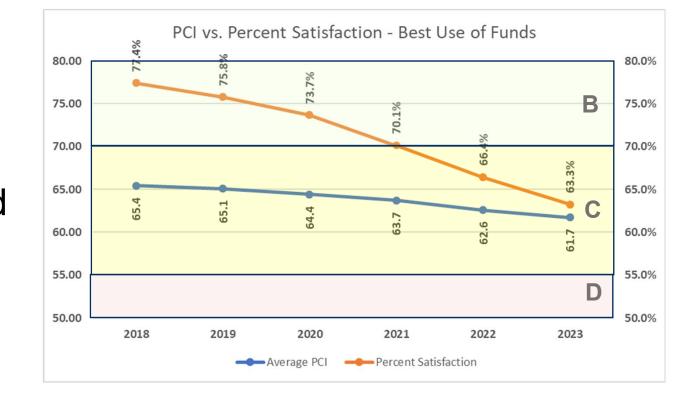

City of Dallas Infrastructure Management Plan

- Three approaches to Pavement Management
  - Maintain current programmed repairs vs.
     "Best Use" model
  - Achieve Zero Degradation
  - Increase PCI 1 point per year over the next 10 years to achieve average PCI of 75

 Maintain current budget and programmed repairs vs.
 "Best Use" model

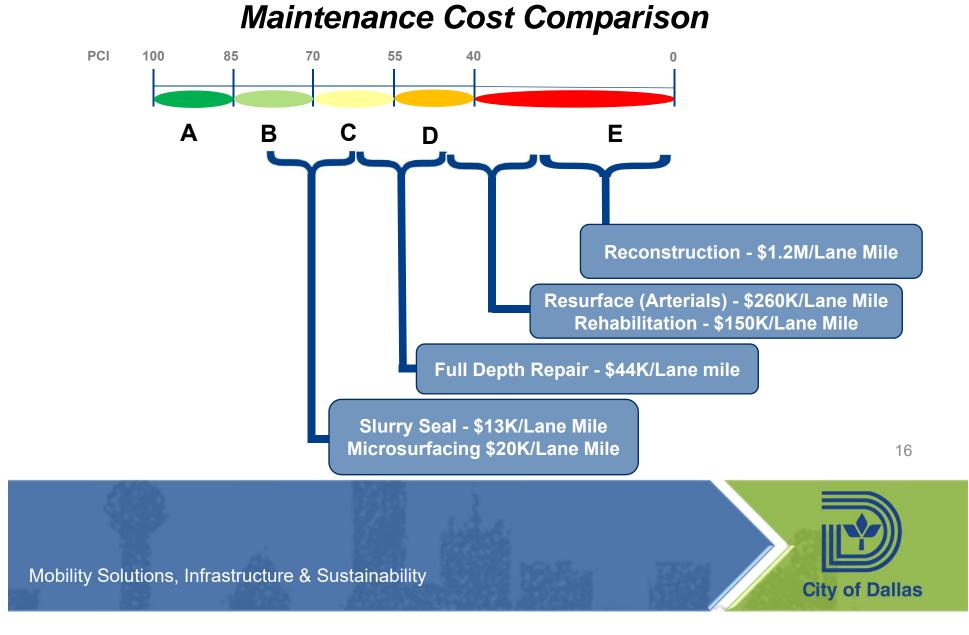

City of Dallas Infrastructure Management Plan

#### Maintenance Cost Comparison

- Zero Degradation using Best Use of Funds approach
- Using this approach:
  - Additional funding needed beginning in FY 2021
  - Avg. annual budget need: \$269.4M

|               | Zero Degradation Budget Needs |                  |                    |             |  |  |  |
|---------------|-------------------------------|------------------|--------------------|-------------|--|--|--|
| (in millions) |                               |                  |                    |             |  |  |  |

### **Program Information – Sidewalks**

# **Program Information - Sidewalks**

| Proposed Five-Year IMP Sidewalk Maintenance Program Budgets |   |        |        |        |        |         |  |  |
|---|---|--------|--------|--------|--------|---------|--|--|
| Program   | Program FY 19 FY 20 FY 21 FY 22 FY 23 Total |        |        |        |        |         |  |  |
| Sidewalks   | \$2.2M                                      | \$2.2M | \$2.2M | \$2.2M | \$2.2M | \$11.0M |  |  |
| Sidewalk<br>Miles*  | 5   | 5      | 5      | 5      | 5      | 25      |  |  |

- IMP has programmed \$11.0M for 49 sidewalk projects over the next five years
- Assumes an annual program budget of \$2.2M (only FY 2019 funded)

20

### **Program Information - Sidewalks**

- IMP project focus on smaller scale projects to fillin gaps of missing sidewalk and broken panel
  - Projects were identified by former City Safety Advisory Committee, Needs Inventory, and sidewalk condition
- 5,079 linear miles of sidewalks adjacent to its improved and unimproved roads
- 670 miles, or 13.2% of the City's sidewalks, are in unsatisfactory condition

### **Program Information – Alleys**

## **Program Information - Alleys**

- The proposed IMP includes \$17.6M for 544 alley maintenance projects over the next five years
- Projects in the Five-Year IMP would provide maintenance to a total of 116 miles, or 8.3%, of the City's 1,400 miles of alleys

City of Dallas

# **Program Information - Alleys**

- Unimproved Alley Program
  - \$1.6M programmed for 80 projects
  - Treatments would include brush clearing, remove and replace 6"-8" of base material, install 1" of rock, and address any known drainage issues
- Ranking of the alleys based on the following criteria:
  - Gravel Alley
  - Sanitation currently used by Sanitation for trash pick up
  - Alleys in "C" condition

24

# **Program Information - Alleys**

- Improved Alley Program
  - \$2M programmed for 16 miles of partial reconstruction (only replacement of damaged panels) of concrete alleys
- Ranking of the alleys based on the following criteria:
  - Sanitation currently used by Sanitation for trash pick up
  - Alleys in "C" condition
  - Partial repairs make up less than 25% of entire alley
- Program would begin in FY 2020 if funded

### **Future Actions**

### **Future Actions**

- Evaluate including additional City assets such as traffic signals, sidewalks, bike lanes, stormwater facilities, striping, etc.
- Proposed Modification to Pavement Design Manual to include asphalt street sections
- Full Council briefing early 2019

### City of Dallas Infrastructure Management Program

### Mobility Solutions, Infrastructure, & Sustainability Committee Briefing November 12, 2018

Robert M. Perez, Interim Director Department of Public Works City of Dallas
