

Planned Development District No. 521- Mountain Creek

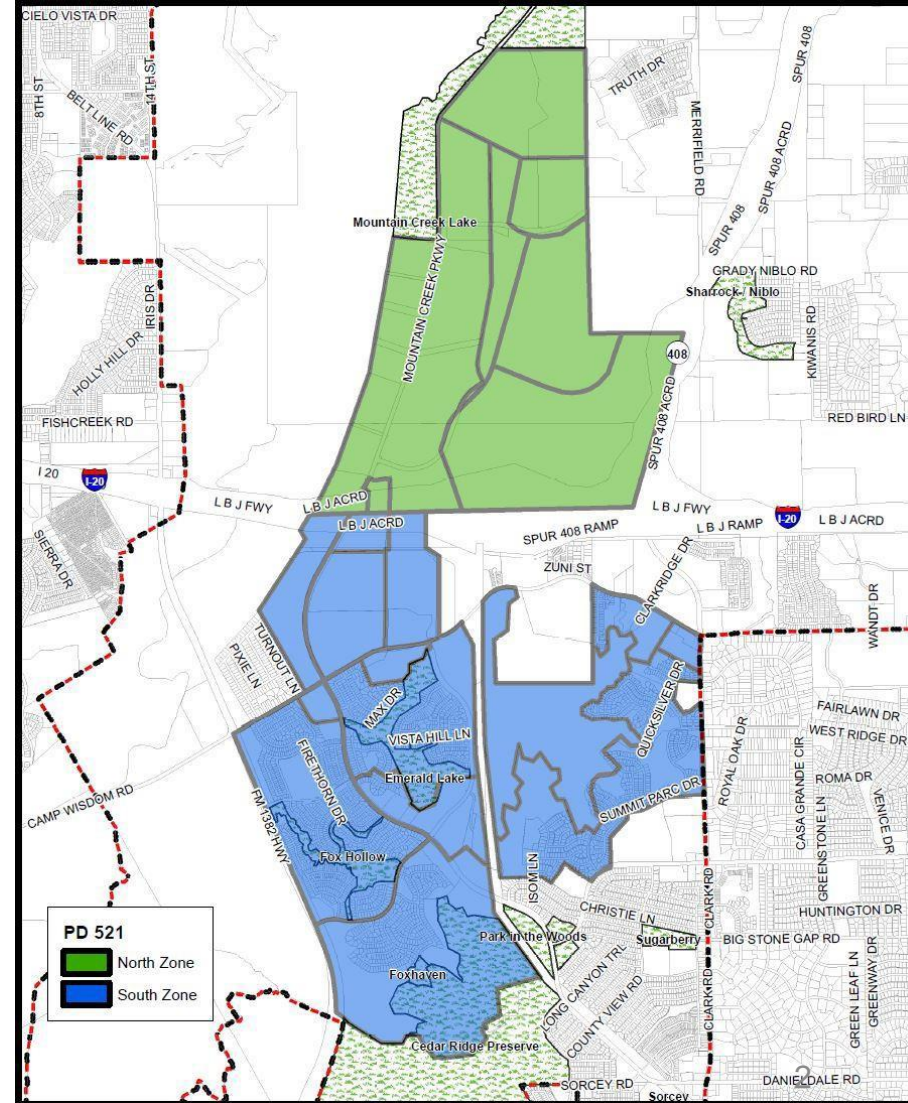

Community Meeting
June 6, 2019

City of Dallas

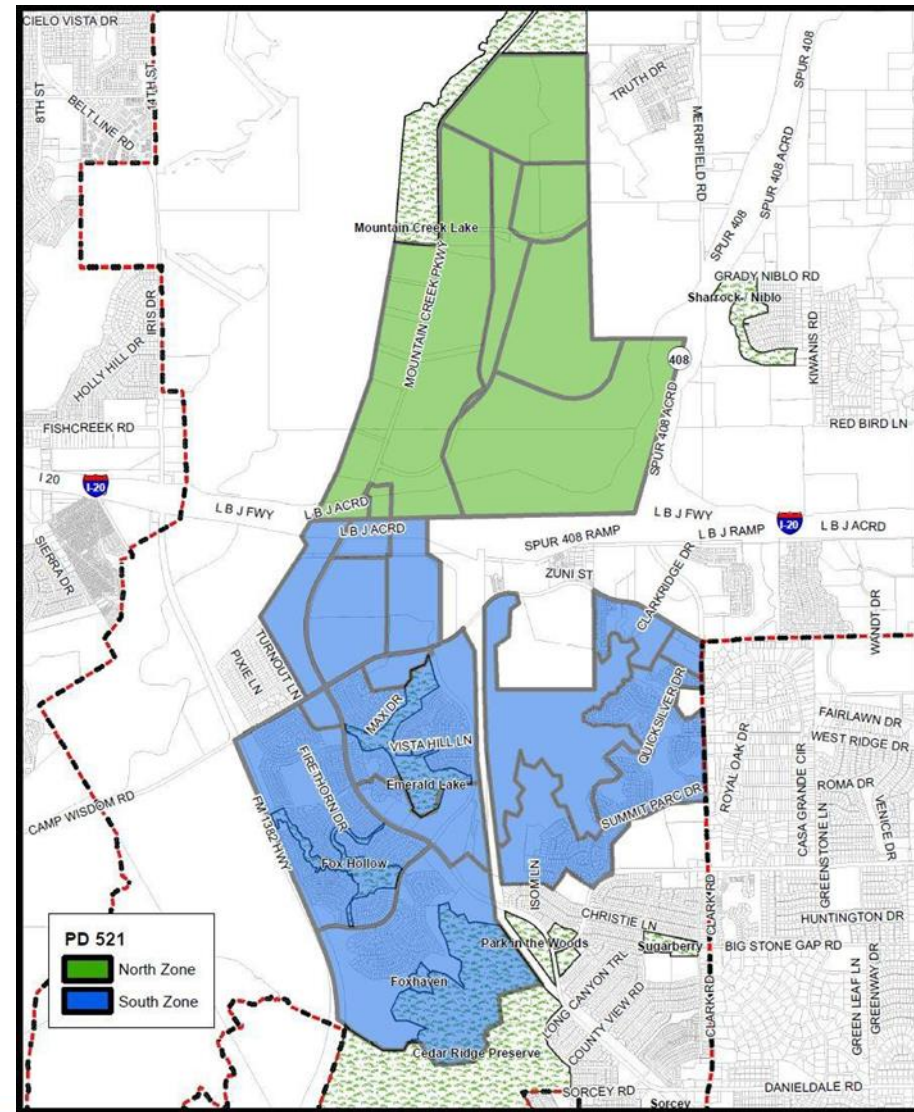

Background

- PD No. 521 was established by the Dallas City Council on November 11, 1998
- Generally located along both sides of Interstate Highway 20 between Spur 408 and Clark Road on the east and Mountain Creek Parkway and FM 1382 on the west
- Comprised of approximately 2,924 acres and divided by Interstate Highway 20 into two zones:
 - North Zone
 - South Zone

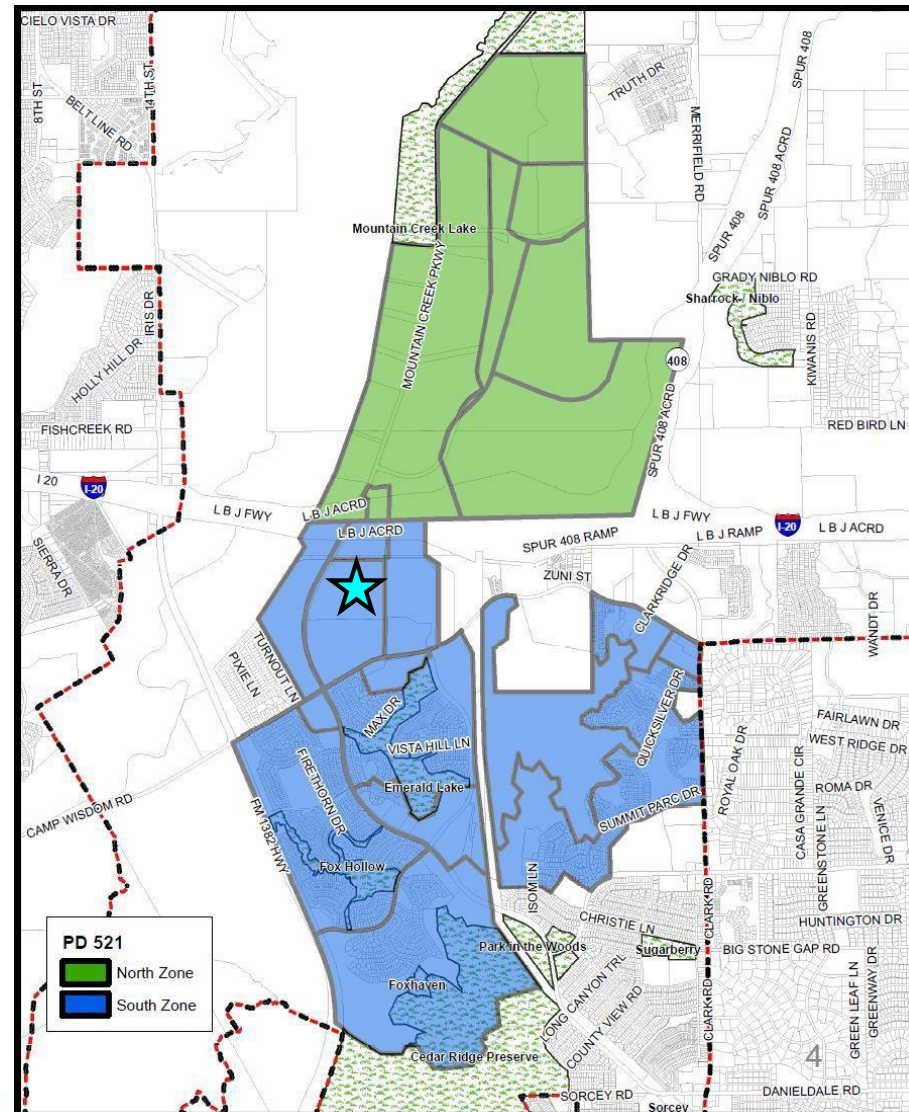

Background

- The type of development that has occurred over the last 20 years in each zone has been very different.
 - North Zone - industrial and warehouse
 - South Zone - residential and community serving business and retail
- Few amendments have occurred since the inception of the PD and all but one have been in the North Zone.
- The overall PD has not been amended to reflect the developing character of each zone.

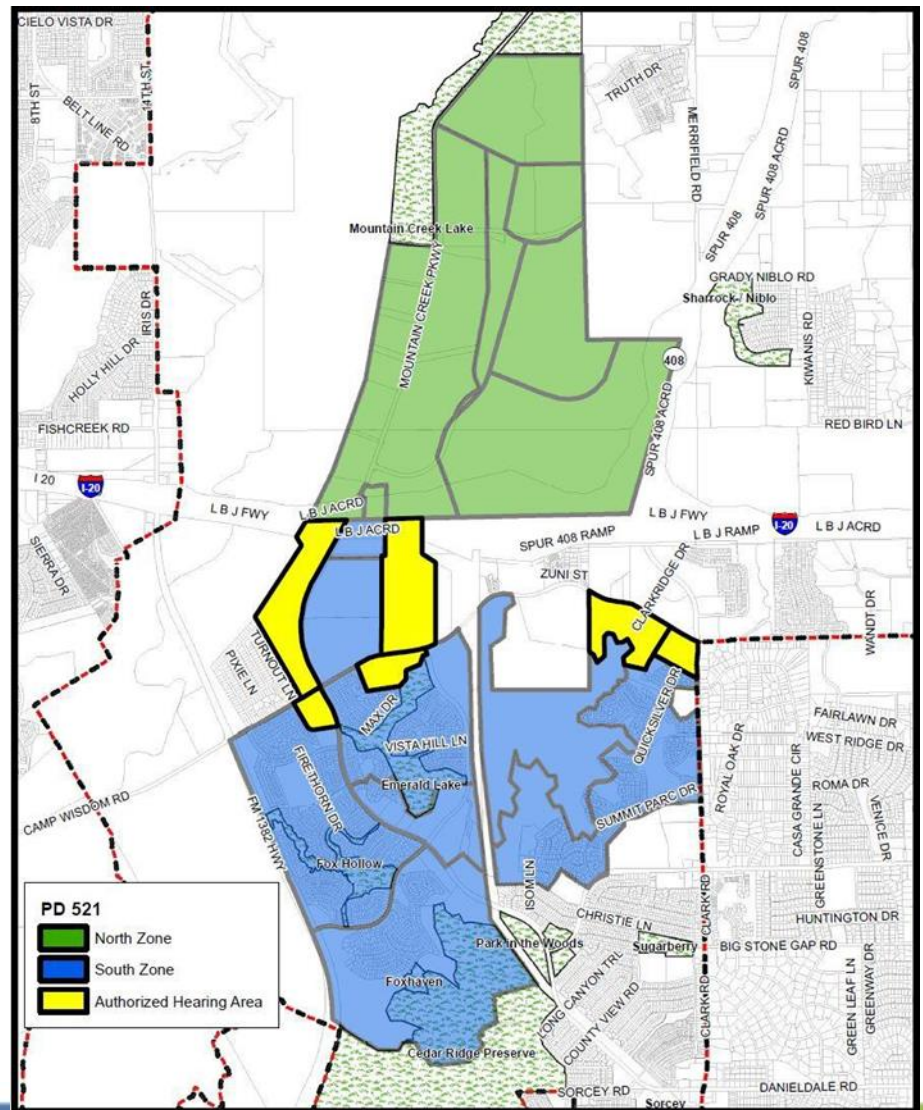

Background

- January 2017 the First Industrial zoning case was approved. It amended the subdistrict boundaries and enhanced development regulations BUT did not amend uses. Warehouse use was allowed by right.
- Development regulations were enhanced to lessen the intrusive nature of the development and reduce the impact to the area.
 - Wide landscape buffer to be provided along street frontage with berms and enhanced landscaping
 - Wide sidewalks
 - Architectural design standards
 - Lighting standards to reduce light spillover to adjacent properties
- Realized other subdistricts in the South Zone needed evaluation for appropriate and compatible land uses, design standards and development regulations.

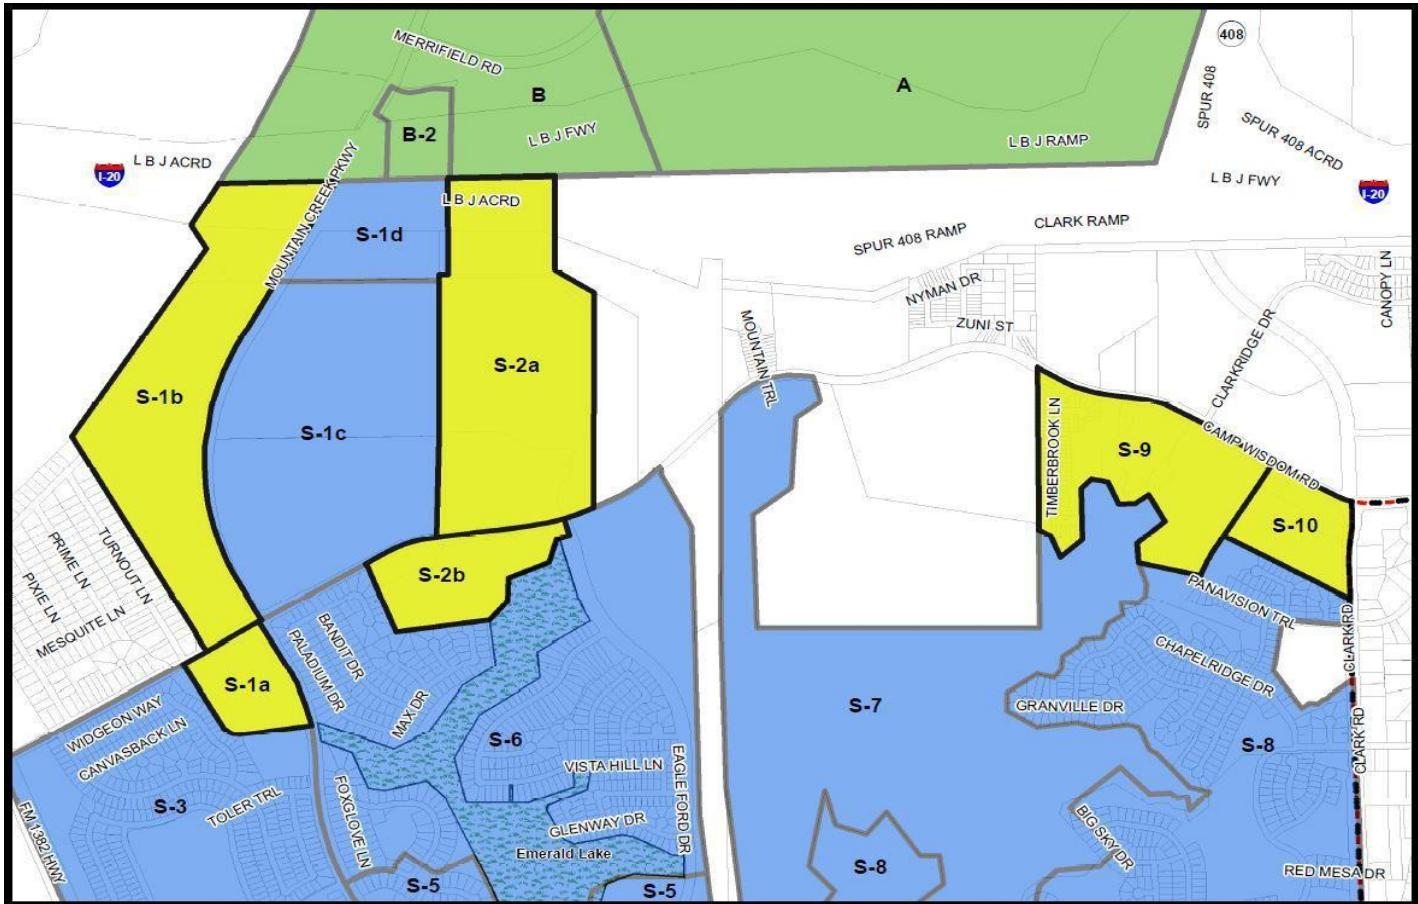

Background

- An Authorized Hearing was initiated by City Council on June 15, 2016 to evaluate and determine appropriate zoning for 6 subdistricts within Planned Development District No. 521, to include use, development standards, and other appropriate regulations.

PD No. 521 – Subdistricts

Authorized Hearing Process

1. Authorization of the zoning case by City Council on June 15, 2016
2. First Community meeting was held on February 15, 2018.
3. A steering committee was appointed by Mayor Pro Tem Thomas.
4. Twelve steering committee meetings were held between May and December 2018 to review the current zoning of the area, the intent and direction of possible changes, and to develop proposed zoning amendments.

Authorized Hearing Process (continued)

5. Second Community meeting was held on January 10, 2019 to present the proposed amendments.
6. February 21, 2019 City Plan Commission held a public hearing to consider the proposed changes and held the case under advisement until March 21, 2019 at which time they held the case under advisement until May 2, 2019.
7. May 2, 2019 City Plan Commission recommended approval.
8. **On June 12, 2019 City Council public hearing agenda to determine whether or not to approve amendments.**
