3. Narcotics & Asset Forfeiture Overview

Presenter(s): Deputy Chief Gilberto Garza, DPD

Information Only:

Action Taken/Committee Recommendation(s):

This briefing provided the committee with an overview of the Dallas Police Department's Narcotics Division which included drug enforcement activity, current initiatives, operational impact, and seizures. DPD stated that they participate in asset forfeiture prior to a criminal conviction and CM Kingston would like DPD to stop; criminal requires a conviction prior to asset forfeiture. CM Greyson also expressed her concern on this action and is opposed to it. CM Young wants to see more community engagement/education in D7 and partnership between other departments to help DPD. CM McGough wants to know when staff will bring back the RISK Nuisance Abatement Program to the committee for an update; this is on the PSC forecast and will be brought back at a later date. CM McGough also had concerns with the usage of the footage obtained from the cameras used in the high crime areas and would like staff to meet and discuss this with him.

Mobile Community Healthcare Program (MCHP)

**Public Safety Committee
May 8, 2017**

**George Gamez, Deputy Chief
S. Marshal Isaacs, MD, Medical Director
Dallas Fire-Rescue Department
City of Dallas**

Objectives

- Provide an overview of Dallas Fire-Rescue's Mobile Community Healthcare Program (MCHP)
- Give an update on the program's accomplishments to date
- Discuss the program's future

Why Develop A Mobile Community Paramedic Program?

- To benefit patients, the City of Dallas and Dallas Fire-Rescue
- Principles of healthcare reform (Triple Aim Initiative)
- Improving the patient experience (quality and satisfaction)
- Improving the health of populations and reducing the per capita cost of health care

3

History & Current Status

- First Client Contact: March 19, 2014
- First Client Enrollment: March 24, 2014
- 10 Mobile Community Health Paramedics (MCHP)
- 4 Programs to date

Phase I

- Focus on ‘High Frequency Patients’ (HFP)
- Provide patient navigation, advocacy and education services and assess clients’ medical and psychosocial needs
- Empower clients to better manage their own health/support needs and bridge the gap between social services agencies, mental health agencies, hospital programs and the patient

5

Phase I, Cont.

- Reduce the clients' need to access 9-1-1 services and hospital emergency services to avoid the most expensive form of transportation to the most expensive place to receive medical care
- To decrease episodic care for a monitored care through a primary care physician
- Increase independence on healthcare management

Phase I, Cont.

Since the inception of the program:

- Demonstrated a significant (>70%) reduction in 911 calls for carefully selected high frequency patients
- Less success for patients with severe behavioral health issues and non compliant alcohol and substance use disorders
- Our hospital partners recognized the potential benefits to their patients and reducing penalties for readmission

7

Phase II - Programs

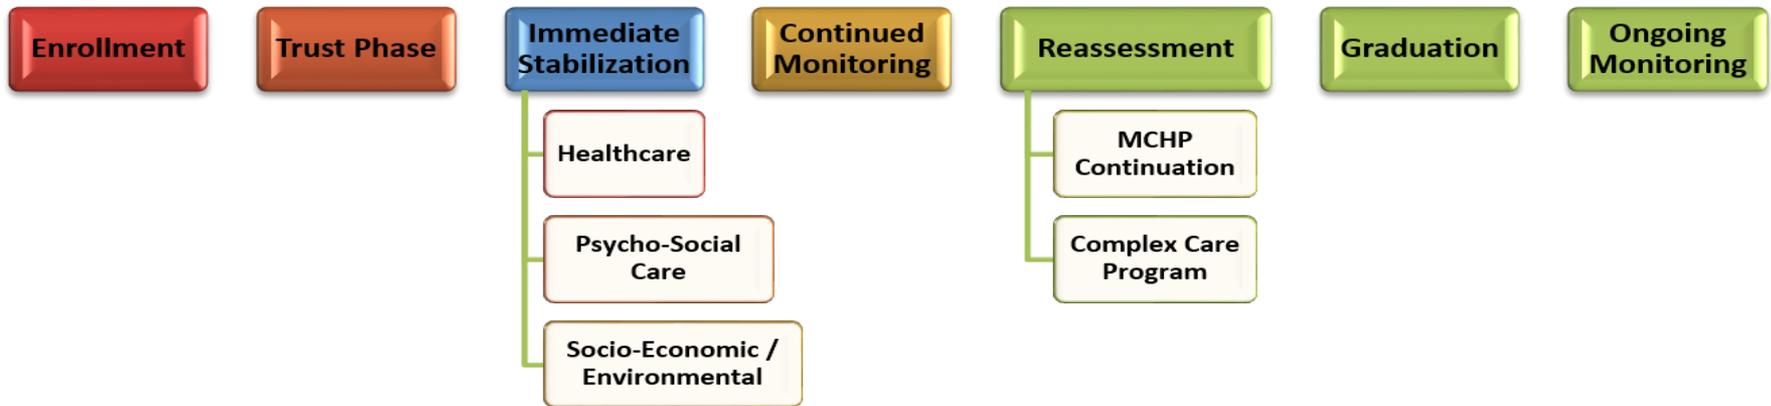

- High Frequency Program (HFP)
- Texas Health Resource (THR) Presbyterian: COPD
- Clements University Hospital-HFP
- Network Access Improvement Program (NAIP)

Who are our patients?

- First client contact: March 19, 2014
- Average age: 57
- Racially and geographically diverse
- Multiple medical conditions and medication issues
- Mental health and substance abuse issues

What do MCP's do?

Program Benefits

- Improves the health and lives of the individuals
- Proactive rather than reactive
- Develops partnerships and bridges gap between various community agencies
- Demonstrates leadership in healthcare advocacy by Dallas Fire-Rescue and the City of Dallas

Benefits to the City

- Improves the health and access to healthcare for underserved populations in Dallas
- Improves the relationship between the City of Dallas, Dallas Fire-Rescue, the citizens and other community agencies of Dallas

Benefits to the City, Cont.

- Decreases the utilization of fire department resources in responding to high frequency patients and others enrolled in hospital programs
- Improves the morale of firefighters and paramedics who see a benefit from the program

Next Steps

- Data analysis
- Community education
- Expand hospital programs
- Continue run reduction
- RIGHT Care Program

Wellness and Fitness Program

Public Safety Committee
May 8, 2017

Keith Allen, Captain
Dallas Fire-Rescue Department
City of Dallas

Introduction

- The Dallas Fire-Rescue Wellness and Fitness Program began March 3, 2008
- Developed to monitor and improve the overall health of our members

Presentation Overview

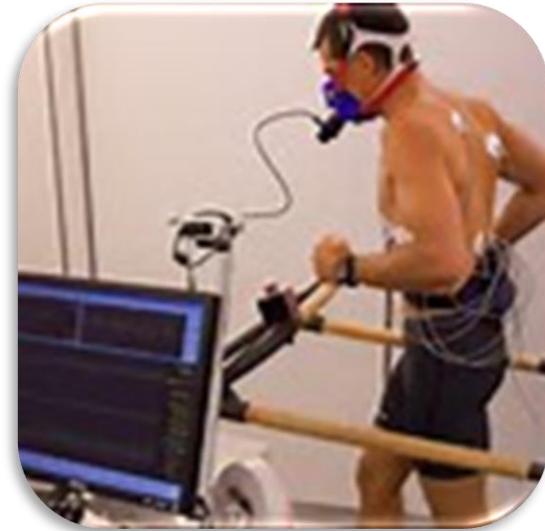

- Details the features, advantages, and benefits the program has provided to the department and our members
- Discuss the productivity of the Wellness and Fitness Program
- Challenges and Solutions

Features

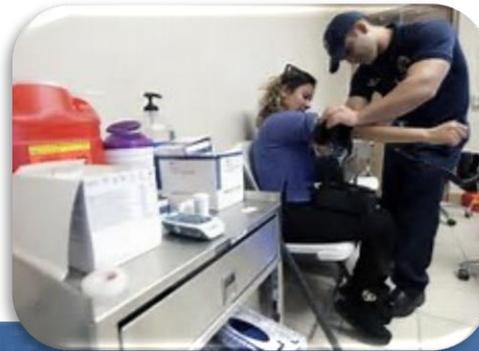

The Wellness and Fitness Program provides annual physical examinations that include:

- Submaximal Treadmill Test (stress test)
- Spirometry Exam
- Physicals
- Lab work
- Hearing and vision exams

Advantages

- Contributes to lower healthcare costs for the City of Dallas
- Reduction of unscheduled leave time
- Gives our department the opportunity to monitor health-related trends
- Increased employee productivity

Benefits

- Provides a platform for members to receive regular medical screenings and evaluations at no cost to member
- Early identification of various diseases and illnesses
- Medical counseling on areas of concern
- Identifies and temporarily relieves members from the Emergency Response Bureau who are not fit for duty

Production

- Over the past three (3) years
 - 1,434 members were tested,
 - 88 placed on conditional duty, and
 - 19 placed on a limited duty status
- Identified 61 members with possible cancers
- Identified 152 members suffering cardiac issues

Challenges

- Our greatest challenge is communicating the cost-benefit outcome of the program compared to other departmental needs
- Incorporating preventive measures to minimize risks associated with the hazards of fire fighting and emergency medical services

Goals

- Develop solutions that will allow Dallas Fire-Rescue to provide annual physical fitness examinations for all uniformed members of the department
- Continue to train and educate members about particular hazards and appropriate measures to incorporate

SUBJECT **Upcoming Draft Agenda Item A: Authorize a one year corporate membership to LinkedIn Corporation - Total not to exceed \$137,147 - Financing: Current Funds (subject to annual appropriation)**

This corporate membership will provide the City the ability to improve recruitment efforts in support of the Hire Dallas initiative to use technology in the recruitment process for both Civil Service and Non-Civil Service positions. Having access to LinkedIn's 467 million members will give the City a unique opportunity to utilize LinkedIn's extensive network of resources, online tools and talent solutions to accomplish extensive recruiting efforts such as posting current job openings, targeted outreach through membership database searches, specialized City branding through customizable company career pages and the ability to emphasize and focus on hard to fill positions.

Utilizing these unique tools and services offered under the corporate membership increases the number of qualified and highly skilled candidates informed about and possibly applying for City jobs while improving the perception and appeal of the City as a great place to work.

The Civil Service Department is seeking the support and recommendation from the Public Safety Committee to authorize this master agreement service contract. This item will be placed on the May 10, 2017, City Council Agenda.
